 - Jackson DeFore, NAC-SE, 500 yd free, 5:14.24, 9/26/09

Scholastic All American

- Certificates and awards have been distributed to the more than 1,500 athletes who achieved SAA status for 2008-09. SAA teams are posted on the web site. Special thanks to the nine volunteers who manually compute GPA's and check times for these scholar athletes and provide the lists for publication.

Age Group Recognition

- Top Ten lists for the 2008-09 season have been finalized and posted on the web site.
- Certificates are being printed and will be distributed to the LSCs this month.
- SCY Top Times will be published in January *Splash* and LCM Top Times in the following edition in the spring.
- SCY preview lists for the 2009-10 year have been posted on the web site.

SWIMS

- Autosweep is now live and all time standards going back to 2000 have been updated so that, historically, a swum time now reflects the standard at the time of the swim.
- Special thanks to Larry Herr for his work to bring the standards up to date for nine years or 32 million times worth of data.

Education and Training

- Plans for the Times workshop to be held in Austin in March 2010 are being completed. It is hoped that LSCs will send a Times Officer and a Sanction Chair to the workshop.
