Preliminary heats, relay lead offs and time trials shall NOT be considered for selection, but may be considered in making other determinations as described herein.
- J. Swim-Offs: “Swim-Offs” may be held at the Qualifying Competition for the sole purpose of determining priority selection order. They are put in place to determine ties between athletes in the same qualifying event and are a one time opportunity to resolve the tie for placement on the team. The time from the swim off will NOT count towards selection to the Initial Team.

K. Team: "Team" shall mean the 2009 World University Games Team.

I. Selection Eligibility.

- a. To be eligible for selection to the Team, at the time of selection, a swimmer must then be eligible under all applicable rules of FINA, the U.S. Anti-Doping Agency (USADA), FISU, the USOC and USA Swimming.
- b. All athletes selected to the Team must equal or better the time standard for the 2008 U.S. Olympic Team Trials – Swimming in the event for which they are qualified for the Team.
- c. All athletes selected must be at least 17 years of age and less than 28 years of age on January 1, 2009.
- d. Athletes selected must be a student competitor who will be officially enrolled in a full-time course of study at an approved institute of higher education prior to the entry deadline, or enrolled as a full-time university student through January 1, 2009.
- e. USA Swimming rules require an athlete to be a citizen of the United States who is eligible to represent the United States at the Championships, hold a USA Passport, and a registered athlete member of USA Swimming in good standing.
- f. Swimmers who qualify for the 2008 U.S. Olympic Team will be ineligible to qualify for the 2009 World University Games Team.

II. Additional Requirements for Selection.

- a. All swimmers selected to the Team will be required to comply with all applicable rules and requirements of FINA, FISU, WADA, USADA, and USA Swimming. Specifically, and without limitation, each swimmer selected to the Team shall:
 - i. Sign and abide by the USA Swimming Honor Code, Waiver and Release, and Commitment Declaration (See Attachments A, B, and C) and conform to all USA Swimming policies and protocol regarding Team preparation and participation;
 - ii. III. Initial Team Selection-Making and Filling the Team.

- a. Team Size. The maximum allowable Team size is up to thirteen (13) men and thirteen (13) women. The actual Team size will be determined once all selection criteria have been implemented. For purposes of this Procedure, the men's and women's components of the Team shall be considered separately.

- b. Performance Criteria for Team Selection. The highest placing Available Swimmer in each of the individual Olympic events in the Finals of the Qualifying Competition will be invited onto the Initial Team. (Relay lead-offs and time trials will not be considered). Each swimmer shall either accept or deny the invitation and if the invitation is accepted, the accepting swimmer shall be named to the Initial Team. In the event that a swimmer denies the invitation, the next fastest swimmer in that event shall be invited and given the opportunity to accept or deny the invitation. This process shall continue until a swimmer is selected to the Team for each individual Olympic event.
- c. Vacant Team Positions Due to Doubles. If the above performance criteria for Team selection results in a Team of less than thirteen (13) men or thirteen (13) women because certain Team members qualify for selection in more than one event, the remaining members of the Team shall be selected as follows (this criteria is applicable separately for each gender):
 - i. After the first Double by an Available Swimmer, the next highest finishing Available Swimmer in the 100 Freestyle will be selected to the Initial Team.
 - ii. After the second Double by an Available Swimmer, the next highest finishing Available Swimmer in the 200 Freestyle will be selected to the Initial Team.
 - iii. After the third Double by an Available Swimmer, the next highest finishing Available Swimmer in each Individual Olympic event will be ranked based on Long Course World Rankings, produced by Swimnews.com as of September 1, 2008, in the considered event. The swimmer with the highest ranking will be selected to the Initial Team. The swimmer with the next highest ranking will then be selected to the Initial Team. This process will occur until the Team has been filled.
 - iv. FISU rules allow up to two (2) competitors per country per individual event. Once an individual event is full, the next Available Swimmer based on the Long Course World Rankings will be chosen.
- d. Unfilled Individual Events. As FISU rules allow up to two (2) competitors per country in each individual event, all swimmers who are named to the Team shall be eligible for any unfilled positions for the events at the Championships under the following procedures:
 - i. Any unfilled positions in Olympic Events shall be filled by the Team member who has swum the fastest long course meters time in such event during January 1, 2008 through September 1, 2008.
 - ii. For non-Olympic individual events at the Championships (M/W 50 Butterfly, M/W 50 Backstroke, M/W 50 Breaststroke, Men's 800 Freestyle and Women's 1500 Freestyle), athletes who are already on the Team will be named in these events according to two priorities:

Priority #1 - The first opportunity will be given to those athletes who have qualified for the Team in the events listed below:

<u>First Offer to Those on Team In:</u>		<u>Non-Olympic Event</u>
Men's/Women's 100 Butterfly	for	Men's/Women's 50 Butterfly
Men's/Women's 100 Backstroke	for	Men's/Women's 50 Backstroke
Men's/Women's 100 Breaststroke	for	Men's/Women's 50 Breaststroke

- (d) If this fails to break the tie, the fastest long course time swum by each swimmer in any event from the period January 1, 2008- September 1, 2008 will be ranked according to the September 1, 2008 World Rankings on swimnews.com. The Athlete with the highest World Ranking will be selected to the Initial Team.
- (e) If this fails to break the tie, the tie will be broken by random draw.

Available Swimmer's Times. Any and all times used to break a tie, used in consideration to make the Team shall be based on long course world rankings (50m course).

f. Adjustments to the Team Between Selection of Initial Team and March 30, 2009

- i. Filling Vacant Team Position. If, for any reason, a position on the Team shall become vacant between the selection of the Initial Team and March 30, 2009, such vacancy shall be filled as follows, provided, however, that nothing in this Section shall have the effect of bumping off the Team a swimmer who has already been selected to the Team:

- (a) Team Was Not Full Prior to Vacancy. If a vacancy occurs when the Team, prior to the vacancy, did not have a full contingent of swimmers for that gender (less than 13), then the vacancy will be filled by the next fastest Available Swimmer based on the combined rankings of the Qualifying Competition from each event left vacant by the vacancy in the Team. If the next fastest Available Swimmer is already on the Team, then he/she shall serve as the replacement in that event, and no swimmer from that event will be added to the Team. If adding the next fastest Available Swimmer from each event left vacant would cause the Team to exceed the maximum number of 13, then those swimmers who qualify as the next fastest Available Swimmer in the events left vacant shall be ranked according to the procedure described in Section III.b., and the swimmers ranked highest according to that procedure shall be added to the Team until the Team reaches its maximum number of 13 or all vacant events have been filled. For any event that does not have the next fastest Available Swimmer added to the Team according to this process, the vacancy in that event will be filled according to Section III.g.

g. Filling Vacant Event Position With No Team Vacancy.

- i. A Team member who Doubles may determine, in consultation with the Head Coach and National Team Director, that it is in his/her best interest, either due to injury, the timing of events at the Competition, or otherwise, not to compete in all of the individual events for which he/she has qualified, but to remain on the Team and compete in some of the events for which he/she qualified. In this case, he/she may decline the opportunity to compete in any individual event, provided, however, he/she

is encouraged to notify the National Team Head Coach or his designee of his/her decision as soon as possible.

- ii. If the Team is full (13) at the time of his/her decision, the vacancy in any event(s) shall be filled by the swimmer already on the Team who has recorded the fastest time in that event during the period beginning January 1, 2008 and continuing through September 1, 2008; provided, however, that the replacement swimmer must agree, after consulting with the Head Coach and National Team Head Coach, to compete in the additional event. If the replacement swimmer does not agree to swim in the additional event, then the replacement swimmer shall not be considered an Available Swimmer for that event. This process shall repeat until the event is filled.
- iii. If the Team is not full (less than 13) at the time of his/her decision, then the vacancy in any event(s) shall be filled by the next fastest Available Swimmer based on the combined rankings of the Qualifying Competition for each event left vacant. If the next fastest Available Swimmer is already on the Team, and he/she agrees after consulting with the Head Coach and National Team Head Coach to swim in the additional event, then he/she shall serve as the replacement in that event, and no swimmer from that event will be added to the Team. If he/she declines to swim in the additional event, then he/she shall not be considered an Available Swimmer for that event, and the next fastest Available Swimmer will be considered. If adding the next fastest Available Swimmer from each event left vacant would cause the Team to exceed the maximum number of 13, then those who qualify as the next fastest Available Swimmer in the events left vacant shall be ranked according to the procedure described in Section III.d., and those ranked highest according to that procedure shall be added to the Team until the Team reaches its maximum number of 13. For any event that does not have the next fastest Available Swimmer added to the Team, the vacancy in that event will be filled according to Section I.g.

IV. Replacement Athletes

Adjustments to the Team After Entry Deadline for Competition (March 30, 2009)

If, for any reason, an additional Team position or an additional event position shall become vacant after March 30, 2009, no additional members shall be added to the Team. The vacant event position shall only be filled if permitted by FINA/ FISU to submit a replacement swimmer in that event(s). If the replacement swimmer in that event is permitted by FINA/ FISU, the spot shall be filled by a swimmer already on the Team who has recorded the fastest time in such vacant event during the period beginning January 1, 2008 through September 1, 2008, provided, however, that the replacement swimmer must agree, after consulting with the Head Coach and National Team Head Coach, to compete in the additional event. If the replacement swimmer does not agree to swim in the additional event, then the replacement swimmer shall not be considered an Available Swimmer for that event. This process shall repeat until the event is filled.

V. Discretionary Selection

All swimmers who are nominated to the Initial Team on September 22, 2008, shall be eligible for selection to any and all relays to be held at the Competition. The Head Coach, in consultation with the assistant coaches and National Team Head Coach, shall select the swimmers for each relay conducted at the Competition. In selecting the relay teams, the Head Coach, in consultation with the assistant coaches and National Team Head Coach, shall consider all available information, including but not limited to each Team Member's performances (including preliminary times, time trials, and relay lead-off times) from Qualifying Competitions, past relay performances, past Olympic Games and World Championships performances, personal best performances, Competition event schedules, individual workload, other recent results and performances, consistency of performances, health, fitness levels, training preparation, scientific evaluation, and team chemistry. Selection of swimmers for relays shall not be subject to challenge.

VI. Dismissal from Team

Any swimmer may be dismissed from the Team at any time following an appropriate hearing if (i) the swimmer violates any of the applicable FINA, FISU, USA Swimming, USOC or other rules and regulations applicable to the Team or its members, including without limitation applicable Codes of Conduct; (ii) injury or illness as certified by a USA Swimming Medical Staff member in consultation with USA Swimming (National Team Head Coach, Head Coach and Athlete Advisory Representative), which prevents the swimmer from full participation in and/or preparation for the Championships; or (iii) the National Team Head Coach, in consultation with the Head Coach, the USA Swimming Olympic International Operations Committee (OIOC) Chairman and the USA Swimming Athletes' Executive Vice President, determines that the swimmer is unable or unwilling to maintain a training regimen that is necessary for peak performance in the Championships.

VII. Challenge

Any challenge to these Procedures or any decision made pursuant to or in connection with these Procedures shall be handled as follows: 1) if such challenge relates to an alleged violation of a technical rule, it shall be handled according to the procedure set forth in Part One of the USA Swimming Rules and Regulations (can be found at www.usa-swimming.org); 2) if such challenge relates to an alleged violation of the National Team Honor Code, it shall be handled according to the procedure set forth in Section 8 of the USA Swimming Olympic International Operations Procedures Manual ("OIO Procedures Manual," can be obtained from the National Team Division); and 3) if such challenge does not relate to an alleged violation of a technical rule or an alleged violation of the National Team Honor Code, it shall be handled according to USA Swimming's Hearing Procedure set forth in Part Four of the USA Swimming Rules and Regulations. Any hearing required in order to resolve a challenge shall take place on an expedited basis if necessary in order to resolve the challenge in sufficient time for Team selection to be finalized by a relevant deadline.

VIII. Date of Nomination USA Swimming will announce the Initial Team on September 22, 2008.
