

2002 Swim-A-Thon® Results

In the 2002 year, over 500 Swim-A-Thons® were held across the country. Swim clubs use this fundraiser to help offset the costs of pool rental, equipment, travel, and other team operating expenses. Some teams go all-out and make this their one huge fundraising event of the year, while others utilize this as one of a number of fundraising opportunities for their members.

To recognize the highest earners, we have tabulated the following:
