About the Facility

Located in downtown Atlanta, on the campus of Georgia Tech, the Campus Recreation Center which houses the GT Aquatic Center, underwent a 45 million dollar renovation, expansion and new construction project re-opening in August, 2004. The GT Aquatic Center has three pools—50 m x 25 m competition pool, 25 yd. diving well with full towers and 5-1m and 3-3m springboards, and a separate recreational pool with an indoor water slide. The facility also seats 1950 spectators in individual chair-back seats. The Aquatic Center was the site of the 1996 Olympic Aquatic events where 4 world records were broken, and the campus also served as the Olympic Village and Boxing venue

during the Games. Most recently the 2006 Men's NCAA Swimming and Diving championships were held at the facility where records were broken every night. Photos and additional information can be found at: campusrecreation.gatech.edu

Qualifying Period

The qualification period for this event is November 1, 2007 through the entry deadline.

Entry Fees:

\$10.00 per individual event

\$25.00 per relay event

Additional Entry Information

Number of Events – A swimmer may only swim three (3) individual events per day (including time trials). A swimmer may enter any number of individual events in which the qualifying time standard has been met. All entry times must be proven.

Secondary Club Recognition - The on-line entry form contains a space for secondary "club recognition." You may enter a second club for each of your athletes if you wish. The secondary club will be listed in the psych sheet, meet roster and heat sheets, if space is available. Each athlete will have only 16 characters for both his/her club and his/her secondary club. The club does not need to be a USA Swimming member club. It may be any club that your athlete wishes to recognize. Listing this club is for recognition purposes only. Listing this club has nothing to do with representation, team scoring or credentials.

Relay Proof of Time - If you are using a relay entry time achieved as a relay (team time), you must list the four swimmers that actually achieved the time. If your relay is an aggregate, list all of the swimmers and their times. If any of the listed swimmers are not going to compete on a relay, they should not be entered. Enter only those swimmers who may be competing.

- A. Relay teams may be entered at the listed provable time or at the lowest priority non-conforming time standard.
- B. If you are entering an A and B relay, you must use eight (8) different swimmers. You cannot use the same swimmer twice in an event, or to prove a time.
- C. Teams can only submit two relays per event.

Waiver and Release Form - The USA Swimming Waiver and Release Form will be automatically generated by the on-line system. These forms must be submitted at the registration desk during the meet. Make copies as needed for each swimmer. Having this completed will save time during check-in at the competition site. If they are under the age of majority in their home state, their parent or legal guardian must sign also.

Rules

USA Swimming Rules and Regulations will govern the conduct of these Championships and will serve as the official guide for technical and procedural rules.

It shall be the swimmers' and coaches' responsibility to acquaint themselves with all of the information contained in this meet information book. USA Swimming Rules and Regulations will govern the conduct of these championships.

No swimmer will be issued credential without a coach member present. If the home club coach is not planning to attend event, swimmer must be assigned a supervising coach (per USA Swimming rule 202.3.2). Arriving with fellow LSC club/coach is preferred. However, if a swimmer arrives without a coach, he/she must find a willing coach at the facility to sign supervision form before a credential can be issued.

Dependent on the number of entries, and at the discretion of the Meet Referee, the preliminary sessions may be conducted in an "A/B" format. If adopted, details of this procedure, including the number of heats of each event to be swum in the "A" session, will be announced at the general meeting.

Membership Requirement

All persons expecting to receive a deck pass should be prepared to show a current USA Swimming membership card. Non-members may join by completing the appropriate form and paying the required fee at a table adjacent to the registration desk. Coaches must provide proof of CPR, First Aid and Safety Training for Swimming Coaches or USA Swimming approved equivalents.

SWIMS Database—Proof of Time

Times from the following will be in SWIMS, the national times database. Times in the database are not automatic entries to meets.

- A. USA Swimming Sanctioned competition
- B. USA Swimming Approved competition
 - ◆ Check two weeks before the competition to assure the meet has been approved by the LSC, and prior to the start of the competition, ask the Meet Director for the procedure for getting a time into SWIMS.
- C. USA Swimming Observed swims
 - ◆ Be sure a proper request for an Observed Swim is made according to guidelines appearing in the USA Swimming SWIMS Time Module Policy Manual, and prior to the start of the meet, verify that proper procedures are in place for the Observed swim.
 - ◆ The time of any swimmer recorded while legally representing a USA Swimming club, secondary school, college or university within the appropriate time frame may be used in proving relay entry times and that swimmer does need to be entered in the championship in question or currently representing that club. Relay times belong to the team. Individual times belong to the swimmer.

Entering Official Times

Individual Events - All individual entry times must be made prior to the entry deadline and must be proven prior to the scratch deadline for that event through the SWIMS Database. No swimmer will be permitted to swim without said proof. Program Op-

erations reserves the right to challenge any submitted time. All scratches must be proven.

Relay Events - Times and names for each entered relay team must be submitted on the master entry relay form. The entered time must be proven prior to the scratch deadline for each entered relay team, in aggregate or as a team. For the purpose of proving times, a club may name a swimmer on only one of its relay teams in each event. Once the relay team or teams have been proven, any swimmer listed by that organization on the master entry form is eligible to compete on that relay team. Relay teams may be entered at the listed provable time or at the lowest priority non-conforming time standard. This choice must be indicated on the relay entry form or on-line. A club may enter no more than two relay teams in each relay event.

Responsibility Clause (207.8.3)

The coach, swimmer or swimmer representative who signs a USA Swimming Championship entry form attests that all times stated in the entry form are true and correct as achieved qualifying times for each event entered. He/she assumes all responsibility for false or incorrect times, or times which are unacceptable under USA Swimming rules, and shall be assessed a \$100 penalty payable to the Corporation for each such time entered, unless absolved of the fine by the Vice President of Program Operations or designee or Board of Review. Additional action or penalty may be taken or levied as deemed appropriate by the USA Swimming.

Such penalty shall also be levied against any USA Swimming verification officer who entered such a false or incorrect time(s) into the SWIMS Database.

Appeal of fines are to be made to the Vice President of Program Operations or designee and/or Board of Review. Any appeal of the decision of the Vice President of Program Operations or designee shall be in accordance with the provisions of Part Four, specifically Article 406.

Automatic Proven Times

If a time for a swimmer is visible in the public search feature on the USA Swimming website (Times/Time Standards) and it was swum in the appropriate qualifying period, it is considered a proven official time. Entry times not proven by the scratch deadline for the event will be considered as false or incorrect times and are subject to action under provisions of the USA Swimming Rules and Regulations.

SWIMS data entry from properly authorized and observed college meets must be requested. These times will not be automatically placed in the database. Times from all major international championships will be automatically entered in the database. Times from any other meets in which National time standards were met must be requested from the SWIMS Time Official in the LSC in which the meet was held. LSC officials may charge a fee for data entry requested after the meet ends.

Note: Relay lead offs and/or intermediate split times must be requested from the SWIMS Time official in the LSC where the time was achieved. Requesting SWIMS data entry won't enter a swimmer into a competition nor place your club on the USA Swimming mailing list.

Registration

Credentials for this event will be provided at no charge for par-

icipating athletes and officials who are members of USA Swimming. Credentials for coaches, managers and chaperones to serve as admittance passes to this event shall be issued to those persons listed on the submitted team roster forms and according to the following schedule and is based upon the total size of the team. There shall be a surcharge of \$20 per person for spectator passes, which money shall become the property of the meet host. - D. In the event of an asterisk, go to the Times desk immediately and clear the time. It is your responsibility to do this. If it is not cleared by the scratch deadline, the swimmer will be scratched from the event. If a time cannot be proven the coach is subject to a \$100 fine. You should make sure all your athletes' times are in the Swims database.
- E. If you have a distance swimmer (1650 freestyle), he/she must be checked in prior to the scratch deadline in order to be seeded.
- F. Check your scratches - make certain they are correct and submitted on time. Do not let your swimmer miss his/her best event because you failed to scratch an entry.
- G. Follow all proof of time, scratch and distance event entry procedures by the required deadlines as published. Assist with all warm-up procedures and/or requests.

Warm-Up and Safety

Program Operations will provide a complete schedule of warm-up procedures to include lane usage and times, which must be adhered to by all participants. This information will be distributed with the meet information at registration, posted throughout the venue, announced on a regular basis before and during the meet, and monitored by the Meet Referee (or his/her special designees). Flagrant violation of these procedures may result in a disqualification from the meet for unsportsmanlike activity. Encourage your swimmers to cooperate with marshals. The main competition pool will be reserved the last 60 minutes for swimmers competing in that day's events.

The athletes at this competition are subject to drug testing conducted by the United States Anti-Doping Agency (USADA) and FINA under the In-Competition Testing program. This section is intended to give an overview of the key points relevant to this program and the testing which will be conducted at the competitions governed by this booklet. For a more detailed explanation of the program please contact Stacy Michael-Miller, USA Swimming Athlete Services Manager at (719) 866-4962.

ATHLETES SHOULD CHECK THE STATUS OF ALL MEDICATIONS (OVER THE COUNTER and PRESCRIPTION) AND SUBSTANCES PRIOR TO CONSUMPTION TO ENSURE THAT THEY DO NOT CONTAIN A PROHIBITED SUBSTANCE.

Most medications fall into one of the following categories when it comes to drug testing: Permitted, Requires an Abbreviated Therapeutic Use Exemption, Prohibited, Prohibited In-Competition, or Prohibited—Threshold . Athletes should utilize one of the following resources to determine which category their medication falls under.

Drug Reference Online:

Athletes, parents, coaches and sports medicine professionals may check the status of a medication online at USADA's website: www.usantidoping.org/dro. The website can be used at any time and is a simple way to check the status of most medications. You should print the status of the medication for your records.

Drug Reference Line:

Call the USADA Drug Reference Line at 1-800-233-0393 . Hours of operation for the Drug Reference Line are 8:00 a.m.— 4:00 p.m. (Mountain Time), Monday through Friday. If a staff member doesn't answer your call, leave a message with a phone number, the name of the substance(s), and indicate that the athlete is a swimmer and s/he will return your call. You may call the line at anytime after hours, leave a message, and your call will be returned as soon as possible.

Medications Requiring an Abbreviated Therapeutic Use Exemption (ATUE) form:

Inhalers used for treatment of asthma and local injections of Glucocorticosteroids may be allowed if an abbreviated therapeutic use exemption (TUE) notification is filed (see the Prohibited List below). The Abbreviated TUE form is available on the USA Swimming Website and must be filed before either in- or out-of-competition testing for beta-2 agonists (for example, Albuterol) and must be filed before testing at a competition for inhaled or local injections of Glucocorticosteroids. The forms should be submitted 3 weeks prior to the time needed to:

United States Anti-Doping Agency
1330 Quail Lake Loop, Suite 260
Colorado Springs, CO 80906
FAX: 719-785-2029

If a medication is classified as permitted, it is not necessary to submit a TUE form.

Athletes should keep a copy of their forms for their records and take them to drug testing if selected for testing.

Forms should be re-submitted immediately if there is a change in the medication or the route of administration.

NOTE: These forms do expire. Athletes will receive an approval letter that indicates the date of expiration.

2008 World Anti-Doping Agency (WADA) Prohibited Classes and Methods:

Substances and Methods Prohibited at All Times (In and Out of Competition):

1. Anabolic Agents,
 - A. Anabolic Androgenic Steroids
 - B. Other Anabolic Agents
2. Hormones and Related Substances
3. Beta-2 Agonists

According to the US Anti-Doping Agency 2008 Guide to Prohibited Substances:

All beta-2 agonists including their D- and L-isomers are prohibited.

As an exception, formoterol, salbutamol, salmeterol and terbutaline, when administered by inhalation, require an Abbreviated Therapeutic Use Exemption.

Despite the granting of any form of Therapeutic Use Exemption, a concentration of salbutamol (free plus glucuronide) greater than 1,000 ng/mL, will be considered an Adverse Analytical Finding unless the athlete proves that the abnormal result was the consequence of the therapeutic use of inhaled salbutamol.

4. Hormone Antagonists and Modulators
5. Diuretics and other masking agents

Substances and Methods Prohibited in Competition:

1. Stimulants
2. Narcotics
3. Cannabinoids
4. Glucocorticosteroids

According to the US Anti-Doping Agency 2008 Guide to Prohibited Substances:

All glucocorticosteroids are prohibited when administered orally, rectally, intravenously or intramuscularly. Their use requires a Therapeutic Use Exemption approval.

Other routes of administration (intraarticular/periarticular/peritendinous/epidural/intradermal injections and inhalation) require an Abbreviated Therapeutic Use Exemption except as noted below.

Topical preparations when used for dermatological (including iontophoresis/phonophoresis), auricular, nasal, ophthalmic, buccal, gingival and perianal disorders are not prohibited and do not require any form of Therapeutic Use Exemption.

Prohibited Methods include:

1. Enhancement of Oxygen Transfer (for example, bottled oxygen or blood doping)
2. Chemical and Physical Manipulation
3. Gene Doping

Supplements:

In an effort to maintain the integrity of our sport and the safety of our athletes, USA Swimming has taken a proactive role in making athletes and coaches more aware of the risks involved in the use of commercially available dietary supplements that have been linked to enhancing performance. Along with the US Anti-Doping Agency (USADA), USA Swimming considers dietary supplements "take at your own risk," placing full responsibility for any effects and repercussions on the athlete.

It is the role of USA Swimming to educate swimmers, coaches and parents on the issues of dietary supplements, including general and specific risks, normal values and toxicity, drug testing and drug interactions, stacking, and conventional dietary alternatives. It is also the role of USA Swimming to validate or repudiate via research review or sanctioned research the answers to the many questions that surround scientific and anecdotal evidence versus actual application. Any recommendations or opinions offered by USA Swimming regarding the use of dietary supplements are based on a yellow-orange-red light continuum Health & Contamination Risk Chart for Dietary Supplements and the most current publicly available scientific and consumer-specific information.

Claims made by the manufacturers/ distributors of dietary supplements regarding the effectiveness of their products are not strictly regulated by the US Food and Drug Administration. Any commercial dietary supplement may contain substances that may appear on the Prohibited Substance list(s) of FINA and/or the WADA. The potential exists for commercial supplements to contain substances that do not appear on the product's list of ingredients (see Dietary Supplement Health and Education Act for more information). Statistics indicate that in some cases, the use of legal dietary supplements has been linked to positive test results for prohibited substances in athletics.

The choice to use a dietary supplement is the sole responsibility of the athlete and one that should not be made in haste. An athlete is advised to weigh the options heavily, consider the consequences, and take responsibility for his/her actions.

Feb/01, rev:Jul/03

Sanctions:

Sanctions for positive tests conform with the FINA rules. All parties should refer to the FINA website (www.fina.org) for specifics relating to sanctions for a positive drug test, or other anti-doping rules violation. Penalties may also apply to any individual assisting a swimmer in doping.

Summary:

The use of drugs to enhance performance is strictly forbidden in aquatic sports. It is the responsibility of the athlete to check the status of any substance he/she plans to consume and ensure that no prohibited substances are consumed.

DOPING CONTROL RULE FOR ATHLETES PREVIOUSLY ELIGIBLE FOR OUT OF COMPETITION DRUG TESTING:

Athletes who were previously eligible for out of competition (no-advance-notice) doping control and officially retired have a 9 month waiting period before they can compete (should they choose to return to competition) and must again be subject to out-of-competition testing during this reinstatement period. The athlete is not permitted to compete in ANY USA Swimming sanctioned or FINA sanctioned events. If you have an athlete in this situation, please email smichael-miller@usaswimming.org immediately.
