## 19 20 MOMENT OF SILENCE

21 A moment of silence was observed for USA swimming members who have passed away  
22 since the last USA swimming Board of Directors meeting.

## 23 24 AGENDA REVIEW

25 Bob Vincent presented the agenda and added a discussion on future Board meeting  
26 logistics (Attachment 1).

## 27 28 RULES OF ENGAGEMENT / COVENANTS

29 Bob Vincent added two items to the Rules of Engagement including, to always consider Safe  
30 Sport in the decisions made by the Board and to ensure the Board is in "Corner #4" as  
31 described in *Servant Leadership in Action*.

## 32 33 DECLARATION OF CONFLICT OF INTEREST (2.5.4)

34 *"Is any member aware of any conflict of interest (that is, of a personal interest or direct or*  
35 *indirect pecuniary interest) in any matter being considered by this meeting, which should now*  
36 *be reported or disclosed or addressed under the USA Swimming Conflict of Interest Policy?"*

If a Board member determines there to be a conflict of interest at any point during the course of the meeting when a specific subject is being discussed and / or action is being taken, a declaration of a conflict of interest should be made at that time.

## **BOARD CHAIR'S REMARKS**

Bob Vincent expressed his appreciation for Natalie Hall, Davis Tarwater, and Maya DiRado participating on a panel during the Athlete's Leadership Summit and talked through logistics around documents posted to BoardPaq.

## **MINUTES**

**MOTION:** *To approve the February 2, 2019 Board of Directors meeting minutes (Attachment 2). Seconded. APPROVED.*

## **ONLINE REGISTRATION PRESENTATION**

Joel Shinofield introduced Mike Cather, Vice President & Chief Relationship Officer from U.S. Lacrosse.

Mr. Cather presented U.S. Lacrosse's evolution of online membership, including the model used, how members are engaged, and strategic planning for acquisition and retention of members.

## **BOARD PROCESS**

### **BOARD WORK PLAN UPDATE (2.3.2)**

Davis Tarwater provided highlights from the Governance Committee's meeting, including Board priorities such as completing the updated Mission and Vision of USA Swimming, utilizing a Customer Relationship Management system (CRM), mandatory Safe Sport club recognition, member development, and succession planning within the organization. Mr. Tarwater added the recommendation of memorializing relevant educational topics for the Board through online mechanisms instead of taking up time during Board meetings (Attachment 3).

Bob Vincent presented the recommended Governance Committee Deliverables to be added to the Governance Policy Manual.

**MOTION:** *To approve the addition of the Governance Committee's Deliverables to the Governance Policy Manual. Seconded. APPROVED.*

## **INVESTMENT POLICY UPDATE**

Bob Vincent noted that while the USA Swimming investment policy and USA Swimming Foundation investment policy have the same language, they are separate policies.

Tom Ugast highlighted the proposed changes to the Investment Policy Statement (IPS). Proposed changes included eliminating the Money Market investment vehicle from the short-term investment options as other options are more in line with the investment strategy (better liquidity characteristics with greater yields). Other updates were housekeeping in nature (historic rates, dates, names, etc.).

**MOTION:** *To approve revisions to the Investment Policy Statements (IPS) as recommended by the Investment Committee (Attachments 4 - 5). Seconded. APPROVED.*

#### **NOMINATING COMMITTEE UPDATE**

Cecil Gordon provided an update from the Nominating Committee including that the nomination application is open online, what roles are vacant, and that the committee is working on formatting the screening and interview processes as well as reviewing questions for the first set of interviews.

The Board engaged in discussion regarding how the nomination application is being communicated and distributed.

#### **LEGISLATIVE UPDATES**

Lucinda McRoberts presented a draft LSC Affiliation Agreement for the Board's review and input (Attachment 6).

Ms. McRoberts also presented various proposed amendments to the Rulebook and Bylaws for the Board's consideration, including an emergency proposal to implement rule changes related to the Minor Athlete Abuse Prevention Policy effective June 23, 2019 (Attachment 7).

**MOTION:** *To approve relevant rule changes (R-1) to implement the Minor Athlete Abuse Policy, effective June 23, 2019, to submit all additional proposals to the Rules & Regulations Committee for consideration. Seconded. APPROVED.*

#### **CLOSED SESSION (2.3.6)**

#### **LITIGATION UPDATE**

The Board meeting went into closed session so that USA Swimming's General Counsel, Lucinda McRoberts, could give a legal update.

#### **CEO CONTRACT REVIEW**

Employee contract discussion.

117 **“ENDS” MONITORING**

118 **1.3 – PUBLIC ENGAGEMENT WITH SWIMMING**

133 membership, including gender demographics, program and services offered, and  
134 recommendations for action steps to reach short- and long-term goals for women in  
135 leadership.

136  
137 **LSC PRESENTATION**

138 Tom Ugast introduced General Chairs Joel Kincart and Anna Summerfield.

139  
140 Mr. Kincart and Mrs. Summerfield presented on Local Swimming Committees (LSCs),  
141 including what they are, where they are located, their governance structures, the  
142 responsibilities of General Chairs, LSC strategic priorities, and the focus for the Board of  
143 Directors regarding LSCs.

144  
145 **INCOME STREAMS**

146 Eric Skufca provided revenue summaries for the organization, including the various areas  
147 of revenue, their compositions and areas of interests.

148  
149 **CLUB DUES**

150 Mike Unger presented a proposal to increase annual club dues, which included an overview  
151 of the proposed increase, services USA Swimming offers club-members, rationales for  
152 increasing dues, and next steps for moving forward with the proposal.

153  
154 The Board engaged in discussion regarding the details of the proposal.

**MOTION:** To approve the proposed increase to club dues that would go into effect in the 2021 membership year. Seconded. **APPROVED.**

#### **ATHELETES' EXECUTIVE COMMITTEE UPDATE**

Maya DiRado provided highlights from a recent Athletes' Executive Committee (AEC) meeting, including discussion around building a pipeline of athletes who can serve on the Board of Directors, questions on how the AEC fits into the new governance structure, and reiteration of support for the Athletes Leadership Summit.

Mr. Hinchey reported on signed agreements with Phillips 66, Toyota, Streamline Brands, and Neptune Benson; verbal agreements with Comcast XFINITY, Golden Road Brewery and Marriott; and pending agreements with Counsilman Hunsaker and Beecher Carlson. Mr. Hinchey lastly provided an update on the Chief Commercial Officer position to which he decided to not hire a search firm and gave some background on candidates with the objective of having someone hired by the end of March and start by the beginning of April (Attachment 10).

#### **ZONE DIRECTORS PRESENTATION**

Tristan Formon presented on what Zones are and how they fit into the governance structure of USA Swimming, including how they are comprised, responsibilities of the Zone Directors, and how Zones build and retain the base of USA Swimming (Attachment 11).

Dave Smith provided a brief overview of how the Southern Zone has been proactive through their Zone Board of Review process.

Sean Redmond reported on the strategic priorities of the Zones as well as the strategic focus of the USA Swimming Board from the perspective of the Zones.

These minutes will be officially approved by the USA Swimming Board of Directors at its April 26, 2019 meeting.

Pam Lowenthal briefly described the partnership between USA Swimming, Local Swimming Committees (LSCs), and inner-city clubs, specifically the Chicago Park District with the focus on promotion and sustainability of their swim programs including open water.

## **“ENDS” MONITORING**

### **1.0 – BROADEST (GROWTH/SUCCESS OF SWIMMING)**

Bob Vincent presented the Policy 1.0 – Broadest End: Growth and Success of Swimming (Attachment 12).

***MOTION:** To approve the performance monitoring report on Policy 1.0, “Broadest End – Growth and Success of Swimming,” conveys (a) interpretations of the policy that are reasonable, and (b) that the report reasonably substantiates compliance with the policy requirements, consistent with the CEO’s interpretations. Seconded. **APPROVED.***

## **GUEST PRESENTATION**

### **DAN MCGINN & REX REPASS – MEMBER SURVEY & MISSION VALUES**

Belle McLemore introduced Rex Repass, the President of Research America.

Mr. Repass presented the results of his research on the awareness and opinions of USA Swimming members and non-members regarding our programs, and their understanding and thoughts about our organization as a way to assess USA Swimming's mission, vision and values.

## **CLOSING ROUNDTABLE**

### **TASK ASSIGNMENTS REVIEW**

Bob Vincent reviewed the tasks handed out over the course of the meeting.

**USA Swimming Board of Directors, Governance Committee  
Conference Call, April 10, 2019  
Meeting Minutes**

1. The meeting was convened at 11:15am EST by Committee Chair, Davis Tarwater. Also present were committee members John Roy and Jeanette Skow.
2. Davis stated the purpose of the meeting was to review a list of proposed Board priorities as well as a slate of proposed topics for Board education. The lists had been prepared by Tim Hinchey, CEO and Bob Vincent, Board Chair. The tasks were to rank order the priorities (short and long term), as well as provide feedback upon the education topics.
3. It was agreed upon that first and foremost, this committee must have/develop a mission and/or charge. This is imperative for all committees of the BOD.
4. Discussion was had on all 13 items on the proposed priority list.
  - Mission and vision are paramount, should be clear and set the tone for everything else
  - CRM is crucial to communicate with the entire membership; heavy focus on the national team is good but we cannot forget about the rest of the base (such as young age group swimmers who will eventually become the national team)
  - Club USA concept was viewed upon favorably
  - Online membership may be desirable, but didn't seem like a strong priority by itself, and perhaps should be considered as a subset of CRM
  - Coach Accreditation is a valid step toward developing clubs, LSCs and the NGB
  - 1 Olympic Plaza remodel was discussed as not being a priority for the Board at this time in that it approved funding in Oct, construction is in progress, and the remodel is due to be completed within a few days of the next BOD meeting
  - Mandatory Safe Sport Club is extremely important as if the sport is not safe we will not have members joining, staying and/or succeeding; it is also significant from an optics perspective
  - Increase Rights fee for Trials was discussed; there was an agreement that this did not seem like a matter for the BOD but should inquire as to what help the staff may possibly need from the BOD
  - USA Swimming High Performance Center was discussed, though there was a lack of clarity on the scope of the proposed center in terms of where it would be, for what additional purposes it may be used, how it aligns with the function of an NGB, and what would be needed from the BOD (perceived as a staff function). It was further discussed that this would possibly be an opportunity to leverage partnerships (e.g., Marriott for mass reservations for a national event). It was agreed we need more information on this matter.
  - Leveraging TeamUnify was discussed as being valuable and connected and complimentary to CRM; it is particularly valuable to USA Swimming given it is an NBC property and our relationship with NBC
  - It was agreed that successful succession planning would certainly be a high priority. A look at recent USA Swimming leaderships positions (e.g., Chuck Wielgus's and Matt Farrell's

departures) demonstrates the need for early planning. This concept of succession planning should be expanded across the staff, BOD, and committees.

- It was discussed that NBC rights broadcast was not a strategic item for the Board's function, specifically regarding renewal. Rather, the BOD should be engaged to ensure USA Swimming is in the best position to obtain a favorable renewal. The committee resolved to inquire as to what help the staff may possibly need from the BOD on this matter.
- Establishment of a swim "season" was briefly discussed; however there was not much of a clear understanding by the committee as to what the term means. Some ideas were tossed such as having an 18&U national tournament. The committee will seek more clarity on this matter and in the meantime consider it as member development.

5. The committee unanimously ranked the priorities as follows:

1. Finishing Mission and Vision (this will inform and direct all other efforts/ventures within USA Swimming)

2. CRM (with two sub-priorities) - Communication is key to the effectiveness of our mission execution

2a. Online membership

2b. Leverage TeamUnify

3. Mandatory Safe Sport Club recognition

4. Member Development (with three sub-priorities)

4a. Club USA

4b. Coach Accreditation

4c. Swim "Season"

5. Successful succession planning within USA Swimming (staff, BOD, and committees)

6. The committee also reviewed and discussed the list of topics for BOD education.

- It was agreed that education during the BOD meetings is valuable; however, it should be prefaced with read-ahead background information at least a couple weeks prior to the meeting. As a strategic body, we should not be learning at the meeting, but rather should be having substantive discussions regarding the subject matter while we are all convened in person.
- Educational tools should be memorialized, perhaps in webisodes, that can be accessed both before and after the BOD meeting at which the topic is discussed. This would be particularly valuable during the time between BOD meetings to keep members both informed and engaged. In addition, the studio could be leveraged to accomplish this task.
- There were no objections or additions to the proposed topics. However, the committee discussed that specifically with Financial Education, this should be focused on items such as the history of our money, how we spend our money, and relationship of funds between the organization and the Foundation. This would be significant information to give perspective to all Board members. Additionally, this session should be closed.
- It was also discussed that the annual Board Orientation should be very heavy on these types of education sessions, so that Board members have the foundation going forward and aren't doing the bulk of the learning at future BOD meetings.

7. Davis stated he would discuss our meeting with Bob and then reconvene the committee in approximately one week to finalize items for the committee's presentation to the BOD at the April 25, 2019 meeting.

8. The meeting was adjourned at 12:34pm EST.

Meeting Notes: 4/15/19 Tim Hinchey Davis Tarwater  
Commenced at 10:30AM

1. Davis asks for further clarity on the purpose of this committee?

-Tim explained his desire to establish 10 things that this organization can deliver in the next ten years? Providing background, he explained that Jim Sheehan had established that 'Mission and Vision' were the top priority of his tenure as president. In speaking further with Tim, and given the Congressional hearings, the two of them decided that the new board is more well suited to really tackle this challenge. Tim agrees with this committee that paring down the mission and vision to achieve greater clarity moving forward is of paramount importance. He expressed a need to be focused on the "354,000 members who may never compete on a National Team. During the congressional hearing Dan McGinn, began the process of researching, polling and collecting data in order to inform the process of honing the mission. As such, he opined that the board should lead this prioritization in conjunction with staff.

2. Prioritizing the "Top-5"

-Tim believes points #2,3,4,5 are very staff heavy, and that the board should be focused on #1. In working on priority #1, the need to work with the external group, led by Rex and Dan McGinn, utilizing designated funds would maximize the impact this subgroup could have.

3. Assessment of the "top-5"

-Tim appreciated the work of the subgroup to identify the top 5 and believes doing so creates helpful and appropriate guardrails with which staff can operate to achieve the collective vision. He believes that while there may be nuanced differences in the "Top-5" list this will allow for rich and productive discussion at the board level. He cited as an example, 4b may be more important than 4a, but discussion needs to be around the inherent value of each of these.

4. Educational Priorities

-The desire to fold in deeper financial background training in the BOD orientation was discussed and Tim was in agreement that it needed to happen. Davis believed this education needed to happen at the next board meeting in enough detail to allow the committee to fulfill its obligations. Davis will notify Bob Vincent of the desire for this be added to the April BOD agenda.

5. Next Steps

-These notes will be submitted to the subcommittee for a follow up call in the next week.  
- Davis will collect the information for presentation at the full BOD level.  
- The Subgroup will take the input at the BOD level and initiate a collaboration with relevant staff, and hired outside consultants in perhaps an in-person meeting in Washington DC later this summer.

-A more complete presentation of recommendations will be submitted to the entire BOD at a meeting later in the fall.

Meeting commenced at 10:58AM EST

**Investment Policy Statement**  
**For USA Swimming, Inc. and**  
**USA Swimming Foundation, Inc.**  
April~~May~~ 2019~~8~~

## Overview

USA Swimming, Inc. and USA Swimming Foundation, Inc. ~~are~~is a not-for-profit organizations with ~~its~~ national headquarters located in Colorado Springs, Colorado. USA Swimming, Inc. and USA Swimming Foundation, Inc. maintains an investment portfolio for the benefit of its members and mission.

## Purpose of Investment Policy Statement

The purpose of this Investment Policy Statement is to assist the Investment Committee of USA Swimming, Inc. and USA Swimming Foundation, Inc. (sometimes referred to herein as the “Committee”) in effectively establishing, supervising, monitoring and evaluating the investments maintained in the portfolio (referred to as “The Portfolio” which includes all USA Swimming ~~Foundation, Inc.~~ portfolio assets, including operating funds, unless specifically stated otherwise.).

### The Policy:

1. Defines the investment goals and objectives of The Portfolio;
2. Documents the material facts considered and the process used to arrive at the investment decisions reached;
3. Establishes an asset allocation and investment management strategy designed to have a high probability of meeting the goals and objectives of The Portfolio;
4. Establishes a disciplined decision-making process to be followed by the investment advisors and managers in implementing the investment strategies decided upon;
5. Establishes a criterion for evaluating the success of the investment management of The Portfolio; and
6. Documents the procedural prudence followed by the Committee in taking the investment course of action followed.

With respect to the investment portion of the portfolio (referred to as “the Investments”) that are managed by the Investment Advisor “Advisor,” this statement also establishes a clear understanding between the Investment Committee and the Advisor concerning the investment policies and objectives of USA Swimming, Inc. and USA Swimming Foundation, Inc. It is contemplated that the Advisor will employ Investment Managers “Manager(s)” to manage specific segments of the Investments. The Advisor will be responsible for overseeing the Investments, monitoring individual manager performance and compliance with this document with respect to the Investments, and making asset allocation recommendations.

## Goals and Objectives

### Portfolio Goals

It is a primary goal of USA Swimming, Inc. and USA Swimming Foundation, Inc. to invest the financial assets of the organization, in excess of funds needed for current operations, and to provide maximum earnings growth, based on a total return, consistent with a policy of prudent investment and protection of

assets. It is also the policy of the organization to maintain operating funds to provide for liquidity to meet current operating and capital expenditure needs.

### Investment Objectives

#### A. Investment Funds

The invested assets of USA Swimming, Inc. and USA Swimming Foundation, Inc. are invested and maintained in a balanced investment program. The primary objective is to provide maximum growth consistent with a policy of prudent investment and protection of assets. Growth will be attained through appreciation of assets, the inclusion of additional funds when available, and from retention of earnings of the fund except earnings caused to be withdrawn as hereinafter provided.

#### B. Short Term Operating Account

The Short Term Operating Account is comprised of primarily operating funds that could reasonably be expected to be spent over the next 3 to 12 months. The account will be managed by the Chief Financial Officer. The securities in the account will be limited to the following investment vehicles and restrictions:

	Single Security <u>Limit</u>	Minimum <u>Quality</u>	Maximum <u>Maturity</u>
Money Market Funds	None	N/A	N/A
<del>CD's brokered, adj. rate</del>	<del>\$1,000,000</del>	<del>N/A</del>	<del>1 yr</del>
US Treasuries	None	N/A	1 yr
Agency Discount Notes	None	None	None
Commercial Paper	\$1,000,000	A2/P2	1 yr
Corporate Bonds	\$1,000,000	A3/A-	1 yr

### **Asset Allocation**

The asset allocation under the Investment Policy will meet the stated goals and objectives. The asset allocation is based upon the following:

- A. That it is not productive to "time" the markets. Rather, long-term strategic asset allocation, based upon the principles of Modern Portfolio Theory, is the most prudent investment approach. That is, effective diversification can reduce risk. In utilizing this methodology, it is important to diversify into all the major asset classes as set out below, and to diversify by investment style and money manager.
- B. That gains and losses have a significant impact upon the Investments' growth objective.
- C. That portfolios with a greater amount of stock allocations and a lesser amount of bond allocations have a higher probability of short-term losses and of long-term higher returns than portfolios with lesser amounts of stocks.

Therefore, since long-term higher returns are very important in meeting the objectives of the Investments, the asset allocation shall contain a mixture of stocks and bonds that subject the portfolio to the potential of

moderate, but not devastatingly large short-term losses, and provide the potential for higher long-term returns.

<u>Asset Allocation Mix</u>	<u>Minimum</u>	<u>Target</u>	<u>Maximum</u>
<b>Stocks</b>	<b>43%</b>	<b>53%</b>	<b>63%</b>
<b>Real Estate</b>	<b>3%</b>	<b>4%</b>	<b>7%</b>
<b>Commodity</b>	<b>0%</b>	<b>3%</b>	<b>7%</b>
<b>Bonds</b>	<b>28%</b>	<b>39%</b>	<b>48%</b>
<b>Cash</b>	<b>0%</b>	<b>1%</b>	<b>5%</b>

### **Historic\* and Expected Returns**

The long-term un-audited historic rate of return on the Investments is shown below. It is based on the historic expected long-term total return for each asset class, and then adjusted for interest rate environment and each asset class' percentage weighting in your portfolio. This is compared against the assumed long-term average rate of inflation (as measured by the Consumer Price Index). The difference between the nominal rate of return and the inflation rate is your real (after-inflation) expected return. Actual performance will vary from these assumed rates and there is no guarantee that this return objective will be achieved either in any single year or over the longer term. The portfolio return will also be reduced by the deduction of advisory and money management fees.

	<b>Year 1</b>	<b>Year 3</b>	<b>Year 5</b>	<b>Year 10</b>	<b>Year 20</b>
<b>95th Percentile</b>	<del>21.25</del> <u>26.08</u>	<del>14.22</del> <u>17.36</u>	<del>12.11</del> <u>14.68</u>	<del>10.27</del> <u>12.28</u>	<del>9.07</del> <u>10.77</u>
<b>Expected Value</b>	<del>5.46</del> <u>6.64</u>	<del>5.77</del> <u>6.57</u>	<del>5.88</del> <u>6.68</u>	<del>5.92</del> <u>6.47</u>	<del>5.98</del> <u>6.48</u>
<b>5th Percentile</b>	<del>-5.87</del> <u>-9.00</u>	<del>-1.17</del> <u>-2.97</u>	<del>0.27</del> <u>-0.87</u>	<del>1.87</del> <u>1.35</u>	<del>3.01</del> <u>2.68</u>

\*Mathematically calculated returns are based on historic asset class returns. Based on First Western Investment Advisor's capital market assumptions, the expected value returns are believed to be in the ~~4.85% - 7.15%~~ 5% - 6% range gross of investment advisory fees.

At least two benchmarks for each asset class shall be selected to compare future performance against. One or more passive indices that are reflective of the universe of securities within that asset class shall be selected. In addition, one or more active manager benchmarks will be used to compare relative performance of the investment vehicle used herein to other managers investing within a particular asset class.

It will be the objective of the Portfolio to outperform a blended benchmark consisting of 53% MSCI All Country World Index, 4% NAREIT Dev Index, 3% Bloomberg Commodity Index and 40% Barclays Aggregate Bond Index over a three year rolling period after fees. A secondary objective of the Portfolio will be to earn inflation (CPI) plus 3%. The Committee recognizes that any particular investment strategy will have periods where it will fall short of achieving its goal. During such period, the Committee expects rational explanations for such under-performance.

Risk will be measured by standard deviation and may be more or less risky than the blended index benchmark. Risk in excess of 15% plus or minus the benchmark may require additional examination. Returns will also be monitored on a risk adjusted basis as measured by the Sharpe Ratio. (Return of the portfolio minus the risk free rate divided (the risk free rate is measured by the 5 year Treasury note) by the standard deviation.

## **Investment Vehicles**

In implementing the asset allocation policy, it is intended that there be extensive diversification by investment style. Actively managed Mutual Funds, Exchange Traded Funds (ETF's), and an individually managed Fixed Income portfolio have been selected as the primary methods of effectively implementing the asset allocation strategy.

First Western Trust Investment Advisors, the registered investment advisor to the Investments, will monitor the performance of each fund or manager and report to the Committee. First Western Trust Investment Advisors will recommend replacement of funds or managers.

## **Rebalancing**

The asset allocation shall be rebalanced to the target allocations set out above after any quarter in which one or more of the minimum or maximum allocations are exceeded. Furthermore, in the event of a sudden or significant change in the asset allocation attributable to market conditions, the asset allocation may be rebalanced between quarters.

## **Costs**

The costs associated with the management of each asset class shall be reviewed at least annually. It is the Investments' objective that the total costs of managing the funds, including the investment advisory fees, shall be average or below when compared to the average fees for a similar mix of mutual funds. Averages from Morningstar Analytical Service shall be used for determining the appropriate average.

## **Communications**

Unless otherwise requested, the Advisor must furnish the Investment Committee with a quarterly account review detailing investment performance (time-weighted), portfolio holdings, an investment strategy, and the value of the Investments. The Investment Committee will also receive timely information about changes in investment philosophy, management, ownership, and key personnel of investment vehicles.

Investment Committee meetings will be held quarterly.

The Investment Committee may call more frequent meetings if significant concerns arise about the Advisor's investment strategy or performance of the Investments.

#### 304.3 CODE OF CONDUCT

.3 ~~Repeated violations of any of the Athlete Protection Minor Athlete Abuse Prevention Policies set forth in Article 305 [see page \_\_\_\_].~~

#### 305 MINOR ATHLETE ABUSE PREVENTION PROTECTION POLICIES

The following policies related to Athlete Protection are mandatory components of the USA Swimming Code of Conduct:

~~305.1 Inappropriate touching between an athlete and an adult non athlete member or Participating Non Member (as defined in 401.1) is prohibited, including, but not limited to, excessive touching, hugging, kissing, and having an athlete sit on a non family member adult's lap.~~

~~305.2 Any inappropriate sexual conduct or advance, or other inappropriate oral, written, visual, or physical conduct of a sexual nature at any time, past or present toward any person under the age of eighteen (18) by (i) a coach member or other non athlete member, or (ii) any other adult participating in any capacity whatsoever in the activities of USA Swimming (whether such adult is a member or not) is prohibited.~~

~~305.3 Any rubdown or massage performed on an athlete by any adult member or Participating Non Member, excluding the spouse, parent, guardian, sibling, or personal assistant of such athlete, is prohibited unless such adult is a licensed massage therapist or other certified professional. Any rubdown or massage performed at a swim venue by a licensed professional must be conducted in open/public locations and must never be done with only the athlete and licensed massage therapist in the room. Even if a coach is a licensed massage therapist, the coach shall not perform a rubdown or massage of an athlete under any circumstances.~~

~~305.4 Use of audio or visual recording devices, including a cell phone camera, is not allowed in changing areas, rest rooms or locker rooms.~~

~~305.5 Employees and volunteers of USA Swimming, Zones, LSCs and member clubs who interact directly and frequently with athletes as a regular part of their duties and individuals with any ownership interest in a member club must be non athlete members of USA Swimming and satisfactorily complete criminal background checks as required by USA Swimming. This does not apply to volunteers such as timers, marshals, computer operators, etc., who only have limited contact with athletes during a meet. Any individual who is banned, currently suspended or ineligible for membership is prohibited from serving as a timer, marshal, or computer operator, or otherwise being on deck at any time in connection with a USA Swimming activity.~~

#### ~~305.6 TRAVEL~~

~~.1 Regardless of gender, a coach shall not share a hotel room or other sleeping arrangement with an athlete unless the coach is the parent, guardian, sibling, or spouse of that particular athlete.~~

~~.2 Team managers and chaperones must be members of USA Swimming and have successfully passed a USA Swimming required criminal background check.~~

~~.3 When only one athlete and one coach travel to a competition, the athlete must have his/her parent's (or legal guardian's) written permission in advance to travel alone with the coach.~~

~~.4 Clubs and LSCs shall develop their own travel policies. USA Swimming will provide a model club travel policy as an example. Club travel policies must be signed and agreed to by all athletes, parents, coaches and other adults traveling with the club.~~

~~305.7 Clubs shall establish their own action plans for implementing USA Swimming's anti bullying policy the Minor Athlete Abuse Prevention Policies (see page \_\_\_\_). USA Swimming shall provide a model plan as an example which shall serve as the default for any club that fails to establish its own plan. Club anti bullying plans must be reviewed and agreed to annually by all athletes, parents, coaches and other non athlete members of the club.~~

~~305.8 Clubs shall establish their own electronic communication/social media anti-bullying policy. USA Swimming shall provide a model policy as an example, which shall serve as the default for any club that fails to establish its own policy. Club electronic communication anti-bullying policies should be reviewed and agreed to annually by all athletes, parents, coaches and other non-athlete members of the club.~~

#### 2.6 PRIVILEGES AND RESPONSIBILITIES OF MEMBERSHIP

.2 All non-athlete members of USA Swimming must have satisfactorily completed criminal background checks ~~and athlete protection education~~ as required by USA Swimming. The criminal background check requirement is waived for Junior Coach members.

.3 All adult members of USA Swimming, including athletes, must have satisfactorily completed athlete protection education as required by the U.S. Center for SafeSport.

.6 Employees and volunteers of USA Swimming, Zones, LSCs and member clubs who interact directly and frequently with athletes as a regular part of their duties and individuals with any ownership interest in a member club must be non-athlete members of USA Swimming. This does not apply to volunteers such as timers, marshals, computer operators, etc., who only have limited contact with athletes during a meet; however, any individual who is banned, currently suspended or ineligible for membership is prohibited from serving as a timer, marshal, or computer operator, or otherwise being on deck at any time in connection with a USA Swimming activity.

## Performance Monitoring Report

---

TO: USA Swimming Board of Directors  
FR: Tim Hinchey, Chief Executive Officer  
RE: Internal Report – Ends  
Annual Monitoring on **Policy 1.3: Public Engagement with Swimming**  
DA: April 18, 2019

I hereby present the monitoring report on the Board's Ends policy 1.3 "Public Engagement with Swimming," in accordance with the monitoring schedule set forth in Board policy. The information contained in this report is true for the year ended March 31, 2019.

*(Note: In 2018, this report was postponed until the Convention meeting. With only a 7-month interval since then, some annual data points are unavailable, but these will resume with the regular reporting schedule.)*

Signed , President & CEO

### **BROADEST PROVISION: There is growth in swimming participation and interest.**

**CEO's VISION OF SUCCESS:** (No change since last report)

I interpret achievement of sub-points A-D below to constitute fulfillment of this End. *Interpretations/visions of success and Key Performance Indicators for each are presented and reported on below.*

---

### **PROVISION #A: Water safety awareness and swimming skills save lives.**

**CEO's VISION OF SUCCESS:** *(Italicized portion changed since last report)*

Highest awareness priority is all Americans have the opportunity to learn how to swim – developing safety skills in, on, and around water.

Highest drowning reduction priority is youth 19 & under, diverse and under-served communities.

Key Performance Indicators:

1. Annual reduction in per-capital drownings
2. Priority for reduction – age 19 and under
3. *Increase annual swim lesson enrollment in Make A Splash Local Partner programs by 135,000/year, based on 152 new Partners each year, with each averaging service to 900 children. (Note: with this growth target, Foundation previously set goal of 2.5 million lessons annually by 2028. With exceptional growth last year, these targets will be revisited as part of the Foundation Board restructuring.)*

**REPORT:**

Key Performance Indicators	2019 Results			Achievement
1. Annual reduction in per-capital drownings (to be assessed using bi-annual CDC data)	CDC DATA	2016	2017*	Yes
	Drowning Deaths – All ages	4,628	3,708

	Total Enrollments - Make A Splash Local Partner Programs	1,030,964	1,042,117 (+1.1%)	1,371,962* (+31.7%)								

**Drowning Reductions:** With recognition that we cannot control drowning reductions, but aim to have long-term demonstrable impact, we are pleased to report the positive trends on the CDC data.

**\*Swim Lessons:** Enrollment numbers for Make A Splash Local Partner Programs is based on data submitted by Local Partners. Foundation staff has shared that collecting this data has been difficult over time. The 2018 increase reported is due partly because we now ask for average enrollments as part of the application process. In addition, the reporting by our corporate partner Streamline contributed significantly to the enrollment data. In other words, while the data we receive does reflect increases, I now realize the enrollment numbers are based on estimates and had previously been only partially reported.

Among initiatives underway, notable developments also include:

- The Foundation is a founding member of a collective called Water Safety USA, which working on a national water safety plan per the recommendation of the World Health Organization. An overview of the plan's draft template is currently being presented at conferences nationwide to gain support and secure involvement from additional stakeholders. The goal is to finalize and roll out an initial document in 2019.
- The Swim Lesson Finder on the Foundation website is starting to show substantial growth in utilization, with staff reporting many instances of outside organizations and agencies are directing parents to us. The highest # of pageviews in a calendar quarter so far was in Q3 of 2018, with 3004, a 106% increase YOY. Pageviews in Q4 '18 and Q1 '19 were 1,283 and 1,976, reflecting YOY increases of 20% and 70%, respectively.

I'm pleased to report **ACHIEVEMENT**.

## **PROVISION B: Swimming is recognized as a “Sport for Life” for all.**

**CEO's VISION OF SUCCESS:** *(Italicized portion changed)*

Swimming is widely viewed as both an essential life skill and a lifelong sport, a “cradle to grave” ability that also opens doors to other benefits e.g. competitive, health/fitness, family time, etc.

Highest priority to address “essential life skill” is swimming introduction at early age. “For all” is further defined in Ends provision 1.3.C.

*Strategically, a long-term goal is to incorporate all the major national franchises/chains as “curriculum providers” to extend the Make a Splash Local Partner Network, and ultimately to convert Make a Splash learn-to-swim graduates to USA Swimming programs (ex. Flex or Premium membership)*

**Key Performance Indicators:**

1. Make a Splash Local Partner Network annual growth – *152 partners/year*.
2. Sports & Fitness Industry Association's (SFIA) annual “aspiration” research data (which looks at all age groups' desire, or aspiration, to get involved in swimming activity) shows aggregate Y-T-Y elevation of combined ranking of fitness/team swimming among 6-12 year olds.

Key Performance Indicators	2018 Results				Achievement
1. Year-to-year growth in the Make a Splash Local Partner Network					Yes
	Make A Splash	2016	2017	2018	
	New Local Partners Added	167	252	195	
	Total # of Active/Reporting Local Partners	491 (as of 12/31/16)	645 (as of 12/31/17)	955 (as of 12/31/18)	
2. Growth in “aspiration” to participate in Swimming for Fitness and Swimming on a Team from individuals not currently involved in swimming, according to SFIA research.					Pending New Data

	Ages 6-12 Swimming on a Team	Rank # 9	Not yet published		
	Ages 13-17 Swimming for Fitness	Rank # 3	Not yet published		
	Additional Note: in 2018 data, Swimming for Fitness ranked in Top 10 in all age categories from 6-65+				

## REPORT:

### Make a Splash Local Partner Network:

Actively reporting Local Partners increased by 195 in 2018 over 2017, with an increase in total enrollments of 329,845 students. USA Swimming Foundation funding provided for 18,901 children (vs. 20,794 in 2017), with additional funding provided by local program and partnership sources to service another 76,034 children in 2018. 2018 shows the highest level of service being provided to children ages 5 & under with fairly equal focus on both sexes, at 19% female and 17% male participants. While our data shows a slightly higher percentage of service in the ethnic category of “other”, which includes Caucasian, many providers do not report this information as by federal law they cannot require this information of their participants.

The very substantial growth in 2017 was particularly attributable to the relationships with Streamline schools and Starfish Aquatics Institute. Despite the Foundation having been without a program coordinator/ manager for all of 2018, and there not having been a staff member dedicated towards program expansion, the growth target was exceeded.

Foundation staff also reports that efforts to market the swim lesson finder launched in 2016, providing a platform to showcase our programs and provide Partners with free advertising as we promote the Foundation’s Make a Splash initiative nationwide. The “Find, Get, Give” campaign was helpful in driving parents to the website and provided a platform for us to share how valuable being a Local Partner is, creating more buy-in from our currently active Local Partners; Expectation is that Partners will increasingly “get” the power of the brand and how being affiliated with the Foundation, and by extension, USA Swimming, can aid them.

Positive developments include a new agreement with Bear Paddle Swim Schools (8 locations) and in the pipeline, agreements we expect to finalize with Aqua-Tots (100 locations) and SwimAmerica (500-900 locations).

Large increases in the Local Partner network can be attributed to partnerships with learn to swim operations such as Starfish Aquatics Institute and Streamline Brands, whose programs and franchisees automatically qualify for participation in the Make a Splash Local Partner network. While we continue to recruit individual swim lesson programs, partnerships with large agencies provide a stronger tie to the individual programs, helping to provide us with more comprehensive data via enrollment reports, and additional opportunities to secure and distribute funding in service to targeted audiences.

Based on the year-to-year growth in Make A Splash Local Partners, I report **ACHIEVEMENT**.

Growth in Aspiration to Participate in Swimming: As there is no new SFIA data since the last report 7 months ago, we have no updates on this KPI. These will resume as a regular part of this reporting on an annual basis.

## PROVISION C: Swimming achieves sustained growth in participation at all levels.

**CEO's VISION OF SUCCESS:** *(Italicized portion changed since last report)*

Growth in participation is interpreted to emphasize all levels nationally. Participants in swim schools, rec swimming, etc. will engage on a continuum that will convert into membership growth.

### Key Performance Indicators:

1. Sports and Fitness Industry Association (SFIA) data shows average annual growth (AAG) in age 6-17 team swimming participation.
2. SFIA data shows average annual growth (AAG) in age 6-17 core (> 50x per year) team swimming participation.
3. SFIA data shows year-to-year growth age 6-12 (both overall and core) team swimming participation.
4. USA Swimming athlete membership to finish Y/E 8/31/19: (Updated KPI as of April 2019)
  - *Premium: Projecting decrease of -20,345 (-6.1%) (NOTE: This is a change of projection from last September's report, which projected Premium at flat (having projected the decrease that would occur with the addition of Flex. However, in our FY 2019 budget, we initially projected a decrease of 29,325 Premium members (8.7% decrease).*
  - *Flex: Projecting ~22,000 Flex members (first year). Year over Year comparison TBD after 2018-19 season.*

## REPORT:

Digital Swimming Index: Last year, we developed and introduced this aggregate measure of total engagement with our digital and media properties.

The DSI has dropped from 2017 to 2018, due to a huge decline in website visitors. Positive news is that each of the other four components of the DSI had increases in 2018:

	2017	2018
Total DSI	9.4mm	6.4mm
Components		
.org unique visitors	5,426,775	2,243,083
Deck Pass live views	1,822,948	1,826,260
Social Media followers	1,246,810	1,321,568
Unique Email subscribers	340,000	408,441
Total Deck Pass Accounts	611,331	648,424

As [usaswimming.org](http://usaswimming.org) is the primary gateway through which people access information, due to the 31% decrease in visitors from the previous year, I report **NON-ACHIEVEMENT** with regard to digital fan engagement.

We are aggressively addressing this issue. Following a review and audit of [usaswimming.org](http://usaswimming.org), along with feedback from staff and members, we will undergo updates to the current website functionality and design. The primary areas of focus will be the site search function/navigation, the resource topic browser and the visual design. Backend SEO issues will also be addressed, reducing the site's load time, increasing search equity and reducing 404 error pages. The key objective of the redesign is to provide an overall better user experience, which should in turn increase site usability and traffic to [usaswimming.org](http://usaswimming.org).

An internal taskforce, led by the Commercial Division, has been put into place to oversee the redesign. Efforts are already underway, with a phase 1 targeted completion date of September 2019.

With regard to TV, we have accumulated data, but as we implement the DSI tool for the first time, we have not yet succeeded in tracking sufficient data to provide apples to apples comparisons. A key reason is that overall broadcast numbers represent bulk airings versus airings in the same hour timeslots. Also, as many of our TYR Pro Swim Series broadcasts are airing in primetime on the Olympic Channel, those numbers have not previously been tracked, and we are looking to include them.

Our aim is to further develop the DSI to be a concise, understandable and meaningful tool to understand and monitor our success in fan engagement via media and digital channels. As to TV viewership, the variances in scheduling each year in a quad adds to the challenge of effective benchmarking. I'm not yet confident enough in the data we have in place to assess the growth of TV audience engagement this year. With Shana's recent arrival, this will clearly be an area of focus, and we will update the Board in September as to material developments.

### Event Attendance at USA-S Events:

USA Swimming moved the TYR Pro Swim Series for 2019 to five new host cities. Some of these venues have smaller seating capacities, but there is still great interest in swimming in those communities. USA Swimming is also tracking attendance more closely through its ticket partner Vendini. Thus far, we have had competitions in Knoxville, Des Moines and Richmond. Numbers for Richmond, while sold out, have not yet been finalized.

Knoxville attendance was significantly below target. We attribute this to three factors:

1. Knoxville was announced relatively late in the fall, and thus didn't have the same amount of time as Des Moines and Richmond to sell tickets.
2. UT students were not in school during the competition (they were just getting back from winter break).
3. The UT men's and women's teams were at the University of Virginia for a dual meet on the same dates, so those in the university community who might have attended in order to watch UT swimmers, did not attend.

In the aggregate, attendance at these three events, as a percent of capacity, averaged 84%. Our KPI for the series targets at least 80%. **I report achievement.**

## CONVENTION TASK FORCE PROPOSAL

### Hold the USA Swimming Convention as an independent Convention in 2022.

**Background:** The Convention Task Force was assembled to examine the makeup of USA Swimming's annual Convention and to determine what (if any) changes should be made to the Convention. Currently the USA Swimming Convention is held as a part of the United States Aquatic Sports (USAS) Convention with attendees from USA Diving, US Masters Swimming, USA Synchro and USA Water Polo (in a very limited capacity). USAS has made agreements with hotels and locations for 2019, 2020 and 2021.

The task force has met several times over the past year and one-half to discuss the annual Convention. We considered not only our own Convention experience, but also examined the results of the post-convention surveys of our delegates. Survey responses indicate a desire from Convention attendees for a shorter Convention with more networking and "best practices" sharing opportunities as well as content that is more globally-appealing and not necessarily targeted to only one group (officials, coaches, LSC leaders, etc.),

After considering all facets of Convention (attendees – both athlete and non-athlete, governance content, educational content, legislation and election requirements, social events, networking opportunities, affiliated member attendance) it was determined that USA Swimming should pursue booking their own independent Convention for 2022. This Convention would be for USA Swimming delegates only. The following outlines our reasoning.

#### Rationale:

- We can control our meeting space, logistics, schedule and special events tied to Convention. We would not be obligated or constricted by the needs of the other sports.
- We would be able to source the Convention location through our Marriott sponsorship. Currently, USAS is contracted with Hyatt properties.
- A USA Swimming-only Convention would mean fewer attendees. This would give us much more flexibility in possible locales, timing of Convention, and host hotels.
- With the progression of the Zone Workshops, there is less need for targeted educational opportunities. Education presented at Convention could be more globally-oriented to all convention attendees instead of niche groups. LSCs might send fewer delegates to convention and place more focus on Zone workshops.
- Convention could focus on governance and being a celebratory event for the sport of swimming.
- We might have the option to hold Convention in conjunction with a larger USA Swimming event, such as a national championship.
- We may be able to partner with ASCA for a future Convention (they are booked through 2023). Many of our delegates and exhibitors also attend the ASCA Convention. If we were able to combine events or make them back-to-back, we benefit on logistics, timing and finances for those attendees.
- We could also consider holding Convention in conjunction with US Masters, who shares many of our same needs/interests and are the second largest (USA Swimming is first) group at the USAS Convention.

If we were to hold our own Convention, the following is a **possible** schedule.

Wednesday – athlete leadership/education as needed. Networking and Arrivals. Keynote speaker opening session.

Thursday – Board of Directors and Committees (if needed) meetings, educational workshops as needed

Friday – Zone meetings and House of Delegates, other meetings as needed

Saturday – conclusion of House of Delegates followed by a "Celebration of Swimming" luncheon banquet

With this type of schedule, LSCs could focus on sending voting delegates and delegates involved in governance. Expenses would be less – many could arrive Wednesday and the majority could depart Saturday afternoon.

Respectfully submitted, Convention Task Force

2019 Convention Task Force Members – Mary Jo Swalley (Chair), Jayne Spittler, Sean Redmond, Ellaine Cox, CJ Fiala (Athlete Rep), Janelle Nguyen (Athlete Rep, AEC Convention Chair), Dakota Noble (Athlete Rep), Gina Mensay (Staff Leader)

RE: Internal Report – Annual Monitoring on **Policy 3.2- External Relations**  
DATE: April 17, 2019

I hereby present my monitoring report on Management Parameters Policy 3.2 “External Relations,” per the monitoring schedule set forth in Board policy. I certify that the information contained in this report is true as of this date.

Signed , President & CEO

**POLICY PROVISION:** With respect to USA Swimming's interactions with other entities, the CEO will not operate without cultivating and maintaining senior leadership level relationships with all relevant national and international organizations, including but not limited to: USOC, FINA, NCAA, ASCA, CSCAA, ACES, USADA, etc.

**CEO's INTERPRETATION:** Maintaining the respect of and positive relations with key agencies is integral to long-term fulfillment of our Ends. I interpret this to also include local and swimming related media entities. While I am the official spokesperson for the operating organization, I also rely on and expect key staff members to actively contribute to and guide necessary relationship development.

**REPORT:** Over the past year, I have continued to develop existing relationships and cultivate new relationships with key stakeholders both within and outside of the Olympic Movement.

Examples include:

- USOC – Susanne Lyons, Board Chair; Sarah Hirshland, CEO; Sarah Wilhelmi, Director of Collegiate Partnerships; Dr. Bill Moreau, VP Sports Medicine; and I serve on the NGB/AAC Collegiate Working Group.
- NGBs & Constituent Organizations – Chris Ramsey, USA Water Polo; Kirsten Corio, USTA; Jay Berhalter, US Soccer; Tom Crawford, USA Ultimate; Pat Kelleher, USA Hockey; Rocky Harris, USA Triathlon; Dawson Hughes, USMS; and Bill Smith, U.S. Aquatics Sports.
- International Bodies – Cornel Marculescu, FINA; Ali Khan, ISL; Sarah Keanu, Swim Ireland; Jack Buckner, British Swimming; Leigh Russell, Swimming Australia; Ahmed El-Awadi, Swimming Canada; Frank Flowers; Flowers Open Water / Cayman Islands.
- Commercial – Geoff, Speedo; Matthew Payne, Denver Sports Commission; Peter Gansler, Under Armour; Chris Foy, Impression Sports; Anita Sayed, Playcore; Gary Zenkel, NBC, Dr. Bill Ramos, IU Health & Aquatics; Manny, Rodriguez, UC Health, and the Chicago Park District and Indy Sports Commission.
- Congress – I continued to meet with various House and Senate Members and staffers through my October 2018 testimony.

Following the naming of our Olympic Head Coaches, I have also cultivated even stronger working relationships with Dave Durden and Greg Meehan.

Additionally, Mike Unger, Lucinda McRoberts, and Belle McLemore have grown and maintained relationships with, among others, John Leonard, ASCA; Rick Mack, ACES; and Travis Tygart and Skip Gilbert, USADA.

In the next year, I will focus in particular on strengthening my relationships with FINA and the USOC, as I serve on the FINA global swimming calendar task force and prepare for the 2020 Olympic Games, respectively.

I am pleased to report COMPLIANCE.

**"FINANCIAL CONDITION & ACTIVITIES" POLICY MONITORING REPORT**

TO: USA Swimming Board of Directors  
FR: Tim Hinchey, Chief Executive Officer  
Eric Skufca, Chief Financial Officer  
RE: INTERNAL MONITORING REPORT — MANAGEMENT LIMITATIONS  
Quarterly Monitoring on Policy 3.4: **FINANCIAL CONDITION & ACTIVITIES**

We hereby present the monitoring report on the Policy 3.4 "Financial Condition and Activities" in accordance with the monitoring schedule set forth in Board policy. We certify that the information contained in this report and the accompanying Income Statement and Balance Sheet, are true for the quarterly period ending March 31, 2019 on a preliminary basis.

Signed , President & CEO

, CFO

Date April 19, 2019

**BROADEST POLICY PROVISION:** *"With respect to financial condition and activities, the CEO will not cause or allow the development of fiscal jeopardy or a material deviation of actual expenditures from Board priorities established in Ends policies."*

**CEO's INTERPRETATION:** (No change since previous report) I submit that the Board's concerns about avoiding fiscal jeopardy are comprehensively interpreted in this policy's subsequent provisions. Regarding expenditures, I interpret "material deviation from Ends priorities" to mean avoidance of waste, such that all expenditures be viewed and can be correlated as investments towards the achievement of USA Swimming's Ends.

**REPORT:** As to expenditures deviating from Ends policies, anticipated expenditures were itemized in our approved FY 2019 budget and are subject to review by the Board, using its monitoring system to ensure adherence to our Budget Policy (3.6). All expenditures/procurements during this reporting period have been authorized and determined to be consistent with the FY 2019 budget and Ends achievement. **We therefore report COMPLIANCE.**

Interpretations and reporting data on the fiscal jeopardy provisions are presented with those provisions, below.

**POLICY PROVISION #1:** *"The CEO will not manage finances without adherence to applicable Generally Accepted Accounting Principles (GAAP), as promulgated by the Financial Accounting Standards Board (FASB)."*

**CEO's INTERPRETATION:** (No change since previous report) I interpret this to be a clearly articulated standard, addressed to the best of our Chief Financial Officer's ability throughout the year, with compliance verified at the conclusion of each fiscal year in the report of the independent auditor.

**REPORT:** The organization's financial statements as of and for the year ended December 31, 2018 were audited and issued a clean opinion. The Chief Financial Officer continues to abide by GAAP. **We report COMPLIANCE.**

**POLICY PROVISION #2:** *"The CEO will not expend more funds than have been projected to be received in the fiscal year, except up to the amount of any Board-approved operating deficit for such fiscal year."*

**CEO's INTERPRETATION:** (No change since previous report) This policy requires that annual operating expenses be less than total projected revenues, with the exception being up to the amount of a deficit-spend that the Board may have approved for a given fiscal year.

**REPORT:** Year-to-date revenues were \$23,971,279 with corresponding expenses of \$8,362,125, for a year-to-date excess of \$15,609,154. Current forecast for fiscal year end is total revenue of \$37,994,900 and

expenses of \$40,232,000, and we thus anticipate an operating deficit of (\$2,237,100), unchanged from the budget approved by this body in November 2018. **We report COMPLIANCE.**

**POLICY PROVISION #3: “The CEO will not allow cash and cash equivalents to drop below that amount necessary to meet operating expenditures over a 30-day period.”**

**CEO’s INTERPRETATION:** (No change since previous report) This policy requires that we maintain liquid investments adequate to meet one month of operating expenses. I interpret these to include cash expenses only (not depreciation).

**REPORT:** Cash and cash equivalents were \$6,884,078 at March 31, 2019. Monthly operating expenses are approximately \$3,350,000. Liquidity was in excess of the threshold required by this policy throughout the quarter. **We report COMPLIANCE.**

**POLICY PROVISION #4: “The CEO will not borrow funds (with exception of credit cards used for normal business purposes and paid in full each month.)**

**CEO’s INTERPRETATION:** (No change since previous report) CEO/Staff are not authorized to borrow funds or use corporate assets as security for any purchase contracts. Use of credit cards by staff is permitted, with each card paid in full on a monthly basis.

**REPORT:** Strategy Team members are not currently utilizing corporate credit cards, but approximately twelve other staff have corporate credit cards, with balances paid in full through the last statements. We have no other current debt. **We report COMPLIANCE.**

**POLICY PROVISION #5: “The CEO will not use Board-designated Operating Reserve funds.”**

**CEO’s INTERPRETATION:** (No change since previous report) Accessing the Operating Reserve fund is purely at the discretion of, and requires explicit authorization by, the Board of Directors.

**REPORT:** The CFO calculates the Operating Reserve requirement (at least) annually after our annual audit per the policy and has reported a (\$521,178) reserve shortage below the required Operating Reserve of \$20,116,000 (six months budgeted operating expenses) at December 31, 2018. This shortage was primarily due to the Q4 2018 market performance on the portfolio which can significantly affect the reserve calculation (\$2,480,166 total investment loss in 2018).

As such, the CFO calculated the Operating Reserve requirement again as of March 31, 2019 and has reported \$2,180,601 of excess reserves above the required Operating Reserve of \$20,116,000 (six months budgeted operating expenses).

Note the December 31, 2018 calculation was at 97% of the targeted reserve level (or 5.84 months vs. the targeted 6 months) and has rebounded to 111% (or 6.65 months) as of March 31, 2019. Policy states:

*“If the Operating Reserve is and has been less than 75% of the targeted reserve level for two consecutive years, the Board of Directors, in the absence of any extraordinary circumstances, will adopt an operational budget that includes a projected surplus sufficient to rebuild the Operating Reserve Fund to its targeted reserve level over the following two years.”*

Given our historical position, market performance in 2018, projected operating results in 2019 and 2020, and the current reserve calculation, the Vice Chair of Fiscal Oversight and CFO recommend no changes or concern at this point.

Additionally, the required Operating Reserve has not been tapped in FY 2019. **We report COMPLIANCE.**

**POLICY PROVISION #6: “The CEO will not operate without settling payroll obligations and payables in a timely manner.”**

**CEO’s INTERPRETATION:** (No change since previous report) Payroll must meet its obligations every two weeks starting Friday, January 4, 2019. For other payables, I interpret “timely” to mean by the date stipulated in agreement with the vendor, or if not explicit, within thirty days of invoice (assuming provision of goods or services has been completed).

**REPORT:** Payroll has met the schedule as interpreted above. USA Swimming processes payables weekly. There were no invoices in dispute as of March 31, 2019 and all payables have been paid on time. **We report COMPLIANCE.**

**POLICY PROVISION #7: “The CEO will not allow tax or other government-ordered payments or filings to be overdue or inaccurately filed.”**

**CEO’s INTERPRETATION:** (No change since previous report) All tax and governmentally required payments or filings (payroll, Form 990, 1099’s, etc.) must be made in a timely and accurate manner.

**REPORT:** All withholding taxes and other such payroll payments and filings have been made within deadline by our payroll provider, ADP. Forms 1099/1096 were filed by January 31, 2019. Form 990 is under a filing extension to November 15, 2019. There are no outstanding filings and there have been no late penalties. **We report COMPLIANCE.**

**POLICY PROVISION #8: “The CEO will not execute a purchase commitment, check or electronic funds transfer for greater than \$250,000, unless such expenditure was explicitly itemized in budget monitoring data previously disclosed to the Board. Splitting orders to avoid this limit is not acceptable.**

**CEO’s INTERPRETATION:** (No change since previous report) Any expenditure in excess of \$250,000 that was not disclosed as part of our budget plan must be approved by the Board.

**REPORT:** No such expenditures in excess of \$250,000 have been incurred that were not part of our approved budget plan thus far in this fiscal year. **We report COMPLIANCE.**

**POLICY PROVISION #9: “The CEO will not acquire, encumber, lease or dispose of real property.”**

**CEO’s INTERPRETATION:** (No change since previous report) All decisions regarding the purchase, lease, sale or other claim of/on land, buildings, office or warehouse space are considered to be at the discretion of the Board.

**REPORT:** No decisions or changes with respect to real property were made during this reporting quarter. **We report COMPLIANCE.**

**POLICY PROVISION #10: “The CEO will not operate without aggressively pursuing material receivables after a reasonable grace period.”**

**CEO’s INTERPRETATION:** (*Italicized portion* changed since previous report) USA Swimming is not to be lackadaisical regarding collections. “Material” is interpreted to be receivables that, when collected, are of greater value than the cost of collection (including staff time), but generally anything over \$10,000.00 (*previously \$100,000.00*). “Aggressively” is interpreted to mean that we will seek legal counsel after a “grace period” of 60 days and reasonable collection efforts have been unsuccessful.

**REPORT:** Primary receivables are membership dues, sponsorship payments, event fees, etc. At quarter end, there were two sponsorship receivables that were over 60 days past due. We anticipate successful resolutions of these receivables without legal intervention. **We therefore report COMPLIANCE.**

**POLICY PROVISION #11: “The CEO will not operate without adequate internal controls over receipts and disbursements to avoid unauthorized payments or material dissipation of assets.”**

**CEO’s INTERPRETATION:** (No change since previous report) Controls must be in place that ensure that all disbursements are appropriately authorized. Further, all payments (checks, credit card purchases, petty cash, etc.) and capitalized assets must have corresponding documentation sufficient to satisfy the auditor. I interpret fulfillment of this policy to be evidenced by written Policies and Procedures that the auditor considers when performing audit procedures. Complete implementation (or absence) of recommendations brought forth by the auditor in a Management Letter is further evidence of compliance.

**REPORT:** Controls in place are consistent with Board policy. The 2017 and 2018 fiscal audits were not accompanied by any Management Letter recommendations. **We therefore report COMPLIANCE.**

**#11A: “The CEO will not operate without clearly delineated procedures and limitations for reimbursement of authorized expenses incurred by board members and committee members, and others who are entitled to reimbursement from USA-S.”**

**CEO’s INTERPRETATION:** (No change since previous report) Staff is to maintain, disseminate and ensure adherence to travel/expense reimbursement policies applicable to staff, Board members and other volunteers.

**REPORT:** All travel/expense reimbursement processes have been uniformly applied with minimal exceptions (e.g. a missing cab receipt) that are neither material nor regular. **We report COMPLIANCE.**

**#11B: “CEO credit card statements and/or expense reimbursements must be reviewed and authorized for payment by the Vice Chair-Fiscal Oversight. CEO credit card statements must be reviewed and approved within 30 days of payment.”**

**CEO’s INTERPRETATION:** (No change since previous report) Documentation/receipts for CEO credit card statements and expense reports are to be provided electronically (Concur) to the Vice Chair – Fiscal Oversight for approval before payment.

**REPORT:** Vice Chair-Fiscal Oversight reviewed and approved all expense reimbursements submitted by the CEO during the first quarter 2019. As to credit card statements, the CEO does not currently utilize a corporate credit card. **We report COMPLIANCE.**

## 2018 Annual Financial Report – Final

Submitted by: Eric Skufca, CFO 3/13/2019

### **2018 SUMMARY**

- Missed 2018 operating budget by (\$955,683)\* with an operating deficit of (\$1,453,784).  
\*Note this operating deficit variance is better than the (\$1.12M) projected variance given at the February 2, 2019 Board meeting primarily due to fewer amateur athlete prize money payouts than projected (dependent upon NCAA compliance officers) as well as fixed asset capitalization vs. expense.
- Overall expense savings were \$832,273 compared to budget, but did not overcome sponsorship and membership revenue shortfalls of (\$1,370,005) and (\$616,855) respectively.
- Investment balance decreased (\$4,972,093) as fully explained within the 'Informational Commentary' section below. Note our portfolio market loss of (4.58%) beat our blended benchmark loss of (5.41%).

### **INFORMATIONAL COMMENTARY**

Below is additional background on two areas of the financial statements intended as pre-reading to the 'Financial Statement Analysis' that follows.

#### **Investment Balance and Revenue:**

The 2018 investment revenue budget was based on the 12/31/2016 portfolio balance of \$33,263,000 and a 4.7% return or \$1,563,500. \$990,500 was allocated to the operating budget and \$573,000 was allocated for growth of reserves.

The 2018 actual performance was a loss of (\$1,489,666) or (4.58%) (note our loss fared better than our blended benchmark loss of (5.41%)). \$990,500 was transferred to operations regardless of performance in much the same way a retiree would take an IRA distribution regardless of investment performance. Investment returns are unpredictable year-to-year, but are expected to be positive in the long term. In 2017 for comparison, the portfolio had a gain of \$4,806,962 or +14.78% and the same amount (\$990,500) was transferred to operations.

Operating investment revenue was \$1,070,021 including the \$990,500 transfer plus \$79,521 of interest earnings from invested cash. The investment loss "below the line" of (\$2,480,166) equals the actual loss of (\$1,489,666) plus the (\$990,500) transfer.

The investment portfolio decreased by (\$4,972,093) primarily due to (\$1,489,666) investment loss, (\$990,500) transfer to operations, and (\$2,500,000) of other transfers. The other transfers helped to fund the operating loss (\$1,453,784) and reserve spending of (\$1,333,874) as further explained in the 'Income Statements' section below.

## **Expense Breakout:**

Within the 'Financial Statement Analysis' below, variance explanations are detailed by business unit and division (e.g. National Team, Commercial, etc.). Given organizational restructure and expense allocation methodologies, the following two expense areas can be misinterpreted when analyzed by division. As such, please see below:

- Total Payroll and Benefits of \$11,366,088 were over budget by (\$99,788) or (0.89%) (page 4). Organizational restructuring resulted in severance costs and wide variances in the separate business units and divisions.
- Administration & Operational Support programs were over budget (pages 7-15 by division). The main factor was allocating in-house travel agency costs to these budgets rather than to the individual programs as budgeted.

## **FINANCIAL STATEMENT ANALYSIS**

Accompanying this written summary are the final, unaudited USA Swimming financial statements for 2018. The following are key items and variances as highlighted in the statements:

**2020 Quad Update (page 1)** – The 2020 Business Plan has been updated with the 2018 results. Using the approved 2019 budget and 2020 projection, we currently show a (\$955,596) deficit for the quad or (0.6%) of total quad revenue. We will provide an amended 2019 budget along with the final 2020 budget with the goal of a breakeven quad.

**Balance Sheet (page 2)** – Our cash position decreased year over year by (\$1,082,340) to \$7,217,977 as reflected in the decrease of accrued expenses and other liabilities which included paying out forfeited FINA prize money that was collected in 2017 as well as fulfilling contractual obligations to the previous CEO.

Long-term investments decreased by (\$4,972,093) to \$32,023,658 as explained in the 'Investment Balance and Revenue' section above.

Total net assets decreased by (\$5,267,824) to \$31,041,563 due to the operating loss (\$1,453,784), reserve spending (\$1,333,874), and aforementioned "below the line" investment loss of (\$2,480,166).

**Income Statements (pages 3 - 4)** – Operating deficit of (\$1,453,784) missed the budget by (\$955,683). Total operating revenue of \$36,099,844 fell short of the budget by (\$1,787,956) or (4.72%). Total operating expenses of \$37,553,627 beat the budget by \$832,273 or 2.17%. National Team and Commercial divisions produced the largest budget savings.

Excluded from the operating budget are items approved by the Board to be funded by reserves totaling (\$1,333,874) including Safe Sport contingency, CRM project, Athlete Leadership Summit, and disaster relief grants.

As explained in the 'Investment Balance and Revenue' section above, the "below the line" investment loss of (\$2,480,166) equals the actual loss of (\$1,489,666) plus the (\$990,500) transfer.

**Statement of Revenue (pages 5 - 6)** – Total operating revenue of \$36,099,844 was (\$1,787,956) short of the budget.

Membership dues of \$22,778,145 missed the budget by (\$616,855) or (2.64%) primarily due to athlete membership.

USOC funding of \$5,294,900 was \$200,200 greater than the budget.

Partnership Marketing revenue of \$4,203,495 missed the budget by (\$1,370,005) or (24.58%) primarily due to not signing any new partners (\$500,000 budgeted), a paused partnership with Marriott (\$200,000 shortfall in 2018, but renewed a heightened multi-year agreement starting in 2019), non-renewal of Chobani (\$150,000), web advertising (\$133,740), among others. Additionally, apparel VIK was underutilized by (\$164,711). This underutilization is reflected as budget savings including National Team program #3110 of \$127,090.

### **Sport Development (pages 7 - 8)**

Total expenses of \$4,653,677 represented a budget savings of \$193,323. The largest savings came from the coach education and development programs primarily due to travel and contract labor savings on the Master Coach program and hosted coach clinics.

- +\$107,766 Coach Education and Development (program group)

### **Events & Member Services (pages 8 - 10)**

Total expenses of \$7,715,136 were over budget by (\$297,836). National Championships "Trialization" was an emphasis in 2018 (see also Commercial below). The budgeted 'National Team vs. NCAA' event was not held. Member programs finished under budget due to Swims 2.0 and online registration software, among others. Administration was over due to the Payroll and Administration & Operational Support explanation within the 'Expense Breakout' section above.

- (\$651,619) National Championships
- +\$178,900 National Team vs. NCAA
- +\$230,190 Member Programs (program group)
- +\$68,718 TV/Web Cast Production
- (\$173,257) Administration (program group)

### **National Team (pages 10 - 12)**

Total expenses of \$9,013,587 represented a budget savings of \$519,913. The budgeted 'National Team vs. NCAA' event was not held. The National Junior Team had fewer events than budgeted resulting in travel savings. Also, fewer Junior Team athletes qualified for Pro Swim Series reimbursements than budgeted. As mentioned within Partnership Marketing revenue above, apparel VIK was underutilized resulting in program savings. Salaries and Benefits reflected savings from restructuring.

- +\$82,150 National Team vs. NCAA
- +\$156,006 Junior Team (program group)
- +\$127,090 National Team Uniforming (VIK)
- +\$143,606 Salaries and Benefits

**Commercial (pages 12 - 13)**

Total expenses of \$6,260,256 represented a budget savings of \$249,945. In reaction to the expected sponsorship revenue shortfall, the division tightened many expense areas such as Marketing & Contract Fulfillment, Communications, Swim Today, and Deck Pass. National Championships “Trialization” was an unbudgeted emphasis in 2018 (advertising, hospitality areas, etc.).

- +\$115,117 Marketing & Contract Fulfillment
- +\$462,485 Communications (program group)
- (\$554,771) Nationals Marketing
- +\$107,582 Swim Today
- +\$173,735 Deck Pass

**Risk Management (page 13)**

Total expenses of \$3,063,524 represented a budget savings of \$43,276 or 1.39%.

**Foundation & Make a Splash Support (page 13)**

Total expenses of \$996,997 were over budget by (\$31,997) due to greater USA Swimming payroll allocation costs (\$31,921). \$250,000 of cash support was paid as budgeted (discontinued in 2019). The budget was adjusted for forfeited FINA prize money of \$404,076 that was transferred to the National Team Travel & Training Endowment.

**Executive (pages 13 - 14)**

Total expenses of \$1,530,149 were under budget by \$46,552. Executive programs were less than budget by \$90,067 primarily due to not spending the full CEO contingency budget. Consulting fees for Board structure and task force related items were greater than the budget by (\$96,377) due to scope of work. Salaries and Benefits were over due to the payroll explanation within the ‘Expense Breakout’ section above.

- +\$90,067 Executive (program group)
- (\$96,377) Task Force & Other Committees
- (\$49,184) Admin & Operational Support (primarily travel)
- +\$67,368 Salaries and Benefits

**Finance (page 14)**

Total expenses of \$871,532 were under budget by \$42,468.

**Business Affairs (pages 14 - 15)**

Total expenses of \$3,448,770 were under budget by \$66,630. Legal and National Board of Review (NBR) are dependent upon the legal needs that arise during the year. Our in-house legal commitment also reduced the utilization of external counsel. Safe Sport programs ended under budget as we capitalized applicable software costs. Salaries and Benefits were over due to the payroll explanation within the ‘Expense Breakout’ section above.

- +\$236,230 Legal & NBR (program group)
- +\$89,832 Safe Sport (program group)
- (\$251,089) Salaries and Benefits

**Capital Budget (page 16)** – The capital spending of \$154,103 was less than the budgeted \$161,400. These variances will vary from year to year depending on the optimum timing of replacing IT hardware systems.

# **USA Swimming Foundation 2018 Financial Report**

## **2018 HIGHLIGHTS**

- \$1,123,181 major gifts/grants exceeded \$850,000 budget by \$273,181 or 32%.
- \$696,369 annual campaign exceeded \$675,000 budget by \$21,369 or 3%.
- \$830,000 sponsor support including \$625,000 from Phillips 66 (5-year renewal beginning 2019). Missed budget by (\$70,000) of which (\$50,000) was budgeted from Marriott.
- \$361,920 Swim-a-Thon receipts missed annual budget of \$400,000, but up \$6,514 or 1.8% from 2017.
- (\$267,731) operating deficit missed the (\$200,000) annual budget.
- \$15,411,518 investments decreased (\$139,320) for the year including \$500,000 transfer from reserves to USA Swimming Endowment, \$250,000 Dirks annual contribution, less (\$713,600) distributions, and (5.25%) investment loss.
- \$783,600 National Team grants (most in history) including \$623,600 from endowments, \$100,000 from Phillips 66, and \$60,000 from other donors.
- \$701,591 USA Swimming Foundation grants to Make a Splash local partners – (\$206,854) more than 2017 and most in history.

## **EXECUTIVE SUMMARY**

### **Operating Deficit:**

The 2018 operating deficit was (\$267,731) compared to the budgeted deficit of (\$200,000). The budget deficit was a result of the Board approving additional grants to MAS Local Partners using the prior year surplus. At the same time, the Board also approved moving \$500,000 from Foundation reserves to the USA Swimming Endowment (no effect on operating deficit). The Marriott sponsorship was the primary factor in missing the operating budget by (\$67,731).

### **Revenue:**

2018 surpassed the annual budget in two key revenue areas of major gifts (exceeded by \$273,181 or 32%) and annual campaign (exceeded by \$21,369 or 3%), but both areas fell short of 2017 results by a combined total of (\$324,526) or (15%) primarily due to the large commitment from the Copses family in 2017.

Sponsorship revenue continued to be a major funding source at \$830,000 for the year, but missed budget by (\$70,000) of which (\$50,000) was budgeted from Marriott who paused their sponsorship in 2018 (out of Foundation's control). Furthermore, Goldfish Swim School signed a sponsorship contract through 2024 (\$20,000 partial year in 2018,

\$60,000 per year starting 2019) which includes separate fundraising components for the Foundation.

Other material 2018 revenue included forfeited athlete prize money of \$404,076. These unbudgeted funds received from USA Swimming increased the National Team Travel & Training endowment. Additionally, USA Swimming committed \$250,000 for Foundation operational support in 2018 which discontinues in 2019.

### **Expense:**

Total expenses of \$4,229,192 were over budget by (\$51,192) or (1.2%). Total expense breakout was 65.5% program and 34.5% supporting expenses. National Team grants of \$783,600 comprised the largest budget to actual expense variance of (\$143,600). The extra grants paid for increased athlete travel costs and were all funded via endowments and other donors.

USA Swimming staff payroll allocation (net \$0 to Foundation) was higher than 2017 by (\$111,860) as the CEOs did not spend a material amount of time on the Foundation in 2017.

### **Endowments:**

The endowment portfolios decreased (\$139,320) year-over-year to \$15,411,518. Primary additions included the \$500,000 transfer from reserves to the USA Swimming Endowment, \$404,076 forfeited prize money, and \$250,000 Dirks annual contribution. Reductions were distributions of (\$713,600) and the (5.25%) investment loss. As of 12/31/2018, the permanently restricted endowments are underwater by (\$95,771).

### **Net Assets:**

Total net assets decreased (\$1,285,482) year over year primarily attributed to the net investment loss of (\$852,583) and operating deficit of (\$267,731).

Another factor that reduced total net assets (by \$200,000) was the satisfaction of the final year of the ten-year Phillips 66 agreement that started in 2009. Total net assets increased by \$4M in 2009 and subsequent annual payments of \$400,000 increased the operating budget, but reduced restricted net assets (net zero). Required annual grants of \$200,000 (to National Team and MAS Houston) then reduced net assets. Note the 2019 Phillips 66 renewal will be fully booked as a sponsorship rather than a philanthropic gift and thus the net asset satisfaction accounting treatment won't be applicable starting in 2019.

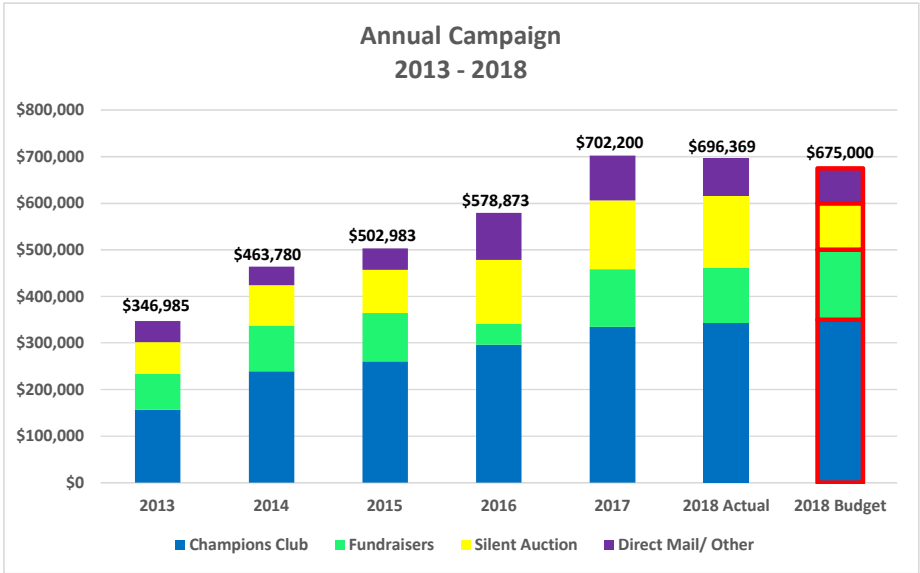

Note the Undesignated operating fund balance is negative as of 12/31/2018 (\$19,603). This negative balance is temporary and primarily due to not receiving the Marriott funds and missing the operating budget by (\$67,731).

### **Revenue, Endowments, Expense Chart Detail:**

- \$1,123,181 major gifts/ grants
  - \$1,003,181 restricted including \$500,000 trustees (five new commitments), \$275,000 athlete support donations, and \$228,181 MAS.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
USA Swimming, Inc.  
Colorado Springs, Colorado

We have audited the accompanying consolidated financial statements of USA Swimming, Inc. and USA Swimming Foundation, Inc. (collectively, the Organization), which comprise the consolidated statements of financial position as of December 31, 2018, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of USA Swimming, Inc. and USA Swimming Foundation, Inc. as of December 31, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Report on Summarized Comparative Information**

We have previously audited USA Swimming, Inc.'s consolidated financial statements, and we expressed an unmodified opinion on those statements in our report dated April 20, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2017, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

### **Report on Supplemental Information**

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplemental information on pages 25 through 26 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

### **Emphasis of Matter**

As described in Note A to the financial statements, in 2018, USA Swimming, Inc. adopted Accounting Standards Update (ASU) 2016-14, *Not-For-Profit Entities (Topic 958): Presentation of Financial Statements of Not-For-Profit Entities*. Our opinion is not modified with respect to this matter.

Notes to Consolidated Financial Statements  
For the Year Ended December 31, 2018

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The accompanying financial statements include USA Swimming, Inc. and USA Swimming Foundation, Inc.

USA Swimming, Inc. is a Colorado non-profit corporation. USA Swimming is the national governing body for amateur swimming, making it responsible for the conduct and administration of amateur swimming in the United States.

The USA Swimming Foundation, Inc. (the Foundation), is a Colorado non-profit corporation. The purpose of the Foundation is to operate for charitable and educational purposes, to foster national or international amateur sports competition, and to serve as a supporting organization for USA Swimming, Inc.

Basis of Presentation

The financial statements of USA Swimming, Inc. are presented on a consolidated basis with USA Swimming Foundation, Inc. (the Organization) in order to conform to the requirements of Financial Accounting Standards Board ASC 958.

Transactions between the entities are shown as eliminating entries and removed in order to properly reflect consolidated totals.

Accounting Standards Update

On August 18, 2016, the FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958) - Presentation of Financial Statements of Not-for-Profit Entities. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization has adjusted the presentation of its financial statements accordingly, applying the changes retrospectively to the comparative period presented. The new standards change the following aspects of the Organization's financial statements:

## Notes to Consolidated Financial Statements

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### Accounting Standards Update - continued

- The temporarily restricted and permanently restricted net asset classes, if any existed, have been combined into a single net asset class called net assets with donor restrictions.
- The unrestricted net asset class has been renamed net assets without donor restrictions.
- The financial statements now include a presentation of expenses that describes both the functional nature of the expenses and their natural classification according to the actual usage of resources.
- The financial statements include a new disclosure about liquidity and availability of resources (Note B).

The changes have the following effect on net assets at December 31, 2017:

<u>Net Asset Class</u>	<u>As Originally Presented</u>	<u>After Adoption of ASU 2016-14</u>
Unrestricted net assets	\$ 37,179,264	\$
Unrestricted - Board designated	13,457,745	
Temporarily restricted net assets	1,423,345	
Permanently restricted net assets	5,650,000	
Net assets without donor restrictions		50,637,009
Net assets with donor restrictions		<u>7,073,345</u>
Total net assets	<u>\$ 57,710,354</u>	<u>\$ 57,710,354</u>

In addition, certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

#### Income Taxes

USA Swimming, Inc. and USA Swimming Foundation, Inc. are exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, these entities qualify for the charitable contribution deduction and have been classified as organizations that are not private foundations.

## Notes to Consolidated Financial Statements

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

USA Swimming, Inc. and USA Swimming Foundation, Inc.'s Forms 990, Return of Organization Exempt from Income Tax, are subject to examination by various taxing authorities, generally for three years after the date they were filed.

Management of the Organization believes that it does not have any uncertain tax positions that are material to the financial statements.

#### Cash and Cash Equivalents

The Organization considers all liquid investments with original maturities of three months or less, and which are not held for long-term investment purposes, to be cash equivalents. Cash and highly liquid financial instruments held for long-term investment purposes, regardless of original length to maturity, are reported as investments and excluded from this definition. In the unlikely event of a bank or brokerage firm failure, the Organization might only be able to recover the amounts insured.

#### Supplemental Cash Flow Disclosure

The Organization paid no interest or income taxes during either of the years ended December 31, 2018 and 2017.

#### Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Based on management's assessment of the credit history with customers having outstanding balances and current relationships with them, it has concluded that no allowance for doubtful accounts was necessary at December 31, 2018 and 2017.

The delinquency and collectability of receivables is determined on a case by case basis and receivables are charged to bad debt expense when determined to be uncollectible.

#### Pledges Receivable

Pledges receivable consist of unconditional promises to give that are expected to be collected in current and future periods. Pledges expected to be collected within one year are recorded at their estimated net realizable values. Pledges receivable expected to be collected in more than one year are recorded at the present value of their estimated future cash flows, computed using risk-adjusted interest rates. Amortization of the discount is included in contribution revenue. Pledges receivable are reported as support with donor

restrictions unless the donor stipulations or circumstances surrounding the pledge make clear the donor intended it to be used to support activities in the current period. Pledges receivable are considered by management to be fully collectible and, accordingly, no allowance for doubtful accounts is considered necessary.

#### Revenue Recognition

Gifts of cash and other assets are reported as support with donor restrictions if they are received with donor stipulations that limit the use of donated assets. When a restriction expires, that is, when a stipulated time restriction ends, or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as satisfied program restrictions. Contributions and grants with donor restrictions are reported as support and revenue without donor restrictions if the restriction is met in the same year that the gift is received.

Sponsorship and other related revenues are recognized in the period in which they are earned.

#### Contributed Services

USA Swimming, Inc. and USA Swimming Foundation, Inc. receive a substantial amount of donated services in carrying out their programs. No amounts have been reflected in the financial statements for those services since they do not meet the criteria for recognition under FASB ASC 605.

#### Donated Materials

Donated materials are recorded as both a revenue and expenditure in the accompanying statements of activities at their estimated values.

## Notes to Consolidated Financial Statements

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### Functional Allocation of Expenses

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Some of the expenses which are allocated include utilities and depreciation, which are allocated on a square footage basis, as well as salaries, which are allocated on the basis of time and effort estimates.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

#### Prior-Year Comparisons

The financial statements include certain prior-year summarized comparative information in total but not by net asset or functional expense class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended December 31, 2017, from which the summarized information was derived.

#### Date of Management's Review

In preparing the financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through April 18, 2019, the date that the financial statements were available to be issued.

## Notes to Consolidated Financial Statements

### B. AVAILABLE RESOURCES AND LIQUIDITY

#### USA Swimming, Inc.

The Organization strives to maintain liquid financial assets sufficient to cover 90 days of general expenditures. Financial assets in excess of daily cash requirements are invested in certificates of deposit, money market funds and other short-term investments.

The table on the following page reflects the Organization's financial assets as of December 31, 2018 and 2017, reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position date because of contractual restrictions or internal Board designations. Amounts not available include a Board-designated special projects fund that is intended to fund special Board initiatives not considered in the annual operating budget. In the event the need arises to utilize the Board-designated funds for liquidity purposes, the reserves could be drawn upon through Board resolution. Amounts not available to meet general expenditures within one year also may include net assets with donor restrictions.

#### USA Swimming Foundation, Inc.

The Foundation receives significant contributions with donor restrictions to be used in accordance with the associated purpose or time restrictions. It also receives gifts to establish endowments that will exist in perpetuity; the income generated from such endowments is used to fund programs. In addition, the Foundation receives support without donor restrictions; with the remainder funded by investment income without donor restrictions and appropriated earnings from gifts with donor restrictions.

The Foundation considers investment income without donor restrictions, appropriated earnings from donor-restricted and board-designated quasi-endowments, contributions without donor restrictions and contributions with donor restrictions for use in current programs which are ongoing, major, and central to its annual operations to be available to meet cash needs for general expenditures. General expenditures include administrative and general expenses, fundraising expenses, and grant commitments expected to be paid in the subsequent year. Annual operations are defined as activities occurring during the Foundation's fiscal year.

## Notes to Consolidated Financial Statements

### B. AVAILABLE RESOURCES AND LIQUIDITY - Continued

#### USA Swimming Foundation, Inc. - continued

The Foundation manages its cash available to meet general expenditures following three guiding principles:

- Operating within a prudent range of financial soundness and stability,
- Maintaining adequate liquid assets, and
- Maintaining sufficient reserves to provide reasonable assurance that long term grant commitments and obligations under endowments with donor restrictions and quasi-endowments that support mission fulfillment will continue to be met, ensuring the sustainability of the Foundation.

The Foundation's Executive Management and applicable Organizational staff meet regularly to review and approve grant requests which are then approved by the Board of Directors at least annually. The Foundation strives to maintain financial assets available to meet general expenditures at a level that represents 100% of annual expenses for administrative, general, and fundraising expenses plus an amount that represents the next expected grant commitment payments, which typically represents approximately 25% of the expected annual grant cash needs. Additionally, in the event the need arises to utilize the Board-designated funds for liquidity purposes, the reserves could be drawn upon through Board resolution.

The table below presents financial assets available for general expenditures within one year at December 31:

### C. FAIR VALUE MEASUREMENTS

The Organization applies Generally Accepted Accounting Principles (GAAP) for fair value measurements of financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Transfers between levels are recorded at the end of the period.

USA Swimming, Inc. and USA Swimming Foundation, Inc. record realized gains and losses in their financial statements based on historical cost basis.

### D. PLEDGES RECEIVABLE

As of December 31, 2018 and 2017, the Foundation had pledges receivable of \$3,286,066 and \$3,742,340, respectively, representing unconditional promises to give made during the current and prior years. The pledges will be received by the Foundation in future years and have been discounted using the risk-free interest rate for the year in which they were received. The interest rates used range from .11% to 2.69%.

Total pledges receivable at December 31, 2018 and 2017 were as follows:

	<u>2018</u>	<u>2017</u>
Short-term pledges receivable	<u>\$ 796,066</u>	<u>\$ 1,601,715</u>
Long-term pledges receivable	<u>\$ 2,490,000</u>	<u>\$ 2,680,625</u>

At December 31, 2018 and 2017, two and three donors account for 70% and 82% of the pledges receivable, respectively.

### E. PREPAID EXPENSES AND DEFERRED CHARGES

Prepaid expenses and deferred charges consist of the following at December 31, 2018 and 2017:

	<u>2018</u>	<u>2017</u>
Prepaid insurance	\$ 930,153	\$ 1,023,618
Deferred charges	<u>483,179</u>	<u>582,620</u>
	<u>\$ 1,413,332</u>	<u>\$ 1,606,238</u>

## Notes to Consolidated Financial Statements

### E. PREPAID EXPENSES AND DEFERRED CHARGES - Continued

Expenses incurred in connection with events are recognized in the year the events take place. Membership expenses incurred in connection with the subsequent membership year are deferred.

Other non-current assets include prepaid rent of \$2,164,760 and \$2,334,832 at December 31, 2018 and 2017, respectively.

In 1996 and 1997 USA Swimming, Inc. paid approximately \$3,400,000 to construct a headquarters office building at the Olympic Training Center. The building is owned by the United States Olympic Committee (USOC). In consideration for USA Swimming, Inc.'s payment of the construction costs, the USOC agreed that USA Swimming, Inc. would be allowed to occupy the building free of any obligation to pay rent or operating costs for a 30-year period commencing March 1, 1997.

The building construction costs were recorded as prepaid rent, which are being amortized over the 30-year life of the agreement. USA Swimming, Inc. has recorded rent at fair market rates and interest income to reflect the discount received from the prepayment.

Rent expense recorded in 2018 and 2017 amounted to \$333,741 and \$327,197 and interest income recorded in 2018 and 2017 amounted to \$163,669 and \$174,382, respectively.

### F. PROPERTY AND EQUIPMENT

Property and equipment are stated at cost and depreciation is recorded using the straight-line method over the estimated useful lives of three to 10 years. Acquisitions with an initial cost over \$1,000 and a useful life of over one year are capitalized. Expenditures for repairs and maintenance which do not materially prolong the useful lives of the assets are charged to expense as incurred.

Property and equipment consists of the following at December 31, 2018 and 2017:

	<u>2018</u>	<u>2017</u>
Software and website	\$ 9,153,635	\$ 8,481,531
Building and leasehold improvements	2,334,855	2,334,855

## Notes to Consolidated Financial Statements

### I. NET ASSETS WITH DONOR RESTRICTIONS: PERPETUAL IN NATURE

During the year ended December 31, 2008, the Foundation received a perpetually restricted pledge of \$5,000,000. This pledge was recorded at the present value of \$4,967,466, net of a discount in the amount of \$32,534. Funds collected under the pledge are recognized as endowment funds. During the years ended December 31, 2018 and 2017, the Foundation received perpetually restricted contributions of \$0 and \$600,000, respectively. The Foundation only recognizes contributions as endowment funds upon receipt. During the years ended December 31, 2018 and 2017, the Foundation received perpetually restricted contributions of \$0 and \$400,000, respectively, which were recognized as endowment funds.

Perpetually restricted net assets consist of the following at December 31:

	<u>2018</u>	<u>2017</u>
Endowment funds	\$ 3,254,229	\$ 2,950,000
Pledges receivable	<u>2,300,000</u>	<u>2,700,000</u>
Total	<u>\$ 5,554,229</u>	<u>\$ 5,650,000</u>

### J. ENDOWMENTS

The Foundation's endowment funds consist of funds without donor restrictions functioning as endowment through designations by the Board and donor restricted endowment funds. The earnings of the Board-designated endowment are designated for athlete support. The earnings of the perpetually restricted endowment support Make a Splash and the USA Swimming Dirks/Gould Coaches Incentive Program.

The Foundation has adopted investment and spending policies based on the Uniform Prudent Management of Institutional Funds Act (UPMIFA). The Foundation has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary.

As a result of this interpretation, the Foundation classifies as net assets with donor restrictions - perpetual in nature (a) the original value of gifts donated to the perpetual endowment, and (b) accumulations to the perpetual endowment made in accordance with the direction of the applicable donor gift instrument at the time of accumulation is added to the fund. The remaining portion of the donor-restricted endowment funds that is not classified in net assets with donor restrictions - perpetual in nature is classified as net assets with donor restrictions - temporary in nature until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the

## Notes to Consolidated Financial Statements

### J. ENDOWMENTS - Continued

standard of prudence prescribed by UPMIFA. Each year, the Foundation is required to spend no less than 3% and no more than 5% of the donor restricted endowment funds for specific purposes.

The Foundation does not include uncollected pledges receivable, that are perpetually restricted, as part of endowment net assets. Amounts are included with endowment net assets as the pledges receivable are collected. As of December 31, 2018 and 2017, perpetually restricted uncollected pledges were \$2,300,000 and \$2,700,000, respectively.

Endowment net assets, December 31, 2018	<u>\$13,063,718</u>	<u>\$ 2,837,209</u>

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. Deficiencies of this nature exist in four donor-restricted endowment funds, which together have an original gift value of \$5,650,000, a current fair value of \$5,554,229, and a deficiency of \$95,771 as of December 31, 2018.

## Notes to Consolidated Financial Statements

### J. ENDOWMENTS - Continued

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period as well as Board-designated funds. Under this policy, the endowment assets are invested in a manner that is intended to produce maximum results while assuming a moderate level of investment risk. The Foundation expects its endowment funds, over time, to provide a rate of return sufficient to keep pace with the rate of inflation. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a great emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

### K. UNITED STATES SPORTS INSURANCE COMPANY INC. PROVISION FOR LOSSES

United States Sports Insurance Company, Inc. (USSIC) was a wholly owned captive insurer of USA Swimming, Inc. USSIC provided insurance protection on a run off basis to USA Swimming, Inc. and its committees and clubs located throughout the United States of America. Effective September 22, 2016, USA Swimming, Inc. entered into an Equity Purchase Agreement, selling all of the issued and outstanding equity membership interest in USSIC.

The USSIC provision for insurance losses and loss expenses was based on circumstances reported and a review of individual cases for each respective policy year and an actuarial study which takes into account the past loss experience and the potential of significant losses which might arise.

As these provisions are necessarily based on estimates, the ultimate liability may be significantly in excess of or less than the amounts provided. The methods of making such estimates and for establishing the resulting provisions are continually reviewed and any adjustments resulting therefrom are reflected in current earnings. The reserve for losses was transferred as part of the sale of USSIC on September 22, 2016.

In accordance with the Equity Purchase Agreement, USA Swimming obtained a letter of credit (the LOC) for benefit of the buyer in the amount of \$5,000,000. The LOC collateralizes indemnity

reserves and allows the buyer to draw against the LOC once per quarter for the payment of claims that exceed \$3,265,599, which is the referenced loss reserves as defined in the agreement. If on the fifth anniversary of the date of sale the estimated ultimate losses of USSIC are equal to or greater than \$5,000,000 USA Swimming, Inc. may, but is not obligated to, release the entire LOC to the buyer. If on the fifth anniversary of the date of sale the estimated ultimate losses of USSIC are less the \$5,000,000 USA Swimming may release a portion of the LOC to the buyer or reduce the LOC amount. The LOC will be terminated on the tenth anniversary of the date of sale.

### L. RELATED PARTY TRANSACTIONS

The United States Olympic Committee (USOC) provides grants to USA Swimming, Inc. for sports development, international competition, and team preparation. In addition, the USOC designates a portion of their funding for athlete support, and this amount is paid directly to eligible athletes.

Total grants from the USOC for the years ended December 31, 2018 and 2017 consist of the following project categories:

	<u>2018</u>	<u>2017</u>
NGB Funding	\$ 3,082,200	\$ 3,082,200
Direct athlete support	2,207,300	1,997,500
International relations	5,400	130,000
Other USOC support		50,000
	<u>\$ 5,294,900</u>	<u>\$ 5,259,700</u>

During the years ended December 31, 2018 and 2017, NGB funding provided as value-in-kind was \$60,000 for each year. At December 31, 2018 and 2017, payables to the USOC amounted to \$229,272 and \$324,478, respectively.

### M. PENSION PLAN

USA Swimming, Inc. and USA Swimming Foundation, Inc.'s 401(k) retirement plan covers all employees over 18 years of age with one year of service. During the years ended December 31, 2018 and 2017, contributions to the plan were \$728,062 and \$724,341, respectively.

Effective January 1, 2004, USA Swimming, Inc. entered into a deferred compensation agreement under Section 457 of the Internal Revenue Code with its former Chief Executive Officer.

## Notes to Consolidated Financial Statements

### M. PENSION PLAN - Continued

The purpose of the plan is to provide retirement benefits for this individual. This plan contains two components, a Qualified Deferred Compensation account, and a Nonqualified account. All amounts credited to the Qualified Deferred Compensation account are fully vested. In January 2013, all funds held in the non-qualified account were distributed to the former Chief Executive Officer.

As of December 31, 2012, the deferred compensation plan was fully funded, and no additional contributions have been made. However, earnings of 8% are added to the fund annually. At December 31, 2018 and 2017, the vested balance in the Qualified Deferred Compensation account was \$237,940 and \$305,923, respectively.

### N. INVESTMENT IN JOINT VENTURE

USA Swimming, Inc. is a party to a joint venture agreement with Omaha Sports Commission (OSC) for the purpose of operating, promoting, and managing the US Olympic Team Trials (the Trials). The two parties agree to share equally the difference between the Trials revenues and the Trials expenses from the operation of the Trials. The joint venture agreement states that any amounts received from the USOC and certain sponsors will accrue solely to the benefit of USA Swimming, Inc. and likewise any amounts paid to OSC from various Nebraska municipalities will accrue to the benefit of OSC.

The following is an unaudited condensed balance sheet of the joint venture as of December 31:

### O. CONTINGENCIES

Occasionally, in the conduct of business, the Organization may be named defendant in a lawsuit or other form of legal action. In the opinion of management, any pending or threatened claims against the Organization, as of December 31, 2018, are either without merit or will not exceed insurance limits.

USA Swimming, Inc. has entered into a contract for renovations to the National Headquarters building, with an estimated cost of \$4,000,000. Construction began during the year ended December 31, 2018, and it is anticipated to be completed during 2019. As of December 31, 2018, costs of \$673,673 had been incurred for this project. USA Swimming, Inc. is soliciting partners to support a portion of the costs of these renovations.

April 18, 2019

To the Board of Directors  
USA Swimming, Inc.  
Colorado Springs, Colorado

We have audited the consolidated financial statements of USA Swimming, Inc. (the Organization) for the year ended December 31, 2018, and have issued our report thereon dated April 18, 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated January 9, 2019. Professional standards also require that we communicate to you the following information related to our audit.

#### SIGNIFICANT AUDIT FINDINGS

##### Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by USA Swimming, Inc. are described in Note A to the financial statements. As described in Note A, the Organization changed accounting policies related to presentation of financial statements by adopting FASB Accounting Standards Update (ASU) 2016-14, *Not-For-Profit Entities (Topic 958): Presentation of Financial Statements of Not-For-Profit Entities*, in 2018. Accordingly, the accounting change has been retrospectively applied to prior periods presented as if the policy had always been used. We noted no transactions entered into by the Organization during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no material misstatements detected as a result of audit procedures.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated April 18, 2019.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

USA Swimming, Inc.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of Directors and management of USA Swimming, Inc. and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

*Waugh & Goodwin, LLP*

To the Board of Directors  
USA Swimming, Inc.  
Colorado Springs, Colorado

We have audited the financial statements of USA Swimming, Inc. (the Organization), for the year ended December 31, 2018 and have issued our report thereon dated April 18, 2019. As a part of our audit, we made a study and evaluation of the Organization's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purposes of such evaluations are to establish a basis for reliance on the system of internal accounting control in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements and to assist us in planning and performing our audit of the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the evaluation of these factors necessarily requires estimates and judgments by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented intentionally by management either with respect to the execution and recording of transactions or with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our audit, including the study and evaluation of Organization's system of internal accounting control that was made for the purposes set forth in the first paragraph of this report, would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data. Such study and evaluation disclosed no conditions that we believe to be material weaknesses.

### Recommendations

#### Revenue Recognition Accounting Standards Update 2014-09

During our audit procedures, we noted that an update to generally accepted accounting principles may impact the Organization's revenue recognition in the future. In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*. This new revenue recognition standard affects all entities, including public, private, and not-for-profit entities, that have contracts with customers.

This new revenue recognition standard effectively eliminates the transaction-specific and industry-specific revenue recognition guidance and replaces it with a principles-based approach for determining an entity's revenue recognition policies. The core principle of the new revenue recognition standard is that an entity should recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This new revenue recognition standard is effective for non-public entities' annual reporting periods beginning after December 15, 2018. We recommend that Management monitors its revenue sources for instances where this ASU may impact revenue recognition in the future.

#### Revenue Recognition Accounting Standards Update 2018-08

During our audit procedures, we noted that an update to generally accepted accounting principles may impact the Organization's revenue recognition in the future. In June 2018, FASB issued ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This new standard applies to resource providers and resource recipients.

This new guidance includes decision trees to assist in evaluating a transaction to determine whether the transaction is reciprocal, an exchange, or a nonreciprocal contribution. The first decision for both parties to consider is whether each party directly receives commensurate value. If the transaction is reciprocal, the recipient will follow ASU 2014-09 and the contributor will follow the guidance in ASC 958-720, *Not-for-Profit Entities, Other Expenses*. If the transaction is nonreciprocal, the recipient would apply contribution guidance. We recommend that management monitors its revenue sources for instances where this ASU may impact revenue recognition in the future.

For non-public entities who are resource recipients, this standard is effective for annual reporting periods beginning after December 15, 2018. For non-public entities who are resource providers, this standard is effective for annual reporting periods beginning after December 15, 2019. Management monitors its revenue sources for instances where this ASU may impact revenue recognition in the future.

#### Lease Accounting Standards Update 2016-02

During our audit procedures, we noted that an update to generally accepted accounting principles may impact the Organization's lease accounting in the future. In February 2016, FASB issued ASU 2016-02 - *Leases*, which created a new topic section of the Accounting Standards Codification (ASC), ASC 842. The update to accounting standards requires one primary change to the reporting of leases: all leases must be presented on the Statement of Financial Position as assets and liabilities of the Organization. For nonpublic entities, the update is effective for fiscal years beginning after December 15, 2019. However, ASU 2016-02 requires a modified retrospective implementation approach as of the first day of the earliest comparative period presented. We recommend that Management consider the impact of this standard for information needed for financial statements with comparative information covering December 31, 2019, which is the year prior to implementation.

RE: Internal Report – Annual Monitoring on **Policy 3.5: Asset Protection**  
DATE: April 16, 2019

I hereby present my monitoring report on Management Parameters Policy 3.5, “Asset Protection,” per the monitoring schedule set forth in Board policy. I certify that the information contained in this report is true as of this date.

Signed , President & CEO

**BROADEST PROVISION:** *The CEO will not cause or allow USA Swimming’s assets to be unprotected, inadequately maintained or unnecessarily risked.*

**CEO’s Interpretation:** It is my obligation to ensure that our organization’s intellectual property, financial assets, facilities, equipment and other assets are protected in a manner that ensures our ongoing viability and reputation. I interpret “unprotected” to mean assets being easily subject to theft or misuse. I interpret “inadequately maintained” to mean assets not receiving recommended or standard upkeep. And, I interpret “unnecessarily risked” to mean assets that are jeopardized in ways that can easily be avoided.

It is my interpretation that this broad policy statement is comprehensively defined by the subsequent provisions, each of which are interpreted and reported on below.

**POLICY PROVISION #1:** The CEO will not allow USA Swimming to be without sufficient insurance coverage, including (A) casualty losses and properly losses to at least replacement value; (B) liability losses to Board members, staff and the organization itself in an amount equal to or greater than the average for comparable organizations; (C) employee theft and dishonesty; and (D) cyber-security.

**CEO’s Interpretation:** The property and casualty expectation is explicit, but I interpret it as meaning that we have some leeway in determining what our deductible should be, with discretion based upon the best value for insurance premiums paid. As to liability insurance, I interpret this to require that we be insured in an amount at least equal to the average of comparably large NGBs. I interpret the provision on employee theft and dishonesty as requiring coverage that meets or exceeds the risks given the levels of access to cash, and giving us the option of carrying such a rider on our theft and casualty policy, or to protect our interests by purchasing a fidelity bond on all employees having access to our cash and bank accounts. I also interpret this policy to mean that we must maintain cyber liability insurance coverage and implement best practices to protect our digital files, website, email and other digital assets.

#### **REPORT:**

**#1A:** Regarding property and casualty losses, coverage for our building is carried by the USOC. They survey the building values on a periodic basis to maintain proper limits of liability. Our responsibility is to cover replacement of our physical assets (furnishings, computers, media, merchandise, etc.). The replacement cost of these assets is estimated at \$1,282,704. We also carry \$1,000,000 extra expense coverage for relocation of our office due to a casualty loss. Our current property/inland marine insurance policy provides coverage for full replacement value, so **I report compliance.** After the current remodeling project is completed, the finance department will update the values and provide the information to risk management for any adjustments required on our insurance policy values.

**#1B:** As to determination of the amount of D&O/Management Liability coverage required by this policy, our Senior Director of Risk Management, George Ward, corresponds with his counterparts at the USOC and other large NGBs. The USOC requires NGBs to have a minimum of \$1M. Based on recent assessments, the amount of coverage for other larger NGBs ranges from \$1 Million to \$10 Million, with an average of \$5 Million. Our current coverage amount is \$20 million, which is higher than 66% of all non-profits, and 80% of non-profits with revenue under \$100M. **I report compliance.**

**#1C:** As to employee theft and dishonesty, we have coverage of \$1,000,000 per incident, which includes coverage for the CEO and CFO. These coverage levels have been in place since 2000 and are assessed annually by George Ward and the CFO. **I report compliance.**

**#1D:** Our cyber liability policy addresses technology solutions liability, media and intellectual property liability, network security and privacy liability, business interruption, increased operational costs, and cyber extortion insurance. Media and IP liability coverage was added for USA Swimming Productions in 2016. Given overall scope of cyber-liability concerns, and new CRM, Aggregate Limits were increased from \$1 million to \$3 million in 2018. **I report compliance.**

**POLICY PROVISION #2: *The CEO will not subject USA-S' facilities and equipment to improper wear and tear or insufficient maintenance.***

**CEO's Interpretation:** Our facilities and equipment must be maintained in a manner that protects their longevity and long-term value. Capitalized equipment is to be maintained according to manufacturers' specifications and the opinions of vetted experts.

**REPORT:** Our office equipment is routinely maintained, updated and replaced if necessary, in accordance with a regular maintenance schedule for all capitalized equipment. All major equipment (copiers, computers, etc.) is covered under extended warranties or service agreements. There are no deferred maintenance issues or liabilities. The Dirks Building exterior is maintained, per the lease, by the USOC. **I report compliance.**

**POLICY PROVISION #3: *The CEO will not operate without employing risk management practices to minimize exposure of the organization, the Board, staff or their agents to claims of liability.***

**CEO's Interpretation:** Recognizing that any organization is subject to litigation, efforts must be made to minimize our vulnerability to liability claims, be they through personnel issues, programs, services, access to/use of our facilities, and especially athlete safety, which as the last year has demonstrated, will remain an utmost priority.

**REPORT:** Our status as a large NGB, and especially our reach with hundreds of thousands of young athletes, puts risk management at the forefront of our work, operationally and programmatically. Our Risk Management division, led by George Ward, is also augmented by our Operational Risk Committee and professional advisors who consistently focus on identifying areas in which we can minimize risk/liability exposure. USA Swimming provides participant accident insurance of \$25,000 for excess accident medical expenses of our athletes and primary sports accident coverage of \$25,000 for elite athletes. Examples of areas of assessment and modified practices in the past year include operational risk/safety manual update, compliance with state concussion regulations, adoption of a hypoxic training protocol, and educational meetings at Zone Workshops and convention. Considerations continually address risk management at our facilities, at USA Swimming sanctioned events/meets and increasingly, how we make Safe Sport practices pervasive at all levels of our organization and its affiliated LSCs and clubs. **I report compliance.**

**POLICY PROVISION #4: *The CEO will not allow procurements without reasonable protection against conflicts of interest.***

**CEO's Interpretation:** Staff are to be aware of and use clearly delineated purchase requisition procedures and understand that conflict of interest situations are to be identified, and either avoided or resolved by non-conflicted parties in a transparent manner. Definitions of related-party transactions are to be included in the Employee Handbook, as are procedures to ensure avoidance or resolution of conflicts of interest. We are to avoid anything the auditor would consider to be a related-party transaction, such as buying products/services from companies with which a staff/Board member has a close association/relationship, unless there has been an open process through which multiple quotes have been solicited.

**REPORT:** The USA Swimming Employee Handbook, last revised in January 2019, has an extensive section, entitled "Ethical Behavior and Conflict of Interest," that explicitly addresses definitions and examples of conflicts of interest, procedures to avoid them, and how violations will be addressed. All employees annually sign a

statement affirming that they have received, read, understand and commit to comply with the policy. All staff involved in purchasing are thoroughly aware and trained in these.

There are a number of parties with whom we do business which are “related-parties,” but in all cases the process was an open selection, per Board policy, with no disclosure of privileged information. The USA Swimming Foundation and the United States Olympic Committee (USOC) are the Organization’s two largest “related-parties.” The annual audit references both these “related-parties” and concludes appropriate interaction and reporting. **I report compliance.**

**POLICY PROVISION #5: *The CEO will not allow a purchase of any material amount without having compared prices and quality.***

**CEO’s Interpretation:** All purchases over \$50,000 of commonly available items must be comparative shopped through at least two reputable and approved vendors. Price and quality should be taken into account. I interpret this provision to exclude “sole source” vendors that provide products or services recognized as otherwise not commonly available. I interpret this provision to mean that it is my duty to ensure that all staff who have authority for making purchases are aware of these purchase requirements.

**REPORT:** USA Swimming will employ sound business practices when purchasing goods and services to reduce costs and avoid conflicts of interest. The USA Swimming Accounting Policies and Procedures Manual, last revised in December 2018, has an extensive section, entitled “Purchasing,” that explicitly addresses the purchase requisition, bid processes, and outlines the authorization and approval guidelines. In practice, we comparison shop for nearly all purchases above \$5,000, with appropriate approval signatures and supporting documentation attached to all applicable transactions. **I report compliance.**

**POLICY PROVISION #6: *The CEO will not allow USAS’ intellectual property, information, resources and files to be exposed to loss, improper access, misuse or significant damage.***

**CEO’s Interpretation:** Steps must be taken to ensure that our files and intellectual property are protected against theft, loss, damage or disclosure to inappropriate parties. I interpret “intellectual property, information, resources and files” to be proprietary programs, processes or services for which our organization holds a trademark, trade name, service mark, or registered logo, and all digital files, emails, websites and social media accounts held in our name.

**REPORT:** All computer systems are protected by (anti-hacker and anti-virus) security systems, and an offsite backup system is in place to keep electronic data protected. Hardcopy information and files are kept in locked, fire-safe filing cabinets. Our computers require staff members to change their passwords quarterly and maintain security software on their mobile devices and computers to protect remote access and ensure security can be maintained in the case of employee termination.

One area in which we have had greater exposure to misuse is the lack of consistency in the terms of agreement between USA-S and LSCs. This concern was a primary impetus to the Board’s establishment of policy 3.10 (LSC Reporting Requirements), which requires that we establish a “cohesive national organizational structure,” including a license for the use of the USA Swimming name, insignia logo and brand. This initiative is underway, with compliance anticipated by January 2020, as reported to the Board last September. With this exception already noted, **I report compliance.**

**POLICY PROVISION #7: *The CEO will not operate without adhering to a Records Retention Schedule, approved by the Secretary & General Counsel, for the maintenance of documents and records.***

**CEO’s Interpretation:** I interpret this policy to mean that we must maintain and adhere to a written policy/schedule for the retention, protection and discard of all sensitive records.

**REPORT:** USA Swimming currently employs a multifaced approach to the maintenance of documents and records that accounts for (i) financial records; (ii) records subject to pending litigation; and (iii) business records containing personal identifying information. USA Swimming also maintains an information technology system that maintains a copy of all digital records indefinitely. **I report compliance.**

**POLICY PROVISION #8: *The CEO will not operate without internal controls over receipts and disbursements, and to prevent dissipation of assets, sufficient to meet the Board-appointed auditor's standards (as set forth in the auditor's Management Letter and/or other communications).***

**CEO's Interpretation:** Internal controls recommendations brought forth by Waugh & Goodwin, LLP (our Auditing Firm), whether in a Management Letter (if provided) or in other correspondence, are to be implemented. If staff disagrees with any of the suggestions, the decision not to implement, or to adopt alternative recommendations, is to be made by the Board.

**REPORT:** Our last audit, dated April 20, 2018, reported on our financial position as of December 31, 2017. The applicable Management Representation Letter for the 2018 audit was not accompanied by any Management Letter recommendations for changes to our internal controls processes/systems. The auditor has not separately conveyed any concerns or recommendations. **I therefore report compliance.**

**POLICY PROVISION #9: *The CEO will not compromise the independence and transparency of the Board's relationships with auditors or other providers of governance support. Such entities may not be engaged by the CEO unless explicitly Board authorized.***

**CEO's Interpretation:** This policy requires that the Board have the basis for confidence in the independence of its auditors and advisers, and that any of those entities are not also benefiting from undisclosed business dealings with the CEO or staff. If, as CEO, I wish to engage a party already retained by the Board for any operational purpose, such engagement must first be explicitly authorized by the Board.

**REPORT:** We have not retained the auditor for operational purposes during the past year. Earlier this month, we extended our contract with Bill Charney for continued governance support for the Board, and for support to me and Strategy Team related to Board issues and other special projects (e.g., Foundation Board restructuring). As this was allocated for in our current budget, Board Chair Bob Vincent authorized our entering into this extended Agreement (through 2020) with Bill. **I report compliance.**

**POLICY PROVISION #10: *The CEO will not invest operating capital or reserve funds in a manner inconsistent with the Investment Policy.***

**CEO's Interpretation:** I interpret "operating capital" to mean the Short-Term Operating Account, which, per the Investment Policy, is operating funds that could reasonably be expected to be spent over the next 3-12 months, management of which is assigned to the Chief Financial Officer.

**REPORT:** We adhere to and comply with USA Swimming's Investment Policy Statement, last revised in April 2019, for all our investing practices (short-term and long-term). Other than our business operating and savings accounts at Wells Fargo Bank (FDIC insured), at which we keep an average balance of 30 days of operating cash, all other operating funds are invested in market-rate interest bearing investment vehicles (Commercial Paper, Money Market Funds, US Treasuries, Agency Discount Notes, Corporate Bonds) also through Wells Fargo. Board designated reserves and all restricted funds are invested as directed by the Board through its Investment Committee. **I report compliance.**

**POLICY PROVISION #11: *The CEO will not endanger USA-S' public image or credibility.***

**CEO's Interpretation:** I interpret this provision as emphasizing the importance of protecting the organization's name and reputation as its most vital asset. In addition to commonly accepted ethical business practices, all employees, particularly in management, must recognize that their actions and public behaviors affect public perception of USA Swimming. Any such behaviors that bear negatively on those perceptions are to be addressed and mitigated.

**REPORT:** As emphasized by End 1.4 (Recognition as Best In Class NGB), elevating and protecting our reputation is integral to all aspects of our sustainable success. Whether through courtesies and friendliness exhibited in member/customer service, the building of collaborative relationships with business partners and other entities/NGBs, or our steadfast commitment to leadership in Safe Sport, our Strategy and Executive Leadership Teams are building a culture of excellence and accountability for performance. This requires that

we acknowledge mistakes and areas/causes of underperformance (e.g. previously acknowledged inconsistencies in volunteer communications, etc.), and continually build systems to improve. I am proud that, to our knowledge, there have been no situations brought to our attention in which the CEO and/or staff's public presentations or demeanor have been alleged to be less than professional. The early 2018 article in the *Orange County Register* and subsequent Congressional hearings put USA Swimming in a very bright spotlight, and that adversity became an opportunity to project authenticity and credibility to the public. Feedback about this key reputation management episode has been consistently positive, as reinforced by the *Member Survey & Mission Values* third-party research presented to the Board at its February 2019 meeting. **I report compliance.**

**POLICY PROVISION #12: *The CEO will not substantially alter the organization's corporate identity.***

**CEO's Interpretation:** I interpret this policy to mean that it is not within my latitude to change our name or make any material changes to our corporate identity or well-earned "brand" image. If I am contemplating any such changes, I must first notify the Board, and I must receive Board input in the form of policy parameters or expectations for such an action.

**REPORT:** No such changes have been made. **I report compliance.**

TO: USA Swimming Board of Directors  
FROM: Tim Hinchey III, President & CEO  
RE: Internal Report – Annual Monitoring on **Policy 3.8: Emergency Management Succession**  
DATE: April 18, 2019

I hereby present my monitoring report on Management Parameters Policy 3.8 “Emergency Management Succession,” per the monitoring schedule set forth in Board policy. I certify that the information contained in this report is true as of this date.

Signed , President & CEO

**BROADEST PROVISION: The CEO will not operate without management succession planning processes to facilitate smooth and competent operation of the organization during key personnel transitions.**

**CEO’s INTERPRETATION** *(No change since last report):*

For purposes of this policy, “key personnel” is interpreted to include the four Strategy Team positions (see below).

“Management succession planning processes” are interpreted as those that ensure personnel support and documentation is in place to preserve continuity of the responsibilities and key functions if and when any of these positions becomes vacant (either planned or unplanned). This capability is to guide and lead the respective departments, and to support and communicate with other staff and the CEO, with ability to maintain regular operations without material disruption if we experience departure or unavailability of a key staff member.

**REPORT:** As of this report date, the CEO is primarily supported by four executives, which we refer to as the Strategy Team. These include:

Mike Unger, Chief Operating Officer

Lucinda McRoberts, Chief Administrative Officer

Eric Skufca, Chief Financial Officer

Shana Ferguson, Chief Commercial Officer

Each Strategy Team member is supported by directors and managers who can work independently and function in a supporting role to their departmental executive. In the instance of sudden unavailability of an executive, the circumstances will dictate whether the workload would be temporarily assigned to/shared by other executives/business units and/or directors/managers in their respective departments.

As to CAO, CFO, and CCO, all of these departments have reasonable short-term capabilities in-house, and/or we can leverage outside support with relative ease.

Last year, I identified that an unanticipated departure of Mike Unger, COO, would potentially cause substantial disruption due to the unique make-up of his position responsibilities, his historical knowledge, and his high-level relationships internationally with media, federation, and athletes.

In order to address and prevent such a disruption, Joel Shinofield, former Executive Director of the College Swimming & Diving Coaches Association of America, was hired in September as the Managing Director of Sport Development. Joel and Lindsay Mintenko, National Team Managing Director, are now well-positioned to lead the Technical/Sport Business Unit in Mike’s absence. Additionally, I have dedicated a considerable amount of time over the past year to cultivating my relationships with international stakeholders.

I committed to the Board last year that building “bench strength” throughout the organization, and especially in Mike’s department, would be a priority. While Mike’s historical knowledge and

relationships remain unparalleled and invaluable, the addition of Joel to his team, and Lindsay's growth in her role, make us far less vulnerable to disruption compared to one year ago.

In recent months, we have also had departures of long-tenured Strategy Team members Matt Farrell (CMO) and Jim Harvey (CFO). Matt departed in November and his CMO responsibilities were shared between Belle McLemore, Managing Director of Communications, and me until this month's hiring of Shana Ferguson as our new Chief Commercial Officer. Jim retired in March, and with the considerable amount of advanced notice provided by his announcement last September, we hired Eric Skufca as CFO in December. This enabled Jim and Eric to work together for close to three months and facilitated a seamless transition of leadership in the Finance Business Unit. As continued evidence of the depth and skill of our staff, we had very few member-facing disruptions in functions during these periods of transition.

With the departure of two key executives in the past year, the systems and depth of staff in place to ensure continuity and successful transition were tested, and they proved sufficient to ensure smooth and competent operations during key personnel transitions.

Therefore, I am pleased to report COMPLIANCE.

---

**PROVISION #1: The CEO will not have fewer than two (2) other members of the management team sufficiently familiar with Board and CEO issues and processes to enable either take over with reasonable proficiency as an interim successor.**

**CEO's INTERPRETATION** *(No change since last report):*

I interpret this as meaning I am to ensure that at least two senior executives (i.e. Strategy Team members) have the capability of filling in as an interim CEO, as may be designated by the Board of Directors, if I become unavailable. This capability is to lead the operational organization and support and communicate with the Board with ability to fulfill the Board's expectations of the CEO (i.e. the Ends and Management Parameters policies) on an interim basis.

**REPORT:** Mike Unger, COO is already designated in our Bylaws as Interim CEO and can (and has) ably served in that role.

Our CAO and General Counsel, Lucinda McRoberts, is also capable of filling in on an interim basis in the event of my unavailability. Lucinda has been with USA Swimming for seven years (the first three as outside counsel and the last four in-house) and serves as an ex-officio Board member.

Operationally, the entire Strategy Team work closely together, and Eric is quickly learning the business and operational plans. All four Strategy Team members will continue to work with me on the generation of these monitoring reports. They are looped in on other Board communications (and are specifically aware of the Board policy (3.9) titled "Board Awareness and Support") and all share my commitment to assure its fulfillment.

Therefore, I am pleased to report COMPLIANCE.

### **FINA Champions Series**

As you know, USA Swimming will be collaborating with FINA to host the final leg of the FINA Champions Swim Series, May 31 and June 1 in Indianapolis. This will be a “finals only” competition, beginning at 7:00 p.m. each evening. The competition, which will be broadcast on NBCSN and the Olympic Channel, will have four athletes per event and will offer over \$1 million in prize money. As of this date, there are 23 athletes participating from the U.S. FINA will be covering the expenses of producing the event. Dean Ekeren, USA Swimming’s National Events Director, is leading our efforts on this project. The first two legs of the FINA series will be in China (April 27-28) and Budapest (May 11-12).

### **International Swim League**

To follow up on the background that was provided to you in November, the International Swim League (ISL) has launched its fall competition schedule in Europe and the U.S. There will be four U.S.-based clubs and four European-based clubs, and there will be a series of four-way competitions from early October through the middle of November, with each club taking part in three two-day events. The U.S. teams are led by Tina Andrew, Lenny Krayzelburg, Jason Lezak, and Kaitlin Sandeno, and the U.S. regular-season competitions will be in Indianapolis, Texas and at the University of Maryland. A “super-final” between the top two European teams and top two U.S. teams will take place on Dec. 20-21 at Mandalay Bay in Las Vegas.

## **National Team**

### **Summer Competitions**

We have a total of five competitions, domestic and international, within a two-month period this summer. The 2020 U.S. Olympic Team is more than likely to be comprised of athletes from each of the international competitions: World University Games, World Championships, Pan American Games and the World Junior Championships, as well as from our National Championships. In comparison, 10 athletes from the 2015 World University Games made the 2016 U.S. Olympic Team, and three won individual medals. From the 2015 Pan Am Games, five athletes went on to make the 2016 team with one winning an individual medal. In 2015, there were four athletes who were on the 2016 U.S. Olympic Team who did not make a 2015 international team, and two won individual medals. The results from all competitions this summer will impact the 2020 Olympic Team and all of the National Team programs leading into the Games.

### **Coaches announcement**

The coaches' announcement for the 2019 international teams is still a work in progress, with the hope of an announcement in early May.

### **Coach Seminar**

The final coach seminar of the quad will be May 7-9 in Denver. The keynote speaker will be Kikkan Randall with the focus on "preparing for the moment". More information on Kikkan can be found here: <http://www.espn.com/espnw/feature/26032552/kikkan-randall-shares-journey-rough-terrain>

### **2020 High Performance Plan**

As we prepare for the summer, we are also starting the process for the 2020 High Performance Plan. While we don't anticipate many changes to the National Team programs in 2020, we will focus on keeping athletes healthy, making sure our athletes use the fall professional meets to their advantage, to be on the podium in Tokyo, and supporting coaches and athletes to focus on being faster at the Games than at Trials.

## **Member Services**

### **Membership**

We continue to track membership very closely and review the recently-launched Flex Membership. Premium membership is down for this year by almost the exact number as new Flex members. More will be discussed on this topic during the board meeting regarding revenue streams. An LSC by LSC breakdown on Flex Membership is attached to this report.

Member Services staff have been busy with the logistics for the Leadership Summit, which the board will attend Thursday afternoon and Friday morning. A little about the Summit: each LSC was invited to send one athlete and one coach who have demonstrated leadership potential. All but seven LSCs are participating. There will be 80 athletes and 55 coaches at the Summit. All housing is in the Olympic Training Center dorms and pool sessions will be held in the OTC pool. Course content centers around

servant leadership, recognizing different leadership types and their own leadership strengths, and how to use these strengths in their own clubs, LSCs, schools and community. The mayor of Colorado Springs will speak to the group on Saturday about creating a positive legacy and then they will spend the afternoon working at the Great American Clean-Up project in one of our large downtown city parks. On Saturday night, they will watch The Last Gold documentary and learn about the swimming history of the 1976 Olympic Games. The Summit will also include a USA Swimming governance session.

The Athletes' Executive Committee met in Washington D.C. from April 5-7. Maya DiRado was in attendance and Natalie participated via speaker phone, so they can provide further information to the board. Hot topics included the development of a mentoring program for LSC athlete reps, LSC Leadership Summits, and how to get more elite-level athletes involved in governance. Guests who attended the meeting included Tom Ugast, Anthony Ervin, Andrew Gemmell and Maggie Vail.

Upcoming events: North Carolina and North Dakota Swimposiums (April 27); Southern/Western Zone Workshop (Denver, May 9-11); Eastern/Central Zone Workshop (Chicago, May 17-19), and the Rules & Regulations Committee meeting in Fort Lauderdale (May 31 – June 1).

### **Diversity and Inclusion**

D&I continues to be an integral part of the USA Swimming culture, and we continue to work to integrate it into all aspects of our organization.

- Community Swim Team: Chicago Park District (CPD) and Illinois Swimming have renewed our partnership for three years. Bob Groseth, former Northwestern University Head Coach, will serve as our first Mentor Coach for the CPD. Bob will work on coach development, assist with program structure, and serve as a general resource to the program. Bob, Tim Hinchey, Shaun Anderson, and Joel Shinofield attended the CPD Championship in early April.
- Indianapolis and Los Angeles are potential new partners for Community Swim Teams. We have met on several occasions with the Indianapolis Aquatic Alliance and the Indianapolis Parks and Recreation Department. We are waiting on the return of a memorandum of understanding, similar to CPD, from the Indy Park and Rec department. We look to launch the Indy program in the fall of 2019. Shaun Anderson has been working with LA2028 to develop a community swim team in LA in advance of the 2028 Games and there will be a follow-up meeting in early May.
- The National Diversity Select Camp will take place the first weekend in May.
- The D&I Coordinator position has been filled. Ashanee Player will begin July 1. Ashanee will help create and disseminate educational resources as well as assist with the creation and management of a solid D&I volunteer structure (e.g., National D&I Committee, Zone Diversity Coordinators, and LSC D&I Chairs). The D&I team recently concluded their annual Strategic Planning session mid-December to plan the upcoming year and remainder of the Quad
- MJ Truex will provide a D&I report to the board, specifically around the Women's Leadership Summit in April.

USA Swimming's D&I internal working group met April 17. The meeting included guest speaker Adam Hutchinson who discussed successful inclusion strategy. The group also discussed D&I messaging throughout USA Swimming. The group preliminarily set an all staff D&I learning opportunity for June 10 with Dr. Nicholas Pearce:

## **Sport Development**

### **Coach Education/Licensure/LEARN (Leadership, Education And Resource Network)**

- There are 70 coach interviews underway. The focus is on “what educational resources do you want from USA Swimming?” The goal completion date May 1. The individual interviews, conducted by 10 staff members of both Sport Development and the National Team, include 11 primary questions and 15 sub-questions tracked through a Qualtrics survey instrument completed by the staff interviewer after the interview. Response themes will be tracked by frequency and utilized in curriculum development. We have also contacted the USOC for assistance with data analysis.
- U.S. Soccer visited USA Swimming on Wednesday, April 17, to begin conversations about a potential partnership utilizing the U.S. Soccer Digital Coaching Center, whereby USA Swimming could leverage Soccer's work in developing their Learning Management System and sublicense the technology. U.S. Soccer provided a demo to Sport Development Staff; met with John Burbidge, MJ Truex, Joel Shinofield, and Maggie Vail to discuss initial platform capabilities and IT requirements. The visit concluded with a next steps discussion with COO Mike Unger.
- Update of the progress on Coach Education/Licensure will be presented at the April Board Meeting.
- Curriculum specialist Jennifer LeForce has agreed in principle to help design the curriculum map and aid with program development. Her contract is in progress.

### **Disaster Relief Grant Program for Teams**

A Disaster Relief Grant Program Review Panel has been created and includes:

- Luke Day, MN-LSC General Chair Representative [lday@umn.edu](mailto:lday@umn.edu)
- David Anderson, WI- Coach Representative [danderson@wsacltd.org](mailto:danderson@wsacltd.org)
- Bergen Davis, At-Large Member of the AEC [bergentd2000@gmail.com](mailto:bergentd2000@gmail.com)
- Joel Shinofield, USA Swimming staff leader

USA Swimming will be offering grant assistance (up to \$5,000) to clubs affected by the hurricanes and wildfires in 2018. Similar assistance was offered after the hurricanes and wildfires in 2017. To be eligible to apply for a disaster relief grant, teams must have suffered material losses from one of the recent hurricanes or wildfires. To be able to use grants to provide swim team dues relief, teams must have team members and families that have suffered the loss of their homes for an extended period.

## **Video Review at National Level Meets**

Athletes and coaches can review any of their races almost immediately following the race on poolside monitors with the option of verbal analysis from USA Swimming's Sport Performance Consultants. Each race is recorded and viewed "Full Field." Most of our computers have the ability for slow motion, frame-by-frame, and zoom to highlight an individual athlete. This program has provided an opportunity to provide service to both the NCSA and YMCA, a great opportunity for us to serve the sport. We had our three performance consultants, led by Tom Avischious, at both the NCSA Spring Junior National Championships and Y Nationals:

	Views	Downloads	Total
NCSA	1,597	1,434	3,484
Y Nationals	1,281	377	1,969

## **Regional Coach Clinics**

The Regional Coach Clinic program brings affordable clinics directly to teams near their LSCs. These clinics are designed (and priced) for the entire coaching staff to attend, from the novice coach to the senior level coach. We normally run four clinics in the spring and four in the fall (one per zone). We have run two so far this spring in Charleston, SC, and Albany, OR. We have another one scheduled for the first weekend in May in Rochester, NY. Unfortunately, we had to cancel the Sioux Falls clinic in April due to the blizzard in South Dakota and the cancellation of all flights into Sioux Falls as well as the closure of the interstates leading to the city. We are trying to reschedule this one for the fall. All participants received a refund and were called personally by our staff to inform them of the cancellation.

## **YMCA National Championship Meet**

Bob Vincent, Tim Hinchey, Joel Shinofield, and Jeff Allen met with YMCA staff and volunteer leadership at the YMCA Championship in Greensboro in early April. YMCA leadership included YMCA V.P. and COO Paul McEntire, the highest-ranking executive to attend the swimming championship. We had an opportunity to share the benefits of our partnership, which include the video review program, over \$800,000 in grants to local YMCAs over the past four years through the Foundation's Make-a-Splash grant program and attracting new members to YMCAs through our USA Swimming teams hosted at YMCA facilities.

## **12-Under Tech suits**

Tom Avischious continues to work with consultant Stu Isaac on implementation of the 12 and under tech suit legislation. Tom and Jim Fox have had phone calls with manufacturers regarding eligible suits and appropriate marking required for those suits, that are also approved FINA Tech suits that fall within the acceptable guidelines for use by 12 and under athletes after the restriction implementation in September 2020. Tom will work with Communications and Commercial on a communication plan for parents, athletes, coaches, and officials.

## COMMERCIAL

The Commercial team has evolved in the last few months, replacing and adding several talented team members to further the organization's progress and services offered.

On April 22, Shana Gritsavage Ferguson will join the organization as the new Chief Commercial Officer, leading the Commercial Division. A former collegiate swimmer at the United States Naval Academy, a veteran of the United States Marine Corps and a long-time sports-industry executive, Shana brings with her an unparalleled level of professionalism, dedication and grit to her new role. Following a decade with sportswear giant Under Armour as the Head of Global Experiential Marketing, Head of Global Corporate Social Responsibility and Head of Marketing for UA Canada, Shana was most recently Vice President of Integrated Marketing & Communications at Icahn Automotive Group, an automotive aftermarket conglomerate.

Jessica Delos Reyes and Kyle Sagendorph join the communications team as Senior Manager, Corporate Communications and Digital Communications Coordinator, respectively. In their roles, they will further develop meaningful communication to key internal and external stakeholders and bolster USA Swimming's digital content offerings.

Amanda Bryant has moved to the Commercial Division and taken on the role of Senior Manager, Event Marketing. Having been involved in the planning and execution of USA Swimming events including Olympic Trials, Nationals, and Golden Goggles, Amanda brings knowledge and experience to assist in moving our events to the next level.

Samantha Clark will be joining the team on May 13 as the Partnership Marketing Coordinator. A former swimmer, Sam comes to us from the Detroit Red Wings and the Cleveland Cavaliers, with experience in event marketing. Sam will assist in tracking ROI for existing partners and fulfilling contractual elements for the USA Swimming partner family.

In response to feedback from our athletes, Wendy Bartlett has recently transitioned into her new role of Manager, Athlete Marketing. She will be handling all athlete event and appearance requests for USA Swimming and the USA Swimming Foundation. She has been tasked with streamlining appearance opportunities and assuring there is consistency across all requests for National Team & Junior National Team athletes.

### **Website redesign**

Following a review and audit of [usaswimming.org](http://usaswimming.org), along with feedback from staff and members, the organization will undergo updates to the current website functionality and design. The primary areas of focus will be the site search function/navigation, the resource topic browser and the visual design. Backend SEO issues will also be addressed, reducing the site's load time, increasing search equity and reducing 404 error pages. The key objective of the redesign is to provide an overall better user experience, which should in turn increase site usability and traffic to [usaswimming.org](http://usaswimming.org).

## **CRM Project**

The CRM task force is beginning the main and final build of the new data architecture. This build is slated to take 14-16 weeks and will complete the implementation process. Following this phase, we will start staff training on the new systems and still expect to be “fully operational” by the end of the year.

## **Deck Pass on Team Unify**

The teams at Team Unify and USA Swimming have developed a fully functional test version of Deck Pass on Team Unify to demo at the upcoming #SwimBiz conference. Users will have access to all Deck Pass functionality (Goals, Times Search, Patches, Perks, etc.), live streaming and parent-targeted content, all without leaving their local team’s website.

## **Deck Pass Hybrid Web App**

Development continues on the Deck Pass hybrid app. Following a limited release to select android users, the team gathered feedback on pain points and are close to finishing version 2 of the app. Improvements in version 2 include mobile-optimized layouts, removal of horizontal scrolling and updated terminology for non-athlete member navigation. The sponsorship team is currently in negotiations with Active, hoping to add Live Results back into the app.

## **Sponsorships**

We are seeing great activity in the sponsorship world, both with renewals and new business. A verbal report will be given during the board meeting in Colorado Springs.

## **APA Update**

In the 2018-2019 season, USA Swimming has signed 54 professional athletes to the APA program. Fourteen (14) of the athletes recently committed to the program following their NCAA eligibility. Overall, 52 of the 98 community appearances have been completed since September 1, 2018. We currently have an additional 16 athlete appearances scheduled for April to August 2019.

### **Highlighted Appearances:**

- Simone Manuel appeared at the Salvation Army Boy’s & Grills Club Pool Grand Opening in Richmond, Va.
- Caeleb Dressel participated in the official ground break of the ISHOF Aquatic Center in Fort Lauderdale, Fla.
- Ryan Murphy & Nathan Adrian made an appearance at the National Team Alumni Social during the Men’s NCAA National Championships
- Katie Ledecky gave back to the USA Swimming Foundation by appearing at the National Team Alumni Social during the Women’s NCAA National Championships

## **#SwimBiz**

The fifth annual #SwimBiz: Social Media, Sponsorship & Swimming conference will be held at the Colorado Springs Marriott April 28-30, 2019. The event focuses on social media, advertising, branding, communications and sponsorship. USA Swimming expects 150 attendees for the conference, ranging from Swim Clubs, LSCs, NGBs to USA Swimming partners.

Keynote speakers include:

- John Cashion, The Ritz-Carlton Leadership Center
- David Shackley, Marriott International
- Kaitlin Sandeno, Olympian and Motivational Speaker
- David Burke, Kroenke Sports & Entertainment

## **Off the Blocks**

We have released two episodes for Season 2 of “Off the Blocks,” a digital video series designed to showcase the lives and training of top National Team swimmers. Episode 1, released March 4, featuring Caeleb Dressel, and episode 2, released April 8, featuring Kathleen Baker, have done very well on USA Swimming’s YouTube channel. Both videos are currently the top-performing featured content on the YouTube channel.

## **BUSINESS AFFAIRS**

### **Safe Sport**

Since the February board meeting, the Safe Sport team has focused its efforts in the areas of training, education and compliance. To start, USA Swimming hosted 144 members, non-members, coaches and staff at its biennial Safe Sport Leadership Conference January 31-February 1, 2019. The event was very highly reviewed and focused on a holistic approach to abuse prevention, including introducing attendees to community-based organizations that can support local prevention and response efforts. Additionally, on March 13, Liz Hahn and Abigail Howard presented a webinar on Mandatory Reporting: The Who, What, When, Where, Why and How. The webinar drew an audience of 64 individuals and generated positive feedback from attendees. The staff has trained an additional 352 members through USOC campus visits, Regional Coaches Clinics and the like.

The Safe Sport Committee met in-person following the Leadership Conference. In 2019, the Committee will support the staff in expanding the reach of the Safe Sport Recognized Club Program, LSC and Zone support and effective membership communication. With the Committee’s assistance, the Safe Sport Recognized Club Program continues to grow. To date, 26 clubs have achieved recognition and 774 have initiated the process (an increase of 15 and 24, respectively, since January 2019).

February saw the successful launch of the U.S. Center for Safe Sport’s Core training on USA Swimming’s LEARN platform. The U.S. Center for Safe Sport now requires all USA Swimming members complete athlete protection and abuse prevention training on an annual basis. Previously, members were required to complete USA Swimming athlete protection training every two years, but in order to comply with the Center’s policy, all USA Swimming members will be required to complete athlete protection

training on an annual basis. Members will complete the Core training in the first year of this requirement and thereafter will complete a refresher course along with swimming-specific training options.

The Center released its model Minor Athlete Abuse Prevention Policy in January. USA Swimming Safe Sport staff updated the template policy to make it swimming-specific, which was approved by the Center and will be implemented by its June 23, 2019, deadline. The Safe Sport team has worked with Communications and Sport Development staff to develop a robust communication and implementation plan for the membership.

Finally, Praesidium delivered its recommendations following its audit of Safe Sport content. Staff has reviewed the recommendations and developed a plan to implement them in 2019. The Safe Sport team also met with TeamUnify to continue to work towards delivering Safe Sport content on TeamUnify club and LSC websites.

### **Risk Management**

Risk Management is working with Beecher Carlson to update the original risk financing study performed in 2013. Given the insurance industry's concern with headline risk from the USOC and NGBs, it is appropriate to explore our options for upcoming renewals or insurance policy expirations. This study will examine the trending of casualty losses over USA Swimming's history, as well as the last five years. The losses will help indicate if the current insurance programs are providing value to USA Swimming or if alternative options should be explored.

Meetings with insurance underwriters are planned over the next several months to strengthen current relationships and develop additional options for our insurance policy expirations.

Many of the smaller NGBs are experiencing difficult issues with their renewals and have developed a working group to see if their collective premium can draw more interest from the insurance industry. We are monitoring the progress of the working group but not actively participating.

Legal and Risk Management traveled to Philadelphia to visit with Randall & Quilter Investment Holdings (R&Q), who purchased USSIC in September of 2016. The purpose of the trip was to review outstanding litigation under the captive years and to discuss the transaction with a new management team at R&Q, who is handling the runoff of the legacy liabilities of USSIC. Additionally, AIG, the original fronting and excess insurer on the USSIC program, as well as USA Swimming, are planning a meeting in June to discuss allocation of loss payments between AIG and R&Q that would apply to settlements or judgements rendered in the outstanding litigation.

The Operational Risk Committee continues to meet monthly to focus on educational presentations at the two Zone workshops in May. Operational Risk, Sports Medicine, Sport Development, and Educational Programs and Services will be working together in the development of standardized continuing education for officials and coaches in the handling of concussions to satisfy state requirements. Many states have also started passing mandatory education requirements for cardiac arrest.

## **Human Resources**

USA Swimming has hired a new Director of Human Resources & Employee Engagement. Robyn Beresh will be joining the organization in mid-May. In addition to being a talented human resources professional, Robyn is also a passionate open water swimmer.

Office redesign construction is halfway complete. On April 29, staff will move into updated work spaces on the second floor, and demolition and redesign work will begin on the first floor. Human Resources will sponsor a welcome breakfast on the 29th and is issuing an updated set of standard operating procedures for the new space. We are still targeting an August completion of the entire project.

## **Information Technology**

### **Online Membership Services Project**

The Member Data Validation Service (MDVS) project that provides for integrating vendor-hosted club databases with the SWIMS membership database is now complete and is available to all clubs using TeamUnify, Active HyTek, and Swim-Smarter software. More than 700 clubs are now using MDVS and nearly 3,000 registration files have been successfully submitted electronically via the new service.

<b>FINANCE</b>
----------------

### **Staffing**

We are pleased to announce Sophie Graf will be joining our Finance team at the end of April as our Senior Accountant. Sophie joins us from Stockman Kast Ryan + Company, a large Colorado Springs CPA Firm. She was previously with Ernst & Young and will be a great addition to the team. Sophie will be replacing Tyler Foote, our former Accounting Coordinator, who will be continuing his career in public accounting. We thank Tyler for his time with the organization over the past three plus years.

### **Budget Season**

April commenced our 2020 (and 2019 revised) budget and projection meetings. We will meet with all divisions over the next couple months. The collaborative and detailed discussions will include review of all programs and accounts in order to produce a successful and supported budget while educating all involved at the same time (including the new members of the Finance team).

### **Financial Audits**

Our external auditors at Waugh & Goodwin performed their annual audit of the 2018 USA Swimming and USA Swimming Foundation financials. Their fieldwork was conducted in March, Eric Skufca reviewed drafts with the Audit Partner on April 18, and the Audit Committee approved and accepted the Audits and accompanying reports on April 22. Both audits had clean opinions with no qualifications.

## FOUNDATION

- In 2018, more than 1.3 million children took swimming lessons via the Make a Splash local partner network – a record setting year.
- The Foundation awarded \$507,461 on March 26 in the first round of annual grant funding to 85 Make a Splash Local Partners, serving an estimated 25,705 children. This year's grant application pool was the largest ever with 241 eligible applicants.
- Major Gifts and Grants total \$220,000 to date with one (1) new Trustee and one (1) new Donor and Athlete partnership
- We have two new Charitable Partners: Leslie's Pool Supply and Pool Scouts (a pool cleaning franchise business). Both are raising funds this summer in support of the Foundation and the Make a Splash initiative.
- More information on the 2019 Make a Splash Tour will be presented at the April Board of Directors meeting.

These minutes will be officially approved by the USA Swimming Board of Directors at its April 26, 2019 meeting.
