PART ONE

TECHNICAL RULES

All provisions under Part One, the Technical Rules, are effective beginning May 15, 1991, and until changed. Rules in effect on the first day of a meet shall govern throughout that meet.

All competitive swimming events held under Corporate sanction shall be conducted in accordance with the following rules which are designed to provide fair and equitable conditions of competition and promote uniformity in the sport so that no swimmer shall obtain unfair advantage over another.

It is recommended that the LSC and regional short course and long course championships be held annually and that they be conducted under the rules governing national championships (Article 206), subject to available facilities and personnel. Events other than such championships may use Article 206 as a guide, subject to local conditions and preferences.

It is not the purpose of the Rules and Regulations of United States Swimming (the national governing body) contained herein to set standards of care for the safety of the swimmer. Safety considerations should be addressed by the swimmer, the swim coach and the local public entity or pool owner where events are held.

ARTICLE 101

INDIVIDUAL STROKES AND RELAYS

101.1 BREASTSTROKE

- 1 **Start** — The forward start shall be used.
- 2 **Stroke** — From the beginning of the first armstroke after the start and after each turn, the body shall be kept on the breast and both shoulders shall be in line with the water surface. The arms shall move simultaneously and in the same horizontal plane without any alternating movement. The hands shall be pushed forward together from the breast, on, under, or over the water and shall be brought back on or under the surface of the water. The hands shall not be brought beyond the hipline, except during the first stroke after the start and each turn. Some part of the swimmer's head shall break the surface of the water at least once during each complete cycle of one arm stroke and one leg kick, in that order, except after the start and each turn the swimmer may take one arm stroke completely back to the legs and one leg kick while wholly submerged. The head must break the surface of the water before the hands turn inward at the widest part of the second stroke.
- 3 **Kick** — All vertical and lateral movements of the legs shall be simultaneous. The feet must be turned outward during the propulsive part of the kick movement. A scissors, flutter, or downward butterfly kick is not permitted. Breaking the surface with the feet shall not merit disqualification unless followed by a downward butterfly kick.

101.2

- .4 **Turns** — At each turn, the touch shall be made with both hands simultaneously at, above, or below the water surface, and the shoulders shall be in line with the water surface. The head may be submerged after the last arm pull prior to the touch, provided it breaks the surface of the water at some point during any part of the last complete or incomplete cycle preceding the touch. Once a touch has been made, the swimmer may turn in any manner desired. The shoulders must be at or past the vertical toward the breast when the feet leave the wall and the form prescribed in .2 above must be attained from the beginning of the first arm stroke.
- .5 **Finish** — At the finish the touch shall be made with both hands simultaneously at, above, or below the water surface. The body shall be on the breast and the shoulders in line with the water surface. The head may be submerged after the last arm pull prior to the touch, provided it breaks the surface of the water at some point during any part of the last complete or incomplete stroke cycle preceding the touch.

101.2. BUTTERFLY

- .1 **Start** — The forward start shall be used.
- .2 **Stroke** — After the start and after each turn, the swimmer's shoulders must be at or past the vertical toward the breast. The swimmer is permitted one or more leg kicks, but only one arm pull under water, which must bring him to the surface. From the beginning of the first arm pull, the swimmer's shoulders shall be in line with the water surface. Both arms must be brought forward over the water and pulled back simultaneously.
- .3 **Kick** — All up and down movements of the legs and feet must be simultaneous. The position of the legs or the feet need not be on the same level, but they shall not alternate in relation to each other. A scissors or breaststroke kicking movement is not permitted.
- .4 **Turns** — At each turn the body shall be on the breast and the shoulders in line with the water surface. The touch shall be made with both hands simultaneously at, above, or below the water surface. Once a touch has been made, the swimmer may turn in any manner desired. The swimmer's shoulders must be at or past the vertical toward the breast when the feet leave the wall.
- .5 **Finish** — At the finish the touch shall be made with both hands simultaneously at, above, or below the water surface. The body shall be on the breast and the shoulders in line with the water surface.

101.3. BACKSTROKE

At its January 1991 meeting, the FINA Congress will be considering adoption of (1) the 10-meter underwater limitation on backstroke and (2) possible deletion of the requirement for an upper body touch at the turns. Pursuant to Article 515.1.1A, the USS Rules Committee may, at that time, amend these backstroke rules to conform to FINA's action.

.1 Start

- A The swimmers shall line up in the water facing the starting end, with both hands placed on the gutter or on the starting grips.

B Prior to the command "take your mark" and until the feet leave the wall at the starting signal, the swimmer's feet, including the toes, shall be placed under the surface of the water. Standing in or on the gutter or curling the toes over the lip of the gutter is not permitted at any time before the start. A backstroke starting block may not be used.

- .2 **Stroke** — Standing in or on the gutter or curling the toes over the lip of the gutter is not permitted immediately after the start. The swimmer shall push off on his back and continue swimming on the back throughout the race.
- .3 **Turns** — The swimmer's head, shoulder, foremost hand or arm must touch the wall. The shoulders must not turn over beyond the vertical before the touch is made. It is permissible to turn the shoulders beyond the vertical after the touch, however, on the push off, the swimmer must return to a position where the shoulders are at or past the vertical toward the back when the feet leave the wall.
- .4 **Finish** — The swimmer shall have finished the race when any part of the swimmer touches the wall at the end of the course.

101.4. FREESTYLE

- .1 **Start** — The forward start shall be used.
- .2 **Stroke** — Freestyle means that in an event so designated the swimmer may swim any style; except that in a medley relay or individual medley event, freestyle means any style other than butterfly, breaststroke or backstroke.
- .3 **Turns** — Upon completion of each length the swimmer must touch the wall.
- .4 **Finish** — The swimmer shall have finished the race when any part of his person touches the wall after completing the prescribed distance.

101.5. INDIVIDUAL MEDLEY — The swimmer shall swim the prescribed distance in the following order: the first one-fourth, butterfly; the second one-fourth, backstroke; the third one-fourth, breaststroke; and the last one-fourth, freestyle.

- .1 **Start** — The forward start shall be used.
- .2 **Stroke** — The stroke for each one-fourth of the designated distance shall follow the prescribed rules for each stroke.
- .3 **Turns** — The turns from one stroke to another shall be considered turns, not finishes, and are as follows:
 - A **Butterfly to backstroke** — Once a legal touch has been made, the swimmer may turn in any manner desired. The swimmer must have returned to a position where the shoulders are at or past the vertical toward the back before the feet have left the wall.
 - B **Backstroke to breaststroke** — Once a legal touch has been made, the swimmer may turn in any manner desired. The shoulders must be at or past the vertical toward the breast when the feet leave the wall. The prescribed stroke form must be attained prior to the first arm stroke.
 - C **Breaststroke to freestyle** — Once a legal touch has been made, the swimmer may turn in any manner desired.

102.1

- .4 **Finish** — The swimmer shall have finished the race when any part of his person touches the wall after completing the prescribed distance.

101.6. RELAYS

- .1 **Freestyle Relay** — Four swimmers on each team, each to swim one-fourth of the prescribed distance using any desired stroke(s). Freestyle finish rules apply.
- .2 **Medley Relay** — Four swimmers on each team, each to swim one-fourth of the prescribed distance continuously in the following order: first, backstroke; second, breaststroke; third, butterfly; and fourth, freestyle. Rules pertaining to each stroke used shall govern where applicable. At the end of each leg, the finish rule for each stroke applies in each case.
- .3 **Rules Pertaining to Relay Races**
- A No swimmer shall swim more than one leg in any relay event.
 - B When automatic relay take-off judging is used, each swimmer must touch the touchplate or pad in his lane at the end of the course to have finished his leg of the relay race.
 - C In relay races a swimmer other than the first swimmer shall not start until his teammate has concluded his leg.
 - D Any relay team member and his relay team shall be disqualified from a race if a team member other than the swimmer designated to swim that leg shall jump into or enter the pool in the area where the race is being conducted before all swimmers of all teams have finished the race.
 - E Each relay team member shall leave the water immediately upon finishing his leg, except the last member.
 - F In relay races the team of a swimmer whose feet have lost touch with the starting platform (ground or deck) before his preceding teammate touches the wall shall be disqualified.

ARTICLE 102 CONDUCT AND OFFICIATING OF ALL SWIMMING COMPETITION

102.1. EVENTS — In planning any meet, careful consideration must be given the demands to be made upon swimmers, officials and spectators, in that order. Places, awards, and published results for these events shall be separate for each age group.

102.2. ENTRIES - GENERAL RULES

- .1** In any combination of events conducted on a single day at the same site when preliminaries and finals are held, no swimmer shall be permitted to compete in more than three (3) individual events per day.

102.3

- .2 When timed finals are held, no swimmer shall be permitted to compete in more than five (5) individual events per day.
- .3 In meets where a combination of preliminary and final events and timed finals are held, a swimmer may participate in only three (3) individual events per day, unless entered exclusively in timed final events on that day.
- .4 The above restrictions on individual event entries apply regardless of the classification mixture and/or that separate meets are being conducted and such limitations shall be clearly stated in the meet information.
- .5 In a mixed classification meet a swimmer may enter the same stroke and distance individual event in an age group and any other classification, provided the restriction on the number of events per day for the type of meet is not exceeded. The same entry time must be used for all repetitive entries.
- .6 If qualifying time standards are used they may be made in
 - A A 25 yard or 25 meter course for short course events.
 - B A 50 meter course for long course events.
- .7 If a meet or event has no qualifying time standards, swimmers with no established time for an event may enter that event with no submitted time.

102.3. SCRATCH PROCEDURES — Each swimmer shall inform himself of the meet starting time and shall report to the proper meet authorities promptly upon call. Meet announcements and advance information shall specify check-in and scratch procedures for individual and relay events and penalties for violation of those procedures.

102.4. RELAYS

- .1 Relay teams may not compete unattached. In all cases relay teams must be composed of USS members of the same club, school or organization which is a member of the Corporation.
- .2 Relays may be conducted on a timed final basis or with preliminaries and finals.
- .3 Timed final relays shall be swum in seeded heats, with not more than two heats (which shall be the fastest heats) conducted during the final session of meets holding preliminaries and finals, and the balance of relay heats will be conducted during the preliminaries.
- .4 Relays conducted as preliminaries and finals shall be seeded and conducted in the same manner as individual events.
- .5 Organizations entering two or more relay teams in an event shall designate them on the entry blank as Team A, Team B, etc.
- .6 The best time of each relay team shall be entered on the entry blank for seeding purposes and no change in time will be permitted.
- .7 First and last names of swimmers eligible to compete in relay events shall be entered on the entry blank according to the relay event in which they will be eligible to swim. There is no limit to the number of eligible swimmers who may be listed.

- .8 First and last names of competing relay swimmers, their ages, and their order of swimming shall be declared to the clerk of course immediately prior to the start of the relay heat in which such team is entered, and no changes will be permitted thereafter.
- .9 The competing teams, first and last names of members and their ages, must be listed in the meet results.

102.5. LANE ASSIGNMENTS – SEEDING – COUNTERS

- .1 **Preliminary Heats When Finals are Scheduled** – In order to assure seeded positions, the best competitive times of all entries must be submitted. These times shall be assembled (listed) by the meet committee with the fastest swimmer first and the slowest swimmer last. Swimmers whose submitted times are identical should be assigned places in the list by draw. Swimmers with no submitted times shall be considered the slowest and shall be placed at the end of the list by draw. Swimmers shall be placed in lanes under procedure outlined for finals seeding in 102.5.3. Swimmers shall be placed in heats according to submitted times in the following manner:

A Fewer than three heats

- (1) If one heat, it may be seeded as a final heat and swum only during the final session, at the Referee's discretion.
- (2) If two heats, the fastest swimmer shall be seeded in the second heat, next fastest in the first heat, next fastest in the second heat, next in the first heat, next in the second heat, next in the first heat, etc.

- B **Three heats** – The fastest swimmer shall be placed in the third heat, next fastest in the second, next in the first. The fourth fastest swimmer shall be placed in the third heat, the fifth in the second heat, and the sixth fastest in the first heat, the seventh fastest in the third heat, etc.

- C **Four heats or more** – The last three heats of an event shall be seeded in accordance with B above. The heat preceding the last three heats shall consist of the next fastest swimmers; the heat preceding the last four heats shall consist of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted times within each heat, in accordance with the pattern outlined in 102.5.3.

- D **Exception** – When there are two or more heats in an event, there shall be a minimum of three swimmers seeded into any one preliminary heat, but subsequent scratches may reduce the number of swimmers in such heat to less than three.

- .2 **Swim-Offs** – A swim-off is considered to be part of the total preliminary process of qualifying for the finals. In no case may a swimmer with a faster time displace another who placed ahead of him within a heat according to the ballot system. If this situation results in disputed qualifications, all swimmers having times tied or within the disputed times shall swim-off to qualify for the disputed place or places in the final. The swim-off will be swum with three watches and two judges on each of the swimmers' lanes and the ballot system or modified ballot system shall be used to determine the order of finish, except when automatic officiating equipment is used and is properly functioning. The official time for the swimmers involved shall be the time set in the original preliminary

heat. This elimination may be held at any time set by the Referee, but not more than 45 minutes after the last heat of any event in which any one of these swimmers is competing in that session. In the case of a disqualification in a swim-off the swimmer so disqualified is relegated to the lowest qualifying position for which he is competing. Disqualification in a swim-off for a qualifying position in the championship finals shall not eliminate a swimmer from eligibility to compete in the accompanying consolation finals. If disqualifications leave a vacancy for the full complement of finalists, swim-offs shall be continued among the disqualified swimmers until a full complement of finalists is assured.

Note: It shall be the swimmer's responsibility to acquaint himself with all information pertaining to swim-offs, final events and the participants therein.

- .3 **Finals** — In finals, the times to be considered are those times made in preliminary heats. If any qualifying swimmers have the same time their respective lanes shall be determined by draw. Lane assignments shall be made in descending order of qualifying times according to lanes as follows:

1 = Fastest time

					5	3	1	2	4	5	
				6	4	2	1	3	5	6	
		7	5	3	1	2	4	6	7		
	8	6	4	2	1	3	5	7	8		
9	7	5	3	1	2	4	6	8	9		
10	8	6	4	2	1	3	5	7	9	10	
	10	9	8	7	6	5	4	3	2	1	

Pool

Number of lanes in the pool

< Lane numbers

.4 Timed Finals

- A **Heats** — In order to assure seeded positions, the best competitive times of all entries must be submitted. The last heat shall be composed of the swimmers with the fastest submitted times, the next to last heat composed of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted times within each heat, in accordance with the pattern outlined in .3 above. When there are two or more heats there shall be a minimum of three swimmers or relay teams seeded into the first heat. The last heat should be a full heat, but the requirement of seeding three swimmers or relay teams into the first heat may result in failure to fill the last heat.
- B **Places** — In timed finals, places shall be determined on a time basis, subject to the order of finish within each heat and based upon the ranking system used at the meet. Any ties resulting from the procedure used shall be declared officially tied for awards and points, with no further attempt at resolution.

- .5 **Seeding of 50 meter events in a 50 meter course** — 50 meter events swum in a 50 meter course shall be seeded as provided above. If the event is started

at the turning end of the course no change in the lane assignments shall be made, i.e., the slowest swimmer in the heat will swim in the right outside lane.

.6 Counters

- A A swimmer in any individual swimming event of 400 yards or meters or more, except the individual medley, may appoint one counter to call lengths or indicate lengths by visual sign.
- B Verbal counters shall be limited to one per swimmer, shall be stationed at the end of the course opposite the starting end, and may not coach or aid the swimmer in any way except that they may use watches and signal intermediate times to the swimmer.
- C If visual counters are used, they may be stationed at the end or either side of the pool, beyond the halfway point toward the end of the course opposite the starting end. Visual counters may be lowered into the water at the end of the swimmer's lane, provided that, in the opinion of the Referee, they neither physically aid the swimmer or interfere with another competitor or present any safety hazard.
- D The count may be in ascending or descending order.
- E In the event of official or counter error it is the responsibility of the swimmer to complete the prescribed distance.

- .7 **Distance Events** — In 1000/1650 yard and 800/1500 meter freestyle events, the normal order of heats may be reversed by swimming the fastest heats first and alternating women's and men's heats. The meet announcement shall state the order of heats for these events.

102.6. AWARDS — When two or more swimmers tie for any place, duplicate awards shall be given to each of such tied swimmers. In such cases no awards shall be given for the place or places immediately following the tied positions. If two tie for 1st place, no award for 2nd place; if three tie for 1st place, no awards for 2nd or 3rd, and so on.

These point values shall be stated in the meet information.
- .5 **Ties** — Where two or more swimmers tie for any place in any event the points credited to such place or places, if any, next in order shall be equally divided between such swimmers; i.e., if two tie for first place, the points to be credited to first place and the points to be credited to second place shall be added and divided one-half and one-half. If three tie for first place, the points credited to first, second and third places shall be added and divided one-third, one-third and one-third, and so on for four or more tying for first place. The same is true for those tying for second place, third place, and whatever places there may be.
- .6 **Disqualifications** — When a relay team or individual swimmer is disqualified, the following places will move up accordingly and points awarded to conform to the new places. Consolation finalists may not receive championship final placing. Alternates may not receive consolation final placing.

102.8 CHANGE OF PROGRAM AND POSTPONEMENT

- .1 The order of events, as laid down in the official program, shall not be changed. The announced arrangement of heats in any event shall not be added to or altered, except by the authority of the Referee, to the extent of consolidating the heats.
- .2 At the Meet Referee's discretion, individual events 200 yards/ meters or longer or any relay event may be combined by age, sex and/or distance provided there

is at least one empty lane between any such combination. Strokes may not be combined.

- .3 The entry provisions and starting time of any event, meet or portion thereof shall stand as stated on entry blank (except as permitted under .4 below) and may not be changed to an earlier time or date unless written notice of such change is delivered to each affected swimmer or his coach. If mailed, such notice must be postmarked no later than the entry deadline date stated on entry blank, and if lack of time prohibits mail notification, each affected swimmer must voluntarily agree in writing that he or she has been notified and is in accord with such change. Any affected swimmer or his coach may and should file a written protest with the Referee prior to running of event or meet if they do not agree to such change in time or date.

.4 Postponement or Cancellation

- A If, prior to its commencement, unusual or severe weather or other conditions preclude the possibility of safely and effectively conducting a meet or an event, the meet committee may cancel or postpone it.
- B Should a meet or event have actually commenced, and in the judgment of the Referee cannot safely and effectively continue because of weather conditions, or for some other compelling reason, the Referee, in his sole discretion, may suspend the meet or event until conditions warrant continuance. If circumstances do not warrant continuance, the Referee may cancel the meet or event, or postpone it to a future date or time, with the approval of the meet committee.
- C A decision to cancel or postpone shall be final.
- D Should an event have actually commenced but is terminated prior to an official finish, and is postponed to another time or date, it shall then be conducted between the swimmers who were officially competing in the event at the time of the termination.
- E Entry fees for teams or swimmers may be refunded, in whole or part, at the discretion of the meet committee, upon cancellation of a meet or particular event. The decision of the meet committee on refunding may be appealed to the LSC Review Section for hearing under the provisions of Article 401.

102.9. COSTUME

- .1 **Design** — Swimmer's costume must be one-piece, non-transparent, and conform to the current concept of the appropriate. The Referee shall have authority to bar offenders from competition under this rule, until they appear properly costumed.
- .2 **Insignia** — No swimmer shall be allowed to wear the insignia and/or name of any club or organization which he is not entitled to represent in open competition. He shall be permitted to wear the insignia and/or name of the organization he represents and he may wear the insignia of National Federation or Organizing Committees for Olympic, World, Continental or Regional Championships.
- .3 **Advertising**
- A In the competition venue or complex of all events conducted by and under the control of the Corporation or any LSC or division thereof, no swimsuit

102.10

shall carry any visible marque or insignia in the form of advertising (except design or trademarks of members or Organizing Committees for Olympic, World, Continental and Regional Championships) other than the trademark on technical equipment or clothing, that is in excess of 16 sq. cm. (2.48 sq. in.) in area. A trademark may be repeated provided a name is used only once on a suit. Offenders may be barred from competition under this rule, until they appear properly costumed.

- B Products involving tobacco, alcohol or pharmaceuticals containing drugs banned under IOC or FINA rules may not be advertised under .3A above, but the advertiser's name only may be used.

102.10. DISQUALIFICATIONS

- .1 A disqualification can be made only by the official within whose jurisdiction the infraction has been committed.
- .2 The Referee or designated official making a disqualification shall make every reasonable effort to seek out the swimmer or his coach and inform him as to the reason for the disqualification.
- .3 Any swimmer who acts in an unsportsmanlike or unsafe manner within the swimming venue may be considered for appropriate action or penalty by the referee.
- .4 A swimmer must start and finish the race in his assigned lane.
- .5 Standing on the bottom during a freestyle race shall not disqualify a swimmer, but he must not leave the pool, or walk, or spring from the bottom.
- .6 Obstructing another swimmer by swimming across or otherwise interfering shall disqualify the offender, subject to the discretion of the Referee.
- .7 Any swimmer not entered in a race who enters the pool or course in the area in which said race is being conducted before all swimmers therein have completed the race shall be barred from the next individual event in which he is entered on that day or the next meet day, whichever is first.
- .8 Dipping goggles in the water or splashing water on the competitor's face or body prior to his next event shall not be considered as entering the pool unless the Referee finds that such action is interfering with the competition.
- .9 Should a foul endanger the chance of success of a swimmer, the Referee may allow him to swim in the next round, or should the foul occur in the final he may order it re-swum. In case of collusion to foul another swimmer, the Referee may, at his discretion, disqualify the swimmer for whose aid the foul was committed, as well as the swimmer doing the fouling.
- .10 No swimmer is permitted to wear or use any device or substance to help his speed or buoyancy during a race. Goggles may be worn, and rubdown oil applied if not considered excessive by the Referee.
- .11 Grasping lane dividers to assist forward motion is not permitted.
- .12 For relay disqualifications, refer to 101.6.3.
- .13 The time and/or place of any swimmer or relay team disqualified either during or following an event shall not be recorded in the results of that event. If awards

have been made prior to the decision to disqualify they shall be returned and made to the proper recipient(s) and if points have been scored by those disqualified the event shall be rescored.

- .14 Time and/or place officially recorded for a swimmer shall not be nullified for violations occurring subsequent to such performance.

102.11. PROTESTS

- .1 Until final action is determined, results of any race conducted under protest, or of any protested race, shall not be announced, and no prizes for that race shall be awarded or scoring points allowed unless the protest is officially withdrawn.
- .2 Protests affecting the eligibility of any swimmer to compete or to represent an organization in any race shall be made in writing to the meet director or Referee before the race is held, and if the meet committee deems it advisable, the swimmer may compete under protest and it shall be so announced before the race. The meet committee shall immediately refer such protest to the review section having jurisdiction for adjudication at the earliest possible time.
- .3 Protests against judgment decisions of starters, stroke, turn, place and relay takeoff judges can only be considered by the Referee of the meet.
- .4 Any other protest arising from the competition itself shall be made within 30 minutes after the race in which the alleged infraction took place. If the protest is not resolved immediately the protester shall at that time file a written protest with the chairman of the LSC, or his representative, having jurisdiction over the event. If the LSC does not satisfactorily resolve the protest within ten (10) days, the protester may appeal in writing to the National Rules Chairman, within the next five (5) days, for final adjudication which shall then be binding on all parties.

102.12. OFFICIALS

- .1 All officials accepting an invitation to officiate at a swimming meet should arrive promptly and report immediately to the meet director.
- .2 For all swimming meets or time trials except dual meets there should not be less than the following officiating positions filled or approved by the LSC in authority. Officials other than the Referee may act in more than one officiating capacity only when sufficient qualified officials are not available, but no one may simultaneously time and judge the order of finish.
 - 1 Referee
 - 1 Starter
 - 3 Timers per lane
 - 1 Clerk of Course
 - 2 Lane Place Judges per lane or 2 Across-the-Board Place Judges
 - 2 Stroke Judges and 2 Turn Judges or 2 Stroke & Turn Judges
 - Relay Take-off Judges
 - 2 Recorders
 - 2 Scorers
 - 1 Recorder of Records
 - 1 Announcer
 - Automatic Equipment Operators (as needed)

102.12

- .3 When automatic officiating equipment is used in any competition, the placings and times so determined shall have precedence over the decisions of human judges and timers as outlined in 102.21.5. In case of malfunction, secondary information from a manual-electronic timing and judging device with one or more officials per lane or the prescribed ballot system of humans shall be used and integrated with primary information as outlined in 102.21.
- .4 **Minimum Number of Officials Required for Dual Meets**
- A Referee, who may also act as a stroke and turn judge.
 - B Starter
 - C One other stroke and turn judge (may be the Starter)
 - D Two scorers — one from each team.
 - E Announcer.
 - F Three timers for each lane.
 - G Relay take-off judges.
 - H Two across-the-board judges, one on each side of the pool at the finish line whose independent decisions as to the order of finish may be used for balloting.
 - I The visiting team may furnish officials as a courtesy, not a requirement.
- .5 **Officials For National Championships**
- A Officials for national championship meets shall be assigned by the National Officials Chairman with the approval of the National Events Coordinator.
 - B For all national championship competition the following officials shall be required and assigned but no more than those listed below shall be on deck at one time.
 - 1 Referee
 - 1 Starter
 - 1 Recall Starter
 - 1 Chief Judge
 - 1 Chief Timer
 - 2 Stroke Judges — 1 each side of pool
 - 1 Timer/Turn Judge per lane
 - 1 Timer/Take-Off Judge per lane
 - 1 Timer/Split Taker per lane
 - 4 Take-off Judges — 2 each side of pool
 - 1 Turn Judge per lane (at opposite end of pool from starting blocks)
 - 2 Clerks of Course
 - 4 Marshals
 - 2 Scorers
 - 4 Recorders
 - 1 Announcer
 - 1 Recorder of Records

- D All officials should be certified National Swimming Officials.
- E All officials listed in 102.12.5B and required for National Championships must be members of United States Swimming, Inc.

102.13. REFEREE

- .1 Shall have full authority over all officials and shall assign and instruct them; shall enforce all applicable rules and shall decide all questions relating to the actual conduct of the meet, the final settlement of which is not otherwise assigned by said rules; can overrule any meet official on a point of rule interpretation, or on a judgment decision pertaining to an action which he has personally observed; shall also disqualify a swimmer(s) for any violations of the rules that he personally observes and shall at the same time raise one hand overhead with open palm. If he does not make such a signal there shall be no penalty.
- .2 Shall signal the starter that all officials are in position, that the course is clear, and that the competition can begin, before each race; shall assign marshals with specific instructions.
- .3 Shall give a decision on any point where the opinions of the judges differ; shall have authority to intercede in a competition at any stage, to ensure that the racing conditions are observed.
- .4 For LSC and local records only, may assign three (3) additional official timers on request to record a record attempt at initial distances in accordance with 102.22.
- .5 When automatic or manual-electronic officiating equipment is used and an apparent malfunction occurs it shall be his responsibility to make an immediate investigation to determine whether the swimmer finished in accordance with the rules and/or if there was an actual equipment malfunction.
- .6 He may at his discretion prohibit the use of any bell, siren, horn or other artificial noisemaker during the meet.
- .7 Starting rules may be modified by the Referee to adapt them for handicapped swimmers.
- .8 When the meet sanction allows conducting the events by starting them from the alternate ends of a 50 meter course, the Referee shall establish the necessary administrative and officiating procedures to conform to Part One of the rules and local conditions.
- .9 Refer to 102.11 concerning protests.

102.14. STARTER

.1 Preparation

- A Shall be provided with at least .22 caliber starting gun. An electronic starting horn with or without an underwater recall device may replace the gun start and recall herein.
- B Shall station himself within ten feet of starting end of pool at a point where gun flash is clearly visible to timers and gun report easily heard by starting swimmers.
- C Upon signal from Referee, assumes full control of swimmers until a fair start has been achieved.

- D Notifies swimmers of the distance and the event.

E **Optional Instructions**

Stroke(s) to be used and the order of swimming them.

Number of pool lengths to be swum.

May advise heat when a swimmer is attempting a time at an initial distance.

For backstroke starts, the command, "Place your feet," may be used.

May notify relay swimmers that all but the last swimmer must leave the pool immediately upon completion of their leg.

.2 **The Start**

- A On receiving clearance from the Referee (for all events except backstroke and medley relay) directs swimmers to step onto the back surface of the starting block or platform with both feet the same distance from the front edge and remain there. Refer to 101.3.1 for backstroke start requirements.
- B Directs swimmers to "take your mark," to which they must immediately respond by assuming a starting position with at least one foot at the front edge of the starting block or platform. Sufficient time should follow "take your mark" to enable swimmers to assume starting positions, but no swimmer shall be in motion immediately before the starting signal is given.

.3 **Warning Signal** — In all events 400 yards or meters or longer except the individual medley and relays, the starter shall sound a warning signal over the water at the finish end of the lane of the leading swimmer when that swimmer has two lengths plus five yards (or meters) to swim to finish. As an alternative, a bell warning signal may be given over each individual swimmer by a lane judge or timer in that lane.

.4 **False Starts**

- A When a swimmer does not respond promptly to the command "take your mark" or false starts before the starting signal is given, the Starter shall immediately release all swimmers with the command "Stand Up" upon which the swimmers may stand up or step off the blocks. Any swimmer who enters the water or backstroke who leaves the starting area shall be charged with a false start, except that a swimmer who would otherwise be charged with the false start may be relieved of the charge if the false start was caused by the swimmer's reaction to the command.
- B All swimmers leaving their marks before the starting signal is given shall be charged with a false start, except that a swimmer who has false started because of the action or movement of another competitor may be relieved of the responsibility for the false start and a false start may be charged only to the offender. (Note exception for deliberate delay or misconduct.)
- C In backstroke or medley relay events a false start may be charged to any swimmer who fails to maintain his feet and/or hands in a legal position after the first warning.
- D When the starting signal is given and one or more swimmers have obtained an unfair advantage, all swimmers shall be recalled at once by a second signal.

- E A swimmer can be charged with a false start by the starter or recall starter only if the Referee or an officially designated Assistant Referee has observed the violation and confirms that the violation occurred.
- F The Starter shall indicate the swimmer or swimmers, if any, who are charged with a false start.
- G Any swimmer who is charged with committing or causing a false start shall be disqualified and shall not be permitted to swim the event. This rule shall not apply to U.S. Swimming international events or to the Trials for Pan American, Pan Pacific, World Championships or Olympic teams, where current FINA false start rules shall apply except that all false starts shall be recalled.
- H A swimmer shall not be disqualified for an illegal starting position at the start or charged with a false start if the race is permitted to proceed without recall. Enforcement of the correct starting position is the responsibility of the Starter, who may impose the appropriate penalty for violation before the starting signal is given.

.5 Deliberate Delay or Misconduct

- A Any swimmer, who delays the start by entering water or by willfully or deliberately disobeying a Starter's command to step on the blocks or to take a starting position, or for any other misconduct taking place at the start, can be disqualified from the event by the Starter with concurrence of the Referee.
- B A swimmer who fails to appear at the starting platform ready to swim in time for the initial start of his heat shall be disqualified by the Referee.
- C Such disqualifications shall not be charged as a false start.

102.15. RECALL STARTER — A recall starter may be assigned to immediately discharge a gun or other sound device if the automatic equipment is not properly functioning on the starting signal or if a false start has been observed. The position of the recall starter and the type of signal to be used shall be made known to the swimmers. He may also be assigned to assist the starter in any desired manner. A recall starter is mandatory in United States Swimming Championships.

102.16. JUDGES — Shall have jurisdiction over the swimmers immediately after the race has begun.

- .1 **Chief** — An overall "Chief Judge" may assign and supervise the activities of all stroke, turn, place and take-off judges and may report their decisions, or if desired any judging category may have a designated "Chief". Any "Chief" may act as liaison for his judges and may himself serve simultaneously in one of the judging positions and he shall assign those judges within his category.

.2 Lane Place Judge —

- A Two lane place judges shall be stationed at the finish of each lane. Each shall activate a separate switch recording the finish of their lane swimmer, and each recorded impulse shall constitute their placement ballot. If only one such recorded placement decision per lane is possible with the available equipment, either a visual judge shall be assigned to each lane or an

across-the-board place judge shall be assigned to provide the second ballot decision.

- B It is not the responsibility of the lane place judge to determine if the finish touch meets the requirements of the appropriate stroke rule.
- .3 **Across-the-Board Place Judge** — When limited personnel prevents assignment of lane place judges, two across-the-board judges, one on each side of the course, can be stationed near the finish and each shall judge the order of finish of all swimmers. Should both agree on all lanes, that shall be the official placement. If they disagree, the Modified Ballot System 102.20.2 shall prevail. An across-the-board judge may record a tie if a place distinction cannot be made. He shall award each swimmer the highest place that may have been attained.
- .4 **Stroke Judge** — Shall operate on both sides of the pool, preferably walking abreast of the swimmers during all strokes except freestyle, during which events they may leave poolside, at the Referee's discretion; shall ensure that the rules relating to the style of swimming designated for the event are being observed; and shall report any violations to the Referee on signed slips detailing the event, the heat number, the lane number, the swimmer's name and the infraction.
- .5 **Turn Judge** — Shall operate on both ends of the pool; shall ensure that when turning or finishing the swimmer complies with the turning and finishing rules applicable to the stroke used; and shall report any violations to the Referee on signed slips detailing the event, the heat number, lane number, the swimmer's name and infraction observed.
- .6 **Jurisdiction of Stroke and Turn Judges** — Before the competition begins the Referee shall determine the respective areas of stroke and turn responsibility and jurisdiction, which may include joint, concurrent, and coordinated responsibility and jurisdiction. The Referee shall insure that all swimmers shall have fair, equitable, and uniform conditions of judging.
- .7 **Relay Take-Off Judges** —
 - A After the start of the race, relay take-off judges shall stand beside the starting block of each lane so that they can clearly see both the touch of the incoming swimmer and the feet of the departing swimmer as they leave the starting platform in that lane, and shall judge whether the swimmer is in contact with the platform when the incoming swimmer touches the end of the pool.
 - B Additional relay take-off judges may be assigned to each side of the course to observe two assigned lanes each. In which case a relay will be disqualified only if the lane take-off judge has reported an infraction and the assigned poolside take-off judge has confirmed the same infraction. If dual relay take-off judging is used, the lane and poolside take-off judges shall independently report infractions in writing without the use of the infraction hand signal. If poolside relay take-off judges are used they shall be assigned for all relay races throughout the meet.
 - C When automatic relay take-off judging equipment is available and in use, take-off judges will be assigned to each lane and stationed as described above. A team will only be disqualified when there is dual confirmation of an illegal take-off (i.e., visual and automatic equipment).

- .8 **Infraction Signal** — Upon observing an infraction within his jurisdiction, the Referee, stroke, turn, or relay take-off judge shall immediately raise one hand overhead with open palm. If the official does not do so, there shall be no penalty.

Exception: Relay take-off judges as outlined in 102.16.7B.

102.17. TIMERS — In any race not timed with automatic or semiautomatic equipment (as provided in 102.21) the time for each competitor shall be taken by three timers stationed at or close to the finish. Each timer operates a manual watch (i.e., any hand-held mechanical or electronic timing device) that is both started and stopped by the timer as described below. These three timers are the official lane timers and their times must be individually recorded to determine the official time on the lane. Alternate or chief timers may substitute for an official lane timer only in the event of failure of a watch or its operator. No official lane timer may simultaneously determine time and place under any circumstances.

.1 Chief Timer

- A Assignment of official lane timers to their lanes shall be subject to the direction of the chief timer.
- B The chief timer shall be responsible for delivery to the recorders of all official times as recorded by the head lane timers, including the times of disqualified swimmers.

.2 Head Lane Timer — The chief timer designates one timer on each lane as the head lane timer. The head lane timer shall be responsible for the following:

- A Determination that the proper swimmer is in his lane and that relay swimmers are swimming in the order listed on the lane timer's card.
- B Determination of and recording of all manual watch times.
- C Assignment of one timer to take relay splits, and initial distance times.
- D Determination of and reporting if the swimmer has delayed in touching or has missed the finish touch pad of an automatic timing device.

.3 Official Lane Timers — The three timers shall be placed directly over their assigned lane at the finish.

- A Each timer shall look at the starter's gun and start his watch at the instant of the flash or smoke. If an electronic sounding device is used, the watch shall be started by the flash of a strobe light, when available, or by sound.
- B All watches shall be stopped when in the opinion of the timer any part of the swimmer's body touches the wall.
- C It is not the responsibility of the lane timer to judge if the finish touch meets the requirements of the appropriate stroke finish rule, unless assigned additional responsibility as a turn judge.
- D All lane timers shall promptly report their times to the head lane timer or the designated recorder; present their watches for inspection, if requested, and shall not clear them until given the command to "clear watches".
- E The time of each watch is recorded on the lane timer's card, and the official time established as described below:

102.18

- (1) If all manual watches on all lanes provide digital displays to a resolution of 0.01 seconds the times shall be recorded as displayed to the hundredths of a second.
 - (2) If dial watches are used, when the hand is not exactly centered on a mark, it shall be considered to be in the space between the marks and the reading shall be that of the following mark.
 - (3) If the manual timing in any lane is by a mixture of dial and digital watches, the dial watches shall be read as described above and the time on the digital watches in all lanes shall be rounded up to the next full tenth whenever there is one-hundredth or more. (Example: 51.11 is recorded as 51.20.)
- F Split times may be taken during a race by one of the lane timers upon request of the chief timer. The split hand (or function button) shall be stopped when any part of the swimmer's body touches the wall. Split times shall be recorded on the lane timer's card.
- .4 **Alternate Timer** — There shall be at least one alternate timer who shall start his watch on every race with the starting signal, and whose time shall be used only to substitute in the event of failure of an official lane timer's watch or its operator.
- .5 **Official Time Determination** — Following proper watch reading and recording as described above for each lane:
- A If the times of two of the three watches agree, that time shall be the official time.
 - B If all three watches disagree, the time of the intermediate watch shall be the official time.
 - C If, because of the failure of a watch or its operator, times from only two watches are available, the official time shall be the average of those two watches. When dial watches are in use and the times rounded to the next slowest tenth as described in 102.17.3E(3), the official time shall be the average of those two watches in hundredths of a second. When the watches are read to the hundredth of a second, as described in 102.17.3E(1), any average resulting in thousandths of a second shall be rounded up to the next slowest hundredth of a second.
 - D If the official time is registered in tenths of a second, a zero shall be added and the official time recorded in hundredths of a second (two decimal places) for all purposes. (Example: 56.4 is recorded 56.40.)

102.18. CLERK OF COURSE

- .1 The clerk of course shall be provided with an area clearly marked "Clerk of Course" where all swimmers must report as soon as their event is called.
- .2 He shall be provided with a list of the names of all swimmers in all events including relay swimmers in the order in which they will swim.
- .3 All scratches which have occurred after the printing of the heat sheet shall be reported to the clerk of course and he shall notify the Referee and scoring desk in writing of the failure of any swimmer to report.

- .4 He shall notify the swimmers to wait behind or adjacent to the starting position until the starter takes over control of the race and if they leave the area it will be their responsibility to return in time for their heat or event.

102.19. MARSHALS — Shall maintain order in the swimming venue and shall have full authority to warn or order to cease and desist, and to remove, or have removed from the vicinity of the competition anyone behaving in an unsafe manner or using profane or abusive language, or whose actions are disrupting the orderly conduct of the meet.

102.20. SCORERS — Shall receive from the recorders the order of finish in timed finals, or consolation finals and championship finals for each event. They shall compile team and high-point scores as applicable.

1. Ballot System

- A In any race not timed with automatic officiating equipment (as provided in 102.21), the combined duties of the lane place judges and the lane timers shall be to determine placement and official times of the swimmers. Two lane place judges and three timers shall be assigned to each lane.
- B The chief judge shall be responsible for delivery of the lane place judge's cards to the scoring table where the scorers record the appropriate ballot value, including the ballots of disqualified swimmers, on the basis of one for first place selection, two for second, three for third, four for fourth, five for fifth, six for sixth, seven for seventh, eight for eighth. There are two sets of lane place judges and thus two ballots per lane for place.
- C The chief timer shall be responsible for delivery of all the official times (including the times of disqualified swimmers) to the scorers who shall list them in numerical order beginning with the fastest official time per lane. This is for the purpose of assigning ballot values to each lane time. The fastest lane receives a ballot value of 1, the next fastest a value of 2, etc. For identical times, equal ballot values are recorded, with the same progressive numerical assignment; (i.e., swimmers A, B, C, record identical times of 58.47 while swimmer D records time 59.05. Swimmers A, B, C, receive ballot values of 1 and swimmer D a value of 2. Should swimmers E and F [same race] have identical times of 60.00 they would each be assigned ballot values of 3, and continuing in this manner.)
- D The scorers shall then eliminate disqualified swimmers and determine the order of finish of all swimmers in any heat or final event by adding the numerical value of three ballots for each lane. The lane (swimmer) having the lowest numerical total shall be declared the winner, the second lowest shall be second, etc. If these totals result in a tie for any place in a final race, no further attempt shall be made to resolve the tie.
- E In preliminary heats, in no case may a swimmer with a faster time displace another who placed ahead of him within a heat according to the ballot system. If this situation results in disputed qualifications, the swimmers tied with or within the disputed times shall swim off the event within 45 minutes after the last heat or any event in which any one of the swimmers is competing in that session. The ballot system must be used to determine the qualifier(s) for the finals except when automatic officiating equipment is

102.21

used and is properly functioning. The official time for the qualifier shall be the time set in the original preliminary heat.

- .2 **Modified Ballot System** — When two across-the-board judges are used instead of lane place judges:
 - A Value will be assigned to each time and place decision as prescribed under the ballot system.
 - B If the two judge's ballots for a contestant agree, that shall be the official place for that contestant.
 - C If all three ballots disagree, the Referee or his designate will evaluate all information and then determine the order of finish.
- .3 **Place Judging** — The unanimous decision of the two (2) lane place judges as to placement takes precedence over official time in determining the order of finish in a race except where automatic equipment is used as outlined below.

102.21. AUTOMATIC OFFICIATING EQUIPMENT — No swimmer must ever be required to reswim a race due to equipment failure that results in unrecorded or inaccurate time or place determination. Automatic and manual electronic equipment shall be backed up by a secondary timing system and/or human officials.

In any meet in which automatic equipment is used, the following practices and procedures shall apply. No time may be used unless it is the official time using the procedures of this section. Split times recorded to the hundredths of a second by automatic equipment shall be acceptable for all purposes including records and qualifying times, provided that the swimmer completes the full scheduled distance of the event.

1. Description of Equipment

- A **Automatic** — Timing that is started automatically by a gun or horn start and is stopped at the finish of the race by the swimmer's touch.
- B **Manual-Electronic** — Timing that is started by a common start to all lanes (either manual or with a fixed-delay from the start signal, set to be equal to the manual delay at the finish). The finish is recorded by buttons pushed by timers at the finish touch of the swimmer. This timing may be a primary system if there are three (3) buttons per lane, each operated by a separate timer. A secondary system may use one (1), two (2), or three (3) buttons.
- .2 **Resolution (Timing Accuracy)** — Timing is recorded to hundredths of a second. Any digits representing thousandths shall be dropped with no rounding-off. Identical times to the hundredth shall be ties, with swim-offs as required, to determine qualifiers or alternates for consolation or final heats.
- .3 **Equipment Location** — The automatic equipment operators shall have an unobstructed view of the finish of the course.
- .4 **Secondary Requirements** — It is required that the secondary system have a minimum of one (1) timer per lane. There must be at least one (1) manual watch per lane. If the secondary system is manual-electronic, the manual watches become a third system (a backup).

Note: An individual may simultaneously operate two dissimilar devices (one watch/one button), but not two similar devices (two watches or two buttons).

.5 Comparison and Ranking Procedures

- A Placement and Ranking** — When completely automatic or three (3) button manual electronic equipment is used as the primary timing, the placement and ranking of the swimmers shall be by integration of official times. The decision of human judges shall not be used for placement.
- B Primary** — All primary times which are free of malfunctions shall be the official times.
- C Secondary** — If there exists a time difference of .3 seconds or more (after correcting for a system timing error as described below, if required) between the primary and secondary (or backup) time in a given lane, a potential malfunction exists. If this potential malfunction is confirmed by other data such as; other watches or buttons in that lane; visual observation by equipment operators; or placement data by officials, the official lane time is the secondary time (after applying any required system timing errors).
- D Secondary System Timing Error** — The secondary system timing error is the simple average of the valid time difference between the primary and secondary times of the individual swimmers in a given heat. Any digits past hundredths are dropped with no rounding-off. This average is used to add (or subtract if appropriate) from the secondary time of a swimmer not having a valid primary time, to find that swimmer's official time. This time is then used for ranking and placing. (See the following example of actual data.)

Example:

3-Button Manual Start Secondary

Lane	Primary	Fast	Middle	Slow	Official
1	52.21	52.07	52.12	52.14	52.21
2	52.18	51.91	52.01	52.06	52.18

$$\text{Secondary System Error} = \frac{.09 + .17 + .05 + .16 + .08 + .14 + 12}{7} = .11 \text{ sec.}$$

$$\text{Official Secondary Time (Lane 5)} = 51.35 + .11 = 51.46$$

- E Primary System Timing Error** — When, through a start or other malfunction the primary system has a systemic error affecting the times of all lanes (but the relative order of finish is accurate) the determination of this error is made by comparison with accurate timing information (usually the lane manual watch times). This comparison and determination is done in the same manner as in the secondary system error calculations. The primary time for all swimmers is determined by adding (or subtracting if appropriate) this system error to the time of each swimmer in the heat. This preserves the order of finish, the relative time of each swimmer in the heat, and the accurate times of the full heat, so that integration and comparison with swimmers in other heats results in fair placement for all swimmers.

102.22. OFFICIAL TIME

- .1 Official time may be achieved in a USS sanctioned meet or USS approved meet or by one of the following modes:
 - A In a swim-off held to determine placement in a final event.
 - B As lead-off leg in a relay race.
 - C Split time recorded from the official start to the completion of an initial distance within a longer individual event.
 - D In a time trial or record attempt.
- .2 Official time for any swimming event can be achieved only in the relevant stroke/event; (i.e., backstroke time must be achieved in a backstroke event.) Times achieved in a freestyle event can only be recorded as a freestyle time regardless of the stroke used.
- .3 The official time to establish records, times of record and qualifying time standards can be achieved only in accordance with the following timing methods:

TIMING METHOD	OFFICIAL TIME LEVEL
A Automatic timing	<ul style="list-style-type: none"> – World, American and U.S. Open records; – Initial splits and relay lead-off times for all purposes
B Automatic timing or Manual-electronic with 3 buttons	<ul style="list-style-type: none"> – OVC's for 50 M distances in a 50 M pool; – Age group records and times of record for 50 M distances in a 50 M pool;
C Manual-electronic with 2 buttons or three watches	<ul style="list-style-type: none"> – Age group records and times of record, except 50 M distances in a 50 M pool – OVC's, except 50 M distances in 50 M pool; – LSC/local records (unless prohibited by LSC); – Initial splits and relay lead-off times for age group times of record and age group time standards (A, B, C, times, etc.)
D Two watches or manual-electronic with 1 button or one watch	<ul style="list-style-type: none"> – Age group time standards (A, B, C times, etc.) – Zone, regional and LSC championship time standards.

- .4 World records may be established only when timed by completely automatic timing equipment.
- .5 It is the meet sponsors' or meet director's responsibility to provide a proper back-up timing system for all events so that swimmers are assured of achieving official times meeting the above requirements.
- .6 A backup time adjusted for system timing errors in accordance with the methods described in 102.21 may be used as an official time equal to the level of the timing system to which it has been adjusted.

- .1 May be established only in 50 meter pools and shall conform to the recognized distance, stroke and other current effective governing regulations of the Federation Internationale de Natation Amateur (FINA).
- .2 All claims shall be telegraphed immediately following performance to the national headquarters. Supporting evidence must be filed on official United States Swimming record application forms, which must be in the national headquarters within 21 days following performance, with copy also sent to the national director of records. Responsibility for this filing shall rest with the meet recorder of records, official scorer, or LSC records chairman.

104.2. UNITED STATES SWIMMING (INC.) RECORDS

.1 General Requirements and Conditions for Records

- A The official time for establishing specific records must be achieved and determined in accordance with Article 102.22.

- C No record shall be considered which is applied for by or through a conference, league, LSC, allied member, or organizational member whose rules governing performance do not conform to these rules.

Exception: When such rules do not conform to these rules but performance by the swimmer is claimed to conform to them, application may be made to the Records Committee for consideration. Such application must be supported by documentary or other evidence of performance as may be requested by that committee.

- D Record times registered by automatic equipment shall be submitted in hundredths of a second (two decimal places). If first place times are tied to 100ths seconds, the results shall be declared to be a tie and records shared by each swimmer thus tied.

- G A record set in a swim-off to decide placement or break a tie can be claimed if the ballot system or automatic equipment is used.
- H To be eligible for a record a swimmer must have won his race. Only the time of the winner is recognized for record purposes even though another swimmer may have a faster time but is displaced by judge's or ballot decision. If the judge's or ballot decision results in a tie, all tied swimmers shall share the faster time of such finish. The requirement to win the race does not apply when age or representation are condition to setting LSC or Age Group records, or to a U.S. citizen setting an American record in competition with non-U.S. citizens.

These times may be achieved in inter-LSC competition such as LSC dual meets and Zone competition. These times are not eligible for Top 10 relay consideration.

B Reporting — An appropriate record application form will be available from the National Age Group Records Chairman when requested. This form shall be filled out, signed by the designated officials, and mailed to the National Age Group Records Chairman. Responsibility for this lies with the athlete, the meet director, recorder of records, or chief recorder of the meet at which the record is achieved.

202.2. REQUIREMENTS FOR SANCTION — Sanctions are issued, withheld or withdrawn in accordance with the following regulations:

Any income derived from sanctioned events must be used for the further promotion of swimming, for an approved charity, or for the general welfare of the promoting organization as a whole.
- .2 Sanctions issued to one organization cannot be transferred to another. Any sanction so transferred shall be void for all purposes, and the LSC is empowered to deny further sanctions to any organization violating this provision.

He shall also furnish an itemized statement listing all monies or other things of value directly or indirectly received by him, or any member of his family, or any other person or organization, for expenses connected with or resulting from his entry, appearance, or participation in the event, together with receipts and vouchers for the same. - .1 A national championship can be awarded only to an LSC which is currently fully paid in dues and fees due to the Corporation. That LSC may assign the championship to a member in good standing of that LSC, who shall then assume full responsibilities as agreed to in writing.
- .2 A bidder shall be provided by the Executive Director with a bid form, financial and operating agreements, and all other documents related to the responsibilities of the awardee in relation to conduct of the event.
- .3 All bids for a championship meet made pursuant to the Rotation Award System shall be returned to the site selection chairman by April 1. Should all such bids be rejected, or should no bids be received by April 1, then all bids received after April 1, if any, shall be considered equally and without regard to the Rotation Award System.
- .4 Program Operations shall consider only those bids presented by the Site Selection/Facilities Committee at the annual meeting and award of contract shall be finalized at that time.
- .5 Upon approval of a bid, the bid shall be presented to the Board of Directors/ House of Delegates for acceptance of the bid. The contract shall be executed by all involved parties, including but not limited to the bidder, the President or Secretary of the Corporation, the National Events Coordinator, the LSC chairman and such other entity as may be designated.
- .6 The failure of the Site Selection/Facilities Committee to present a bid from a facility within the designated area shall negate the rotation system for that round only. This shall not affect the future normal rotation of areas as provided above.
- .7 Should the Site Selection/Facilities Committee fail to receive bids by April 1, or if all bids from the designated area are rejected, the chairman shall immediately notify the National Events Coordinator in writing of the available meets and dates. Bids from all areas may then be considered at the annual meeting of Program Operations.

Typographical or transcription errors which can be readily verified by OVC data may be corrected if attested to by the swimmer, coach, or the swimmer's representative prior to the scratch deadline.
- .8 Any swimmer who qualifies for the 1000 or 1650 yard freestyle or the 800 or 1500 meter freestyle may enter at his fastest time or at the time standard, if entered in two or more events on the day of the distance freestyle.
- .9 In Senior National Championships, swimmers entered in the 800/1000 and 1500/1650 freestyle do not need to enter their best times, but may enter themselves at the time performed at the meet distance (SC-SC, LC-LC) at the previous USS National or Junior Olympic Championship, provided they have made the short course yard, short course meter, or long course meter standard during the appropriate qualifying period. Swimmers will be seeded at their entered times.
- .10 Program Operations reserves the right to challenge any submitted time.
- .11 Foreign swimmers who are not members of United States Swimming may enter national championships provided they have met all qualifying requirements including submission of proof of entered times. (See also 206.10.2B)
- .12 In order to score at USS National Championships, a swimmer must be eligible to represent the United States in international competition.
- .13 Relay Entries**

- A Swimmers eligible to compete for an organization in relay events shall be all those listed on the entry blank for that organization.

206.10

- B The time for each relay team shall be submitted on the entry blank and no change in time will be permitted. The time for each relay may be submitted as a composite or aggregate time. Aggregate times must be equivalent (i.e. all short course or all long course). Relay teams with properly proven time will be declared entered and will be seeded at the proven and entered time.
- C Each coach shall pick up relay entry forms from the clerk of course on which he shall list the competing relay swimmers, their first and last names, ages, and order of swimming, for each entered relay. Upon reporting to the starting blocks, immediately prior to the start of the relay heat in which such team is entered, the completed relay entry form shall be handed to the head lane timer. No change will be permitted thereafter and failure to present the head lane timer with written list of relay swimmers shall prevent such team from competing. A runner shall be furnished to distribute copies of the listed relay swimmers to the announcer, press and T.V.

206.10. QUALIFYING TIME STANDARDS

- .1 Senior national qualifying time standards will be determined from performances at the respective short course and long course championship meets for all swimmers and may be based on world rankings so that they will be of comparable quality for all events. The time standard formulas shall be established by the Championship Time Standards Committee in consultation with the National Team Director.
- .2 Junior National qualifying time standards will be determined from performances at the respective short course and long course championship meets for all swimmers. The time standard formulas shall be established by the Championship Time Standards Committee in consultation with the National Team Director.
- .3 Program Operations shall approve at each annual meeting the qualifying time standards for both short and long course championships for the following year. Qualifying time standards shall be specified in hundredths of a second.

206.11. PROOF OF ENTERED TIME — The Official Verification Card (OVC) is the system used to provide the registered U.S. Swimmer with the most equitable means of "Proof-of-Time" for entry into a Senior National or Junior Olympic Championship for which time standards have been met in a particular event.

Specific rules and procedures concerning the OVC system are outlined in the official U.S. Swimming publication, "OVC Guidelines Handbook, Revised".

.1 Short Course Championships

- A **Individual Events** — All individual entry times must be made during the correct qualifying period specified in 206.8.4 and must be proven prior to the scratch deadline for that event through the Official Verification Card (OVC) system.
- B **Relay Events** — Times for each entered relay team must be submitted on the entry form. This entered time must be proven prior to the scratch deadline for each entered relay team, in aggregate or as a team, through the OVC system. For the purpose of proving times, a swimmer may be named on only one relay team in each event. Once the relay team or teams have been proven, any swimmer listed by that organization on the entry form is eligible to compete on that relay team.

Note: The time of any swimmer recorded while legally representing a club within the appropriate time frame may be used in proving relay entry time and that swimmer does not need to be entered in the championship in question.

.2 Long Course Championships

- A Proof of entered time procedure shall be the same as for the short course championships.
- B Foreign swimmers who are not members of U.S. Swimming must provide official meet results with entry form.
- C Times proven through the OVC system shall be official times in accordance with 102.22.

Note: The above requirements shall be made a part of the official entry form for all Senior National and Junior Olympic Championship meets.

.3 Responsibility Clause

- A The coach, swimmer, or swimmer representative who signs a Senior National or Junior National championship entry form thereby attests that all times stated in said entry form are true and correct as achieved qualifying times for each event entered. He assumes all responsibility for false or incorrect times or times which are unacceptable under USS rules and shall be assessed a \$100 penalty payable to the Corporation for each such time entered, unless absolved of the fine by the National OVC Chairman or Board of Review. Additional action or penalty may be taken or levied as deemed appropriate by the Corporation.
- B Such penalty shall also be levied against any USS verification officer who has issued an Official Verification Card attesting to such false or incorrect time(s).
- C Appeal of fines are to be made to the National OVC Chairman and/or Board of Review. Any appeal of the decision of the National OVC Chairman shall be in accordance with the provisions of Part Four, specifically 401.6.

206.12. VIDEO EQUIPMENT — When accepted videotape or automatic officiating devices are available, these must be used by the Referee in any case of doubt or protests (turns, end of race and relay take-offs).

These standards are based on the 16th best time listed in the national age group 16 best times tabulations. The base time is revised whenever the best times lists show a faster 16th best time.

The calculation of the times listed are as follows: AAAA f3+ f1105% of the base time; AAA f3+ f1110% of the base; AA f3+ f1115%; A f3+ f1120%; B f3+ f1130%. Example: 11-12 girls 100 meter freestyle base time is 1:01.99, from the 1984 top 16 times. The national 'A' time is 1.20 x 1:01.99 f3+ f11:14.39.

The 10 & under age group has been modified by varying the change rate from the standard 5 percent. The rates for this group vary from 4.5% to 7% for different strokes. Also, the 'B' standard is one increment slower. (i.e. 100 free 'B' time is f35% of base.)

PART THREE

ATHLETES' RIGHTS, REGISTRATION AND ELIGIBILITY

ARTICLE 301 ATHLETES' RIGHTS

3

301.1. Except as provided in 301.2, no individual or organizational member of the Corporation, nor any organization affiliated with the Corporation, may deny or threaten to deny any eligible amateur swimmer, coach, trainer, manager, official or administrator the opportunity to participate in any international swimming competition approved by the Corporation, if selected by the Corporation or one of its members. In addition, except as provided in 301.2, no individual or organizational member of the Corporation, nor any organization affiliated with the Corporation, may censor or otherwise penalize subsequent to the event any swimmer, coach, trainer, manager, official or administrator for having participated in any such international swimming competition approved by the Corporation.

301.2. An educational institution which a swimmer is attending at the time of such international competition may deny the swimmer the opportunity to participate only if said educational institution reasonably determines that such participation would either:

- .1 Prevent the swimmer from meeting the academic requirements which are applicable to all students who participate in the swimmer's particular course of study.
- .2 Jeopardize the swimmer's or the educational institution's performance in the established program in the particular sport in which the swimmer competes, provided that the international competition occurs during the scheduled competitive season of the educational institution.

301.3. Any amateur swimmer who alleges that he or she has been denied or is about to be denied, by a person or an organization affiliated with the Corporation, a right as set forth in 301.1, shall immediately inform the Executive Director, who shall promptly cause an investigation to be made and steps to be taken to settle the controversy without unnecessary delay. Such steps shall include, but not be limited to, advising the Secretary General of the U.S. Olympic Committee, and submitting the matter to the American Arbitration Association for binding arbitration.

301.4. Whenever a swimmer, or party acting on his behalf, informs the Executive Director of an alleged violation of the swimmer's right to participation as set forth in 301.1, the Executive Director shall review all the related evidence of the case and make a report, with a preliminary recommendation, to the National Board of Review within thirty (30) days, or sooner if the situation requires. The Board of Review shall review the case and preliminary recommendation of the Executive Director and take whatever action it deems appropriate. Any of the parties involved in the action who are dissatisfied with the decision of the National Board of Review may appeal said decision under the provisions set forth in 401.7.

ARTICLE 302 ATHLETE REGISTRATION

302.1. All swimmers competing in events sanctioned by the Corporation must be registered as athlete members of the Corporation. Athlete members must meet the rules of eligibility contained in Article 304. No swimmer alleged to be ineligible shall be denied the right to register and compete without being afforded the opportunity to refute the allegations relating to his possible ineligibility, pursuant to Parts Four and/or Six.

302.2. Athlete membership will consist of either an annual membership or a seasonal membership.

- .1 Annual membership — Membership is for a calendar year period. Non-members applying for membership on or after September 1 will be issued a membership card valid through December 31 of the following year.
- .2 Seasonal membership — Membership may be optionally offered by the LSC for any four-month period. This membership is not valid for competition at or above the Zone Championship level.

302.3. APPLICATION — Athlete membership forms may be obtained from the LSC registration chairman. The form must be fully completed, signed, and in the case of a swimmer representing a club, endorsed by a club official. The form shall be submitted with the fee set forth in 302.5 to the registration chairman of the LSC, which shall issue a registration card upon approval. The Corporation may also conduct hearings on any matter affecting the Corporation as the national governing body for swimming.

401.2. JURISDICTION OF THE LSC — In those matters involving only a member or members of one LSC, the procedure to be taken and the rules to be followed for hearing shall be as set forth in Part Six, Article 611. (For guide to hearings and appeals, and form for notice of hearing, see Appendix 6-A.)

If in the opinion of a majority of the officers, a hearing or further investigation is then warranted, the matter shall be submitted to a National Board of Review for hearing and decision.

- .1 Where persons or entities from more than one LSC are involved, the investigation and report shall be made by the Executive Director or his designee.
- .2 In those matters occurring during the course of a national, regional or zone event, the Vice President of Program Operations, or his designee, shall make the investigation and report.

- .2 Determine the eligibility and right to compete of any athlete;
- .3 Vacate, modify, sustain, reverse or stay any decision or order properly submitted for review, or remand the matter for further action;
- .4 Investigate any election impropriety or cause for removal of a national committeeman or national officer and take corrective action;
- .5 Interpret any provision of the rules and regulations of the Corporation with the exception of the technical rules (Part One);
- .6 Review any revocation, suspension or reinstatement of membership to assure due process;
- .7 Issue such interim orders, prohibitory or mandatory in nature, as may be necessary pending a final decision of the Board.
- .8 Reinstatement of any athlete to amateur status. (Note: This relates only to USS domestic competition and NOT international competition. It must be read in light of current FINA rules on requalification.)

401.6. PROCEDURE FOR REVIEW

- .1 Every appeal to the Board of Review shall be instituted by a petition served upon the Executive Director and shall be accompanied by a \$50 filing fee payable to the Corporation. The petition for review shall set forth the grounds for appeal, citing factual and legal issues in as much detail as possible. The filing fee shall be returned if the appeal is upheld, but forfeited if it is rejected, modified or abandoned. The Board of Review may assess costs against any party.
- .2 The Executive Director shall send a copy of the petition for review to the respondent and chairman of the Board of Review immediately upon receipt. The respondent shall within 30 days following receipt of the petition file a written response with the Executive Director, the petitioner and the chairman. The petitioner may within 10 days following receipt of a copy of the response file a written rebuttal with the Executive Director, the respondent and the chairman. The chairman may decrease or increase the time limits for any of the foregoing upon request of either party and if circumstances should warrant it.
- .3 A final and binding decision shall be rendered within 75 days from date of filing of the petition by a majority of the acting panel based on the record submitted for review and on evidence submitted at such hearing as may be required by the panel. A written decision shall be sent to all parties. Petitions once reviewed and decided shall not be reopened for consideration by the Board of Review, except by direction of the Board of Directors of the Corporation, or upon showing of sufficient cause to the chairman of the Board of Review.

401.7. APPEAL TO THE BOARD OF DIRECTORS – Any real party in interest may appeal to the Board of Directors for review of any decision of the National Board of Review within thirty (30) days of the date of decision. The Board of Directors may assess fees and costs against the losing party.

401.8. EXCLUSIVE JURISDICTION — After an LSC that is a real party in interest is given such notice and hearing as time and circumstances may reasonably dictate, and upon a majority vote of the officers of USS, the USS Board of Directors or the USS National Board of Review may be assigned exclusive jurisdiction at any stage of any matter within the purview of this Article 401 when the best interests of the Corporation will be served thereby, or when compliance with regular LSC procedures would not be likely to produce a sufficiently early decision to do justice to the affected parties. If exclusive jurisdiction is so assigned compliance shall be made in every instance with all requirements of procedural due process as set forth in this Article 401. In either case the reviewing body may assess fees and costs against any party.

A quorum for any hearing conducted by the Review Section shall be fifty percent (50%) of its membership, but in any event no less than three (3). In the event a member of the Review Section is unable to act for any reason in any particular circumstance, the General Chairman is empowered to appoint a disinterested alternate to act in his place and stead.

611.3. GENERAL JURISDICTION — The Review Section may conduct hearings on any matter affecting the LSC, and involving only a member or members of the LSC. The Review Section (or the LSC House of Delegates on exclusive jurisdiction) may:

- .1 Censure, suspend for a definite or indefinite period of time with or without terms of probation, fine, or expel any member of the Corporation and the LSC, including any athlete, coach, manager, official, member of any committee, or any other person participating in any capacity whatsoever in the affairs of the LSC, who has violated any of the rules of the Corporation or the LSC, or who aids, abets, and encourages another to violate any of its rules or regulations, or who has acted in a manner which brings disrepute upon the Corporation, the LSC, or upon the sport of swimming. All disciplinary hearings may be closed at the option of the Respondent.
- .2 Conduct hearings on any matter relating to the responsibility of the LSC as the local administrative governing body for swimming.

Upon a majority vote of the Board of Directors, the House of Delegates may be assigned exclusive jurisdiction at any stage of any matter within the purview of this Article 611 when the best interests of the LSC or the Corporation will be served thereby.

611.4. PROCEDURES — The procedures to be taken in reference to all hearings shall be as follows:

- .1 **Formal Hearing** — The respondent shall be given notice in writing, sent to his last known address by certified mail, return receipt requested, or by personal service, of the charges against him in detail, or of the circumstances which are believed to require answers, explanation or clarification.

This answer shall be delivered to the chairman by either certified mail or registered mail, return receipt requested, no later than ten (10) days prior to the date of hearing. The statement shall also set forth the right of appellate review in the event the decision is rendered against the person or entity charged.

The decision shall be rendered at the time of the hearing, or within twenty-four (24) hours thereafter.

- .2 **Emergency Hearing** — When compliance with regular procedures would not be likely to produce a sufficiently early decision to do justice to the affected parties, the Review Section, or its duly authorized agent(s) or representative(s), is authorized, to summarily hear and decide a matter relating to a scheduled competition. The individual or entity charged must be given such notice and hearing as time and circumstances may reasonably dictate. The hearing may be conducted at the site of athletic competition or by telephone conference if necessary, but in any event under such circumstances as to fully protect rights of procedural due process of the individual or entity charged.

The notice to be given to the individual or entity charged may be oral, or in writing, and shall in every instance contain all notice requirements set forth in sub-paragraph .1 of this Section 611.4.

Within ten (10) days of the emergency hearing, the decision of the Review Section, or its duly authorized agent(s) or representative(s), shall be reduced to writing which shall include findings of fact and a copy mailed to the chairman of the LSC Review Section and the individual or entity charged.

If an aggrieved party shall demand further hearing, such hearing shall be held in accordance with the provisions set forth in sub-paragraph .1 of this Section 611.4.

611.5. APPEAL — The decision of the Review Section will be final in all cases, subject only to appeal to the LSC House of Delegates or Board of Directors at the option of the appellant, and thereafter to the National Board of Review. An appeal to the LSC House of Delegates or Board of Directors must be taken within twenty (20) days after mailing of written notice of the decision of the Review Section. Upon timely petition to the LSC General Chairman, and upon showing of good cause therefor, the time for appeal from the decision of the Review Section may be extended. The General Chairman shall set a date for appellate hearing

which is not less than 30 days nor more than 60 days after receipt of notice of appeal. The decision of the LSC House of Delegates or Board of Directors including findings of fact shall be reduced to writing and mailed by certified or registered mail to all parties within ten (10) days of hearing. An appeal to the National Board of Review must be filed with the National Executive Director together with an appellate filing fee of \$50 within thirty (30) days after receipt of written notice of the decision of the LSC House of Delegates or Board of Directors. Upon timely petition to the chairman of the National Board of Review, and upon showing of good cause therefor, the time for appeal from the decision of the LSC House of Delegates or Board of Directors may be extended. Any person representing a real party in interest in the case may appeal.

611.6. NOTICE TO ATHLETES — In each case, where notice is mailed to a registered athlete, it is sufficient to mail the notice addressed to him at the residence given in his application for registration; or, if he has filed with the registration committee a written notice of change of residence, then at such changed address.

ARTICLE 612 MISCELLANEOUS

612.1. AMENDMENTS — Any provision of these bylaws not proscribed by USS may be amended at any meeting of the House of Delegates by a two-thirds vote of the members present and voting. At least thirty (30) days written notice must be given to every member of the House of any proposed amendment. Any amendment not submitted or proposed in time to give thirty (30) days written notice to the House may be adopted only by nine-tenths (9/10ths) vote of the House present and voting.

612.2. FISCAL YEAR — The fiscal year of the LSC shall correspond to the calendar year.

612.3. MAILING ADDRESS — All LSCs must submit a permanent mailing address for use by the national headquarters.

***612.4. MAIL VOTE** — Any action which may be taken at any regular or special meeting of members of either the House of Delegates or the Board of Directors, except elections and amendment of these bylaws, may be taken without a meeting. If an action is taken without a meeting, the Secretary shall distribute a written ballot to every member entitled to vote on the matter. The ballot shall set forth the proposed action, provide an opportunity to specify approval or disapproval of any proposal, and provide a reasonable time within which to return the ballot to the Secretary. Approval by written ballot shall be valid only when the number of votes cast in favor of the proposed action within the time period specified constitutes a majority of the votes entitled to be cast.

612.5. AAU ASSOCIATIONS — Some or all of the administrative functions which are the responsibility of the LSC may be assigned to the local AAU Association under agreement between the LSC and the Association outlining the nature of the services and the fees to be paid therefor. Such an agreement shall be in

accord with general policies and guidelines established by United States Swimming, Inc., and the National AAU.

612.6. DISSOLUTION — Upon dissolution, the net assets of the LSC will not inure to the benefit of any private individual or corporation, but will be distributed to United States Swimming, Inc., to be used exclusively for educational or charitable purposes, or, if United States Swimming, Inc. is not then in existence, or is not then a corporation which is exempt under section 501(c)(3) of the Internal Revenue Code and to which contributions, bequests and gifts are deductible under sections 170(c)(2), 2055(a)(2) and 2522(a)(2) thereof, such assets shall be distributed to such a corporation, to be used exclusively for educational or charitable purposes.

APPENDIX 6-A

HEARINGS AND APPEALS

Following are two documents. The first is a guide explaining simply the procedures for expeditious handling of complaints and/or disciplinary hearings.

The second document is a proposed form for Notice of Hearing designed to ensure minimal due process.

Note that the system is designed to handle matters involving any individual and any entity participating in any activity of United States Swimming, Inc. (USS) — not just athletes, but coaches, managers, officers, club-members, and all classes of members of USS or the LSC.

All such procedures should provide:

- .1 A swift and effective remedy for both complainant and respondent.
- .2 Hearing by an objective body. Initially, this body is the Review Section of the LSC with no less than five elected members. (Section 611.2).
- .3 A several-step format (from the Review Section to the House of Delegates or the Board of Directors to the National Board of Review) which takes care of the vast majority of such cases at the local level, reducing the likelihood of time-consuming and expensive procedures at the national level (the importance of this will become more and more evident as athletes take advantage of streamlined processes under the Code and the USOC Constitution, to find remedy for their complaints). Article IX of the USOC Constitution provides an immediate remedy for the aggrieved athlete denied the right or opportunity to participate in international competition. He may bring his grievance directly to the Executive Director of the USOC who makes an immediate investigation of the matter. If the controversy is not then settled to the athlete's satisfaction he may take the matter to binding arbitration.

GUIDE FOR DISCIPLINARY HEARINGS AND APPEALS

.1 Due Process

What is it?

If **you** were charged with an offense you would want:

- A Notice, preferably in writing, of those specific offenses with which you are charged;
- B An opportunity to defend yourself and a reasonable time within which to prepare your defense;
- C The right to have counsel represent you if you wish;
- D A hearing before a disinterested, objective body at a specific time under such circumstances as to give you full opportunity to present your defense; and
- E Notice of how to appeal the decision if it is against you.

It is as simple as that.

.2 Jurisdiction of the Corporation

Part Four of the Code (Section 401.3) provides that in those matters where athletes or other members of United States Swimming from more than one LSC are involved, or in matters involving such persons during a regional, or national or international athletic event, they will be handled at the national level. The officers assign the matter for investigation and report depending upon its nature. Each matter is assigned to investigation and report depending upon its nature.

.3 Jurisdiction of the Local Swimming Committee

Part Six provides for two separate procedures:

A Section 611.4.1: Formal hearing.

B Section 611.4.2: Emergency hearing.

In both cases the Review Section of the LSC is responsible for initial procedure, unless the House of Delegates takes exclusive jurisdiction for some reason.

.4 Formal Hearing

Read the section. Note that it provides for all the elements discussed in Paragraph 1 above on Due Process. It applies to **any** individual and **any** entity participating in **any** activities whatever of the LSC or United States Swimming — not just athletes, but coaches, officers, committee chairmen, clubs and all classes of members as well.

A **Review Section.** The Section can have investigation made by an individual or special committee appointed by the Chairman for that purpose.

In the notice (sent by certified mail or personally served) set the hearing date for **not less** than thirty (30) days and **not more** than sixty (60) days.

If a disciplinary hearing, the notice should list the possible penalties that can be assessed (censure, probation, fine, suspension for definite period of time, suspension with probation, suspension for life).

Request the respondent to answer the notice in writing to the Chairman, to be received by that officer no later than ten (10) days prior to the date set for hearing.

Decision must be made at the time of hearing or within twenty-four (24) hours thereafter.

Immediately send written notice (by certified mail) of decision to all parties concerned, including the complainant, together with a statement of facts as determined by the Review Section.

In the notice notify the parties that either may within twenty (20) days appeal the decision to the LSC House of Delegates or to the Board of Directors and then to the National Board of Review.

You need not worry about strict court rules of evidence. Hearsay, letters, affidavits, new articles, and the like, as well as direct testimony from witnesses, is admissible so long as relevant to the issues and if not repetitive.

Use your common sense. Give proper weight to the type of evidence offered and consider the source from which it comes.

- B **Appeal.** If an appeal is filed by either the respondent or the complainant, send out written notice at once to both parties containing exactly the same elements as required in Paragraph 1 above. The Board or House can act on the report of the Review Section as to its findings, **or**

The Board or House can have a **whole new hearing** if either feels the report of the Review Section is inadequate.

In most cases this **is advisable and strongly recommended.**

The same rules of evidence apply.

The House or Board can reverse, affirm, or completely modify the decision of the Review Section.

Once the decision is made send it out to all the parties concerned, notifying them of right of appeal within thirty (30) days to the National Board of Review.

The appeal to the National Board of Review requires a filing fee of \$50.00. It must be addressed to the National Executive Director (see Section 611.1 for procedure). It should cite the factual and legal issues as much as possible.

.5 **Emergency Hearing**

This Section tries to take care of the situation usually involving an athlete in which an immediate decision must be made. Notice may be oral or in writing, but, if oral, reduced to writing as soon as possible.

The Federal law states that an athlete cannot be suspended from competition, **even temporarily**, without a hearing.

For example, suppose a complaint is made at the site of an event that a particular athlete is ineligible to participate.

You should be prepared in advance to have one or more representatives, preferably three (e.g., the meet director, referee, and another official) conduct an immediate hearing, at the site of competition if necessary.

The decision can then be made regarding the eligibility of the athlete to compete, even if under protest.

The decision must be reduced to writing within ten (10) days of the hearing and a copy served by mail on the Respondent and on the Chairman of the Review Section. It should include findings of fact.

If any one affected wishes a formal hearing later on, the matter can then be referred to the Review Section for full hearing under the provisions of Section 611.4.

Use your common sense in such situations. **Give the athlete the benefit of the doubt.**

APPENDIX 6-B

PERMITTED MODIFICATIONS OF LSC BYLAWS

The following Sections of Part Six are not mandatory and may be modified by each LSC within the following guidelines:

602.1.

Types — An LSC may add additional membership classes, including individual members, or it may impose additional restrictions. Examples: no proxy voting; a person may represent no more than one group member; a weighted voting system by size of group members, etc.

603.1.1 LSC HOUSE OF DELEGATES

Appointment — An LSC may have additional members on its LSC House of Delegates, including individual members with or without vote.

603.2.1 Board of Directors

Members — An LSC House of Delegates may elect at large members to the Board of Directors with or without vote.

603.2.3 An LSC may establish an Executive Committee as defined if it wishes. This is advantageous if the Board meets infrequently, is large, or its members must travel from a distance to meet. An LSC cannot establish an Executive Committee unless its bylaws so authorize.

604.1. TITLES — Those listed must be elected. In addition, there may be provisions for electing at large members to the Board of Directors. Any office may be combined with another, except that of general chairman.

604.3. TERM OF OFFICE — Terms may be for one, two or four years, but in no event for more than four successive years in any one office. There need not be limitation on terms of registration chairman, treasurer, secretary/treasurer (if combined), or technical planning chairman. The technical planning chairman's position may be eliminated if LSC does not think it necessary to have the position.

605.1. MEETINGS — The LSC annual meeting may be held at any time prior to November 15, with new officers taking office no later than January 1 of the following year, keeping in mind that delegates to the USS House of Delegates must be certified by July 15. The LSC may establish a specific date for the annual meeting or set a time between two dates, e.g., held between June 1 and June 15.

605.5. QUORUM — An LSC may establish what constitutes a quorum depending on local needs.

606.1. TYPES — This entire article is intended as a guideline. The names of divisions and committees must remain as set forth in Article, but the internal makeup of divisions and committees, and additional committees as desired, may be independently determined by an LSC. Division titles and responsibilities, and those of the key committees listed, should remain the same in all LSCs to ensure nationwide uniformity and continuity of communication and administration.

606.2.1 Registration chairman may appoint deputy registrars and may assign authority to issue sanctions and approvals to an administrative division within the LSC for efficiency and convenience.

612.4. MAIL VOTE — The provision for mail vote is optional.

Note: Election of officers is intended to be flexible enough to give each LSC the right to determine whether old or new officers attend the annual meeting of the USS House of Delegates. Notification to the national secretary must be made by July 15. If an LSC chooses to send its new officers, elections must be held prior to July 15 of that year.

APPENDIX 6-E

REDISTRICTING PROCEDURES

1. **Change in LSC Club Affiliation.** If a club wishes to change from one LSC to another LSC which is contiguous and where no other club geographically intervenes, and if by two-thirds (2/3) vote the House of Delegates of each LSC approves, such transfer shall be effective ninety (90) days after receipt of written notice by the national headquarters. Club approval of change in affiliation shall be a majority vote of its General Membership at a regular club meeting or at a special meeting called for that purpose; the vote is to be duly certified by the club's president.
2. **Change in LSC Territory.** If two-thirds (2/3) of the number of clubs in a contiguous area within an LSC wish to affiliate with a neighboring and contiguous LSC, and should the House of Delegates of each LSC by a two-thirds (2/3) vote of those members present and voting in a regular or special meeting of each, or by mail vote by a majority of those members of each House of Delegates eligible to vote, approve the change, the change in territorial jurisdiction shall include all clubs in the area and shall become effective at commencement of the next succeeding fiscal year of the Corporation. Club approval of change in affiliation shall be a majority vote of its General Membership at a regular club meeting or at a special meeting called for that purpose; the vote is to be duly certified by the club's president.
3. **Formation of a new LSC.** If two thirds (2/3) of the number of clubs in a contiguous area within an LSC wish to form a new and independent LSC, and should the House of Delegates of the LSC, by a two-thirds (2/3) vote of those members present and voting in a regular or special meeting or by mail vote by a majority of those members eligible to vote, approve the change, the proposed formation of the new LSC shall be submitted to the Chairman of the Legislation/Redistricting Committee. Such request must be received by the chairman prior to April 1. The committee shall make a recommendation to the House of Delegates at the next annual meeting for its approval or disapproval. Should approval be granted, the formation of the new LSC shall become effective at the commencement of the month following the meeting or October 1, whichever is earlier. Club approval of change in affiliation shall be a majority vote of its General Membership at a regular club meeting or at a special meeting called for that purpose; the vote is to be duly certified by the club's president.

Should approval be granted, the formation of the new LSC shall become effective at commencement of the next succeeding fiscal year of the Corporation. The change shall include all clubs in the specified contiguous area. At the time of the effective date the net assets of the old LSC (after payment of or provision for all debts) shall be divided with the new LSC in ratio to the number of registered athletes in each LSC territory as of August 31 of the preceding calendar year.

During the period of time between that when the new LSC is approved by the House of Delegates and January 1 of the following year, the President shall appoint a governing ad hoc committee of no less than seven (7) members from among USS members of the new LSC, including one athlete and one coach, to

be charged with the responsibility of (a) notifying all clubs within the new LSC to elect at least one delegate and alternate to the new LSC House of Delegates; (b) scheduling and noticing in writing a meeting of the new LSC House of Delegates as soon as conveniently possible after January 1; (c) providing an agenda for the first meeting to permit the orderly election of officers and directors, adoption of Bylaws, appointment of committees and their respective chairmen; and (d) attending to such other matters as may be necessary to permit the new LSC to become a fully functioning administrative unit of United States Swimming.

- .4 **Change in Zone Affiliation.** If an LSC by a two-thirds (2/3) vote of those members present and voting at a regular or special meeting of the House of Delegates or by mail vote of a majority of those members eligible to vote, approves a change moving the LSC from one Zone to another, that change shall become effective at the close of the next USS annual meeting unless that change is rejected by either of the two Zones involved.
- .5 **Review.** Should the House of Delegates of any LSC mentioned in subsections (1), (2), or (3), or any Zone mentioned in subsection (4), disapprove the proposed changes, the proponents may submit the matter to the Legislation/Redistricting Committee at least one hundred (100) days prior to the next regular or special meeting of the USS House of Delegates.

Submission to the Committee shall be in writing; shall contain the name of the proponent(s), the name(s) of the club(s) involved, a record of vote(s) taken at any level certified in writing by an appropriate officer; and shall contain a summary of the rationale for the proposed change(s).

The Committee shall study the matter and hold a public hearing thereon at the time of the next annual meeting of the USS House of Delegates. The Committee shall then make recommendations to the House for its final determination.

Note: Redistricting procedures are now the responsibility of the Legislation/Redistricting Committee.

PART SEVEN

UNITED STATES MASTERS SWIMMING

1990 DIFFERENCES BETWEEN U.S. SWIMMING AND U.S. MASTERS SWIMMING RULES: A GUIDE

USMS follows Articles 101 and 102 of the U.S. Swimming Technical Rules with the following exceptions:

Starts, Strokes, and Relays

- **Forward start.** The forward start may be taken from the starting block, the pool deck, or a push from the wall. The starter shall direct the swimmers to assume a position with at least one foot at the front of the block, the edge of the deck, or on the wall before the command, "Take your mark." Those starting in the water must have at least one hand in contact with the wall or starting block.
- **Backstroke start.** *For short course yards events*, the feet may be placed in any position on the wall or on the gutter of the pool, and the swimmer may assume any desired starting position which does not remove either foot completely from the water, or either hand from the starting grips or pool edge. Standing in or on the gutter is not permitted at any time before the start. *For short course meters and long course meters events*, USMS and USS follow the same rules.
- **Backstroke.** Standing in or on the gutter (any course) and curling the toes over the lip of the gutter (short course meters and long course meters) is not permitted after the start.
- **Butterfly.** The breaststroke or whip kick may be used exclusively or interchangeably with the dolphin kick at any time during the race. However when the breaststroke or whip kick is used, the arms must be recovered over the top of the water at least once per breaststroke kick, except after the last such kick before the turn or finish.
- **Relays.** Relay swimmers who cannot exit the water quickly enough to prevent interference with automatic officiating equipment may be allowed to hold on to the lane line until all relays have finished, allowing them to exit the pool more slowly or via the ladders at the conclusion of the race.

Swimming Competition

- **Officials.** The minimum number of officials at USMS sanctioned or approved Masters swimming meets shall include the following:
 - 1 Referee
 - 1 Starter
 - 2 Stroke and Turn Judges
 - 2 Timers per lane (if automatic timing is not being used)

The referee and starter may double as stroke and turn judges, but the referee and starter may not be the same person. Effective January 1, 1992, one of the officials shall be a referee, starter, or stroke and turn judge certified by USS, YMCA, or other USMS-approved certifying bodies.

- **Timed Finals.** All masters events shall be conducted on a timed final basis.
- **Seeding.** Age groups and sexes may be combined so that no swimmer has to swim alone and lanes may be filled.

It is recommended that when swimmers are seeded by time and not by age groups, the fastest two swimmers in each age group shall not be seeded into outside lanes. It is recommended that they shall be moved inward one lane, or given the center lane in the next slowest heat, whichever is the most appropriate placement.

Seeding at meets other than national Championship meets may be either fast-to-slow or slow-to-fast. Seeding may differ for sprint and distance events. The meet announcement shall state the seeding for all events.

At the discretion of the meet director, competitors in the freestyle events over 200 meters may be required to swim two-to-a-lane when only one course is available for the event. When events are swum two-to-a-lane, obstructing another swimmer by swimming across or otherwise interfering may disqualify the offender, and the offender shall immediately be removed from the lane.

- **Scoring.** Use of the USS scoring system is recommended for all meets.
- **Records.** USMS records may only be established by USMS-registered swimmers in sanctioned or approved competition. Because swimmers from different age groups and sexes may compete in the same heat or event, a swimmer is not required to win his heat or event to establish a record.

Relay lead-off split times will not be considered for records or top ten times.

Required documentation for USMS records includes the referee's signature, as well as the tape from the automatic timing equipment or the time card bearing times and signatures from *three* timers.

- **Scratch Procedures.** Any swimmer or relay team not reporting for or competing in an event shall not be penalized.
- **Eligibility.** The eligibility of a participant for a particular age group will be determined by age as of the *last* day of the meet.

Long Distance Swimming

- **Costume.** Multiple swim caps and neoprene caps are allowed in any USMS long distance competition. Separate wetsuit divisions may be offered in non-National Championship events.

The UNITED STATES MASTERS SWIMMING RULE BOOK is available at a cost of \$6.00 from the USMS National Office, 2 Peter Avenue, Rutland, MA 01543.

ADAPTED COMPETITIVE SWIMMING

Purpose

The purpose of the Adapted Swimming Committee of United States Swimming is to assist the swimmers with disabilities to meet their competitive goals. This will be accomplished by:

- .1 Offering additional competitive opportunities that compliment already established disabled sports programs.
- .2 Sharing information on training and stroke development.
- .3 Encouraging local swim clubs to mainstream their training programs in order to include the disabled swimmer and expand their training opportunities.
- .4 Providing United States Swimming officials to assist at swimming competitions for swimmers with disabilities.

The United States Swimming volunteer is encouraged to contact the national sport organization for the various disabilities and their local chapter of the American Red Cross for additional information and to enroll in the American Red Cross Adapted Aquatics Course. The knowledge gained by taking this course will assist the local swim committee when including the swimmer with a disability in their swimming competitions.

The "Handbook for Adapted Competitive Swimming" has been written to assist in the development of swimming programs for the disabled. This Handbook includes rule modifications that will enable the disabled swimmer to compete with their non disabled peer, an information form which includes all information relevant to the swimmer's disability for the hosting club, a section on the responsibilities of the swimmer, the host club, descriptions of several disabilities; their causes, characteristics and effects upon the water and the rules governing swimming competitions for the disability groups.

The Handbook may be obtained by writing to Adapted Swimming Handbook, U.S. Swimming, 1750 E. Boulder St., Colorado Springs, CO 80909. Books are \$4.00 each.

PART EIGHT

LONG DISTANCE SWIMMING

I. ADMINISTRATION

A Organization

The Long Distance Swimming Co-ordinator shall be elected by the Program Operation Committee and will be responsible to the Program Operations Vice President for the conduct and administration of the Long Distance Program.

The membership of the Long Distance Swimming Committee of United States Swimming shall consist of the following:

- (1) Coordinator selected by Program Operation Division
- (2) An Administrative Vice Chairman
- (3) The National Long Distance Team Coach
- (4) Four Zone Long Distance Representatives
- (5) One National and Four Zone Athletes Representatives
- (6) At Large consisting of, but not limited to, Past Co-ordinator and National Team Coaches, Masters Liaison.
- (7) Ex-officio- LSC representatives, USS Staff.

B Registration and Sanctions

- (1) All Long Distance swimming athletes will be required to register with USS, and to conform to their respective codes, rules and regulations prior to competing.
- (2) Sanctions will be required for all Long Distance swimming events. LSCs are responsible for issuing sanctions for events involving USS athletes.
- (3) USS Events may be held in conjunction with masters or novice meets. The USS Sanction will apply only to those portions of the meet involving USS athletes. When two groups, i.e., masters and USS swimmers, compete at the same time, the race shall be considered as two separate meets. Under no circumstances should a USS and master swimmer be considered as part of the same competition.
- (4) Masters swimmers may compete in USS Long Distance meets providing they are duly registered and meet the criteria as is established in Article 304, and meet the entry requirements.
- (5) A swimmer may enter both the USS and USMS event that is being contested at the same time, but must choose either the USS or USMS event in which to compete and scratch the other.

C Rule

- (1) The rules for Long Distance Swimming in this Part of the Rules and Regulations may be altered, amended, repealed, or otherwise changed only upon the recommendation of the Long Distance Committee at the annual meeting of the House of Delegates.
- (2) The general provisions contained in Article 514 shall apply except amendment proposals to Part Eight Long Distance Swimming shall be considered by the Long Distance Swimming Committee for report and recommendation to the House of Delegates.

II. DEFINITION

Long distance swimming shall be defined as any freestyle swimming event over 1500 meters, normally conducted in a natural body of water; i.e., a lake, river, or ocean, although man-made pools, quarries and reservoirs may be used.

III. EVENTS

The long distance swimming events shall consist of individual or team competition as follows:

- A **Quarter-mile Straightaway** — The course shall be set in open water and shall be a quarter of a mile (440 yards) straightaway using a cable with floats stretched between two pylons or platforms fixed stationary in the water. The distance between the anchoring points of the cable shall be maintained within plus or minus six inches, measured to the outer edge of the turning pylons. The course shall be swum clockwise, unless it is deemed unfeasible to do so by the meet director. No more than twenty swimmers shall be placed in the first or subsequent rows. If more than one heat is required, every effort should be made to swim a counter clockwise heat. A stationary water start shall be used. The starting position will be determined by seed time. Records will be maintained in this event. If a race is stopped and swimmers are removed from the water for their safety, the Meet Manager will not restart the race if 1/2 mile has been completed. The last recorded 1/2 mile time for each swimmer will be used to place finishers.
- B **Open water distance events (includes rough water)** — As surf, beach tide and temperature and other physical factors vary, the meet director shall determine the course for open water events. The course should be measured as accurately as possible, with the aid of navigational charts if possible. The meet director shall determine the type of start to be used. As course distances and conditions are different, no records will be maintained; however, meet managers are encouraged to keep meet results. The distances shall be the same for both men and women and may be contested at the same time with separate results tabulated. Age group and other classifications may also be swum at the same time, again tabulated separately.

The meet managers are encouraged to establish entry requirements that ensure contestants will have a reasonable chance of completing the events. Time limits for completion may be set. When the time limit expires, all swimmers in the water will be required to retire from the race.

C Time/Distance Event (One hour swim for distance) – The object of the event is to determine who can swim the greatest distance in a given time period. The person swimming the farthest shall be declared the winner. The person swimming the second greatest distance shall be awarded second place, etc. In the event that two or more swimmers swim the same distance, a tie will be declared. The events shall be swum in a pool at least 25 yards in length. The distance shall be computed by multiplying the total lengths swum by the length of the pool and adding the last completed five yard increment; if the event is swum in a metric pool, the distance shall be determined in meters and converted to yards by multiplying 1.0936 times the number of meters completed and rounding off the distance to the last completed five yard increment. All distances shall be reported in yards. When the event is contested as a postal meet, the results are sent to a central location for tabulation. Each entrant will be responsible for the validity of the figures and the distance submitted. There shall be an adult acting in the capacity of a starter/head timer/referee (may be one person) present at all times, having no other responsibilities during the period of the swim. For each swimmer, there shall be a separate lap counter who shall record split times for every lap during the swim. A stop watch shall be used to time the event.

D Individual Long Distance Swims – Swims must be sanctioned and conducted by the appropriate governing body or its designee in accordance with all pertinent rules and regulations. All information relative to the swim shall be made public and available to any interested person at least three days before the event. If the event is to be swum in more than one LSC, the LSC where the attempt will start will have jurisdiction in issuing the sanction. This does not prohibit the other LSC from issuing a sanction for the event. If more than one swimmer is attempting to swim, only one sanction need be issued. All times achieved in long distance individual attempts shall be duly certified and made a matter of record by the appropriate governing body or its representatives. Further, a copy of the above should be sent to the National Long Distance Coordinator who will be responsible for maintaining records of all attempts. The certification should include:

- (1) Swimmer(s) name, age, sex and registration number.
- (2) Governing body sanctioning the event.
- (3) Course: to include name of body of water, starting and finishing points and measured distance.
- (4) Verifications and documentation that all rules were observed and the swimmer(s) either completed or failed to complete or attain the distance.

E Team Events

- (1) A team event may be contested on a total time or point-system basis. Clubs may enter any number of swimmers in the Team Event. The first three (3) swimmers from a club to finish, will automatically comprise the "A" Team. The next (second) three (3) swimmers from the same club to finish will be considered the "B" Team, etc.
- (2) The team whose top three swimmers have the lowest cumulative time or the greatest cumulative total yards shall be declared the winner. A similar method will be used to determine second, third and subsequent places. In

the event of ties, the team whose individual member finished nearest to first place shall be declared the winner or awarded the place.

- (3) **Point Basis.** Points are awarded on the basis of finishing position. One point for first place; two points for second place, etc. The points of the members are added together, and the lowest cumulative score determines the winning team; the second lowest score, the second place, etc. In the event that two or more teams score the same number of points, the team that has the swimmer who won or finished closest to the first place shall be declared the winning team.
- (4) All entries must be made by clubs and signed by an authorized official of the club making the entry.
- (5) Team awards will be presented only to swimmers involved in the team's point or time totals.

F Relays — Relay teams shall consist of six swimmers. The team members shall rotate in the same order throughout the event. The time each swimmer is required to spend in the water shall be specified on the entry form. The changeover to the new swimmer will be made as soon as is practically possible after the previous swimmer has completed his respective leg. In the exchange, physical contact must be made between the two swimmers.

IV. SAFETY PRECAUTIONS

- A** Each competitor is strongly encouraged to have a complete medical evaluation before competing in any long distance swimming event.
- B** As conditions and courses vary, it is the responsibility of each swimmer to know and follow the safety standards necessary to protect himself or herself from any and all dangers. The meet manager can assist this endeavor by:
- (1) Obtaining necessary permits/approvals from the US Coast Guard, Park Authorities, Life Guards Associations, etc.
 - (2) Providing accurate maps, with course descriptions and other pertinent information with entry forms and meet information packets.
 - (3) Planning for possible medical evacuations.
 - (4) Assigning rescue/aid personnel and craft.

She makes it look effortless.

Reflecting the thousands of hours she's practiced and honed her skills, until every muscle responds in unison

to the command for perfection. It is this dedication, this courage to face competition boldly and without compromise, that has inspired Phillips Petroleum to proudly sponsor United States Swimming since 1973.

And we'll be national sponsor for years to come. Because we believe that with every leap of grace and form, we are watching the future of our nation take shape.
