1.3 Comprehensive Selection Process:

This Section 1.3 sets forth the steps by which Available Swimmers will be Selected to the Team. The process of determining who is eligible to be Selected to the Team will take place on or before December 5, 2023, after completion of the Qualifying Competitions. The results from the application of these Selection Procedures will be announced on or before December 8, 2023, although USA Swimming retains the right to make changes to the results to address withdrawals, vacancies, and applicable World Aquatics invitations through the entry deadline (time and date TBD).

1.3.1 Team Size.

The maximum allowable Team size is 6 men and 6 women total. However, only a maximum of 2 men and 2 women will be Selected to the Team in each of the Events at the Championships (i.e., 2 swimmers per gender in the 5K, 10K, and 25K, respectively). The actual Team size will be determined once these Selection Procedures have been implemented. For purposes of these Selection Procedures, the men's and women's components of the Team will be considered separately. USA Swimming is under no obligation to Select to the Team a full team of 6 athletes in each, or either, gender. Transgender athletes shall compete at the Championships consistent with USA Swimming, IOC, World Aquatics, USOPC, and Championships' Organizing Committee policies and criteria.

1.3.2 Qualifying Competitions. Performances at the Qualifying Competitions will be used to determine the Team by using the priority system in Section 1.3.4, in addition to the Selection method described in Priority #3.

1.3.3 [Intentionally Left Blank]

1.3.4 Application of Priorities for Team Selection. These Priorities will be applied on or before December 5, 2023, after completion of the Qualifying Competitions. Available Swimmers not qualifying via one of these priorities will not be Selected to the Team unless they are subsequently added to the Team as a replacement according to Section 4. If, after applying

the priorities below, as well as the procedures in Sections 1.3.5 and 1.3.6, there are fewer than 6 men or 6 women, or both, on the Team, then USA Swimming will not field a full Team, unless the Team is filled as a result of adding one or more replacements as provided in Section.

Priority #1. Any Available Swimmer who finishes in the top 8 at the 2023 World Aquatics Championships will be Selected to the Team, with the opportunity to compete in the 5K, 10K, and 25K Events at the Championships. However, Available Swimmers Selected under Priority #1 must agree to swim at least the 10K at the Championships; if an Available Swimmer declines to swim the 10K, they will not be Selected to the Team under Priority #1 and they are no longer an Available Swimmer. Additionally, should an Available Swimmer decline the 5K and/or 25K Events at the Championships, then that Available Swimmer will no longer be considered an Available Swimmer for those Events that they declined. Note: No more than 2 U.S. swimmers per gender will compete at the 2023 World Aquatics Championships.

Priority #2. The best finishing Available Swimmer from the Israel Open Water World Cup will be Selected to compete in the 5K, 10K, or 25K Events at the Championships, if any of those Events are not full (i.e., there are not already 2 Available Swimmers Selected to the Team in that gender in an Event). If the Team is not full after the best finishing Available Swimmer from the Israel Open Water World Cup accepts or declines Events at the Championship, the second best finishing Available Swimmer from the Israel Open Water World Cup will be Selected to compete in the 5K, 10K, or 25K Events at the Championships, if any of those Events are not full. This process shall continue until 2 men and 2 women are Selected in each Event at the Championships.

Priority #3. Priority #3 will only be implemented if the Team is not full after applying Priority #1, the Israel Open Water World Cup is cancelled, and USA Swimming cannot find a replacement race (or should the cancellation occur after the entry deadline). Under Priority #3, USA Swimming will Select the Available Swimmer on the Open Water National Team with the fastest Long Course 1500-Meter Freestyle time between the time period of January 1, 2022 and December 2, 2023 as reflected in USA Swimming's SWIMS database by 11:59 PM MT on December 2, 2023 (<https://www.usaswimming.org/times>). Priority #3 will only be used to Select the Available Swimmers in the 5K and 10K Events at the Championships. Available Swimmers Selected to compete in the 5K and 10K Events at the Championships via Priority #3 will have the option of filling any remaining vacant positions in the 25K Event but no new Available Swimmer will be Selected to the Team solely for the purposes of filling the 25K via Priority #3, if the 25K is the only Event still not full.

1.3.5 Breaking a Tie.

- (a) In the instance where there is a tie between two Available Swimmers under Priority #1 at the 2023 World Aquatics Championships, both Available Swimmers will be Selected to the Team under Priority #1 and will be given the opportunity to swim the 5K, 10K, and 25K Events at the Championships.
- (b) In the instance where there is a tie between two or more Available Swimmers at the Israel Open Water World Cup, the Available Swimmer with the fastest Long Course 1500-Meter Freestyle time between the time period of January 1, 2022 and December 2, 2023 as reflected in USA Swimming's SWIMS database by 11:59 PM MT on December 2, 2023 (<https://www.usaswimming.org/times>), will be

Selected to the Team and will have the opportunity to swim in any remaining unfilled Events. If this does not break a tie, the tie will be broken by random draw.

- (c) In the instance where there is a tie between two or more Available Swimmers in Priority #3, the Available Swimmer with the fastest Long Course 800-Meter Freestyle time between the time period of January 1, 2022 and December 2, 2023 as reflected in USA Swimming's SWIMS database by 11:59 PM MT on December 2, 2023 (<https://www.usaswimming.org/times>), will be Selected to the Team and will have the opportunity to swim in any remaining unfilled Events. If this does not break a tie, the tie will be broken by Random Draw.

Announcement. Those officially Selected to the Team will be announced on or before December 8, 2023, after completion of the Qualifying Competitions.

1.3.6 Selection of Swimmers for Events.

- (a) Available Swimmers Selected to the Team under Priority #1 will have the opportunity to compete in the in the 5K, 10K, and 25K Events at the Championships. However, Available Swimmers Selected under Priority #1 must agree to swim at least the 10K at the Championships; if an Available Swimmer declines to swim the 10K, they will not be Selected to the Team under Priority #1 and they are no longer an Available Swimmer. Additionally, should an Available Swimmer decline the 5K and/or 25K Events at the Championships, then that Available Swimmer will no longer be considered an Available Swimmer for those Events that they declined.
- (b) Available Swimmers Selected to the Team under Priority #2 will have the option to swim any of the remaining open Events at Championships (but must swim at least one Event at the Championships). However, Available Swimmer(s) Selected to compete under Priority #2 must agree to swim at least the 10K Event at the Championships.
- (c) If there is a vacancy in an Event that arises on or after December 5, 2022, the replacement process in Section 4 will be used to fill the vacancy in that Event(s).

1.3.7 Limit on Eligibility. Notwithstanding the priorities set forth above, under no circumstance will USA Swimming Select an Available Swimmer for the 25K Event at the Championships if the Available Swimmer finishes outside of the top 25 at the Israel Open Water World Cup.

2 DISCRETIONARY SELECTION

2.1 Provide rationale for utilizing discretionary selection (if any):

All swimmers who are Selected to the Team shall be eligible for selection to relays to be held at the Championships. Those swimmers who are selected to the 2024 World Aquatics Championships (Pool) are also eligible for selection to relays to be held at the Championships. The Director, National Team Open Water shall select the athletes for each relay conducted at the Championships, with the advice and consent of the Head Coach. In selecting the relay teams, the Director, National Team Open Water shall consider all available relevant information, including but not limited to, and in no particular order, each Team member's respective Qualifying Competition performances, past relay performances, Championships performances, personal best performances, Championships Event schedules, individual workload, other recent results and

performances, consistency of performances, fatigue, health, fitness levels, training preparation, scientific evaluation, attitude, and team chemistry.

2.2 Specify the process that will be used to identify and handle any potential conflicts of interest involving a member of the committee.

The Director, National Team Open Water (or his/her designee) will be responsible for relay selection, with the advice and consent of the Head Coaches and Assistant Coaches. Should the Director, National Team Open Water have a conflict of interest, as determined by USA Swimming's Ethics Committee, his/her designee will be responsible for relay selection, with the advice and consent of the Head Coaches and Assistant Coaches. All involved in relay selection must comply with USA Swimming's Statement of Ethics and Conflict of Interest Policy, to include completing and submitting a disclosure form for review by the Ethics Committee.

Anyone involved in relay selection who has an actual, possible, or perceived conflict of interest must disclose to the Ethics Committee, prior to the start of the relay selection process. The Ethics Committee may determine that this individual must disclose the conflict to the others involved in relay selection and/or recuse him/herself from selection and/or voting. A conflict of interest exists when a personal, family, financial, professional, club, team, or business interest of the person poses a direct or indirect relationship, connection, or affiliation, past or present, with an athlete in contention for relay selection that could compromise the individual's ability to participate in selection in an unbiased manner.

For example, if it is determined that an individual must recuse him/herself from voting, the Ethics Committee may still find that if he/she has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, he/she may, if requested by the others involved in relay selection, still provide such information, so long as it is provided in a fair and unbiased manner and the individual with the conflict does not vote. The individual must not otherwise influence others in selection.

3 REMOVAL OF ATHLETES

3.1 USA Swimming has jurisdiction over potential selectees. An athlete who is to be Selected to the Team by USA Swimming may be removed as a selectee for any of the following reasons, as determined by the Director, National Team Open Water, the Managing Director, National Team, and the USA Swimming Athletes' Advisory Council ("AAC") Chair:

3.1.1 Voluntary withdrawal. An athlete may choose to voluntarily withdraw from the Team. An athlete choosing to voluntarily withdraw from the Team, or from consideration for the Team must do so in writing and is strongly encouraged to submit a written letter to the Director, National Team Open Water and the Managing Director, National Team by December 2, 2023. Athlete(s) who withdraw from the Team in the 10K Event must withdraw from all other Events at the Championships.

3.1.2 Injury or illness as certified by a physician (or medical staff) approved by USA Swimming. USA Swimming may remove an athlete who has an injury or illness, as certified by the approved the approved physician, that is likely to keep the athlete

from competing at peak levels in the Championships. If an athlete refuses verification of his/her illness or injury by the approved Team physician assigned to the sport of swimming (or medical staff), his/her injury will be assumed to keep him or her from competing at peak levels at the Championships, and he/she may be removed.

- 3.1.3 Failure to maintain necessary training regimen. An athlete may be removed if the Director, National Team Open Water, in consultation with the Head Coach, the Managing Director, National Team, the USA Swimming National Team Steering Committee Chairperson, and the Chair of the USA Swimming AAC, determine that the swimmer is unable or unwilling to maintain a training regimen that is necessary for peak performance at the Championships. If any of these individuals involved in the decision has a conflict of interest, they will not be part of the decision-making. (See Participation and Commitment Agreement, which will be provided prior to December 5, 2023.)
- 3.1.4 Any swimmer may be dismissed from the Team at any time if the swimmer violates any of the applicable World Aquatics, USA Swimming, or other rules and regulations applicable to the Team or its members, including without limitation applicable Codes of Conduct or Team Rules. In the event there is a violation and the swimmer is to be dismissed from the Team, upon request of the swimmer, there will be an emergency hearing held before USA Swimming's National Board of Review within 24 hours of the violation (or as soon as possible thereafter) to determine whether the proposed dismissal or other discipline is warranted.
- 3.1.5 If an athlete is alleged to have committed an anti-doping rule violation, that swimmer shall remain on the Team (or remain eligible to be Selected to the Team) until: (i) the swimmer is provisionally suspended or declared ineligible after a hearing conducted pursuant to the U.S. Anti-Doping Agency Protocol or by World Aquatics; (ii) the swimmer voluntarily accepts a provisional suspension or sanction of ineligibility; or (iii) the swimmer voluntarily withdraws from the Team or relinquishes eligibility to be Selected to the Team.
- 3.1.6 If an athlete is alleged to have committed a violation of the SafeSport Code for the U.S. Olympic and Paralympic Movements (the "SafeSport Code"), that athlete shall remain on the Team (or remain eligible to be Selected to the Team) until: (i) the athlete is provisionally suspended or declared ineligible after a hearing conducted pursuant to the SafeSport Code; (ii) the athlete voluntarily accepts a provisional suspension or sanction of ineligibility; or (iii) the athlete voluntarily withdraws from the Team or relinquishes eligibility to be Selected to the Team.

An athlete who is to be removed from the Team or an Event or from eligibility to be Selected to the Team, pursuant to these provisions, has the right to a hearing per the USA Swimming Bylaws (usaswimming.org), the USOPC's Bylaws, Section 9, the applicable anti-doping code/protocol or the SafeSport Code before such removal or declaration of ineligibility.

- 3.2 An athlete may be removed as a nominee to the Team or from the Team for an adjudicated violation of IOC, WADA, World Aquatics, USADA, and/or USOPC anti-doping protocol, policies, and procedures, as applicable or an adjudicated violation of the SafeSport Code.

4 REPLACEMENT OF ATHLETES

- 4.1 Describe the selection and approval process for determining replacement athlete(s) should a vacancy occur:

The pool of potential replacement athletes includes those individuals who meet the criteria set forth in this Section 4.

- 4.1.1. Prior to submission of Entries by Name to the Local Organizing Committee (Time and Date TBD).

If the Team is not full (fewer than 2 athletes in each Event as listed in Section 1.3.1) after an Available Swimmer declines a position in an Event for any reason, or Event positions otherwise become vacant, then the vacancy in any such Event(s) shall be filled by the next best finishing Available Swimmer from the Israel Open Water World Cup not already on the Team (or instead the next best Available Swimmer under Priority #3, if Priority #3 is implemented). This process shall continue until 2 men and 2 women are Selected to each Event. However, under no circumstance will Available Swimmers be eligible for Selection for the 25K Event at the Championships if the Available Swimmer finishes outside of the top 25 at the Israel Open Water World Cup.

- 4.1.2. After submission of Entries by Name to the Organizing Committee:

After Entries by Name have been submitted to the Local Organizing Committee (time and date to be determined), USA Swimming will attempt to fill any vacancy in only the 5K and 10K Events with the next best finishing Available Swimmer from the Israel Open Water World Cup (or instead under Priority #3, if Priority #3 is implemented), but there are no guarantees that USA Swimming will be successful in doing so. For the 25K Event at the Championships, USA Swimming will not fill any vacancy from athletes who are not already Selected to the Team after Entries by Name have been submitted to the Local Organizing Committee; Available Swimmers already on the Team will have the option to swim the 25K based on the order of priority in which they were Selected for the Team. If the Local Organizing Committee does not accept the late entry for the 5K and 10K Events, USA Swimming will attempt to fill the vacancy in any Event(s) by an Available Swimmer already on the Team.

11. DISCLAIMER

These Selection Procedures are based on World Aquatics rules and regulations, as applicable and as presently known and understood. Any change in the Selection Procedures caused by a change in World Aquatics rules and regulations will be distributed to the affected athletes immediately. The Selection Procedures are based on the latest information available to USA Swimming. However, the Selection Procedures are always subject to unforeseen, intervening circumstances, and realistically may not have accounted for every possible contingency.

If circumstances cause the alteration or cancellation of any of the Qualifying Competitions listed in this document, these Selection Procedures will be revised.

Specifically, with regards to the Israel Open Water World Cup, should this event be cancelled or postponed so that it will not be completed before the entry deadline, USA Swimming will not Select any Available Swimmers under Priority #2. USA Swimming will attempt to assign a replacement race for Priority #2, but there are no guarantees that USA Swimming will be able to do so. USA Swimming will make an announcement regarding a replacement event no later than two weeks from the date that the Israel Open Water World Cup cancellation or postponement is announced. USA Swimming is under no obligation to find a replacement event for the Israel Open Water World Cup. Should the event cancellation or postponement occur on or after the entry deadline, or if USA Swimming is unable to find a replacement race, USA Swimming will not assign a replacement

race for Priority #2 and will instead implement Priority #3. Priority #3 will only be implemented in this scenario.

Additionally, if the 25K Event at the Championships is canceled before the Team departs the U.S. for the Championships, any Available Swimmers Selected to the Team to swim the 25k Event will be removed from the Team unless those Available Swimmers were also Selected to the Team to swim the 5K and/or 10K Event.

The terms and conditions of these written Selection Procedures shall take priority over any verbal explanation, clarification, or interpretation of the Selection Procedures, and an athlete relies on a verbal explanation, clarification, or interpretation of these Selection Procedures at his/her sole risk. Any request or question that would involve a formal clarification or interpretation of these Selection Procedures, or that would address an issue not otherwise covered in these Selection Procedures, should be submitted to the Director, National Team Open Water at USA Swimming in writing by no later than March 25, 2023, and the response to such request by USA Swimming must be provided in writing and, where appropriate, must be published promptly on the USA Swimming website.

An athlete who is Selected to the Team by virtue of an error or oversight by USA Swimming may be removed from the Team at any time.
