PART ONE

TECHNICAL RULES

All provisions under Part One, the Technical Rules, are effective beginning May 15, 1992, and until changed. Rules in effect on the first day of a meet shall govern throughout that meet.

All competitive swimming events held under Corporate sanction shall be conducted in accordance with the following rules which are designed to provide fair and equitable conditions of competition and promote uniformity in the sport so that no swimmer shall obtain unfair advantage over another.

It is recommended that the LSC and regional short course and long course championships be held annually and that they be conducted under the rules governing national championships (Article 206), subject to available facilities and personnel. Events other than such championships may use Article 206 as a guide, subject to local conditions and preferences.

It is not the purpose of the Rules and Regulations of United States Swimming (the national governing body) contained herein to set standards of care for the safety of the swimmer. Safety considerations should be addressed by the swimmer, the swim coach and the local public entity or pool owner where events are held.

ARTICLE 101

INDIVIDUAL STROKES AND RELAYS

101.1 BREASTSTROKE

1. Start — The forward start shall be used.

2. Stroke — From the beginning of the first arm stroke after the start and after each turn, the body shall be kept on the breast and both shoulders shall be in line with the water surface. The arms shall move simultaneously and in the same horizontal plane without any alternating movement. The hands shall be pushed forward together from the breast, on, under, or over the water and shall be brought back on or under the surface of the water. The hands shall not be brought beyond the hip line, except during the first stroke after the start and each turn. Some part of the swimmer's head shall break the surface of the water at least once during each complete cycle of one arm stroke and one leg kick, in that order, except after the start and each turn the swimmer may take one arm stroke completely back to the legs and one leg kick while wholly submerged. The head must break the surface of the water before the hands turn inward at the widest part of the second stroke.

3. Kick — All vertical and lateral movements of the legs shall be simultaneous. The feet must be turned outward during the propulsive part of the kick movement. A scissoring, flutter, or downward butterfly kick is not permitted. Breaking the surface with the feet shall not merit disqualification unless followed by a downward butterfly kick.
101.2

.4 **Turns** — At each turn, the touch shall be made with both hands simultaneously at, above, or below the water surface, and the shoulders shall be in line with the water surface. The head may be submerged after the last arm pull prior to the touch, provided it breaks the surface of the water at some point during any part of the last complete or incomplete cycle preceding the touch. Once a touch has been made, the swimmer may turn in any manner desired. The shoulders must be at or past the vertical toward the breast when the feet leave the wall and the form prescribed in .2 above must be attained from the beginning of the first arm stroke.

.5 **Finish** — At the finish the touch shall be made with both hands simultaneously at, above, or below the water surface. The body shall be on the breast and the shoulders in line with the water surface. The head may be submerged after the last arm pull prior to the touch, provided it breaks the surface of the water at some point during any part of the last complete or incomplete stroke cycle preceding the touch.

101.2. **Butterfly**

.1 **Start** — The forward start shall be used.

.2 **Stroke** — After the start and after each turn, the swimmer's shoulders must be at or past the vertical toward the breast. The swimmer is permitted one or more leg kicks, but only one arm pull under water, which must bring him to the surface. From the beginning of the first arm pull, the swimmer's shoulders shall be in line with the water surface. Both arms must be brought forward over the water and pulled back simultaneously.

.3 **Kick** — All up and down movements of the legs and feet must be simultaneous. The position of the legs or the feet need not be on the same level, but they shall not alternate in relation to each other. A scissor or breaststroke kicking movement is not permitted.

.4 **Turns** — At each turn the body shall be on the breast and the shoulders in line with the water surface. The touch shall be made with both hands simultaneously at, above, or below the water surface. Once a touch has been made, the swimmer may turn in any manner desired. The swimmer's shoulders must be at or past the vertical toward the breast when the feet leave the wall.

.5 **Finish** — At the finish the touch shall be made with both hands simultaneously at, above, or below the water surface. The body shall be on the breast and the shoulders in line with the water surface.

101.3. **Backstroke**

.1 **Start**

A The swimmers shall line up in the water facing the starting end, with both hands placed on the gutter or on the starting grips.

B Prior to the command “take your mark” and until the feet leave the wall at the starting signal, the swimmer's feet, including the toes, shall be placed under the surface of the water. Standing in or on the gutter or curling the toes over the lip of the gutter is not permitted at any time before the start. A backstroke starting block may not be used.
.2 **Stroke** — Standing in or on the gutter or curling the toes over the lip of the gutter immediately after the start is not permitted. The swimmer shall push off on his back and continue swimming on the back throughout the race. Some part of the swimmer must break the surface of the water throughout the race, except it shall be permissible for the swimmer to be completely submerged during the turn and for a distance of not more than 15 meters (16.4 yards) after the start and each turn. By that point, the head must have broken the surface of the water.

.3 **Turns** — Upon completion of each length, some part of the swimmer must touch the wall. During the turn the shoulders may turn past the vertical toward the breast. If the swimmer turns past vertical, such motion must be part of a continuous turning action and the swimmer must return to a position on the back before the feet leave the wall.

.4 **Finish** — The swimmer shall have finished the race when any part of his person touches the wall at the end of the course.

**101.4. FREESTYLE**

.1 **Start** — The forward start shall be used.

.2 **Stroke** — Freestyle means that in an event so designated the swimmer may swim any style; except that in a medley relay or individual medley event, freestyle means any style other than butterfly, breaststroke or backstroke.

.3 **Turns** — Upon completion of each length the swimmer must touch the wall.

.4 **Finish** — The swimmer shall have finished the race when any part of his person touches the wall after completing the prescribed distance.

**101.5. INDIVIDUAL MEDLEY** — The swimmer shall swim the prescribed distance in the following order: the first one-fourth, butterfly; the second one-fourth, backstroke; the third one-fourth, breaststroke; and the last one-fourth, freestyle.

.1 **Start** — The forward start shall be used.

.2 **Stroke** — The stroke for each one-fourth of the designated distance shall follow the prescribed rules for that stroke.

.3 **Turns**

A Intermediate turns within each stroke shall conform to the turn rules for that stroke.

B The turns when changing from one stroke to another shall conform to the finish rules for the stroke just completed, and shall be as follows:

1. **Butterfly to backstroke** — The swimmer must touch as described in 101.2.5. Once a legal touch has been made, the swimmer may turn in any manner, but the shoulders must be at or past the vertical toward the back when the feet leave the wall.

2. **Backstroke to breaststroke** — The swimmer must touch the wall while on the back. Once a legal touch has been made, the swimmer may turn in any manner but the shoulders must be at or past the vertical toward the breast when the feet leave the wall and the prescribed breaststroke form must be attained prior to the first arm stroke.
101.6

(3) **Breaststroke to freestyle** — The swimmer must touch as described in 101.1.5. Once a legal touch has been made, the swimmer may turn in any manner.

4 **Finish** — The swimmer shall have finished the race when any part of his person touches the wall after the prescribed distance.

101.6. RELAYS

1 **Freestyle Relay** — Four swimmers on each team, each to swim one-fourth of the prescribed distance using any desired stroke(s). Freestyle finish rules apply.

2 **Medley Relay** — Four swimmers on each team, each to swim one-fourth of the prescribed distance continuously in the following order: first, backstroke; second, breaststroke; third, butterfly; and fourth, freestyle. Rules pertaining to each stroke used shall govern where applicable. At the end of each leg, the finish rule for each stroke applies in each case.

3 **Rules Pertaining to Relay Races**
   A No swimmer shall swim more than one leg in any relay event.
   B When automatic relay take-off judging is used, each swimmer must touch the touchplate or pad in his lane at the end of the course to have finished his leg of the relay race.
   C In relay races a swimmer other than the first swimmer shall not start until his teammate has concluded his leg.
   D Any relay team member and his relay team shall be disqualified from a race if a team member other than the swimmer designated to swim that leg shall jump into or enter the pool in the area where the race is being conducted before all swimmers of all teams have finished the race.
   E Each relay team member shall leave the water immediately upon finishing his leg, except the last member.
   F In relay races the team of a swimmer whose feet have lost touch with the starting platform (ground or deck) before his preceding teammate touches the wall shall be disqualified.

ARTICLE 102

CONDUCT AND OFFICIATING OF ALL SWIMMING COMPETITION

102.1. **EVENTS** — In planning any meet, careful consideration must be given the demands to be made upon swimmers, officials and spectators, in that order. Long, tiresome meets, with too many events and/or entries, often result in keeping small children up late at night. Meets should be planned to terminate within a maximum period of eight (8) hours of competitive events in any one day and to provide adequate meal and rest breaks and sheltered rest areas, properly supervised.

1 **SENIOR EVENTS**
   The following events for National Championships are recommended for LSC and other championship meets. Eligibility for these championships shall be determined by the LSCs involved.

3. **CONSOLIDATED EVENTS** — As a local option, an LSC may sanction freestyle events 400 meters/500 yards and longer and the 400 IM seeded as a single event for each sex in the order of submitted entry times without regard to the swimmers' ages. Places, awards, and published results for these events may be separate for each age group.

102.2. **ENTRIES - GENERAL RULES**

1. In any combination of events conducted on a single day at the same site when preliminaries and finals are held, no swimmer shall be permitted to compete in more than three (3) individual events per day.
102.3

.2 When timed finals are held, no swimmer shall be permitted to compete in more than five (5) individual events per day.

.3 In meets where a combination of preliminary and final events and timed finals are held, a swimmer may participate in only three (3) individual events per day, unless entered exclusively in timed final events on that day.

.4 The above restrictions on individual event entries apply regardless of the classification mixture and/or that separate meets are being conducted and such limitations shall be clearly stated in the meet information.

.5 In a mixed classification meet a swimmer may enter the same stroke and distance individual event in an age group and any other classification, provided the restriction on the number of events per day for the type of meet is not exceeded. The same entry time must be used for all repetitive entries.

.6 If qualifying time standards are used they may be made in
   A  A 25 yard or 25 meter course for short course events.
   B  A 50 meter course for long course events.

.7 If a meet or event has no qualifying time standards, swimmers with no established time for an event may enter that event with no submitted time.

102.3. SCRATCH PROCEDURES — Each swimmer shall inform himself of the meet starting time and shall report to the proper meet authorities promptly upon call. Meet announcements and advance information shall specify check-in and scratch procedures for individual and relay events and penalties for violation of those procedures.

102.4. RELAYS

.1 Relay teams may not compete unattached. In all cases relay teams must be composed of USS members of the same club, school or organization which is a member of the Corporation.

.2 Relays may be conducted on a timed final basis or with preliminaries and finals.

.3 Timed final relays shall be swum in seeded heats, with not more than two heats (which shall be the fastest heats) conducted during the final session of meets holding preliminaries and finals, and the balance of relay heats will be conducted during the preliminaries.

.4 Relays conducted as preliminaries and finals shall be seeded end conducted in the same manner as individual events.

.5 Organizations entering two or more relay teams in an event shall designate them on the entry blank as Team A, Team B, etc.

.6 The best time of each relay team shall be entered on the entry blank for seeding purposes and no change in time will be permitted.

.7 First and last names of swimmers eligible to compete in relay events shall be entered on the entry blank according to the relay event in which they will be eligible to swim. There is no limit to the number of eligible swimmers who may be listed.
The composition of a relay team may be changed between preliminaries and finals, except that all members competing on a relay team disqualified during preliminaries shall be barred from further competition in that event.

First and last names of competing relay swimmers, their ages, and their order of swimming shall be declared to the clerk of course (if used) or to the head lane timer immediately prior to the start of the relay heat in which such team is entered. No changes will be permitted thereafter.

The competing teams, first and last names of members and their ages, must be listed in the meet results.

102.5. LANE ASSIGNMENTS — SEEDING — COUNTERS

1 Preliminary Heats When Finals are Scheduled — In order to assure seeded positions, the heat competitive times of all entries must be submitted. These times shall be assembled (listed) by the meet committee with the fastest swimmer first and the slowest swimmer last. Swimmers whose submitted times are identical should be assigned places in the list by draw. Swimmers with no submitted times shall be considered the slowest and shall be placed at the end of the list by draw. Swimmers shall be placed in lanes under procedure outlined for finals seeding in 102.5.3. Swimmers shall be placed in heats according to submitted times in the following manner:

A Fewer than three heats

(1) If one heat, it may be seeded as a final heat and swum only during the final session, at the Referee's discretion.

(2) If two heats, the fastest swimmer shall be seeded in the second heat, next fastest in the first heat, next fastest in the second heat, next in the first heat, next in the second heat, etc.

B Three heats — The fastest swimmer shall be placed in the third heat, next fastest in the second, next in the first. The fourth fastest swimmer shall be placed in the third heat, the fifth in the second heat, and the sixth fastest in the first heat, the seventh fastest in the second heat, etc.

C Four heats or more — The last three heats of an event shall be seeded in accordance with B above. The heat preceding the last three heats shall consist of the next fastest swimmers; the heat preceding the last four heats shall consist of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted times within each heat, in accordance with the pattern outlined in 102.5.3.

D Exception — When there are two or more heats in an event, there shall be a minimum of three swimmers seeded into any one preliminary heat, but subsequent scratches may reduce the number of swimmers to less than three.

2 Swim-Offs — A swim-off is considered to be part of the total preliminary process of qualifying for the finals. In no case may a swimmer with a faster time displace another who placed ahead of him within a heat according to the ballot system. If this situation results in disputed qualifications, all swimmers having times tied or within the disputed times shall swim-off to qualify for the disputed place or places in the final. The swim-off will be swum with three watches and
two judges on each of the swimmers' lanes and the ballot system or modified ballot system shall be used to determine the order of finish, except when automatic officiating equipment is used and is properly functioning. The official time for the swimmers involved shall be the time set in the original preliminary heat. This elimination may be held at any time set by the Referee, but not more than 45 minutes after the last heat of any event in which any one of these swimmers is competing in that session. In the case of a disqualification in a swim-off the swimmer so disqualified is relegated to the lowest qualifying position for which he is competing. Disqualification in a swim-off for a qualifying position in the championship finals shall not eliminate a swimmer from eligibility to compete in the accompanying consolation finals. If disqualifications leave a vacancy for the full complement of finalists, swim-offs shall be continued among the disqualified swimmers until a full complement of finalists is assured.

**Note:** It shall be the swimmer's responsibility to acquaint himself with all information pertaining to swim-offs, final events and the participants therein.

**.3 Finals** — In finals, the times to be considered are those times made in preliminary heats. If any qualifying swimmers have the same time their respective lanes shall be determined by draw. Lane assignments shall be made in descending order of qualifying times according to lanes as follows:

```
1 = Fastest time

**.4 Timed Finals**

**A Heats** — In order to assure seeded positions, the best competitive times of all entries must be submitted. The last heat shall be composed of the swimmers with the fastest submitted times, the next to last heat composed of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted times within each heat, in accordance with the pattern outlined in .3 above. When there are two or more heats there shall be a minimum of three swimmers or relay teams seeded into the first heat. The last heat should be a full heat, but the requirement of seeding three swimmers or relay teams into the first heat may result in failure to fill the last heat.

**B Places** — In timed finals, places shall be determined on a time basis, subject to the order of finish within each heat and based upon the ranking system used at the meet. Any ties resulting from the procedure used shall be
declared officially tied for awards and points, with no further attempt at resolution.

.5 Seeding of 50 meter events in a 50 meter course — 50 meter events swum in a 50 meter course shall be seeded as provided above. If the event is started at the turning end of the course, no change in the lane numbering shall be made, i.e., the lanes shall be numbered the same on both ends of the course.

.6 Counters
A. A swimmer in any individual swimming event of 400 yards or meters or more, except the individual medley, may appoint one counter to call lengths or indicate lengths by visual sign.
B. Verbal counters shall be limited to one per swimmer and shall be stationed at the end of the course opposite the starting end. They may use watches and signal intermediate times to the swimmer.
C. If visual counters are used, they may be stationed at the end or either side of the pool, beyond the halfway point toward the end of the course opposite the starting end. Visual counters may be lowered into the water at the end of the swimmer’s lane, provided that, in the opinion of the Referee, they neither physically aid the swimmer or interfere with another competitor or present any safety hazard.
D. The count may be in ascending or descending order.
E. In the event of official or counter error it is the responsibility of the swimmer to complete the prescribed distance.

.7 Distance Events — In 1000/1650 yard and 800/1500 meter freestyle events, the normal order of heats may be reversed by swimming the fastest heats first and alternating women’s and men’s heats. The meet announcement shall state the order of heats for these events.

102.6. AWARDS — When two or more swimmers tie for any place, duplicate awards shall be given to each of such tied swimmers. In such cases no awards shall be given for the place or places immediately following the tied positions. If two tie for 1st place, no award for 2nd place; if three tie for 1st place, no awards for 2nd or 3rd, and so on.

102.7. SCORING
.1 Dual Meets
   Individual events: 5-3-1-0
   Relays: 7-0

.2 Triangular Meets
   Individual events: 6-4-3-2-1-0
   Relays: 8-4-0

.3 All other meets
   Individual events:
   4-lane pools: 5-3-2-1
   5-lane pools: 6-4-3-2-1
   6-lane pools: 7-5-4-3-2-1
   7-lane pools: 8-6-5-4-3-2-1
8-lane pools: 9-7-5-4-3-2-1
9-lane pools: 10-8-7-6-5-4-3-2-1
10-lane pools: 11-9-8-7-6-5-4-3-2-1

Individual point values shall be doubled for relays.

When consolation and championship finals are swum, scoring shall be as follows:

Individual events:

6-lane pools (12 places):
   Final: 16-13-12-11-10-9
   Consolation: 7-5-4-3-2-1

7-lane pools (14 places):
   Final: 18-15-14-13-12-11-10
   Consolation: 6-6-5-4-3-2-1

8-lane pools (16 places):
   Final: 20-17-16-15-14-13-12-11
   Consolation: 9-7-6-5-4-3-2-1

9-lane pools (18 places):
   Consolation: 10-9-8-7-6-5-4-3-2-1

10-lane pools (20 places):
   Consolation: 11-9-8-7-6-5-4-3-2-1

Individual point values shall be doubled for relays, even when relays are swum as timed finals.

.4 **LSC Options** — For mixed classification meets, non-standard events, or when an additional (bonus) heat or only a single championship final heat is swum in some or all of the events, the LSC sanctioning the meet shall establish the scoring point values to suit the format of the meet. These point values shall be stated in the meet information.

.5 **Ties** — Where two or more swimmers tie for any place in any event the points credited to such place or places, if any, next in order shall be equally divided between such swimmers; i.e., if two tie for first place, the points to be credited to first place and the points to be credited to second place shall be added and divided one-half and one-half. If three tie for first place, the points credited to first, second, and third places shall be added and divided one-third, one-third and one-third, and so on for four or more tying for first place. The same is true for those tying for second place, third place, and whatever places there may be.

.6 **Disqualifications** — When a relay team or individual swimmer is disqualified, the following places will move up accordingly and points awarded to conform to the new places. Consolation finalists may not receive championship final placing. Alternates may not receive consolation final placing.

**102.8 CHANGE OF PROGRAM AND POSTPONEMENT**

.1 The order of events, as laid down in the official program, shall not be changed. The announced arrangement of heats in any event shall not be added to or
altered, except by the authority of the Referee, to the extent of consolidating the heats.

.2 At the Meet Referee’s discretion, events may be combined by age, sex, distance, and/or stroke provided there is at least one empty lane between such combined events.

.3 The entry provisions and starting time of any event, meet or portion thereof shall stand as stated on entry blank (except as permitted under .4 below) and may not be changed to an earlier time or date unless written notice of such change is delivered to each affected swimmer or his coach. If mailed, such notice must be postmarked no later than the entry deadline date stated on entry blank, and if lack of time prohibits mail notification, each affected swimmer must voluntarily agree in writing that he or she has been notified and is in accord with such change. Any affected swimmer or his coach may and should file a written protest with the Referee prior to running of event or meet if they do not agree to such change in time or date.

.4 Postponement or Cancellation

A If, prior to its commencement, unusual or severe weather or other conditions preclude the possibility of safely and effectively conducting a meet or an event, the meet committee may cancel or postpone it.

B Should a meet or event have actually commenced, and in the judgment of the Referee cannot safely and effectively continue because of weather conditions, or for some other compelling reason, the Referee, in his sole discretion, may suspend the meet or event until conditions warrant continuance. If circumstances do not warrant continuance, the Referee may cancel the meet or event, or postpone it to a future date or time, with the approval of the meet committee.

C A decision to cancel or postpone shall be final.

D Should an event have actually commenced but is terminated prior to an official finish, and is postponed to another time or date, it shall then be conducted between the swimmers who were officially competing in the event at the time of the termination.

E Entry fees for teams or swimmers may be refunded, in whole or part, at the discretion of the meet committee, upon cancellation of a meet or particular event. The decision of the meet committee on refunding may be appealed to the LSC Review Section for hearing under the provisions of Article 401.

102.9. COSTUME

.1 Design — Swimmer’s costume must be non-transparent and conform to the current concept of the appropriate. The Referee shall have authority to bar offenders from competition under this rule, until they appear properly costumed.

.2 Insignia — No swimmer shall be allowed to wear the insignia and/or name of any club or organization which he is not entitled to represent in open competition. He shall be permitted to wear the insignia and/or name of the organization he represents and he may wear the insignia of National Federation or Organizing Committees for Olympic, World, Continental or Regional Championships.
102.10

.3 Advertising

A In the competition venue or complex of all events conducted by and under the control of the Corporation or any LSC or division thereof, no swimsuit shall carry any visible marque or insignia in the form of advertising (except for designs or trademarks of members or Organizing Committees for Olympic, World, Continental and Regional Championships) other than the trademark on technical equipment or clothing, that is in excess of 16 sq. cm. (2.48 sq. in.) in area. A trademark may be repeated provided a name is used only once on a suit. Offenders may be barred from competition under this rule, until they appear properly costumed.

B Products involving tobacco, alcohol or pharmaceuticals containing drugs banned under IOC or FINA rules may not be advertised under .3A above, but the advertiser's name only may be used.

102.10. DISQUALIFICATIONS

.1 A disqualification can be made only by the official within whose jurisdiction the infraction has been committed.

.2 The Referee or designated official making a disqualification shall make every reasonable effort to seek out the swimmer or his coach and inform him as to the reason for the disqualification.

.3 Any swimmer who acts in an unsportsmanlike or unsafe manner within the swimming venue may be considered for appropriate action or penalty by the referee.

.4 A swimmer must start and finish the race in his assigned lane.

.5 Standing on the bottom during a freestyle race shall not disqualify a swimmer, but he must not leave the pool, or walk, or spring from the bottom. Standing on the bottom during any other stroke shall result in disqualification.

.6 Obstructing another swimmer by swimming across or otherwise interfering shall disqualify the offender, subject to the discretion of the Referee.

.7 Any swimmer not entered in a race who enters the pool or course in the area in which said race is being conducted before all swimmers therein have completed the race shall be barred from the next individual event in which he is entered on that day or the next meet day, whichever is first.

.8 Dipping goggles in the water or splashing water on the competitor's face or body prior to his next event shall not be considered as entering the pool unless the Referee finds that such action is interfering with the competition.

.9 Should a foul endanger the chance of success of a swimmer, the Referee may allow him to swim in the next round, or should the foul occur in the final he may order it re-swum. In case of collusion to foul another swimmer, the Referee may, at his discretion, disqualify the swimmer for whose aid the foul was committed, as well as the swimmer doing the fouling.

.10 No swimmer is permitted to wear or use any device or substance to help his speed or buoyancy during a race. Goggles may be worn, and rubdown oil applied if not considered excessive by the Referee.

.11 Grasping lane dividers to assist forward motion is not permitted.
.12 For relay disqualifications, refer to 101.6.3.

.13 The time and/or place of any swimmer or relay team disqualified either during or following an event shall not be recorded in the results of that event. If awards have been made prior to the decision to disqualify they shall be returned and made to the proper recipient(s) and if points have been scored by those disqualified the event shall be rescored.

.14 Time and/or place officially recorded for a swimmer shall not be nullified for violations occurring subsequent to such performance.

102.11. PROTESTS

.1 Until final action is determined, results of any race conducted under protest, or of any protested race, shall not be announced, and no prizes for that race shall be awarded or scoring points allowed unless the protest is officially withdrawn.

.2 Protests affecting the eligibility of any swimmer to compete or to represent an organization in any race shall be made in writing to the meet director or Referee before the race is held, and if the meet committee deems it advisable, the swimmer may compete under protest and it shall be so announced before the race. The meet committee shall immediately refer such protest to the review section having jurisdiction for adjudication at the earliest possible time.

.3 Protests against judgment decisions of starters, stroke, turn, place and relay takeoff judges can only be considered by the Referee of the meet.

.4 Any other protest arising from the competition itself shall be made within 30 minutes after the race in which the alleged infraction took place. If the protest is not resolved immediately the protester shall at that time file a written protest with the chairman of the LSC, or his representative, having jurisdiction over the event. If the LSC does not satisfactorily resolve the protest within ten (10) days, the protester may appeal in writing to the National Rules Chairman within the next five (5) days, for final adjudication which shall then be binding on all parties.

102.12. OFFICIALS

.1 All officials accepting an invitation to officiate at a swimming meet should arrive promptly and report immediately to the meet director.

.2 For all swimming meets or time trials except dual meets there should not be less than the following officiating positions filled or approved by the LSC in authority. Officials other than the Referee may act in more than one officiating capacity only when sufficient qualified officials are not available, but no one may simultaneously time and judge the order of finish.

1 Referee
1 Starter
3 Timers per lane
1 Clerk of Course
2 Lane Place Judges per lane or 2 Across-the-Board Place Judges
2 Stroke Judges and 2 Turn Judges or 2 Stroke & Turn Judges
Relay Take-off Judges
2 Recorders
2 Scorers
1 Recorder of Records
1 Announcer
Automatic Equipment Operators (as needed)

.3 When automatic officiating equipment is used in any competition, the placings and times so determined shall have precedence over the decisions of human judges and timers as outlined in 102.21.5. In case of malfunction, secondary information from a manual-electronic timing and judging device with one or more officials per lane or the prescribed ballot system of humans shall be used and integrated with primary information as outlined in 102.21.

.4 Minimum Number of Officials Required for Dual Meets
A Referee, who may also act as a stroke and turn judge.
B Starter
C One other stroke and turn judge (may be the Starter)
D Two scorers — one from each team.
E Announcer.
F Three timers for each lane.
G Relay take-off judges.
H Two across-the-board judges, one on each side of the pool at the finish line whose independent decisions as to the order of finish may be used for balloting.
I The visiting team may furnish officials as a courtesy, not a requirement.

.5 Officials For National Championships
A Officials for national championship meets shall be assigned by the National Officials Chairman with the approval of the National Events Coordinator.
B For all national championship competition the following officials shall be required and assigned but no more than those listed below shall be on deck at one time.
   1 Referee
   1 Starter
   1 Recall Starter
   1 Chief Judge
   1 Chief Timer
   2 Stroke Judges — 1 each side of pool
   1 Timer/Turn Judge per lane
   1 Timer/Take-Off Judge per lane
   1 Timer/Split Taker per lane
   4 Take-off Judges — 2 each side of pool
   1 Turn Judge per lane (at opposite end of pool from starting blocks)
   2 Clerks of Course
   4 Marshals
   2 Scorers
4 Recorders
1 Announcer
1 Recorder of Records
1 Press Steward
2 Automatic equipment operators.

C In addition to officials listed above, assistant referees and assistant chief judges may be assigned.

D All officials should be certified National Swimming Officials.

E All officials listed in 102.12,58 and required for National Championships must be members of United States Swimming, Inc.

102.13. REFEREE

1 Shall have full authority over all officials and shall assign and instruct them; shall enforce all applicable rules and shall decide all questions relating to the actual conduct of the meet, the final settlement of which is not otherwise assigned by said rules; can overrule any meet official on a point of rule interpretation, or on a judgment decision pertaining to an action which he has personally observed; shall also disqualify a swimmer(s) for any violations of the rules that he personally observes and shall at the same time raise one hand overhead with open palm. If he does not make such a signal there shall be no penalty.

2 Shall signal the starter that all officials are in position, that the course is clear, and that the competition can begin, before each race; shall assign marshals with specific instructions.

3 Shall give a decision on any point where the opinions of the Judges differ; shall have authority to Intercede in a competition at any stage, to ensure that the racing conditions are observed.

4 For LSC and local records only, may assign three (3) additional official timers on request to record a record attempt at initial distances in accordance with 102.22 and 104.2.1 E.

5 When automatic or manual-electronic officiating equipment is used and an apparent malfunction occurs it shall be his responsibility to make an immediate investigation to determine whether the swimmer finished in accordance with the rules and/or if there was an actual equipment malfunction.

6 He may at his discretion prohibit the use of any bell, siren, horn or other artificial noisemaker during the meet.

7 The Referee may modify any rule for a swimmer who has a disability identified in the "Handbook for Adapted Competitive Swimming". Such modification shall be based on recommendations of the National Sports Organizations for the identified disability. It shall be the responsibility of the swimmer or representative to notify the referee of the disability prior to competition.

8 When the meet sanction allows conducting the events by starting them from the alternate ends of a 50 meter course, the Referee shall establish the necessary administrative and officiating procedures to conform to Part One of the rules and local conditions.

9 Refer to 102.11 concerning protests.
102.14  STARTER

1 Preparation
   A Shall be provided with at least .22 caliber starting gun. An electronic starting horn with or without an underwater recall device may replace the gun start and recall herein.
   B Shall station himself within ten feet of starting end of pool at a point where gun flash is clearly visible to timers and gun report easily heard by starting swimmers.
   C Upon signal from Referee, assumes full control of swimmers until a fair start has been achieved.
   D Notifies swimmers of the distance and the event.
   E Optional Instructions
      Stroke(s) to be used and the order of swimming them.
      Number of pool lengths to be swum.
      Advise heat when a swimmer is attempting a time at an initial distance.
      For backstroke starts, the command, “Place your feet.”
      Notify relay swimmers that all but the last swimmer must leave the pool immediately upon completing their leg.

2 The Start
   A The Starter, upon receiving clearance from the Referee, (for all events except backstroke and medley relay) directs swimmers to step onto the back surface of the starting block or platform with both feet: the same distance from the front and remain there. Refer to 101.3.1 for backstroke start requirements.
   B After the Referee's whistle, the Starter instructs the swimmers and directs them to “take your mark,” to which they must immediately respond by assuming a starting position by moving at least one foot to the front of the starting block or platform. Sufficient time should follow “take your mark” to enable swimmers to assume starting positions, but no swimmer shall be in motion immediately before the starting signal is given.

3 Warning Signal — In all events 500 yards or longer except for relays, the starter or a designee shall sound a warning signal over the water at the finish end of the lane of the leading swimmer when that swimmer has two lengths plus five yards (meters) to swim. As an alternative, a bell warning signal may be given over each individual swimmer by a lane judge or timer in that lane.

4 False Starts
   A When a swimmer does not respond promptly to the command “take your mark” or false starts before the starting signal is given, the Starter shall immediately release all swimmers with the command “Stand Up” upon which the swimmers may stand up or step off the blocks. Any swimmer who enters the water or backstroker who leaves the starting area shall be charged with a false start, except that a swimmer who would otherwise be
charged with the false start may be relieved of the charge if the false start was caused by the swimmer's reaction to the command.

B All swimmers leaving their marks before the starting signal is given shall be charged with a false start, except that a swimmer who has false started because of the action or movement of another competitor may be relieved of the responsibility for the false start and a false start may be charged only to the offender. (Note exception for deliberate delay or misconduct.)

C In backstroke or medley relay events a false start may be charged to any swimmer who fails to maintain his feet and/or hands in a legal position after the first warning.

D When the starting signal is given and one or more swimmers have obtained an unfair advantage, all swimmers shall be recalled at once by a second signal.

E A swimmer can be charged with a false start by the starter or recall starter only if the Referee or an officially designated Assistant Referee has observed the violation and confirms that the violation occurred.

F The Starter shall indicate the swimmer or swimmers, if any, who are charged with a false start.

G Any swimmer who is charged with committing or causing a false start shall be disqualified and shall not be permitted to swim the event. This rule shall not apply to U.S. Swimming International events or to the Trials for Pan American, Pan Pacific, World Championships or Olympic teams, where current FINA false start rules shall apply except that all false starts shall be recalled.

H A swimmer shall not be disqualified for an illegal starting position at the start of the race charged with a false start if the race is permitted to proceed without recall. Enforcement of the correct starting position is the responsibility of the Starter, who may impose the appropriate penalty for violation before the starting signal is given.

.5 Deliberate Delay or Misconduct

A Any swimmer, who delays the start by entering water or by willfully or deliberately disobeying a Starter's command to step on the blocks or to take a starting position, or for any other misconduct taking place at the start, can be disqualified from the event by the Starter with concurrence of the Referee.

B A swimmer who fails to appear at the starting platform ready to swim in time for the initial start of his heat shall be disqualified by the Referee.

C Such disqualifications shall not be charged as a false start.

102.15. RECALL STARTER – A recall starter may be assigned to immediately discharge a gun or other sound device if the automatic equipment is not properly functioning on the starting signal or if a false start has been observed. The position of the recall starter and the type of signal to be used shall be made known to the swimmers. He may also be assigned to assist the starter in any desired manner. A recall starter is mandatory in United States Swimming Championships.
102.16. **JUDGES** — Shall have jurisdiction over the swimmers immediately after the race has begun.

.1 **Chief** — An overall "Chief Judge" may assign and supervise the activities of all stroke, turn, place and take-off judges and may report their decisions, or if desired any judging category may have a designated "Chief". Any "Chief" may act as liaison for his judges and may himself serve simultaneously in one of the judging positions and he shall assign those judges within his category.

.2 **Lane Place Judge** —

A Two lane place judges shall be stationed at the finish of each lane. Each shall activate a separate switch recording the finish of their lane swimmer, and each recorded impulse shall constitute their placement ballot. If only one such recorded placement decision per lane is possible with the available equipment, either a visual judge shall be assigned to each lane or an across-the-board place judge shall be assigned to provide the second ballot decision.

B It is not the responsibility of the lane place judge to determine if the finish touch meets the requirements of the appropriate stroke rules.

.3 **Across-the-Board Place Judge** — When limited personnel prevents assignment of lane place judges, two across-the-board judges, one on each side of the course, can be stationed near the finish and each shall judge the order of finish of all swimmers. Should both agree on all lanes, that shall be the official placement. If they disagree, the Modified Ballot System 102.2C.2 shall prevail. An across-the-board judge may record a tie if a place distinction cannot be made. He shall award each swimmer the highest place that may have been attained.

.4 **Stroke Judge** — Shall operate on both sides of the pool, preferably walking abreast of the swimmers during all strokes except freestyle, during which events they may leave poolside, at the Referee's discretion; shall ensure that the rules relating to the style of swimming designated for the event are being observed; and shall report any violations to the Referee on signed slips detailing the event, the heat number, the lane number, the swimmer's name and the infraction.

.5 **Turn Judge** — Shall operate on both ends of the pool; shall ensure that when turning or finishing the swimmer complies with the turning and finishing rules applicable to the stroke used; and shall report any violations to the Referee on signed slips detailing the event, the heat number, lane number the swimmer’s name and infraction observed.

.6 **Jurisdiction of Stroke and Turn Judges** — Before the competition begins the Referee shall determine the respective areas of stroke and turn responsibility and jurisdiction, which may include joint, concurrent, and coordinated responsibility and jurisdiction. The Referee shall ensure that all swimmers shall have fair, equitable, and uniform conditions of judging.

.7 **Relay Take-Off Judges** —

A After the start of the race, relay take-off judges shall stand beside the starting block of each lane so that they can clearly see both the touch of the incoming swimmer and the feet of the departing swimmer as they leave the
starting platform in that lane, and shall judge whether the swimmer is in contact with the platform when the incoming swimmer touches the end of the pool.

B Additional relay take-off judges may be assigned to each side of the course to observe two assigned lanes each. In which case a relay will be disqualified only if the lane take-off judge has reported an infraction and the assigned poolside take-off judge has confirmed the same infraction. If dual relay take-off judging is used, the lane and poolside take-off judges shall independently report infractions in writing without the use of the infraction hand signal. If poolside relay take-off judges are used they shall be assigned for all relay races throughout the meet.

C When automatic relay take-off judging equipment is available and in use, take-off judges will be assigned to each lane and stationed as described above. A team will only be disqualified when there is dual confirmation of an illegal take-off (i.e., visual and automatic equipment).

8 Infraction Signal — Upon observing an infraction within his jurisdiction, the Referee, stroke, turn, or relay take-off judge shall immediately raise one hand overhead with open palm. If the official does not do so, there shall be no disqualification.

Exception: Relay take-off judges as outlined in 102.16.7B.

102.17. Timers — In any race not timed with automatic or semiautomatic equipment (as provided in 102.21) the time for each competitor shall be taken by three timers stationed at or close to the finish. Each timer operates a manual watch (i.e., any hand-held mechanical or electronic timing device) that is both started and stopped by the timer as described below. These three timers are the official lane timers and their times must be individually recorded to determine the official time on the lane. Alternate or chief timers may substitute for an official lane timer only in the event of failure of a watch or its operator. No official lane timer may simultaneously determine time and place under any circumstances.

1 Chief Timer

A Assignment of official lane timers to their lanes shall be subject to the direction of the chief timer.

B The chief timer shall be responsible for delivery to the recorders of all official times as recorded by the head lane timers, including the times of disqualified swimmers.

2 Head Lane Timer — The chief timer designates one timer on each lane as the head lane timer. The head lane timer shall be responsible for the following:

A Determination that the proper swimmer is in his lane and that relay swimmers are swimming in the order listed on the lane timer’s card.

B Determination of and recording of all manual watch times.

C Assignment of one timer to take relay splits, and initial distance times.

D Determination of and reporting if the swimmer has delayed in touching or has missed the finish touch pad of an automatic timing device.
.3 **Official Lane Timers** — The three timers shall be placed directly over their assigned lane at the finish.

A Each timer shall look at the starter’s gun and start his watch at the instant of the flash or smoke. If an electronic sounding device is used, the watch shall be started by the flash of a strobe light, when available, or by sound.

B All watches shall be stopped when in the opinion of the timer any part of the swimmer’s body touches the wall.

C It is not the responsibility of the lane timer to judge if the finish touch meets the requirements of the appropriate stroke finish rule, unless assigned additional responsibility as a turn judge.

D All lane timers shall promptly report their times to the head lane timer or the designated recorder; present their watches for inspection, if requested, and shall not clean them until given the command to “clear watches” or until the Referee signals that the next race is ready to start.

E The time of each watch is recorded on the lane timer’s card, and the official time established as described below:

   (1) If all manual watches on all lanes provide digital displays to a resolution of 0.01 seconds the times shall be recorded as displayed to the hundredths of a second.

   (2) If dial watches are used, when the hand is not exactly centered on a mark, it shall be considered to be in the space between the marks and the reading shall be that of the following mark.

   (3) If the manual timing in any lane is by a mixture of dial and digital watches, the dial watches shall be read as described above and the time on the digital watches in all lanes shall be rounded up to the next full tenth whenever there is one-hundredth or more. (Example: 51.11 is recorded as 51.20.)

F Split times may be taken during a race by one of the lane timers upon request of the chief timer. The split hand (or function button) shall be stopped when any part of the swimmer’s body touches the wall. Split times shall be recorded on the lane timer’s card.

.4 **Alternate Timer** — There shall be at least one alternate timer who shall start his watch on every race with the starting signal, and whose time shall be used only to substitute in the event of failure of an official lane timer’s watch or its operator.

.5 **Official Time Determination** — Following proper watch reading and recording as described above for each lane:

A If the times of two of the three watches agree, that time shall be the official time.

B If all three watches disagree, the time of the intermediate watch shall be the official time.

C If, because of the failure of a watch or its operator, times from only two watches are available, the official time shall be the average of those two watches. When dial watches are in use and the times rounded to the next
slowest tenth as described in 102.17.3E(3), the official time shall be the average of those two watches in hundredths of a second. When the watches are read to the hundredth of a second, as described in 102.17.3E(1), any average resulting in thousandths of a second shall be rounded up to the next slowest hundredth of a second.

D If the official time is registered in tenths of a second, a zero shall be added and the official time recorded in hundredths of a second (two decimal places) for all purposes. (Example: 55.4 is recorded 55.40.)

102.18. CLERK OF COURSE

.1 The clerk of course shall be provided with an area clearly marked “Clerk of Course” where all swimmers must report as soon as their event is called.

.2 The clerk of course shall be provided with a list of the names of all swimmers in all events including relay swimmers in the order in which they will swim.

.3 All scratches which have occurred after the printing of the heat sheet shall be reported to the clerk of course. The clerk of course shall notify the Referee and scoring desk in writing of the failure of any swimmer to report.

.4 The clerk of course shall notify the swimmers to wait behind or adjacent to the starting position until the starter takes over control of the race and if they leave the area it will be their responsibility to return in time for their heat or event.

102.19. MARSHALS — Shall enforce warm-up procedures and maintain order in the swimming venue. The marshal shall have full authority to warn or order to cease and desist, and, with the concurrence of the referee, to remove, or have removed from the vicinity of the competition anyone behaving in an unsafe manner or using profane or abusive language, or whose actions are disrupting the orderly conduct of the meet.

102.20. SCORERS — Shall receive from the recorders the order of finish in timed finals, or consolation finals and championship finals for each event. They shall compile team and high-point scores as applicable.

.1 Ballot System

A In any race not timed with automatic officiating equipment (as provided in 102.21), the combined duties of the lane place judges and the lane timers shall be to determine placement and official times of the swimmers. Two lane place judges and three timers shall be assigned to each lane.

B The chief judge shall be responsible for delivery of the lane place judge’s cards to the scoring table where the scorers record the appropriate ballot value, including the ballots of disqualified swimmers, on the basis of one for first place selection, two for second, three for third, four for fourth, five for fifth, six for sixth, seven for seventh, eight for eighth. There are two sets of lane place judges and thus two ballots per lane for place.

C The chief timer shall be responsible for delivery of all the official times (including the times of disqualified swimmers) to the scorers who shall list them in numerical order beginning with the fastest official time per lane. This is for the purpose of assigning ballot values to each lane time. The fastest lane receives a ballot value of 1, the next fastest a value of 2, etc. For
identical times, equal ballot values are recorded, with the same progressive numerical assignment; (i.e., swimmers A, B, C, record identical times of 58.47 while swimmer D records time 59.05. Swimmers A, B, C, receive ballot values of 1 and swimmer D a value of 2. Should swimmers E and F [same race] have identical times of 60.00 they would each be assigned ballot values of 3, and continuing in this manner.)

D The scorers shall then eliminate disqualified swimmers and determine the order of finish of all swimmers in any heat or final event by adding the numerical value of three ballots for each lane. The lane (swimmer) having the lowest numerical total shall be declared the winner, the second lowest shall be second, etc. If these totals result in a tie for any place in a final race, no further attempt shall be made to resolve the tie.

E In preliminary heats, in no case may a swimmer with a faster time displace another who placed ahead of him within a heat according to the ballot system. If this situation results in disputed qualifications, the swimmers tied with or within the disputed times shall swim off the event within 45 minutes after the last heat or any event in which any one of the swimmers is competing in that session. The ballot system must be used to determine the qualifier(s) for the finals except when automatic officiating equipment is used and is properly functioning. The official time for the qualifier shall be the time set in the original preliminary heat.

.2 Modified Ballot System — When two across-the-board judges are used instead of lane place judges:

A Value will be assigned to each time and place decision as prescribed under the ballot system.

B If the two judge’s ballots for a contestant agree, that shall be the official place for that contestant.

C If all three ballots disagree, the Referee or his designate will evaluate all information and then determine the order of finish.

.3 Place Judging — The unanimous decision of the two (2) lane place judges as to placement takes precedence over official time in determining the order of finish in a race except where automatic equipment is used as outlined below.

102.21. AUTOMATIC OFFICIATING EQUIPMENT — No swimmer must ever be required to reswim a race due to equipment failure that results in unrecorded or inaccurate time or place determination. Automatic and manual electronic equipment shall be backed up by a secondary timing system and/or human officials.

In any meet in which automatic equipment is used, the following practices and procedures shall apply. No time may be used unless it is the official time using the procedures of this section. Split times recorded to the hundredths of a second by automatic equipment shall be acceptable for all purposes including records and qualifying times, provided that the swimmer completes the full scheduled distance of the event.
.1 Description of Equipment

A Automatic — Timing that is started automatically by a gun or horn start and is stopped at the finish of the race by the swimmer’s touch.

B Manual-Electronic — Timing that is started by a common start to all lanes (either manual or with a fixed-delay from the start signal, set to be equal to the manual delay at the finish). The finish is recorded by buttons pushed by timers at the finish touch of the swimmer. This timing may be a primary system if there are three (3) buttons per lane, each operated by a separate timer. A secondary system may use one (1), two (2), or three (3) buttons.

.2 Resolution (Timing Accuracy) — Timing is recorded to hundredths of a second. Any digits representing thousandths shall be dropped with no rounding-off. Identical times to the hundredth shall be ties, with swim-offs as required, to determine qualifiers or alternates for consolation or final heats.

.3 Equipment Location — The automatic equipment operators shall have an unobstructed view of the finish of the course.

.4 Secondary Requirements — It is required that the secondary system have a minimum of one (1) timer per lane. There must be at least one (1) manual watch per lane. If the secondary system is manual-electronic, the manual watches become a third system (a backup).

Note: An individual may simultaneously operate two dissimilar devices (one watch/one button), but not two similar devices (two watches or two buttons).

.5 Comparison and Ranking Procedures

A Placement and Ranking — When completely automatic or three (3) button manual electronic equipment is used as the primary timing, the placement and ranking of the swimmers shall be by integration of official times. The decision of human judges shall not be used for placement.

B Primary — All primary times which are free of malfunctions shall be the official times.

C Secondary — If there exists a time difference of .3 seconds or more (after correcting for a system timing error as described below, if required) between the primary and secondary (or backup) time in a given lane, a potential malfunction exists. If this potential malfunction is confirmed by other data such as; other watches or buttons in that lane; visual observation by equipment operators; or placement data by officials, the official lane time is the secondary time (after applying any required system timing errors).

D Secondary System Timing Error — The secondary system timing error is the simple average of the valid time difference between the primary and secondary times of the individual swimmers in a given heat. Any digits past hundredths are dropped with no rounding-off. This average is used to add (or subtract if appropriate) from the secondary time of a swimmer not having a valid primary time, to find that swimmer’s official time. This time is then used for ranking and placing. (See the following example of actual data.)

Secondary System Error = \( \frac{.09 + .17 + .05 + .16 + .08 + .14 + .12}{7} \) = .11 sec.

Official Secondary Time (Lane 5) = 51.35 + .11 = 51.46

b: Primary System Timing Error — When, through a start or other malfunction the primary system has a systemic error affecting the times of all lanes (but the relative order of finish is accurate) the determination of this error is made by comparison with accurate timing information (usually the lane manual watch times). This comparison and determination is done in the same manner as in the secondary system error calculations. The primary time for all swimmers is determined by adding (or subtracting if appropriate) this system error to the time of each swimmer in the heat. This preserves the order of finish, the relative time of each swimmer in the heat, and the accurate times of the full heat, so that integration and comparison with swimmers in other heats results in fair placement for all swimmers.

102.22. OFFICIAL TIME

.1 An Official Time shall be achieved in USS sanctioned or USS approved competition in accordance with all applicable rules. It may be achieved in:

A A preliminary or final heat.

B A swim-off held to determine qualifiers or alternates for consolation or final heats.

C A lead-off leg in a relay.

D A split time recorded for an initial distance within a longer event, provided the swimmer completes the event or the lead-off portion of the relay.

E A time trial or record attempt.

.2 Official time for any swimming event can be achieved only in the relevant stroke/event; (i.e., backstroke time must be achieved in a backstroke event.) Times achieved in a freestyle event can only be recorded as a freestyle time regardless of the stroke used.

.3 The official time to establish records, times of record and qualifying time standards can be achieved only in accordance with the following timing methods:

.4 World records may be established only when timed by completely automatic timing equipment.

.5 It is the meet sponsors’ or meet director’s responsibility to provide a proper back-up timing system for all events so that swimmers are assured of achieving official times meeting the above requirements.

.6 A backup time adjusted for system timing errors in accordance with the methods described in 102.21 may be used as an official time equal to the level of the timing system to which it has been adjusted.

**102.23. ANNOUNCER** — Before the start of each event he shall announce the number of heats and the method of qualifying. At the start of each heat he shall announce the lane, the name of each swimmer and club affiliation or if unattached. Promptly after the finish of each event he shall announce the results as given him by the recorders. He shall make any other announcements as requested by the Referee, the clerk or the management.

**102.24. RECORDER OF RECORDS** — Shall obtain from the official recorders all times made in each event, including preliminaries and finals, shall have proper application forms and shall duly process all record claims as set forth in Article 104.

**102.25. RECORDER** — There shall be two (2) recorders and the number of assistants deemed necessary to receive and record all times and all disqualification for all preliminaries, consolation finals and finals of each event, and to furnish all pertinent information to the recorder of records, scorers, press, TV, announcer and meet secretary.

**102.26. PRESS STEWARD** — Shall obtain from the clerk of course and the recorders the names of all swimmers in each event, the results of each finish with times or record performances, and keep the press and TV personnel thoroughly informed on all details of the competition during the meet.
102.27. MEET DIRECTOR — Is appointed by meet sponsor. Responsibilities include, but are not limited to: ordering awards; obtaining sanction; preparation of facility; arranging for personnel, equipment, and supplies necessary for meet operation; processing of entries; printing of programs; arranging for appropriate publicity and media coverage; preparing and distributing summary of results 14 days after meet; and filing of LSC report.

102.28. SMOKING — Smoking and use of other tobacco products is prohibited on the pool deck, in the locker rooms, in spectator seating or standing areas, and in all areas used by swimmers, during the meet or during the warmup periods in connection with the meet.

102.29. ALCOHOLIC BEVERAGES — Sale and use of alcoholic beverages is prohibited in all areas of the venue, including, but not limited to, pool deck, locker rooms, spectator seating or standing areas, and in all areas used by swimmers.

FACILITIES STANDARDS

IMPORTANT: Swimmers are advised that United States Swimming, Inc., accepts no responsibility or liability for injuries resulting from accidents occurring in facilities not owned by United States Swimming, Inc., and strongly urges that all safety precautions be observed during sanctioned events.

103.1 DEFINITIONS
.1 /M/ = Indicates mandatory requirement for all competition.
.2 /NC/ = Except as noted otherwise, indicates mandatory requirement for National Championships and International Competition.
.3 /LSC/ = Predicated on facility availability, LSC's may waive strict compliance with these requirements in sanctioning local competition.
.4 Where dimensions are given, the dimension listed first shall govern and dimensions given in parenthesis are for reference only.

103.2 RACING COURSE DIMENSIONS —
.1 /M/ Length.
   A Long Course: 50.00 meters (164 feet and 1/2 inch).
   B Short Course: 25.00 yards or 25.00 meters (82 feet and 1/4 inch).
   C Dimensional Tolerance: Against the required length, a tolerance of plus (+) 0.03 meters (1 and 3/16ths of an inch) in a vertical plane extending 0.3 meters (12 inches) above and 0.8 meters (2 feet, 7 and 1/2 inches) below the surface of the water at all points of both end walls.
   D When automatic officiating equipment touch pads are used at one or both ends, the course shall be of such length that ensures the required distance between the two touch pads or between either pad and the opposite end of the course.
E When the racing course is fixed by the use of movable bulkheads, such bulkheads shall be designed to resist lateral deflection due to tension exerted by the attachment of the lane dividers to ensure the required course distance in all lanes.

F See Article 104, Rules for Swimming Records, for course measurements certification requirements.

2 Width.
A /NC/ Eight lanes, 2.75 meters (9 feet) center line to center line or width, with approximately 0.43 meters (1 foot 6 inches) of additional open water outside lanes 1 and 8.

B /M/ Minimum lane width for competitive swimming shall be 7 feet (2.13 meters) / AS/.

3 Water Depth.
A /NC/ 2 meters (6 feet 7 inches) deep throughout the course. Based on facility availability, Program Operations may waive this requirement for National Championships.

B /M/ Minimum water depth for racing starts during competition and practice shall be measured for a distance 3' 3 1/2" (1.0 meter) to 6' 6" (2.0 meters) from the end wall. Starting requirements and height of starting blocks shall be as follows:

1. In pools with water depth less than 3' 6" (1.07 meter) at the starting end, the swimmer must start from the deck or from within the water;

2. In pools with water depth 3' 6" (1.07 meter) to less than 4' 1.22 meter) at the starting end, starting platforms shall be no more than 18" (0.46 meter) above the water surface;

3. In pools with water depth 4' (1.22 meter) or more at the starting end, starting platforms shall meet the height requirements of Section 103.11.1.

Note: Local, state and municipal statutes, ordinances, rules and regulations, may have depth limitations in conflict with this Section 103.2.3. The LSC and all Member Clubs should check for this at all times.

103.3. /M/ RACING COURSE WALLS —

1 /M/ Permanent Course Walls enclosing the racing course shall be parallel and vertical. The end walls shall be at a right angle to the water surface and shall be constructed of solid material with non-slip surface that extends no less than 0.8 (2 feet 7 and 1/2 inches) below the water surface.

2 /M/ Movable Bulkhead Course Walls — If a continuous recessed hand grip is provided at or near the water surface in a moveable bulkhead, the horizontal dimension of the recess perpendicular to the bulkhead should be not less than six inches (.15 meters) and designed in a manner to prevent the swimmer's fingers from contacting the back surface of the recess.
103.4

103.4. /M/ POOL AND BULKHEAD MARKINGS —

.1 Pool bottom lane markers: Minimum 10 inch (25 centimeter) wide lines of a dark contrasting color (preferably black) shall be provided in the middle of each racing lane on the bottom of the pool. The lines shall, preferably, be uninterrupted the length of the course and shall terminate 2.0 meters (6 feet 7 inches) from each end wall with a distinctive cross line 1.0 meters (3 feet 4 inches) long and the same width as the bottom marker. /LSC/

.2 End wall targets: Flush, non-slip targets in a shape of a "T" or a cross and the same width as the lane bottom markers shall be provided in the center of each lane on each end wall of the course and shall extend at least 3 feet 4 inches (1.0 meters) below the level of the water surface. It is recommended that the top edge of the deck be of a contrasting color to provide a visual target above water at the end of the course. /LSC/

.3 The lanes shall be numbered from right to left as the swimmers stand facing the course. Lane numbers shall clearly identify the lanes to officials stationed on each side of the course.

103.5. /M/ OVERFLOW RECIRCULATION SYSTEM — The pool water recirculation and overflow system shall maintain water level in line with the overflow rim of the pool gutters without creating appreciable current or water turbulence and shall maintain smooth and calm water surface during competition. The pool recirculation system shall be turned off if, in the opinion of the Referee, the water movement interferes with the conduct of competition.

103.6. WATER AND AIR TEMPERATURE —

.1 /M/ Water temperature between 78 and 80 degrees Fahrenheit shall be maintained for competition.

.2 Air temperature within 8 feet above deck level in indoor facilities shall be not lower than 76 degrees Fahrenheit, with relative humidity maintained at about 60% and air velocity at about 25 feet per minute.

103.7. /M/ LADDERS — All ladders, steps or stairs within the racing course shall be recessed in the pool side walls or shall be removed during competition.

103.8. OTHER DECK EQUIPMENT —

.1 Use of portable lifeguard chair stands and other deck fixtures is recommended and they should be removed from the competition area to allow free passage and unobstructed view for competitors and officials along all sides of the course. /LSC/

.2 /M/ 1 meter diving boards which overhang the racing course shall be hinged out of the way or removed during competition.

103.9. /M/ LIGHTING —

.1 A minimum of one hundred (100) foot candle illumination level is required at the water surface over the entire course. Overhead light fixtures shall be located to avoid the casting of shadows by the pool walls over the racing course. /LSC/

.2 /NC/ At National Championships the same type and level of illumination that will be used for finals must be provided and maintained during the warmup period and preliminaries.
103.10. /M/ NO SMOKING SIGNS — No smoking indoors or outdoors shall be permitted in any area designated for swimmers and the facility shall be so posted.

   with the face of the end wall.

.5 Starting platforms shall be clearly marked with lane numbers visible to com-
   petitors and officials.

.6 Starting platforms shall be anchored to the dock or bulkhead to remain stable
   at all times.

103.12. /NC/ FLOATING LANE DIVIDERS —

.1 Floating lane dividers separating the racing lanes and on the outside of the outer-
   most lanes being used shall extend the full length of the course and shall be
   attached at each end wall with recessed anchors so located that the center line
   of the cable securing the dividers shall be at the surface of the water with bot-
   tom half of the floats uniformly submerged for the entire length of the divider.
   /LSC/

.2 Dividers shall consist of contiguous floats having a minimum diameter of 5 cen-
   timeters (2 inches) to a maximum of 11 centimeters (4 and 1/4 inches). The color
   of the floats extending from the walls the distance of 5 meters for long course
   and 15 feet for short course shall be distinct from the rest of the floats. Distinc-
   tive colored floats, or markers extending around the full circumference of the
   floats, shall be placed at 15-meters (49 2/3") from each end wall in both short
   course and long course pools. There shall be no exposed cables accessible to
   swimmers within the length of the racing course and the cable take-up spools
   and ratchet mechanisms shall be completely concealed with durable flexible
   covers. Damaged or broken floats shall be removed and replaced.

.3 A single line of dividers between racing lanes shall be used in long course com-
   petition. Multiple lines may be installed for short course competition, provided
   the width of open water between dividers is not reduced to less than 7 feet.
   /LSC/
103.13

.4 /NC/ Minimum 11 centimeter diameter floats shall be required for National Championships.

103.13. /MW/ BACKSTROKE FLAGS AND LINES –

.1 Design: At least three triangular pennants six (6) to twelve (12) inches in width at the base and twelve (12) to eighteen (18) inches in vertical length, of two or more alternating and contrasting colors shall be suspended over each lane during all warm-up periods and during competition for all backstroke, individual medley and medley relay events.

.2 Location:

A Long course: 5 meters (16 feet 5 inches) from each end of the course, 1.8 meters (5 feet 11 inches) above the water surface.

B Short course: 16 foot (4.67 meters) from each end of the course, 7 foot (2.13 meters) above the water surface.

C Height shall be measured to the horizontal line from which the pennants are suspended.

.3 For long course backstroke, individual medley, and medley relay events a firmly stretched 1/4 inch line without flags or pennants shall be suspended at midpoint of the course.

103.14. /NC/ LOUDSPEAKER START SYSTEM – An electronic sound generating device shall be provided to give the starting and recall signal. Loudspeakers may be mounted underneath or on the side of each starting platform, between every two platforms, on each side of the racing course, or positioned behind the starting platforms in such a manner that equitable dispersion of sound to all lanes is assured. The device shall also activate a strobe light, or similar optical signal, located on the starter's side of the course approximately 15 feet forward from the starting end, to indicate the start to manual timers and hearing impaired swimmers. The start system may include an underwater recall speaker and gun lap signal option.

103.15. /NC/ FALSE START RECALL ROPE – A recall rope to be dropped across the course in case of a false start shall be provided approximately 36 feet (11 meters) from the starting end in short course and 49 feet (15 meters) in long course competition. .1 /NC/ See Article 102.21 for Automatic and Manual-Electronic officiating equipment types and performance requirements. Equipment powered directly from the utility line electrical service shall have the capability to automatically switch
to stand-by battery power source in case of line power failure without affecting 
the continuity and accuracy of the timing system.

2 /M/ Installation and safety: Equipment shall be installed so that it will not inter-
fere with swimmers’ start, turns, or finish and the normal overflow functions of 
the pool water recirculation system. All deck-level wiring shall carry no more 
than 12 volts.

3 /NC/ Touch Pads:

A Size and thickness: Recommended pad size shall be 6 feet 3 inches (2 
meters) wide and not less than 2 feet (0.60 meters) deep. Minimum width 
of pads shall be 5 feet (1.52 meters). Thickness shall not exceed 3/8 of an

wall markings as closely as possible. Perimeter edges of the panel shall 
have a one inch wide black border.

C Sensitivity: Panels shall stop the timing system instantaneously by a light 
hand touch anywhere on the flat surface facing the racing course and the 
upper edge but shall not be activated by water turbulence.

D Panels shall be installed and firmly anchored in the center of each lane and 
shall have no sharp edges, corners, or other protrusions on any exposed 
surfaces.

E At the facilities in which competition to select U.S. Swimming National 
Teams for the Olympic Games, World Championships, Pan Pacific 
Championships and Pan American Games is held, the touch pads shall be 
minimum 0.9 meters (2 feet, 11 and 7/16 inches) high, 2.4 meters (7 feet,

ness. Such pads shall be installed at end of the course and shall extend 
0.3 meters each (11 and 13/16 inches) above and 0.6 meters (1 foot, 11 5/8 
 inches) below the water surface. (This requirement shall become mandatory 
for all National Championships beginning in 1982.)

4 Optional Accessories: Automatic officiating equipment may provide relay judg-
ing capability, automatic lap counting, split times’ readouts for all lanes, correction 
of erroneous touch, and television equipment tie-in. Any corrections or 
impulses generated by the equipment operators shall be clearly identified on 
the results printout.

5 Time display board:

A An automatic display board visible to all swimmers shall give a digital time 
read-out to two decimal places, displaying split times, final times, and 
places for all lanes. In the event of a tie, the place shall be displayed as a tie.

B /NC/ A separate line of display for each lane meeting the above requirements 
shall be provided for National Championships.

103.18. /M/ ELECTRICAL SAFETY — All permanent or temporary electrical con-
nections to the electronic loudspeaker start system, automatic officiating equip-
ment, and other electrical or electronic devices operating on line voltages in the vic-
ininity of the racing course shall be made only from a ground-fault circuit interrupter
104.1

(GFI) protected convenience receptacles or circuits. In the event such receptacles or circuits are not available in the facility used for competition, portable U.L. approved self-contained type GFI outlet fittings shall be provided (furnished and installed) at the non-protected convenience receptacles by the meet management, meet director, or the equipment operator(s) whenever such equipment is connected and in use.

ARTICLE 104
RULES FOR SWIMMING RECORDS

104.1. WORLD RECORDS

.1 May be established only in 50 meter pools and shall conform to the recognized distance, stroke and other current effective governing regulations of the Federation Internationale de Natation Amateur (FINA).

.2 All claims shall be telegraphed immediately following performance to the national headquarters. Supporting evidence must be filed on official United States Swimming record application forms, which must be in the national headquarters within 21 days following performance, with copy also sent to the national director of records. Responsibility for this filing shall rest with the meet recorder of records, official scorer, or LSC records chairman.

104.2. UNITED STATES SWIMMING (INC.) RECORDS

.1 General Requirements and Conditions for Records

A The official time for establishing specific records must be achieved and determined in accordance with Article 102.22.

B A record can be made only in still water.

C No record shall be considered which is applied for by or through a conference, league, LSC, allied member, or organizational member whose rules governing performance do not conform to these rules.

Exception: When such rules do not conform to these rules but performance by the swimmer is claimed to conform to them, application may be made to the Records Committee for consideration. Such application must be supported by documentary or other evidence of performance as may be requested by that committee.

D Record times registered by automatic equipment shall be submitted in hundredths of a second (two decimal places). If first place times are tied to 100ths seconds, the results shall be declared to be a tie and records shared by each swimmer thus tied.

E For LSC and local records only, unless prohibited by the LSC, the Referee, if requested, for the purposes of recording record attempts at an initial distance for an individual event or for the lead-off leg of a relay, may for any lane

(1) Permit the use of the split function button of digital manual watches where all three official lane timers on the lane are using digital watches with split function, or
(2) Assign three (3) additional official timers to the lane to time the record attempt.

       Note: Performances in this category require the swimmer(s) to complete the full distance of the scheduled event. No time recorded by a mechanical split hand can be used for records.

F Should the first swimmer on a relay team complete his leg in a record time for that stroke/distance, his performance shall not be nullified by any disqualification of his team members.

G A record set in a swim-off to decide placement or break a tie can be claimed if the ballot system or automatic equipment is used.

H To be eligible for a record a swimmer must have won his heat. Only the time of the winner is recognized for record purposes even though another swimmer may have a faster time but is disqualified by judge's or ballot decision. If the judge's or ballot decision results in a tie, all tied swimmers shall share the faster time of such finish. The requirement to win the heat does not apply when age or representation are condition to setting LSC or Age Group records, or to a U.S. citizen setting an American record in competition with non-U.S. citizens, or when it was achieved as the lead-off leg in a relay race or at an initial distance.

I When established in a course utilizing one or more movable bulkheads for endwalls, the length of each lane must be measured in accordance with 104.2.2C(4)(c).

J Record Attempts Against Time

       (1) Must be sanctioned by the LSC and conducted by the Local Swimming Chairman or his duly appointed representative in accordance with all pertinent rules, and all information relative to such attempt must be public and available to any interested person for at least three (3) days before the event. Programs, schedules, facility and other relevant fixtures may not be changed thereafter except as provided in 102.8.

       (2) All times achieved in such attempts shall be duly certified and made matter of record by the LSC or Record Chairman or their representative.

       (3) Record attempts against time are not acceptable for 16 Best Times or age group records.

C Special Requirements and Conditions

(1) Records established outside of the United States shall be applied for on official record application forms (this shall be the responsibility of the team leader), and are subject to all pertinent requirements of this Article 104. When an American record results from a world record performance outside the United States, it shall be accepted as such upon formal approval by the FINA without further certification.

(2) When a record is claimed an official record application form shall be filled out, signed by the designated officials, and transmitted immediately following performance, with all supporting data, including official meet results and the primary printout tape from the automatic officiating equipment, to the national headquarters. Forms must be in the national headquarters ten (10) days prior to the next regular meeting of the Board of Directors and copies shall also be sent to the national records chairman. Responsibility for this lies either with the LSC records chairman, recorder of records, or the official scorer of the meet.

(3) **Pool Certification**

(a) Record applications will not be accepted unless certification of course length accompanies them or is on file with USS.
(b) Pool certification shall be reported on the standard form available from the Executive Director.

(c) Certification data need only be filed once unless structural changes have occurred since original certification.

(d) Certification forms must be filed with both the Executive Director and the national records chairman.

(4) Pool Measurement

(a) The exact length of the course, measured by a steel tape or other acceptable measuring device in feet and inches and fractions of an inch, or in meters and centimeters, must be attested to by an accredited surveyor or engineer.

(b) A statement of the conditions under which the course was measured must be included.

(c) Where a moveable bulkhead is utilized, course measurement of each lane must be confirmed before each session of competition and at the conclusion of the meet. Confirmation of length before sessions, and at the conclusion of the meet may be attested to by that person designated or approved by the Referee or meet committee, and such measurements shall be kept on file for twelve (12) months thereafter if a national or world record is claimed.

(5) Pending record claims properly documented and approved by the national records chairman may be approved and declared effective immediately prior to any national senior swimming championship with approval of two members of the Board of Directors.

SANCTION/APPROVAL

Note: As the National Governing Body for open amateur swimming in the United States, and as the FINA Federation member for the country, the Corporation retains sole and exclusive authority to sanction and/or approve events within its jurisdiction, both domestic and international. The Local Swimming Committee (LSC) performs an administrative function for and on behalf of the Corporation in issuing sanctions and/or approval of events within its geographical boundaries.

202.1. JURISDICTION — Jurisdiction to sanction or approve all competitions, domestic and international, and all benefits, exhibitions, clinics, or entertainment, lies solely with the Corporation. Except as otherwise provided in these Rules and Regulations, a sanction or an approval is issued by an LSC, within whose geographical boundaries the event is held, as an administrative function for and on behalf of the Corporation. Those events open only to members of a single group member of the Corporation (closed events) do not require a sanction, although it may be issued by the LSC for and on behalf of the Corporation upon proper application by the group member.
202.2

202.2. REQUIREMENTS FOR SANCTION – Sanctions are issued, withheld or withdrawn in accordance with the following regulations:

.1 No sanction for domestic competition will be issued to any organization or person whose interest in amateur athletic competition is purely commercial, or where the event is to be promoted solely for the profit or the advertising value to be derived therefrom. Any income derived from sanctioned events must be used for the further promotion of swimming, for an approved charity, or for the general welfare of the promoting organization as a whole.

.2 Sanctions issued to one organization cannot be transferred to another. Any sanction so transferred shall be void for all purposes, and the L3C is empowered to deny further sanctions to any organization violating this provision.

.3 No further sanction shall be given to any organization which has failed to satisfy expense obligations to athletes or to award prizes as stated on its entry blank until the obligations are satisfied or the prizes awarded.

.4 No sanction will be granted for any event for which the word "Olympic", or any derivative thereof, is used in any manner in connection with said event unless consent is obtained from the Corporation.

.5 All sanctions must be signed by a designated member of the LSC, and a record thereof must be retained in a book kept for such purpose.

.6 The following clause will appear on all sanction application forms and on all forms upon which official sanctions are granted: "In granting this sanction it is understood and agreed that the Corporation shall be free from any liabilities or claims for damages arising by reason of injuries to anyone during the conduct of the event."

.7 Application for sanction must be accompanied by a copy of complete meet information, including a statement of the nature of prizes to be awarded.

.8 Application for sanction must be accompanied by a complete schedule of lanes and times for all warm-up procedures which must be adhered to by all participants. These must be distributed with meet information, posted throughout the pool area, announced periodically and on a regular basis, before and during the meet, and are to be monitored jointly by the meet director and the meet referee (or their special designees).

.9 The issuing LSC shall receive the following information regarding finances from every organization receiving a sanction (not applicable to events sponsored by the Corporation):

A Each organization shall, within ten (10) days after holding a sanctioned event, file with the issuing LSC an itemized statement listing the following items:

(1) The name, the LSC, and the club/organization membership, if applicable, of each swimmer and each representative of any swimmer to whom any payment of money or things of value was made.

(2) The amount of money paid to each athlete for transportation.

(3) The number of days and amounts of money each athlete was paid for meals and lodging.
The issuing LSC shall send a copy of the information required by this paragraph (a) to the home LSC of each swimmer to whom any payment was made.

B The LSC shall also require the organization to which a sanction has been granted to file, within 45 days after the event, a financial statement setting forth all receipts and disbursements in connection with the sanctioned event.

C The LSC may at any time require the organization to furnish, within 15 days after written request, all receipts and vouchers relating to the sanctioned event.

D No sanction to hold any athletic event of any kind shall thereafter be issued to an organization who has failed or refused to file with the LSC any statement or affidavit required under any subdivision of this section, until the statement or affidavit is filed, or until such time as the LSC may determine.

E Any athlete member of the Corporation, within 15 days after written request by any appropriate committee, shall file a sworn affidavit verifying or denying any item pertaining to him contained in 202.2.9A. He shall also furnish an itemized statement listing all monies or other things of value directly or indirectly received by him, or any member of his family, or any other person or organization, for expenses connected with or resulting from his entry, appearance, or participation in the event, together with receipts and vouchers for the same. Upon failure to furnish such affidavit, statement, receipts and vouchers, or satisfactorily to explain his inability to do so, the swimmer may be barred from further competition for such time as the LSC Review Section may determine.

.10 The sanction fee shall be as established by the LSC; those for national and international meets shall be established by the Board of Directors.

.11 For the sole purpose of improving competitive swimming, and with the written approval of the Rules Committee and the Legislation Committee of United States Swimming, an LSC may sanction events or meets for which waivers of specific provisions of Parts One or Two of USS Rules and Regulations have been granted for limited periods and under specified conditions. For purpose of issuing Official Verification Cards, the LSC OVC Official shall be responsible to ascertain that the conduct of competition conforms to all applicable USS rules and standards unless waivers granted by the LSC have also received written approval of the USS Verification Control Officer.

205.7. METHOD OF GRANTING AWARD

.1 A national championship can be awarded only to an LSC which is currently fully paid in dues and fees due to the Corporation. That LSC may assign the championship to a member in good standing of that LSC, who shall then assume full responsibilities as agreed to in writing.

.2 A bidder shall be provided by the Executive Director with a bid form, financial and operating agreements, and all other documents related to the responsibilities of the awardee in relation to conduct of the event.

.3 All bids for a championship meet made pursuant to the Rotation Award System shall be returned to the site selection chairman by April 1. Should all such bids be rejected, or should no bids be received by April 1, then all bids received after April 1, if any, shall be considered equally and without regard to the Rotation Award System.

.4 Program Operations shall consider only those bids presented by the Site Selection/Facilities Committee at the annual meeting and award of contract shall be finalized at that time.

.5 Upon approval of a bid, the bid shall be presented to the Board of Directors/ House of Delegates for acceptance of the bid. The contract shall be executed by all involved parties, including but not limited to the bidder, the President or Secretary of the Corporation, the National Events Coordinator, the LSC chairman and such other entity as may be designated.

.6 The failure of the Site Selection/Facilities Committee to present a bid from a facility within the designated area shall negate the rotation system for that round only. This shall not affect the future normal rotation of areas as provided above.

.7 Should the Site Selection/Facilities Committee fail to receive bids by April 1, or if all bids from the designated area are rejected, the chairman shall immediately notify the National Events Coordinator in writing of the available meets and dates. Bids from all areas may then be considered at the annual meeting of Program Operations.

206.8. ENTRY BLANKS AND INFORMATION BOOKLET

.1 The entry blanks and information booklet shall be prepared under joint direction of the National Events Coordinator, the Rules Chairman, the Meet Director, and the Executive Director. Printing, distribution and mailing of the entry blanks and information booklet will be the responsibility of U.S. Swimming. All data shall be approved in writing by the National Events Coordinator prior to printing and distribution.

.2 The entry blanks shall conform exactly to the standard format agreed upon by Program Operations, and no other shall be used.

.3 One set of the entry blanks and information booklet shall be sent by first class mail at least 90 days prior to the meet entry closing date to all LSC General Chairmen, LSC Senior Chairmen, LSC Coaches Representatives, LSC Registration Chairmen, permanent LSC offices and to all coaches of unattached swimmers and teams that were entered in the two immediately preceding national championships (one short course, one long course). The mailing list to be used shall be maintained by the Executive Director and updated following each national championship with the assistance of the meet director or that meet.

.4 The information booklet shall state qualifying times and procedures necessary for proof of entry times. (See 206.11)

.8 The closing date for entries in all national championship events must be at least one week before the first day of competition.

.9 It shall be the responsibility of the sponsor to ship the submitted entry blanks to the Executive Director immediately following the championships. Those entry blanks will be retained for a period of one year.

206.9. ENTRIES

.1 Entry blanks properly filled out and received prior to the meet entry deadline will declare the swimmer and/or relay team officially entered.

.2 In national short course and long course championships a swimmer may enter any number of individual events in which he has met the qualifying standard time, but he may participate only in the number of individual events equivalent to the number of days in the meet program, i.e., three individual swimming events and three relays in a three-day swimming program; four individual swimming events and three relays in a four-day swimming program; five individual swimming events and three relays in a five-day swimming program.

.3 If the Senior National Championships serve as a USS team selection or Trials Class meet, there shall be no limit to the number of events in which a competitor may enter and compete, subject to 102.2.1, provided the swimmer has met the qualifying time standards.

.4 Entry times for individual and relay events shall:

A Be achieved in accordance with 102.2.2, official time.

B Be submitted to hundredths of a second (100ths) only, unless recorded by manual watches in tenths (10ths) in which case a zero shall be added to the 10th recording.

C Be achieved during the following qualification periods —

(1) Qualifying entry times for the Spring Senior Nationals shall be achieved from the first day of the previous Junior or Senior Summer Nationals, whichever is earlier, until the entry deadline for the Summer Senior Nationals.

(2) Qualifying entry times for the Summer Senior nationals shall be achieved from the first day of the previous Junior or Senior Summer Nationals, whichever is earlier, until the entry deadline for the Summer Senior Nationals.

(3) Qualifying entry times for the Spring Junior Nationals shall be achieved from the first day of the previous Junior or Senior Summer Nationals, whichever is earlier, until the entry deadline for the Spring Junior Nationals.

(4) Qualifying entry times for the Summer Junior Nationals shall be achieved from the first day of the previous Junior or Senior Summer Nationals, whichever is earlier, until the entry deadline for the Summer Junior Nationals.
D A qualifying time achieved while participating in the U.S. Olympic Festival or representing the United States as a National Team member in international competition since July 1 of the previous summer shall also be eligible to enter the Senior National Championships.

.5 Times achieved at an altitude of 3,000 feet or above may be adjusted as follows:

<table>
<thead>
<tr>

<th>4251-6500 Feet</th>

(1) Subtract the time indicated above from the actual time achieved at altitude. This is the time to be used on the entry form and seeding will be based on that time. Information relative to the adjustment accompanying the entry form must include name of swimmer, event, date of performance, elevation location, actual time, corrected time and signature of coach.

(2) A swimmer or relay may use the above adjustments to meet the national qualifying time standard and seeding will be based upon that time.

.6 Entries are acceptable using either 25 yard, 25 meter or 50 meter times.

.7 The submitted times of all swimmers and relay teams must be listed on the entry form and no changes in submitted times, corrections or changes of events entered, or additional entries shall be allowed. Typographical or transcription errors which can be readily verified by CVC data may be corrected if attested to by the swimmer, coach, or the swimmer's representative prior to the scratch deadline.

.8 Any swimmer who qualifies for the 1000 or 1650 yard freestyle or the 800 or 1500 meter freestyle may enter at his fastest time or at the time standard, if entered in two or more events on the day of the distance freestyle.

.9 In Senior National Championships, swimmers entered in the 800/1000 and 1500/1650 freestyle do not need to enter their best times, but may enter themselves at the time performed at the meet distance (SC-SC, LC-LC) at the previous USS National or Junior National Championship, provided they have made the short course yard, short course meter, or long course meter standard during the appropriate qualifying period. Swimmers will be seeded at their entered times.

.10 Program Operations reserves the right to challenge any submitted time.

.11 Foreign swimmers who are not members of United States Swimming may enter national championships provided they have met all qualifying requirements including submission of proof of entered times. (See also 206.11.2E)

.12 In order to score at USS National Championships, a swimmer must be eligible to represent the United States in international competition.
.13 Relay Entries

A. Swimmers eligible to compete for an organization in relay events shall be all those listed on the entry blank for that organization.

B. The time for each relay team shall be submitted on the entry blank and no change in time will be permitted. The time for each relay may be submitted as a composite or aggregate time. Aggregate times must be equivalent (i.e. all short course or all long course). Relay teams with properly proven time will be declared entered and will be seeded at the proven and entered time.

C. Composite-time and aggregate time relays that meet or exceed the current Senior National time standard (spring or summer) may be entered in that season’s Junior National Championship only if all swimmers whose times are used to prove the time meet the Junior Class eligibility requirements of 206.3.

D. Each coach shall pick up relay entry forms from the clerk of course on which he shall list the competing relay swimmers, their first and last names, ages, and order of swimming, for each entered relay. Upon reporting to the starting blocks, immediately prior to the start of the relay heat in which such team is entered, the completed relay entry form shall be handed to the head lane timer. No change will be permitted thereafter and failure to present the head lane timer with written list of relay swimmers shall prevent such team from competing. A runner shall be furnished to distribute copies of the listed relay swimmers to the announcer, press and T.V.

206.10. QUALIFYING TIME STANDARDS

.1 Senior national qualifying time standards will be determined from performances at the respective short course and long course championship meets for all swimmers and may be based on world rankings so that they will be of comparable quality for all events. The time standard formulas shall be established by the Championship Time Standards Committee in consultation with the National Team Director.

.2 Junior National qualifying time standards will be determined from performances at the respective short course and long course championship meets for all swimmers. The time standard formulas shall be established by the Championship Time Standards Committee in consultation with the National Team Director.

.3 Program Operations shall approve at each annual meeting the qualifying time standards for both short and long course championships for the following year. Qualifying time standards shall be specified in hundredths of a second.

206.11. PROOF OF ENTERED TIME — Procedures for issuing OVC’s shall conform to the current edition of the USS OVC Guidelines Handbook. OVC’s shall be issued only for official times achieved in accordance with the requirements of 102.22.

.1 Short Course Championships

A. Individual Events — All individual entry times must be made during the correct qualifying period specified in 206.8.4 and must be proven prior to the scratch deadline for that event through the Official Verification Card (OVC) system.
B Relay Events — Times for each entered relay team must be submitted on the entry form. This entered time must be proven prior to the scratch deadline for each entered relay team, in aggregate or as a team, through the OVC system. For the purpose of proving times, a club may name a swimmer on only one of its relay teams in each event. Once the relay team or teams have been proven, any swimmer listed by that organization on the entry form is eligible to compete on that relay team.

Note: The time of any swimmer recorded while legally representing a USS club, secondary school, college or university within the appropriate time frame may be used in proving relay entry time and that swimmer does not need to be entered in the championship in question or currently representing that club.

.2 Long Course Championships
A Proof of entered time procedure shall be the same as for the short course championships.
B Foreign swimmers who are not members of U.S. Swimming must provide official meet results with entry form.
C Times proven through the OVC system shall be official times in accordance with 102.22.

Note: The above requirements shall be made a part of the official entry form for all Senior National and Junior Olympic Championship meets.

.3 Responsibility Clause
A The coach, swimmer, or swimmer representative who signs a Senior National or Junior National championship entry form thereby attests that all times stated in said entry form are true and correct as achieved qualifying times for each event entered. He assumes all responsibility for false or incorrect times or times which are unacceptable under USS rules and shall be assessed a $100 penalty payable to the Corporation for each such time entered, unless absolved of the fine by the National OVC Chairman or Board of Review. Additional action or penalty may be taken or levied as deemed appropriate by the Corporation.

B Such penalty shall also be levied against any USS verification officer who has issued an Official Verification Card attesting to such false or incorrect time(s).

C Appeal of fines are to be made to the National OVC Chairman and/or Board of Review. Any appeal of the decision of the National OVC Chairman shall be in accordance with the provisions of Part Four, specifically 401.6.

These National Motivational Times are based on the 16th best time listed in the national age group 16 best times tabulations. The base time is revised whenever the best times lists show a faster 16th best time.

The calculation of the times listed are as follows: AAAAA B + 0.115% of the base time; AAA B + 0.111% of base; AA B + 0.110% of base; A B + 0.105% of base; B B + 0.100% of base. Example: 11-12 girls 100 meter freestyle base time is 1:01.99, from the 1984 top 16 times. The national 'A' time is 1:20 x 1:01.99 = 1:21.49. The rates for this group vary from 4.5% to 7% for different strokes. Also, the 'B' standard is one increment slower (i.e. 'A' free 'B' time is 135% of base).

PART THREE

ATHLETES' RIGHTS, REGISTRATION
AND ELIGIBILITY

ARTICLE 301

ATHLETES' RIGHTS

301.1. Except as provided in 301.2, no individual or organizational member of the Corporation, nor any organization affiliated with the Corporation, may deny or threaten to deny any eligible amateur swimmer, coach, trainer, manager, official or administrator the opportunity to participate in any international swimming competition approved by the Corporation, if selected by the Corporation or one of its members. In addition, except as provided in 301.2, no individual or organizational member of the Corporation, nor any organization affiliated with the Corporation, may censor or otherwise penalize subsequent to the event any swimmer, coach, trainer, manager, official or administrator for having participated in any such international swimming competition approved by the Corporation.

301.2. An educational institution which a swimmer is attending at the time of such international competition may deny the swimmer the opportunity to participate only if said educational institution reasonably determines that such participation would either:

.1 Prevent the swimmer from meeting the academic requirements which are applicable to all students who participate in the swimmer's particular course of study.

.2 Jeopardize the swimmer's or the educational institution's performance in the established program in the particular sport in which the swimmer competes, provided that the international competition occurs during the scheduled competitive season of the educational institution.

301.3. Any amateur swimmer who alleges that he or she has been denied or is about to be denied, by a person or an organization affiliated with the Corporation, a right as set forth in 301.1, shall immediately inform the Executive Director, who shall promptly cause an investigation to be made and steps to be taken to settle the controversy without unnecessary delay. Such steps shall include, but not be limited to, advising the Secretary General of the U.S. Olympic Committee, and submitting the matter to the American Arbitration Association for binding arbitration.

301.4. Whenever a swimmer, or party acting on his behalf, informs the Executive Director of an alleged violation of the swimmer's right to participation as set forth in 301.1, the Executive Director shall review all the related evidence of the case and make a report, with a preliminary recommendation, to the National Board of Review within thirty (30) days, or sooner if the situation requires. The Board of Review shall review the case and preliminary recommendation of the Executive Director and take whatever action it deems appropriate. Any of the parties involved in the action who are dissatisfied with the decision of the National Board of Review may appeal said decision under the provisions set forth in 401.7.
ARTICLE 302
ATHLETE REGISTRATION

302.1. All swimmers competing in events sanctioned by the Corporation must be registered as athlete members of the Corporation. Athlete members must meet the rules of eligibility contained in Article 304. No swimmer alleged to be ineligible shall be denied the right to register and compete without being afforded the opportunity to refute the allegations relating to his possible ineligibility, pursuant to Parts Four and/or Six.

302.2. Athlete membership will consist of either an annual membership or a seasonal membership.

.1 Annual membership — Membership is for a calendar year period. Non-members applying for membership on or after September 1 will be issued a membership card valid through December 31 of the following year.

.2 Seasonal membership — Membership may be optionally offered by the LSC for any four-month period. This membership is not valid for competition at or above the Zone Championship level.

302.3. APPLICATION — Athlete membership forms may be obtained from the LSC registration chairman. The form must be fully completed, signed, and in the case of a swimmer representing a club, endorsed by a club official. The form shall be submitted with the fee set forth in 302.5 to the registration chairman of the LSC, which shall issue a registration card upon approval. The registration chairman, exclusively, shall be authorized to receive and accept such application forms and the registration/membership shall not be effective until so accepted, except that the registration chairman may directly designate by title, position or name, specific deputy registrars to receive and accept registration forms on behalf of the chairman and that no other person or position shall be considered to be so designated indirectly or by implication. Identification of the deputy registrars shall be published by the LSC.

302.4. RENEWAL APPLICATIONS — On individual renewal forms, the LSC may waive club endorsement if the swimmer applies directly to the committee. The swimmer's signature may be waived if the club completes and submits the applications for its members. When computerized printouts of club membership lists are used, the updated information on the printout for the renewal may be accepted upon certification of accuracy by an official of the club.

302.5. The annual and seasonal athlete membership fees are composed of the following elements:

.1 A national fee established by the Board of Directors and the House of Delegates;

.2 A local fee established by the LSC.

302.6 FALSE REGISTRATION — A Local Swimming Committee may impose a fine of up to $100.00 per event against a person signing a document which indicates a swimmer is properly registered with United States Swimming for a meet when in fact that swimmer is not properly registered. This will be enforced by the Local Swimming Committee and the Local Swimming Committee will be entitled to the fees imposed.
ARTICLE 303
REPRESENTATION

303.1. In order for a swimmer to compete in USS competition as a representative of a club or educational institution, that organization must be a member in good standing of the LSC and the Corporation or of FINA.

303.2. A swimmer need not reside within the geographical boundaries of the LSC in which the USS club he represents is located, but he must be registered in that LSC; a swimmer who has been released by his club pursuant to 303.4 to represent a secondary school, college or university, wherever located, during the school season, may retain membership in the LSC in which the swimmer’s club is located.

303.3. For a swimmer to represent a USS club in a competitive event, one hundred twenty (120) consecutive days must have elapsed without the swimmer having represented any other USS club in USS competition.

303.4. A swimmer registered with a USS non-school club who wishes to compete for a secondary school, college or university shall be automatically released without notice by his club upon commencement of his swimming season to compete for that school in school competition, and upon termination of such school swimming season he shall be immediately eligible to represent the USS non-school club of his choice (subject to the 120-day rule in 303.3). Verification of school swimming season commencement/termination dates must be provided by the swimmer upon request of the LSC Registration Committee involved.

303.5. When transferring from one LSC to another, a swimmer shall present a written transfer from his previous LSC indicating his last date of competition in an attached status and that he is a swimmer in good standing in that LSC in order to make such transfer. When transferring from one club to another within the same LSC, the procedural requirements established by the LSC Registration Committee shall be followed.

303.6. If a club/organization member of an LSC has secured a court judgment against an athlete member, or his parents or custodians, for non-payment of financial obligations that athlete shall be ineligible to participate in any event of the Corporation and from joining any other USS club/organization until the judgment is satisfied.

303.7. An unattached competitor is a registered swimmer who represents no club, educational institution or other organization.

303.8. An unattached swimmer shall be identified in competition with the LSC in which he is registered, his club, or his place of residence, as specified in the meet entry information.

303.9. All applications for changes of registration must be accompanied by a reasonable fee to be determined by the local registration committee in the LSC in which the swimmer will be registered after the change of registration.

304.2. Any swimmer eligible to compete shall be an athlete member of United States Swimming, Inc. (USS).

304.3 Any financial advantage which a swimmer gains based on athlete fame and/or competitive results must be approved, administered, and controlled by USS. Such financial advantage shall not be available to the swimmer before the end of his competitive career except for approved expenses.

304.4. Any use by an athlete of a substance currently listed by the International Olympic Committee (IOC) as banned shall be considered "doping", and cause for punitive action.

1 For reference, USS will rely upon the most recent International Olympic Committee (IOC) banned list and the IOC definition of "doping", and will utilize an expert committee to clarify any questionable item.

2 Evidence of use of a banned substance shall be from analysis of the athlete’s urine by gas chromatography/mass spectrometry, quantitative levels of the drug where appropriate, and other available evidence.

3 The current list of banned substances will be maintained at the National Office under the direct supervision of the USS Sports Medicine Director.

304.5. In every case involving a swimmer charged with violation of Sections 304.1, 304.2, 304.3 and 304.4, or in every case in which an opinion is sought on whether the facts of a particular case would violate the section, the hearing shall be held or the opinion given by the National Board of Review, or by a special ad hoc committee appointed by the President, and not by an LSC.

304.6. A swimmer, shall cease to be eligible to compete in events conducted by USS or its LSCs, or by any FINA Federation, while under suspension or if expelled by USS for violations of this Part Three.

401.1. GENERAL — As hereinafter set forth, the Corporation may censure, suspend for a definite or indefinite period of time with or without terms of probation, fine, or expel any member of the Corporation, including any athlete, coach, manager, official, member of any committee, or any person participating in any capacity whatsoever in the affairs of the Corporation, who has violated any of its rules or regulations, or who aids, abets, and encourages another to violate any of its rules or regulations, or who has acted in a manner which brings disrepute upon the Corporation or upon the sport of swimming. The Corporation may also conduct hearings on any matter affecting the Corporation as the national governing body for swimming.

401.2. JURISDICTION OF THE LSC — In those matters involving only one member or members of one LSC, the procedure to be taken and the rules to be followed for hearing shall be as set forth in Part Six, Article 611. (For guide to hearings and appeals, and form for notice of hearing, see Appendix 6-A.)

401.3. JURISDICTION OF THE CORPORATION — In those matters in which athletes or other members of the Corporation from more than one LSC are involved, or in matters involving such persons during a national or international event, an investigation and report of the facts shall be made to the General Chairman of the National Board of Review and to the officers of the Corporation. If in the opinion of a majority of the officers, a hearing or further investigation is then warranted, the matter shall be submitted to a National Board of Review for hearing and decision.

1. Where persons or entities from more than one LSC are involved, the investigation and report shall be made by the Executive Director or his designee.

2. In those matters occurring during the course of a national, regional or zone event, the Vice President of Program Operations, or his designee, shall make the investigation and report.

3. In those matters occurring during the course of an international event, Olympic International Operations Committee Coordinator, or his designee, shall make the investigation and report.

401.4. NATIONAL BOARD OF REVIEW — The Board shall be comprised of the General Counsel of the Corporation, all associate counsel, one or more athlete representatives, and such other members as may be appointed from time to time by the President and approved by the Executive Committee. The President shall appoint the chairman and shall designate a panel of no less than three members, one of whom shall be an athlete representative, to hear and decide any case before the Board of Review.
401.5

401.5. AUTHORITY OF NATIONAL BOARD OF REVIEW
The National Board of Review has the authority to:

.1 Impose and enforce penalties for any violation of the rules and regulations, administrative or technical, of the Corporation;

.2 Determine the eligibility and right to compete of any athlete;

.3 Vacate, modify, sustain, reverse or stay any decision or order properly submitted for review, or remand the matter for further action;

.4 Investigate any election impropriety or cause for removal of a national committeeman or national officer and take corrective action;

.5 Interpret any provision of the rules and regulations of the Corporation with the exception of the technical rules (Part One);

.6 Review any revocation, ousting or reinstatement of membership to assure due process; and

.7 Issue such interim orders, prohibitory or mandatory in nature, as may be necessary pending a final decision of the Board.

.8 Reinstate any athlete to amateur status. (Note: This relates only to US domestic competition and NOT international competition. It must be read in light of current FINA rules on requalification.)

401.6. PROCEDURE FOR REVIEW

.1 Every appeal to the Board of Review shall be instituted by a petition served upon the Executive Director and shall be accompanied by a $50 filing fee payable to the Corporation. The petition for review shall set forth the grounds for appeal, citing factual and legal issues in as much detail as possible. The filing fee shall be returned if the appeal is upheld, but forfeited if it is rejected, modified or abandoned. The Board of Review may assess costs against any party.

.2 The Executive Director shall send a copy of the petition for review to the respondent and chairman of the Board of Review immediately upon receipt. The respondent shall within 30 days following receipt of the petition file a written response with the Executive Director, the petitioner and the chairman. The petitioner may within 10 days following receipt of a copy of the response file a written rebuttal with the Executive Director, the respondent and the chairman. The chairman may decrease or increase the time limits for any of the foregoing upon request of either party and if circumstances should warrant it.

.3 A final and binding decision shall be rendered within 75 days from date of filing of the petition by a majority of the acting panel based on the record submitted for review and on evidence submitted at such hearing as may be required by the panel. A written decision shall be sent to all parties. Petitions once reviewed and decided shall not be reopened for consideration by the Board of Review, except by direction of the Board of Directors of the Corporation, or upon showing of sufficient cause to the chairman of the Board of Review.

401.7. APPEAL TO THE BOARD OF DIRECTORS — Any real party in interest may appeal to the Board of Directors for review of any decision of the National Board of Review within thirty (30) days of the date of decision. The Board of Directors may assess fees and costs against the losing party.
401.8. **EXCLUSIVE JURISDICTION** — After an LSC that is a real party in interest is given such notice and hearing as time and circumstances may reasonably dictate, and upon a majority vote of the officers of USS, the USS Board of Directors or the USS National Board of Review may be assigned exclusive jurisdiction at any stage of any matter within the purview of this Article 401 when the best interests of the Corporation will be served thereby, or when compliance with regular LSC procedures would not be likely to produce a sufficiently early decision to do justice to the affected parties. If exclusive jurisdiction is so assigned compliance shall be made in every instance with all requirements of procedural due process as set forth in this Article 401. In either case the reviewing body may assess fees and costs against any party.

CORPORATE CODE OF REGULATIONS (BYLAWS)

United States Swimming, Inc. (Corporation) is the national governing body for swimming in the United States, is responsible for the conduct and administration of swimming in the United States, and is affiliated with the Federation Internationale de Natation Amateur (FINA), the international federation for aquatics, through United States Aquatic Sports, Inc., (USAS). As a member national governing body (NGB) of the United States Olympic Committee (USOC), the Corporation shall submit to binding arbitration conducted in accordance with the Commercial Rules of the American Arbitration Association in any controversy involving its recognition as a national governing body, as provided for in Article VIII of the USOC Constitution, or involving the opportunity of any amateur athlete, coach, trainer, manager, administrator or official to participate in international amateur competition, as provided for in Article IX of the USOC Constitution.

All meetings of the Corporation, its LSCs, divisions and committees, shall be open to all members of the Corporation, except in those situations where by majority vote of the meeting body it would be in the best interests of the Corporation to hold closed session (e.g., those relating to corporate or committee personnel or legal matters).

No conditions or restrictions to eligibility for participation in open competitive events may be imposed unless otherwise set forth in this Code. It is the intent and purpose of United States Swimming, Inc., to provide an equal opportunity to eligible athletes, coaches, trainers, managers, administrators and officials to participate in athletic competition within its jurisdiction, without discrimination on the basis of race, color, religion, age, gender, disability, or national origin.

At all meetings of the Corporation, its LSCs, divisions and committees, Robert's Rules of Order shall be the governing procedural rules, unless otherwise modified in these regulations.

MEMBERS

501. The membership of United States Swimming, Inc., hereinafter sometimes referred to as the Corporation or USS, shall consist of two classes: group members, including swimming clubs and other organizations interested in competitive swimming; and individual members, including athletes, coaches, officials, sustaining members, and life members.

501.5. Athlete members who register with an LSC and the Corporation and qualify as amateurs, are thereby eligible for competition in swimming. An athlete member shall not be registered in more than one LSC at the same time.

501.6. All coaches of USS clubs shall join the Corporation as coach members and shall satisfactorily complete safety training required by the Corporation.

501.7. Any individual who is interested in swimming competition or participates in the conduct of swimming meets may join the Corporation as a member.

501.8. Only members of the Corporation shall be eligible to receive credentials at USS national championships.

.1 If any officer, or member of the Board of Directors, Executive Committee or any other Committee has a financial interest in any contract or transaction involving
USS, such individual shall not participate in USS’s evaluation or approval of such contract or transaction unless the material facts of the relationship or interest are disclosed or known to the other Directors or other Committee members. If such disclosure is made, the contracts or transaction shall not be voidable if the Board or Committee in good faith authorized the contracts or transaction by the affirmative vote of the majority of the disinterested Directors or Committee members and the contract or transaction is fair to USS at the time it is authorized.

2 The Executive Committee shall adopt a written code of conduct and ethical practices for USS which shall contain the requirement that each Officer, member of the Board of Directors, Executive Committee, other Committees and each key employee of USS annually agree in writing to abide by such code. Such code may be amended from time to time by the Executive Committee as it may deem advisable.

611.2. REVIEW SECTION — The LSC House of Delegates shall annually elect a Review Section comprised of no less than five (5) members. In no case shall elected members of the Board of Directors constitute a majority of the review section. A quorum for any hearing conducted by the Review Section shall be fifty percent (50%) of its membership, but in any event no less than three (3). In the event a member of the Review Section is unable to act for any reason in any particular circumstance, the General Chairman is empowered to appoint a disinterested alternate to act in his place and stead.

611.3. GENERAL JURISDICTION — The Review Section may conduct hearings on any matter affecting the LSC, and involving only a member or members of the LSC. The Review Section (or the LSC House of Delegates on exclusive jurisdiction) may:

All disciplinary hearings may be closed at the option of either the Respondent, the complaining party, or the reviewing body.
.2 Conduct hearings on any matter relating to the responsibility of the LSC as the local administrative governing body for swimming.

Upon a majority vote of the Board of Directors, the House of Delegates may be assigned exclusive jurisdiction at any stage of any matter within the purview of this Article 611 when the best interests of the LSC or the Corporation will be served thereby.

611.4. PROCEDURES — The procedures to be taken in reference to all hearings shall be as follows:

.1 Formal Hearing — The respondent shall be given notice in writing, sent to his last known address by certified mail, return receipt requested, or by personal delivery or service, of the charges against him in detail, or of the circumstances which are believed to require answers, explanation or clarification.

The written statement of charges shall also set out the penalties which may ensue if such charges are proved; shall contain a date at which time a hearing will be held with the request that the person charged shall appear before the Review Section with the right to have counsel of his own choice to represent him at the hearing; shall set a date of hearing not less than thirty (30) days nor more than sixty (60) days after the date of mailing of such notification; and shall request the person charged to answer, in writing, to the chairman of the Review Section, all the charges set forth in such written statement. This answer shall be delivered to the chairman by either certified mail or registered mail, return receipt requested, no later than ten (10) days prior to the date of hearing. The statement shall also set forth the right of appellate review in the event the decision is rendered against the person or entity charged.

The decision shall be rendered at the time of the hearing, or within twenty-four (24) hours thereafter. The Review Section shall have the authority to stay the enforcement of its decision during the time allowed for appeal, with the decision going into effect automatically if no appeal is perfected during the allowable period.

.2 Emergency Hearing — When compliance with regular procedures would not be likely to produce a sufficiently early decision to do justice to the affected parties, the Review Section, or its duly authorized agent(s) or representative(s), is authorized, to summarily hear and decide a matter relating to a scheduled competition. The individual or entity charged must be given such notice and hearing as time and circumstances may reasonably dictate. The hearing may be conducted at the site of athletic competition or by telephone conference if necessary, but in any event under such circumstances as to fully protect rights of procedural due process of the individual or entity charged.

The notice to be given to the individual or entity charged may be oral, or in writing, and shall in every instance contain all notice requirements set forth in sub-paragraph (1) of this Section 611.4.

Within ten (10) days of the emergency hearing, the decision of the Review Section, or its duly authorized agent(s) or representative(s), shall be reduced to writing which shall include findings of fact and a copy mailed to the chairman of the LSC Review Section and the individual or entity charged.
If an aggrieved party shall demand further hearing, such hearing shall be held in accordance with the provisions set forth in sub-paragraph (1) of this Section 611.4.

611.5. APPEAL — The decision of the Review Section will be final in all cases, subject only to appeal to the LSC Board of Directors and thereafter to the National Board of Review. An appeal to the LSC Board of Directors must be taken within twenty (20) days after postmark date of written notice of the decision of the Review Section, by certified mail, return receipt requested, or within twenty (20) days after personal delivery or service of said notice of decision. Upon timely petition to the LSC General Chairman, and upon showing of good cause therefor, the time for appeal from the decision of the Review Section may be extended. The General Chairman shall set a date for appellate hearing which is not less than 30 days nor more than 60 days after postmark date of notice of appeal. The decision of the LSC House of Delegates on exclusive jurisdiction or Board of Directors including findings of fact shall be reduced to writing and mailed by certified or registered mail to all parties within ten (10) days of hearing. An appeal to the National Board of Review must be filed with the National Executive Director together with an appellate filing fee of $50 within thirty (30) days after postmark date of written notice of the decision of the LSC House of Delegates or Board of Directors. Upon timely petition to the chairman of the National Board of Review, and upon showing of good cause therefor, the time for appeal from the decision of the LSC House of Delegates or Board of Directors may be extended. Any person representing a real party in interest in the case may appeal.

611.6. NOTICE TO ATHLETES — In each case, where notice is mailed to a registered athlete, it is sufficient to mail the notice addressed to him at the residence given in his application for registration; or, if he has filed with the registration committee a written notice of change of residence, then to such changed address.

except elections and amendment of these bylaws, may be taken without a meeting. If an action is taken without a meeting, the Secretary shall distribute a written ballot to every member entitled to vote on the matter. The ballot shall set forth the proposed action, provide an opportunity to specify approval or disapproval of any proposal, and provide a reasonable time within which to return the ballot to the Secretary. Approval by written ballot shall be valid only when the number of votes cast in favor of the proposed action within the time period specified constitutes a majority of the votes entitled to be cast.

612.5. AAU ASSOCIATIONS — Some or all of the administrative functions which are the responsibility of the LSC may be assigned to the local AAU Association under agreement between the LSC and the Association outlining the nature of the services and the fees to be paid therefor. APPENDIX 6-A

HEARINGS AND APPEALS

Following are two documents. The first is a guide explaining simply the procedures for expeditious handling of complaints and/or disciplinary hearings.

The second document is a proposed form for Notice of Hearing designed to ensure minimal due process.

Note that the system is designed to handle matters involving any individual and any entity participating in any activity of United States Swimming, Inc. (USS) — not just athletes, but coaches, managers, officers, club-members, and all classes of members of USS or the LSC.

All such procedures should provide:

.1 A swift and effective remedy for both complainant and respondent.

.2 Hearing by an objective body. Initially, this body is the Review Section of the LSC with no less than five elected members. (Section 611.2).

.3 A several-step format (from the Review Section to the LSC Board of Directors to the National Board of Review) which takes care of the vast majority of such cases at the local level, reducing the likelihood of time-consuming and expensive procedures at the national level (the importance of this will become more and more evident as athletes take advantage of streamlined processes under the Code and the USOC Constitution, to find remedy for their complaints). Article IX of the USOC Constitution provides an immediate remedy for the aggrieved athlete denied the right or opportunity to participate in international competition. He may bring his grievance directly to the Executive Director of the USOC who makes an immediate investigation of the matter. If the controversy is not then settled to the athlete's satisfaction he may take the matter to binding arbitration.

GUIDE FOR DISCIPLINARY HEARINGS AND APPEALS

.1 Due Process

What is it?

If you were charged with an offense you would want:

A Notice, preferably in writing, of those specific offenses with which you are charged;

B An opportunity to defend yourself and a reasonable time within which to prepare your defense;

C The right to have counsel represent you if you wish;

D A hearing before a disinterested, objective body at a specific time under such circumstances as to give you full opportunity to present your defense; and

E Notice of how to appeal the decision if it is against you.

It is as simple as that.

142
2 Jurisdiction of the Corporation
Part Four of the Code (Section 401.3) provides that in those matters where athletes or other members of United States Swimming from more than one LSC are involved, or in matters involving such persons during a regional or national or international athletic event, they will be handled at the national level. The officers assign the matter for investigation and report depending upon its nature. Each matter is assigned to investigation and report depending upon its nature.

3 Jurisdiction of the Local Swimming Committee
Part Six provides for two separate procedures:

A Section 611.4.1: Formal hearing.

B Section 611.4.2: Emergency hearing.

In both cases the Review Section of the LSC is responsible for initial procedure, unless the House of Delegates takes exclusive jurisdiction for some reason.

4 Formal Hearing
Read the section. Note that it provides for all the elements discussed in Paragraph 1 above on Due Process. It applies to any individual and any entity participating in any activities whatever of the LSC or United States Swimming — not just athletes, but coaches, officers, committee chairman, clubs and all classes of members as well.

A Review Section. The Section can have investigation made by an individual or special committee appointed by the Chairman for that purpose.

In the notice (sent by certified mail or personally served) set the hearing date for not less than thirty (30) days and not more than sixty (60) days.

If it is a disciplinary hearing, the notice should list the possible penalties that can be assessed (censure, probation, fine, suspension for definite period of time, suspension with probation, suspension for life).

Request the respondent to answer the notice in writing to the Chairman, to be received by that officer no later than ten (10) days prior to the date set for hearing.

Decision must be made at the time of hearing or within twenty-four (24) hours thereafter. The Review Section shall have the authority to stay the enforcement of its decision during the time allowed for appeal, with the decision going into effect automatically if no appeal is perfected during the allowable period.

Immediately send written notice (by certified mail) of decision to all parties concerned, including the complainant, together with a statement of facts as determined by the Review Section.

In the notice notify the parties that either may within twenty (20) days appeal the decision to the LSC Board of Directors and then to the National Board of Review.

You need not worry about strict court rules of evidence. Hearsay, letters, affidavits, new articles, and the like, as well as direct testimony from witnesses, is admissible so long as relevant to the issues and if not repetitious.
Use your common sense. Give proper weight to the type of evidence offered and consider the source from which it comes.

B Appeal. If an appeal is filed by either the respondent or the complainant, send out written notice at once to both parties containing exactly the same elements as required in Paragraph 1 above. The Board or House can act on the report of the Review Section as to its findings, or

The Board or House can have a whole new hearing if either feels the report of the Review Section is inadequate.

In most cases this is advisable and strongly recommended.

The same rules of evidence apply.

The Board can reverse, affirm, or completely modify the decision of the Review Section.

Once the decision is made send it out to all the parties concerned, notifying them of right of appeal within thirty (30) days to the National Board of Review. The Board shall have the authority to stay the enforcement of its decision during the time allowed for appeal, with the decision going into effect automatically if no appeal is perfected during the allowable period.

The appeal to the National Board of Review requires a filing fee of $50.00. It must be addressed to the National Executive Director (see Section 611.1 for procedure). It should cite the factual and legal issues as much as possible.

.5 Emergency Hearing

This Section tries to take care of the situation usually involving an athlete in which an immediate decision must be made. Notice may be oral or in writing, but, if oral, reduced to writing as soon as possible.

The Federal law states that an athlete cannot be suspended from competition, even temporarily, without a hearing.

For example, suppose a complaint is made at the site of an event that a particular athlete is ineligible to participate.

You should be prepared in advance to have one or more representatives, preferably three (e.g., the meet director, referee, and another official) conduct an immediate hearing, at the site of competition if necessary.

The decision can then be made regarding the eligibility of the athlete to compete, even if under protest.

The decision must be reduced to writing within ten (10) days of the hearing and a copy served by mail on the Respondent and on the Chairman of the Review Section. It should include findings of fact.
If any one affected wishes a formal hearing later on, the matter can then be referred to the Review Section for full hearing under the provisions of Section 611.4.

Use your common sense in such situations. **Give the athlete the benefit of the doubt.**

APPENDIX 6-B

PERMITTED MODIFICATIONS OF LSC BYLAWS

The following Sections of Part Six are not mandatory and may be modified by each LSC within the following guidelines:

602.1.
Types — An LSC may add additional membership classes, including individual members, or it may impose additional restrictions. Examples: no proxy voting; a person may represent no more than one group member; a weighted voting system by size of group members, etc.

603.1 LSC HOUSE OF DELEGATES
Appointment — An LSC may have additional members on its LSC House of Delegates, including individual members with or without vote.

603.2 Board of Directors
Members — An LSC House of Delegates may elect at large members to the Board of Directors with or without vote.

603.3 An LSC may establish an Executive Committee as defined if it wishes. This is advantageous if the Board meets infrequently, is large, or its members must travel from a distance to meet. An LSC cannot establish an Executive Committee unless its bylaws so authorize.

604.1. TITLES — Those listed must be elected. In addition, there may be provisions for electing at large members to the Board of Directors. Any office may be combined with another, except that of general chairman.

604.3. TERM OF OFFICE — Terms may be for one, two or four years, but in no event for more than four successive years in any one office. There need not be limitation on terms of registration chairman, treasurer, secretary/treasurer (if combined), or technical planning chairman. The technical planning chairman’s position may be eliminated if LSC does not think it necessary to have the position.

605.1. MEETINGS — The LSC annual meeting may be held at any time prior to November 15, with new officers taking office no later than January 1 of the following year, keeping in mind that delegates to the USS House of Delegates must be certified by July 15. The LSC may establish a specific date for the annual meeting or set a time between two dates, e.g., held between June 1 and June 15.

605.5. QUORUM — An LSC may establish what constitutes a quorum depending on local needs.

606.1. TYPES — This entire article is intended as a guideline. The names of divisions and committees must remain as set forth in Article, but the internal makeup of divisions and committees, and additional committees as desired, may be independently determined by an LSC. Division titles and responsibilities, and those of the key committees listed, should remain the same in all LSCs to ensure nationwide uniformity and continuity of communication and administration.

606.2.1 Registration chairman may appoint deputy registrars and may assign authority to issue sanctions and approvals to an administrative division within the LSC for efficiency and convenience.
612.4. MAIL VOTE — The provision for mail vote is optional.

Note: Election of officers is intended to be flexible enough to give each LSC the right to determine whether old or new officers attend the annual meeting of the USS House of Delegates. Notification to the national secretary must be made by July 15. If an LSC chooses to send its new officers, elections must be held prior to July 15 of that year.

APPENDIX 6-E

REDistricting PROCEDURES

.1 Change in LSC Club Affiliation. If a club wishes to change from one LSC to another LSC which is contiguous and where no other club geographically intervenes, and if by two-thirds (2/3) vote the House of Delegates of each LSC approves, such transfer shall be effective ninety (90) days after receipt of written notice by the national headquarters. Club approval of change in affiliation shall be a majority vote of its General Membership at a regular club meeting or at a special meeting called for that purpose; the vote is to be duly certified by the club's president.

.2 Change in LSC Territory. If two-thirds (2/3) of the number of clubs in a contiguous area within an LSC wish to affiliate with a neighboring and contiguous LSC, and should the House of Delegates of each LSC by a two-thirds (2/3) vote of those members present and voting in a regular or special meeting of each, or by mail vote by a majority of those members of each House of Delegates eligible to vote, approve the change, the change in territorial jurisdiction shall include all clubs in the area and shall become effective at commencement of the next succeeding fiscal year of the Corporation. Club approval of change in affiliation shall be a majority vote of its General Membership at a regular club meeting or at a special meeting called for that purpose; the vote is to be duly certified by the club's president.

.3 Formation of a new LSC. If two thirds (2/3) of the number of clubs in a contiguous area within an LSC wish to form a new and independent LSC, and should the House of Delegates of the LSC, by a two-thirds (2/3) vote of those members present and voting in a regular or special meeting or by mail vote by a majority of those members eligible to vote, approve the change, the proposed formation of the new LSC shall be submitted to the Chairman of the Legislation/Redistricting Committee. Such request must be received by the chairman prior to April 1. The committee shall make a recommendation to the House of Delegates at the next annual meeting for its approval or disapproval. Should approval be granted, the formation of the new LSC shall become effective at the commencement of the month following the meeting or October 1, whichever is earlier. Club approval of change in affiliation shall be a majority vote of its General Membership at a regular club meeting or at a special meeting called for that purpose; the vote is to be duly certified by the club's president.

Should approval be granted, the formation of the new LSC shall become effective at commencement of the next succeeding fiscal year of the Corporation. The change shall include all clubs in the specified contiguous area. At the time of the effective date the net assets of the old LSC (after payment of or provision for all debts) shall be divided with the new LSC in ratio to the number of registered athletes in each LSC territory as of August 31 of the preceding calendar year.

During the period of time between that when the new LSC is approved by the House of Delegates and January 1 of the following year, the President shall appoint a governing ad hoc committee of no less than seven (7) members from among USS members of the new LSC, including one athlete and one coach, to
be charged with the responsibility of (a) notifying all clubs within the new LSC to elect at least one delegate and alternate to the new LSC House of Delegates; (b) scheduling and noticing in writing a meeting of the new LSC House of Delegates as soon as conveniently possible after January 1; (c) providing an agenda for the first meeting to permit the orderly election of officers and directors, adoption of Bylaws, appointment of committees and their respective chairmen; and (d) attending to such other matters as may be necessary to permit the new LSC to become a fully functioning administrative unit of United States Swimming.

.4 **Change in Zone Affiliation.** If an LSC by a two-thirds \( \frac{2}{3} \) vote of those members present and voting at a regular or special meeting of the House of Delegates or by mail vote of a majority of those members eligible to vote, approves a change moving the LSC from one Zone to another, that change shall become effective at the close of the next USS annual meeting unless that change is rejected by either of the two Zones involved.

.5 **Change in Regional Alignment.** If an LSC, by a two-thirds \( \frac{2}{3} \) vote of those members present and voting at a regular or special meeting of the LSC House of Delegates or by a mail vote of the majority of those members eligible to vote, approves a change moving the LSC from one region to another region contiguous to the LSC, that change shall become effective at the close of the next USS annual meeting upon approval of a majority of the USS House of Delegates present and voting.

.6 **Review.** Should the House of Delegates of any LSC mentioned in subsections (1), (2), or (3), or any Zone mentioned in subsection (4), or a Zone mentioned in subsection (5), disapprove the proposed changes, the proponents shall submit the matter to the Legislation/Redistricting Committee at least one hundred (100) days prior to the next regular or special meeting of the USS House of Delegates.

Submission to the Committee shall be in writing; shall contain the name of the proponent(s), the name(s) of the club(s) involved, a record of vote(s) taken at any level certified in writing by an appropriate officer; and shall contain a summary of the rationale for the proposed change(s).

The Committee shall study the matter and hold a public hearing thereon at the time of the next annual meeting of the USS House of Delegates. The Committee shall then make recommendations to the House for its final determination.

*Note:* Redistricting procedures are now the responsibility of the Legislation/Redistricting Committee.

PART SEVEN
UNITED STATES
MASTERS SWIMMING

1990 DIFFERENCES BETWEEN
U.S. SWIMMING AND U.S. MASTERS SWIMMING RULES:
A GUIDE

USMS follows Articles 101 and 102 of the U.S. Swimming Technical Rules with the following exceptions:

Starts, Strokes, and Relays

- **Forward start.** The forward start may be taken from the starting block, the pool deck, or a push from the wall. The starter shall direct the swimmers to assume a position with at least one foot at the front of the block, the edge of the deck, or on the wall before the command, “Take your mark.” Those starting in the water must have at least one hand in contact with the wall or starting block.

- **Backstroke start.** For short course yards events, the feet may be placed in any position on the wall or on the gutter of the pool, and the swimmer may assume any desired starting position which does not remove either foot completely from the water, or either hand from the starting grips or pool edge. Standing in or on the gutter is not permitted at any time before the start. For short course meters and long course meters events, USMS and USS follow the same rules.

- **Backstroke.** Standing in or on the gutter (any course) and curling the toes over the lip of the gutter (short course meters and long course meters) is not permitted after the start.

- **Butterfly.** The breaststroke or whip kick may be used exclusively or interchangeably with the dolphin kick at any time during the race. However when the breaststroke or whip kick is used, the arms must be recovered over the top of the water at least once per breaststroke kick, except after the last such kick before the turn or finish.

- **Relays.** Relay swimmers who cannot exit the water quickly enough to prevent interference with automatic officiating equipment may be allowed to hold on to the lane line until all relays have finished, allowing them to exit the pool more slowly or via the ladders at the conclusion of the race.

Swimming Competition

- **Officials.** The minimum number of officials at USMS sanctioned or approved Masters swimming meets shall include the following:
  1. Referee
  1. Starter
  2. Stroke and Turn Judges
  2. Timers per lane (if automatic timing is not being used)
• **Warmup.** If there is no other warm-up/warm-down area available in pools of five lanes or more, one lane shall be set aside for warm-up/warm-down during the conduct of the meet. If there is no other warm-up/warm-down area available in pools of four or fewer lanes, swimmers shall be allowed to swim to the other end of the pool at the end of each heat and a warm-up/warm-down period must be offered at least once during each half-hour of competition.

The referee and starter may double as stroke and turn judges, but the referee and starter may not be the same person. Effective January 1, 1992, one of the officials shall be a referee, starter, or stroke and turn judge certified by USS, YMCA, or other USMS-approved certifying bodies.

• **Timed Finals.** All masters events shall be conducted on a timed final basis.

• **Seeding.** Age groups, sexes and events of the same distance 200 yards or longer may be combined so that no swimmer has to swim alone and lanes may be filled.

It is recommended that when swimmers are seeded by time and not by age groups, the fastest two swimmers in each age group shall not be seeded into outside lanes. It is recommended that they shall be moved inward one lane, or given the center lane in the next slowest heat, whichever is the most appropriate placement.

Seeding at meets other than national Championship meets may be either fast-to-slow or slow-to-fast. Seeding may differ for sprint and distance events. The meet announcement shall state the seeding for all events.

At the discretion of the meet director, competitors in the freestyle events over 200 meters may be required to swim two-to-a-lane when only one course is available for the event. When events are swum two-to-a-lane, obstructing another swimmer by swimming across or otherwise interfering may disqualify the offender, and the offender shall immediately be removed from the lane.

• **Scoring.** Use of the USS scoring system is recommended for all meets.

• **Records.** USMS records may only be established by USMS-registered swimmers in sanctioned or approved competition. Because swimmers from different age groups and sexes may compete in the same heat or event a swimmer is not required to win his heat or event to establish a record.

Relay lead-off split times will not be considered for records or top ten times.

Required documentation for USMS records includes the referee's signature, as well as the tape from the automatic timing equipment or the time card bearing times and signatures from three timers.

• **Scratch Procedures.** Any swimmer or relay team not reporting for or competing in an event shall not be penalized.

• **Eligibility.** The eligibility of a participant for a particular age group will be determined by age as of the last day of the meet.

### Long Distance Swimming

• **Costume.** Multiple swim caps and neoprene caps are allowed in any USMS long distance competition. Separate wetsuit divisions may be offered in non-National Championship events.
ADAPTED COMPETITIVE SWIMMING

Purpose
The purpose of the Adapted Swimming Committee of United States Swimming is to assist the swimmers with disabilities to meet their competitive goals. This will be accomplished by:

1. Offering additional competitive opportunities that complement already established disabled sports programs.
2. Sharing information on training and stroke development.
3. Encouraging local swim clubs to mainstream their training programs in order to include the disabled swimmer and expand their training opportunities.
4. Providing United States Swimming officials to assist at swimming competitions for swimmers with disabilities.

The United States Swimming volunteer is encouraged to contact the national sport organization for the various disabilities and their local chapter of the American Red Cross for additional information and to enroll in the American Red Cross Adapted Aquatics Course. The knowledge gained by taking this course will assist the local swim committee when including the swimmer with a disability in their swimming competitions.

The "Handbook for Adapted Competitive Swimming" has been written to assist in the development of swimming programs for the disabled. This Handbook includes rule modifications that will enable the disabled swimmer to compete with their non disabled peer, an information form which includes all information relevant to the swimmer's disability for the hosting club, a section on the responsibilities of the swimmer, the host club, descriptions of several disabilities; their causes, characteristics and effects upon the water and the rules governing swimming competitions for the disability groups.

The Handbook may be obtained by writing to Adapted Swimming Handbook, U.S. Swimming, 1750 E. Boulder St., Colorado Springs, CO 80909. Books are $4.00 each.

ARTICLE 802
ADMINISTRATION

802.1 ORGANIZATION — The Open Water Swimming Coordinator shall be elected at the time of the annual meeting of the Corporation in even numbered years and will be responsible to the Program Operations Vice President for the conduct and administration of the Open Water Program.

The membership of the Open Water Swimming Committee of United States Swimming shall consist of the following:

802.2 REGISTRATION AND SANCTIONS

.1 All Open Water Swimming Athletes must be registered with U.S. Swimming and shall comply with the provisions of Articles 302, 303 and 304.

.2 All Open Water events will be sanctioned according to provisions of Article 302.

.3 USS Events may be held in conjunction with masters or novice meets. The USS Sanction will apply only to those portions of the meet involving USS athletes. When two groups, i.e., masters and USS swimmers, compete at the same time, the race shall be considered as two separate meets. Under no circumstances
802.3
should a USS and master swimmer be considered as part of the same competition.

.4 Masters swimmers duly registered with USS and meet the criteria as is established in Article 304, and meet the entry requirements.

.5 A swimmer may enter both the USS and USMS event that is being contested at the same time, but must choose either the USS or USMS event in which to compete and scratch the other.

802.3 RULES

.1 The provisions contained in Article 515 shall apply.

ARTICLE 803
EVENTS

The Open Water swimming events shall consist of individual or team competition as follows:

803.1 QUARTER-MILE STRAIGHTAWAY — The course shall be set in open water and shall be a quarter of a mile (440 yards) straightaway using a cable with floats stretched between two pylons or platforms fixed stationary in the water. The distance between the anchoring points of the cable shall be maintained within plus or minus six inches, measured to the outer edge of the turning pylons. The course shall be swum clockwise, unless it is deemed unfeasible to do so by the meet director. No more than twenty swimmers shall be placed in the first or subsequent rows. If more than one heat is required, every effort should be made to swim a counter clockwise heat. A stationary water start shall be used. The starting position will be determined by seed time. Records will be maintained in this event. If a race is stopped and swimmers are removed from the water for their safety, the Meet Manager will not restart the race if 1/2 mile has been completed. The last recorded 1/2 mile time for each swimmer will be used to place finishers.

803.2 OPEN WATER DISTANCE EVENTS (includes rough water) — As surf, beach tide and temperature and other physical factors vary, the meet director shall determine the course for open water events. The course should be measured as accurately as possible, with the aid of navigational charts if possible. The meet director shall determine the type of start to be used. As course distances and conditions are different, no records will be maintained; however, meet managers are encouraged to keep meet results. The distances shall be the same for both men and women and may be contested at the same time with separate results tabulated. Age group and other classifications may also be swum at the same time, again tabulated separately.

The meet managers are encouraged to establish entry requirements that ensure contestants will have a reasonable chance of completing the events. Time limits for completion may be set. When the time limit expires, all swimmers in the water will be required to retire from the race.

All events 25 kilometers and over shall be deemed as Open Water Marathon events.
803.3 TIME/DISTANCE EVENT (One hour swim for distance) — The object of the event is to determine who can swim the greatest distance in a given time period. The person swimming the farthest shall be declared the winner. The person swimming the second greatest distance shall be awarded second place, etc. In the event that two or more swimmers swim the same distance, a tie will be declared. The events shall be swum in a pool at least 25 yards in length. The distance shall be computed by multiplying the total lengths of the swim by the length of the pool and adding the last completed five yard increment; if the event is swum in a metric pool, the distance shall be determined in meters and converted to yards by multiplying 1.0936 times the number of meters completed and rounding off the distance to the last completed five yard increment. All distances shall be reported in yards. When the event is contested as a postal meet, the results are sent to a central location for tabulation. Each entrant will be responsible for the validity of the figures and the distance submitted. There shall be an adult acting in the capacity of a starter/head timer/referee (may be one person) present at all times, having no other responsibilities during the period of the swim. For each swimmer, there shall be a separate lap counter who shall record split times for every lap during the swim. A stop watch shall be used to time the event.

803.4 INDIVIDUAL LONG DISTANCE SWIMS — Swims must be sanctioned and conducted by the appropriate governing body or its designee in accordance with all pertinent rules and regulations. All information relative to the swim shall be made public and available to any interested person at least three days before the event. If the event is to be swum in more than one LSC, the LSC where the attempt will start will have jurisdiction in issuing the sanction. This does not prohibit the other LSC from issuing a sanction for the event. If more than one swimmer is attempting to swim, only one sanction need be issued. All times achieved in long distance individual attempts shall be duly certified and made a matter of record by the appropriate governing body or its representatives. Further, a copy of the above should be sent to the National Long Distance Coordinator who will be responsible for maintaining records of all attempts. The certification should include:

.1 Swimmer(s) name, age, sex and registration number.
.2 Governing body sanctioning the event.
.3 Course: to include name of body of water, starting and finishing points and measured distance.
.4 Verification and documentation that all rules were observed and the swimmer(s) either completed or failed to complete or attain the distance.

803.5 TEAM EVENTS

.1 A team event may be contested on a total time or point-system basis. Clubs may enter any number of swimmers in the Team Event. The first three (3) swimmers from a club to finish, will automatically comprise the “A” Team. The next (second) three (3) swimmers from the same club to finish will be considered the “B” Team, etc.

.2 The team whose top three swimmers have the lowest cumulative time or the greatest cumulative total yards shall be declared the winner. A similar method will be used to determine second, third and subsequent places. In the event of ties, the team whose individual member finished nearest to first place shall be declared the winner or awarded the place.
.3 Point Basis. Points are awarded on the basis of finishing position. One point for first place; two points for second place, etc. The points of the members are added together, and the lowest cumulative score determines the winning team; the second lowest score, the second place, etc. In the event that two or more teams score the same number of points, the team that has the swimmer who won or finished closest to the first place shall be declared the winning team.

.4 All entries must be made by clubs and signed by an authorized official of the club making the entry.

.5 Team awards will be presented only to swimmers involved in the team's point or time totals.

803.6 RELAYS — Relay teams shall consist of six swimmers. The team members shall rotate in the same order throughout the event. The time each swimmer is required to spend in the water shall be specified on the entry form. The changeover to the new swimmer will be made as soon as is practically possible after the previous swimmer has completed his respective leg. In the exchange, physical contact must not be made between the two swimmers.

ARTICLE 804
SAFETY PRECAUTIONS

804.1 Each competitor is strongly encouraged to have a complete medical evaluation before competing in any long distance swimming event.

804.2 As conditions and courses vary, it is the responsibility of each swimmer to know and follow the safety standards necessary to protect himself or herself from any and all dangers. The meet manager can assist this endeavor by:

.1 Obtaining necessary permits/approvals from the US Coast Guard, Park Authorities, Life Guards Associations, etc.

She makes it look effortless. Reflecting the thousands of hours she's practiced and honed her skills, until every muscle responds in unison to the command for perfection. It is this dedication, this courage to face competition boldly and without compromise, that has inspired Phillips Petroleum to proudly sponsor United States Swimming since 1973.

And we'll be national sponsor for years to come. Because we believe that with every leap of grace and form, we are watching the future of our nation take shape.
