

NCAA Roster Maintenance

NCAA Coaches are required to use the Roster Maintenance tool to add athletes to their roster or to edit an athlete that already exists on the roster.

This is your official NCAA roster. For that reason, only add athletes to your roster who are eligible to represent your institution in intercollegiate competition.

You may return to the Roster Maintenance tool at any time in the season to add athletes who become eligible. Athlete removals can be requested by sending an email with the athlete's name and date of birth to NCAA@usaswimming.org.

This is the only method to submit your official NCAA roster. Hy-Tek rosters sent by email will not be accepted.

Additions, edits, and removals must be approved by USA Swimming before they become official. Please allow up to 48 hours for changes to be processed.
