Personal Statement

I have been committed to the sport of swimming for nearly 12 years now. Over the last year and a half I have gotten the opportunity to participate in the sport not only in the water, but also on the governance side of the sport. It has been an incredible experience being involved as an athlete representative for both my LSC and USA Swimming. My goal is to remain as involved as I can with the sport for as long as I can. I'm committed to helping USA Swimming continue to move in a positive direction, making it the best organization it can be. Earning a spot on the AEC would give me yet another opportunity to stay involved with the body of USA Swimming and enable me to help make a positive impact on the sport I love.
