Personal Statement

For as long as I can remember swimming has played an integral role in my life; I have greatly enjoyed my time as an athlete, LSC Representative, and National Athlete Representative. Serving on a variety of committees and task forces has expanded my knowledge of USA Swimming and taught me to be a leader and representative of our sport. I hope to continue to represent athletes across the nation and education them on the role they have within our sport through being a member of the Athlete Executive Committee.
