Candidate for Eastern Zone
Coach Director

I have been involved in competitive swimming for my entire life from age 7 onwards in the UK and age 22 onwards here in the United States.

Since 2001 I have been active within the NJ Swimming LSC serving in a number of roles including Treasurer, Age Group / Tech Chair and General Chair. During that time, I have been fundamentally involved in creating and amending multiple NJ Swimming Policies and Procedures for the benefit of all.

For the past two years it has been my privilege to have served the LSC, Club, Athlete and Non-Athlete members of the Eastern Zone in the capacity of Eastern Zone Coach Director.

It has always been my firm belief that swimming is a sport for all. My goal has always been to provide the very best opportunities and experience for all athlete and non-athlete members of the Eastern Zone.

I would welcome your consideration for the position of Eastern Zone Coach Director.
