**Personal Statement**

Hi! I'm Annie Norris and I am very passionate about the work I do as an athlete representative and I hope to continue making a difference in the sport I have loved for the past 15 years. I have done a lot of work in learning how to be a leader, trying to develop a cohesive athletes' committee for my LSC, and passing on what I have learned to the future athlete leaders of Gulf Swimming and USA Swimming as a whole. I want to be able to expand my knowledge and reach by being a part of this committee and by continuing to serve my Zone.

I am currently a freshman student athlete at Lehigh University in an Honors Program called IDEAS (Integrated Degree in Engineering and Arts/Sciences) focusing on integrating Systems Engineering and Computer Science with Digital Art and Design.
