Personal Statement

Hi! I am Josie Uerling from Oklahoma, and I currently swim at Emory University. I have been committed to swimming for 13 years, and I hope I can continue to give back to the sport as a member of the Athletes' Executive Committee. I am passionate about providing a voice for all athletes and ensuring that everyone has opportunities to excel and become a leader. Through my experience in Oklahoma Swimming and at a national level, I believe I have the leadership skills needed to make a difference in USA Swimming. I have enjoyed being involved in organizing events, such as the OKS LSC-Wide Practice, as well as participating in Oklahoma Swimming governance as a board member, and I plan on using what I have learned to promote athlete unity, education, and overall appreciation for swimming.
